

CANNOT BE SOLD. ALBANY, N. Y. May 29.—The attorney general yesterday rendered an opinion at the meeting of the land commissioners, holding they have the right to grant the application of the Adirondack & St. Lawrence railroad company for state forest lands in Franklin county. The New York Central railway is the real applicant. The attorney general holds forest lands can neither be sold nor condemned.

DOCTORS ARRESTED. OMAHA, May 29.—Doctors McLaughlin, Sinclair and Williams, of Omaha medical and surgical institute, have been arrested, charged with the murder of Isabella Beaver, a young girl on whom a criminal operation was performed.

THE PRESBYTERIAN CHURCH. PITTSBURG, May 29.—At yesterday's session of the general synod of reformed Presbyterian churches, the question of the ministers suspended by the Pittsburg presbytery for heresy in declaring for the right of suffrage, was brought before the synod by memorials. The memorials characterized the action of the Pittsburg presbytery as unjust and without authority. If sustained by the synod it would result in killing all private opinions, and would work a great harm to the church. The memorials were referred to the committee on church discipline. At the afternoon session, by a vote of 120 to 16, the Pittsburg memorial libeling the actions of seven young ministers in voting at an election as "heinous scandal" was adopted. Bitter discussion followed, several members of the liberal minority prophesying division.

TWO MEN CRUSHED TO DEATH. CHICAGO Ills., May 29.—This morning the dead bodies of two workmen were found in an excavation for a building. The embankment caved in last night before the men quit work and unknown to any one, the two men were crushed to death.

ATTACKED BY INDIANS. ATOKA, I. T., May 29.—W. J. Newcomb, a picture canvasser, who has just arrived here, relates an adventure with Indians at Boggy Depot, fifteen miles from here. Newcomb and his partner, R. D. Stapleton, camped near the Indians, and in some manner offended them whereupon the Indians ordered them to leave. This the two men did but had travelled but a short distance when they found themselves ambushed. Newcomb escaped the shower of bullets fired by the Indians but his partner was killed. Stapleton's body was found later riddled with bullets.

THE COKE DISTRICT. SCOTLAND, Pa., May 29.—The rush of id miners for work at the various plants continues. In most instances, however, they are turned off with an excuse, and given to understand that their services are not needed. Hundreds of old miners are drifting from one works to another in the vain hope of finding work, but everywhere they go they are met with the same statement, "no work now." This simply means that the black list has gone through the region, and a man refused at one works is certain to be refused at another. As a result, they are either preparing to leave the district for another field or are drifting aimlessly about, and more homes have been broken up by the strike that has just closed than by all other strikes that preceded this gigantic failure.

Reports are coming in hourly of the destitution of hundreds of families.

ALBANY N. Y. May 29.—Attorney General Tabor has decided to begin an action against the Celluloid Novelty Co. and Celluloid Bush Co. for violation of their charters. This is a blow at the Celluloid trust, which is organized exactly on the same lines as the sugar trust.

**WILL BOMBARD VALPARAISO.**  
PARIS, May 29.—A dispatch received here from Chili states that the insurgents, contrary to their promises, now threaten to bombard Valparaiso. In view of these threats the defenses of that city are being hurriedly strengthened. It is believed that foreign powers will intervene should the insurgents carry out their plan.

**THE BEHRING SEA.**  
WASHINGTON, May 29.—Although it is the belief of the state and treasury department that sufficient time yet remains in which to pass the bill to be introduced into parliament on Monday to declare a close season in Behring sea, others say that the effort now being made was begun too late. This opinion is largely based on the Canadian opposition and may be strong enough to delay the parliament's action.

LONDON, May 29.—In the commons today the bill prepared by the government prohibiting British subjects from catching seals in the Behring sea for a certain period was introduced. The duration of time which seals cannot be captured is not, however, given in the bill.

**INDIAN HOSTILITIES.**  
LOS ANGELES, May 29.—Information has been received at Army headquarters from military sources at Fort Bayard, N. M. to the effect that rumors of Indian hostilities, are again rife in that quarter. It is reported that a man named Whittam was killed on Blue River, Arizona, and that a family was killed on Eagle Creek, and that a man named Campbell was killed on the White Water. Troops therefrom, with thirty days supplies have gone out, while other detachments are already in the field.

