

trouble over a tract of land. The bitterness then engendered never died. Saturday a lawsuit was decided in favor of Holliday. Sunday morning, while William Holliday and Pleasant Holt were moving a fence according to the decision, Rufus Holt, son of Berry Holt, shot them both down, Holliday dying instantly, and Pleasant Holt four hours later. The amount of land in dispute is one acre. The murderer fled to the mountains, and has not been apprehended.

STRIKES.
St. Louis, Mo., May 12.—The Brotherhood of Painters have decided to make the strike general, and about 1000 men went out home. **BRUSSELS, May 12.**—The strike in the Charleroi district is spreading. The foundrymen have struck. Thirty-five thousand men are out; several iron works are closing owing to lack of fuel.

GOT IN TROUBLE.
CARLEISLE, Pa., May 12.—During the progress of the soiree-musical given Saturday night by the Metzlar institute, a female seminary of this place, two well-known students of Dickinson college placed a long ladder against the rear of the institution, and tried to reach the private rooms of two of the inmates, with whom they had arranged to spend the evening. The ladder was too short, so the boys borrowed another from a coal-yard near by, with which to splice it. Two policemen, happening to observe their operations, waited until the collegians were well up the ladder, and then attempted to arrest them. The lower one jumped and escaped, but lost his hat, by which means his name was ascertained. The other was captured and placed under \$200 bail on the charge of attempted house breaking. A warrant has been issued for the one who escaped.

A PRIEST'S TALK.
BURLINGTON, N. J., May 12.—There was a scene in St. Paul's Roman Catholic church in this city yesterday morning. It was the twenty-fifth anniversary of the ordination of Rev. Father Tracey, the pastor of the church. The priest has not been on good terms with some of his flock for many months, and in the course of his anniversary address he became highly excited. "I will rot to dust," he shouted, "the rotten-hearted devils of the congregation and hold their wretched characters to the light of day. While I am hot as great a man as Moses, I have just as much authority over my people." The outburst was a surprise to many in the audience. As the priest continued his tirade, many men and women arose in indignation and left the church. The sermon is the talk of the town.

TUG BOAT BLOWN UP.
St. Louis, May 12.—A private telegram received here this afternoon, states that the tug boat Mychric was blown up by a boiler explosion between here and Cairo today. Two men are reported drowned, but the full extent of the disaster is not yet known.

CAN'T GO TO MEXICO.
CITY OF MEXICO, May 12.—Foreign Minister Mariscal says all the necessary steps have been taken, so that when the Etata reaches a Mexican port she will not be allowed to land.

A CHILIAN ARRESTED.
SAN FRANCISCO, May 12.—Ricardo Trumbull, member of the Chilean Congress and partisan of the insurgent party, was arrested last night by a United States marshal for violating the neutrality laws in connection with the shipment of arms and munitions of war on the schooner Robert and Minnie and on the steamer Etata. His bail was fixed at \$15,000 and was furnished with John and Adolph Spreckles as sureties. Trumbull was arrested on board the Oakland ferry boat and was on his way to Washington to confer, it is reported, with the Chilean consul. After his release he stated that he had expected to be arrested but had made no attempt at concealment. "Will you make a fight against the charge?" was asked. "A vigorous one, depend on that; still, as I say, it amounts to nothing. There is nothing in the neutrality laws by which I can be held." "What have you to say about the action of the Etata?" "Nothing. But I might add there is a precedent for the action in the case of the steamer Scandinavia, which put out of the Mexican port of Santa Rosalia with a Mexican marshal aboard." "Is the Emerald acting as a convoy of the Etata?" "That I do not know. If she is acting as a convoy, under no circumstances would she fire on the Etata."

THE FOREST FIRES.

Great Loss of Life and Property.

GLADSTONE AND BLAINE BOTH ILL.

Italian Consul Recalled, The Czaro-witch Wounded, The Walla Walla Affair, The President, State and Foreign News, Etc.