**THE RUSSIAN JEWS.**  
LONDON, May 29.—In response to a letter from a member of parliament asking him to join in claiming for the Jews in Russia, the rights accorded the Mohomedan subjects of the Czar, Gladstone said, his personal action would have no weight. He thought the pressure of the opinion of the civilized world, based upon ascertained facts would be the best mode of proceeding. Gladstone expressed the hope that the sultan of Turkey could support the scheme for settling Jews in Palestine.

**THE LYNCHERS.**  
WALLA WALLA, May 29.—Sheriff McFarland yesterday went to the jail and arrested the following named soldiers indicted recently by the grand jury for complicity in the lynching of Hunt: Patrick McMeenan, Chas. E. Trumpower, Joseph H. Trumpower, Thomas Clinton, Bernard Mueller, of C. Troop, C. A. Cutter, James Evans of E. troop. The soldiers were indicted for the crime of murder in the first degree. The men were handed over by Col. Conpton to the civil authorities. He also detailed a guard to accompany the sheriff with the prisoners back to the city where they were put in jail, which is now guarded by thirty deputy sheriffs. Although rumors have been made that if any soldiers were arrested they would be taken from the jail, no danger is apprehended and everything is quiet tonight.

**The Grand Lavender.**  
The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time, and the better it is known the more popular it becomes.

**W. C. T. U. STATE CONVENTION.**  
The Temperance Women Tell an Encouraging Story.  
Saturday May 23rd, ushered in the initiatory proceedings of the state convention of the Woman's Christian Temperance Union held in Portland. The Tabernacle being chosen as the place of meeting was most tastefully decorated. Flag bunting draped the face of the gallery's semicircle, and stars representing the counties were placed at intervals around the gallery, with the red, white and blue for a background. The curtain at the back of the stage was festooned with silk flags, and evergreens, and most telling and appropriate notices.  
"Our Country in Peril,"  
"From Sabbath Desecrations,"  
"From the Liquor Traffic,"  
"Woman to the Rescue."  
Above the curtain is traced in evergreen. "For God and Home and Native Land" and at the foot of the platform, "For God and Home and every Land."  
The pulpit, organ and stage were profusely decorated with flowers. Verily Oregon is the land of roses. At 10 a. m. prayer for God's blessing upon Convention and Convention. In the afternoon devotional exercises and meeting of the State Executive Committee.

**SUNDAY MAY 24TH.**  
An afternoon service was held at 3 o'clock. After singing and prayer, a scripture lesson was read by Mrs. D. E. Spencer of San Francisco. Mrs. A. R. Riggs, president of the Oregon W. C. T. U. presided. The opening address was given by Mrs. Major Scott of Ocean Grove N. J. her appeal was principally to the young people and the large audience fully appreciated her earnest thoughtful words.

**MONDAY MAY 25TH.**  
The devotional exercises were conducted by Miss Maggie Eaton of Wasco. The address of welcome which was first in order was postponed on account of indisposition of the lady who was to give it. The regular order of business taken up. The minutes of the executive committee were read and approved. Then roll call of officers. A committee on credentials was appointed, and while they were being looked over, the president called to the platform a number of ladies who had been earnest workers in other states who entertained and edified the audience. Pages were appointed, also press reporters. The committee on credentials then called the names of delegates present. Mrs. L. H. Addition of Portland gave the address of welcome, and Mrs. M. E. Hoexter of Forest Grove the response. Next followed appointment of committees. The corresponding secretary's report was called for but the noon prayer hour interrupting, it was deferred till afternoon. A bouquettous lunch prepared by the ladies of the Christian and Congregational societies was served at the Congregational church.