WHITE CLOUD, Mich., May 12.—The five upper townships in this county have been a surging sea of fire ever since Sunday, and it is believed not a single small hamlet is left. A number of freight cars and logging trains are also burned.

LUDINGTON, Mich., May 12.—Some of the people who lived at Walkerville before the fire struck them arrived here in a wretched state. They say it is impossible to tell how many inhabitants escaped alive but they fear many died in the woods where they fled for safety. The village had 800 inhabitants and no one knows where more than half this number are at present. Rumors of a large loss of life at other points come in, but verification is impossible. The entire county will be swept unless rain comes today.

MECHANICSBURG, Pa., May 12.—Disasterous forest fires swept over the mountain lands of this county since last Monday and are still raging. Fully ten thousand acres of valuable timber lands are burned over. The valuable mining property of Alex. Underwood, near Dillsburg was destroyed. The losses by fire already exceed \$150,000.

GLADSTONE IS ILL.
LONDON, May 12.—Gladstone went to church Sunday and seemed to be enjoying his usual good health. In the afternoon, however, the veteran statesman was seized with a succession of shivering fits. Sir Andrew Clark, Gladstone's family physician, though not pronouncing his illness to be of a serious nature, declares Gladstone must not leave his room for several days.

BLAINE'S CONDITION.
NEW YORK, May 12.—It is stated at the house of Walter Damrosch, where Secretary Blaine is now ill, that the secretary's condition is greatly improved. Dr. Dennis said there was nothing alarming about Blaine's condition, and advised rest and quiet. The only medicine he prescribed was peppin for indigestion. Mrs. Blaine said: "Since the president went away from Washington Mr. Blaine has been working very hard, and the fact is, he has been called to look after the affairs of the department of state." She denied he had another attack of vertigo, and said he would be able to return to Washington in a few days.

THE CONSUL RECALLED.
WASHINGTON, May 12.—It is understood that Pasquale Cortel, Italian consul at New Orleans, has been recalled by his government, and that the functions of his office will be exercised by another consular official now in the United States. This action is not inspired by the government of the United States, and probably was taken by the Italian government either because it was felt the consul had been indiscreet in his public utterances, or that his usefulness was impaired.

WHY HE WAS RECALLED.
ROME, May 12.—The Italian consul at New Orleans, Senor Cortel, has been notified to return home in order to furnish the Italian government with an exact account of the events which have taken place since the murder of Chief of Police Hennessy. Vice-Counsel Poma, of the Italian consulate in New Orleans, will act for Consul Cortel in the interim.

THE WALLA WALLA AFFAIR.
WALLA WALLA, May 12.—The rumors that the soldiers had shot a comrade who informed upon them for complicity in the recent lynching, is without foundation. Corporal Arnold, arrested a few days ago, on Sunday asked to see the Commanding officer. Six soldiers afterwards were arrested, it is supposed, upon information given by Arnold. Two soldiers deserted Friday night, and four more Sunday. Arnold, the day before the lynching, had charge of the quarters and unlocked the arms rack, giving the men their carbines, and is said to have been with them when they lay laid the sheriff the day preceding the lynching. The six soldiers arrested belong to D troop, the same as Miller, killed by Gambler Hunt.

THE PRESIDENT.

PUEBLO, Col., May 12.—The presidential party has arrived at Salda. The president received from the citizens of Villa Grove a large box of fine specimens of gold, silver, iron, copper, lead, zinc and coal mined in the San Luis valley. The school children presented Mrs. Harrison with an album of pressed flowers. The president's train made a short stop on the hanging bridge over the Arkansas river in the Royal George canyon, in order to allow the travelers to view the grand beauty of the surrounding canyons. Nearly all the residents, including the G. A. R. and the school children, were assembled at the station. The reception accorded the guests by Pueblo was most enthusiastic. An address of welcome was made by Mayor Hamilton, after which they were escorted through the city by a procession composed of G. A. R. and local societies. The president received the school children and made a short visit to the mineral palace.

COLORADO SPRINGS, Col. 12.—The president and party arrived at Colorado Springs at 6 o'clock last evening and received the heartiest kind of a welcome. They were met by Mayor Sprague and a committee of citizens and given the freedom of the city. They were then shown to the carriages and escorted through the principal streets by a procession. The party then repaired to the hotel and had dinner, at which the governor of the state and wife and a few leading citizens were guests. A public reception was held in the evening and was attended by nearly all the people in the city.

AT DENVER.
DENVER, May 12.—The presidential party arrived here this morning and met with a warm reception.

THE OMAHA SAILS NORTH.
SAN PEDRO, Cal., May 12.—The United States man-of-war Omaha, left here for the North yesterday afternoon.

TAFT WILL HAVE CHARGE.
SAN DIEGO, Cal., May 12.—United States Solicitor General Taft received a dispatch from President Harrison directing him to go to Los Angeles and take charge of the Robert and Minnie case for the government. He left on the afternoon train.

THE CHARLESTON.
SAN FRANCISCO, May 12.—The Charleston left San Pedro shortly after 5 o'clock yesterday morning, and was sighted ten miles out off Point Loma, having made a ninety-mile run in six hours, or at a fifteen-knot gait. There were additional orders awaiting her at San Diego, but she kept on her southward course without stopping. There are no telegraph stations south of Escondido, just south of the boundary line in Lower California, so that, save such meager information as may be brought north by one of the Panama or coast steamers, nothing further is likely to be heard from her or the Etata, until the Charleston returns, or is heard from at some of the Mexican ports, which cannot occur before Thursday or Friday next.

BLAINE A PORT OF ENTRY.
WASHINGTON, May 12.—The secretary of the treasury has designated the town of Blaine, state of Washington, a sub-port of entry, Puget Sound collection district.

LYNCHED.
BALTIMORE, May 12.—Asbury Green, colored, sentenced to penitentiary for assault on Mrs. Folsom was taken from jail at Centerville by a masked body of men this morning and hanged.

FOREIGN.
CROPS IN EUROPE.
BUDA-PESTH, May 11.—The crop report to date shows barley, oats, rye and feeding throughout Hungary are suffering greatly owing to the excessive heat which prevailed recently. The wheat crop is a fair average.

OFFICIAL DENIAL.
LONDON, May 12.—The Rome correspondent of the Standard says he has official authority to deny the statement that Italy has at present any intention to appeal to the powers for a judgment on the New Orleans affair.

CZAROWITZ SERIOUSLY WOUNDED.
HERLIN, May 12.—A dispatch received here from Tokio, capital of Japan, announces that an attempt was made upon the life of the Czaro-witch, but that the imperial traveler, though seriously wounded is considered in no danger of dying. The Czaro-witch was suddenly attacked by a Japanese with a sharp sword. Before the Japanese could be overpowered, he inflicted several severe cuts on the Russian Prince, who defended himself vigorously. No cause is known for the attack.

MINING OFFICIALS.
ALBANY, Or., May 12.—The directors of the Albany Mining and Milling Company, yesterday elected the following officers: President, J. L. Cowan; vice-president, N. H. Allen; treasurer, G. W. Maston; secretary, J. V. Pipe. It was voted to put a ten-stamp mill into their mines in the Santiam district immediately. J. W. Hazleton was elected superintendent of the mines. The company is more encouraged than ever with the character of the ore taken from the mine and will push the work vigorously this summer.

SUGGESTED COMMENT.

Inconsistency, thou art the jewel that most people chase after, and successfully capture and make their own.

The Jersey cow, Masena, now over 15 years of age, gave 975 lbs. of milk in 31 days this spring, which yielded 78 lbs. of butter.

Pennyroy is spelling his name with as big a "P" as he will ever get unless republican papers abuse him into greater political possibilities.

The papers are speaking of Blaine's Italian attitude. Mr. Blaine has been mostly occupied taking American attitudes.

George Francis Train is not so crazy, half-witted, idiotic and imbecilic as some of his editorial critics, when it comes to financial success, the American proverb that a man who is not a financial success is a fool does not coral Train.

A suggestion to intending summer resorters: "Take a kodak with you, take it then wherever you go." You will enjoy it as well as your friends who will enjoy the views afterwards as well as you.

There is no reason why Junction City should not go ahead this summer, with a \$20,000 man, a \$7000 school house, a fine church building, all of which will be constructed this season, and the probability of the West Side being completed at an early date.—Pilot.

A democratic paper has discovered that stove covers have advanced under the McKinley bill, and that now the workman's dinner will cost him more. As tin has got cheaper under the McKinley bill, they can no longer keep up the clatter about his dinner pail. But the workman enjoys his dinner at good wages just the same.

The Monmouth Democrat wants something new for a Fourth of July program, and offers a year's subscription to the person who will produce it. It says: "Won't somebody please invent some brand new way of glorifying on the coming Fourth of July? People of sense and sensibility are 'weary, oh, so weary' of the barbarism of firecrackers and the insanity of an average 'fought-bleed-and-died' oration."

Baker City Democrat: Hon. A. Bush, a public spirited citizen, proposes to erect a drinking fountain in Salem, where people, as well as the brute creation, can quench their thirst at any time, day or night. This is one of the most commendable moves ever undertaken by Mr. Bush and a similar enterprising spirit displayed by some big-hearted citizen of Baker would receive the fullest endorsement of every body.

After the talk and newspaper gossip over the matter, it now appears that Governor Pennyroy did receive President Harrison on his arrival at Salem in a cordial and gentlemanly manner, too. The president became noted during his late campaign for making short, snappy and appropriate speeches; and his short talks during his present tour have been exceedingly appropriate.—Portland World.

Dayton Herald: THE CAPITAL JOURNAL favors Hon. J. H. Mitchell as president. Senator Mitchell if nominated and elected to the presidency of the United States will undoubtedly fill the place with honor to the country. J. G. Blaine's again looming up as a presidential candidate. We have had, in the past, a number of honorable men who sought after the presidency until late in life, who never realized their ambition and died disappointed. We fear this will be the ending to Mr. Blaine's bright dreams.

Wallowa Chiefstain: The trip of President Harrison and company across the continent and their visit to the Pacific coast cannot fail to be of great benefit to the country. In our sense of the term it is a business trip. Those who are criticizing the affair from any possible standpoint are simply showing a parsimonious disposition unworthy of an American citizen, and are making themselves as ridiculous as did those Kansas and Nebraska farmers who proposed to see in what kind of a car the president rode during the trip. It would be better for all concerned if those who make, direct or execute our laws and government policy were better acquainted with the resources and needs of every section of the country.

The Great Spring Medicine—The Blood is the Life.

I have been troubled with bad blood for some years; purchased two bottles of Hood's Sarsaparilla, which has cured me. As a blood purifier it has no equal. I take pleasure in recommending it as a safe, alternative, and reliable rheumatic remedy. Very truly yours, S. F. FERGUSON, Easton Rapids, Mich. This is a verified statement made by him to be true. We unhesitatingly recommend this remedy as we believe it to be the greatest family remedy on our shelves. **WALL WOOD & CO.,** Easton Rapids, Mich. Sold by Smith & Steiner.

SCROFULA

That impurity of the blood which causes unsightly lumps or swellings on the face of the neck, causes painful running sores on the arms, legs, or feet; develops sores in the eyes, ears, or nose, often causing blindness or deafness; is the origin of cancerous growths, or the cause of eruptions, and fastens upon the lymphatic system, and fastens upon the lymphatic system, and fastens upon the lymphatic system, and fastens upon the lymphatic system.

How Can IT Be CURED

By taking Hood's Sarsaparilla, which, by its remarkable cures it has accumulated, has proven itself to be a potent and reliable medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla. Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old has been a terrible sufferer. Last spring he was one mass of sores from head to foot. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all of my children look bright and healthy. **W. B. CHILDREN, Passaic City, N. J.**