**AFTERNOON SESSION.**  
The devotional exercises were conducted by Mrs. Rounds of Newberg. The minutes of the morning session read and the report of the corresponding secretary resumed. Necessarily it must be long where each union is supposed to give some account of its work for the year. The report shows 1728 active and 690 honorary members. The report of the treasurer Mrs. M. I. Bilyeu was very satisfactory, also that of the auditing committee. "The White Ribbon", official organ of the W. C. T. U. of Oregon, was ably reported by Miss Fanny Gaffhill and financial statement made by Miss Minnie Proctor. 'Tis a bright little paper and should be in all the local unions.

"Legislation and Petition" was presented by Mrs. Foster of Portsmouth. "State Superintendent Work Among Sailors" reported by Mrs. John Williamson of Portland and the need of good literature to be placed upon all vessels strongly urged. One lady mentioned an incident related by Mrs. Sallie Chapin of South Carolina at the last National Convention where a boy of thirteen years had been converted by reading the leaflets sent on board his vessel, had also decided to be a total abstainer, and on reaching the South Sea Islands the crew formed a Woman's Christian Temperance Union of thirteen men. Mrs. C. E. Shipley of Oswego, who distributes literature at fairs or public gatherings paid the Salem people a pretty compliment by saying they had always helped her decorate her booth in the pavilion and shown her many courtesies. So many departments belong to this grand and aggressive temperance work it would be impossible to mention all at this time. Report of county presidents was so encouraging would like to give them in full. Most of the protestant churches in the state are using unfermented wine for sacramental purposes. Will only mention one or two incidents: a saloon-keeper at Grants falling to get a license, sued the W. C. T. U. The case was tried at Wasco, Sherman county, where \$117 was raised to defend the case. The mandamus applied for in the district court was refused, and the saloonist appealed to the supreme court where judgement is still pending. A vote of thanks was tendered Mother Duncan of Hillsboro, aged 70, who was always on hand after ringing the church bell and lighting the fires rather than there should be a failure of the W. C. T. U. meeting. Hillsboro may well be proud of such a woman.

**MONDAY EVENING.**  
The usual devotional exercises began with reading of scripture by Mrs. Addition and prayer by Rev. Dr. Gordon, pastor of the First Baptist church. Mrs. President Riggs read her annual address. She confidently stated, "Banish liquor from the land and the labor problem is solved." A rising vote of thanks was given to Mrs. Riggs. A very pleasing effect was produced by the appearance of ten little temperance boys selected from one of the public schools, who gave an amusing parody of Ten Little Indian Boys. Mrs. B. S. Wallace of Salem, gave a most instructive and entertaining illustrated talk on temperance in which she demonstrated how our country was in peril from intemperance and ignorance. These enemies were protected by high license law, and the revenue was pocketed by the government. She said you need not call it prohibition if you do not like the word. Call it abolition or demolition of the rum traffic. Salem was well represented in the convention and in the secretary's report the W. C. T. U. work was represented as encouraging. Twenty-two evangelistic meetings had been held during the year. Major and Mrs. Scott had lectured and held meetings, and the reading room was well sustained. Mrs. Eves, of Portland, next presented the two flags to the unions showing the highest percentage of increase of membership during the year. The local union of Sunnyside addition to Portland, and the county union of Multnomah, earned these rewards. Dr. J. Gordon gave a brief talk and pronounced the benediction.

**TUESDAY, MAY 26TH.**  
The usual devotional exercises observed, Mrs. Edwards, of Newberg, leading. The state officers were elected for the coming year: Mrs. Anna R. Riggs, president; Mrs. H. J. Shae, recording secretary; Mrs. M. I. Bilyeu, treasurer; Mrs. Foster, corresponding secretary.

A report of Sunday school work was read and adopted. That and other departments of work were discussed by Mrs. Narcissa White Kinney, of Astoria, a national worker, a "general utility," as she was pleased to term herself. Many reports were omitted for want of time. The noon repast was served in the parlors of the Calvary Presbyterian church.

Afternoon session was opened with devotional exercises by Mrs. Miles, of Newberg. Mrs. W. Nash, of Corvallis, read an excellent article on the press department. Mrs. Adams was called to the chair. A motion was carried to give the president a salary. Mrs. Foster from committee on plan of work, made many good suggestions.

The evening session was almost exclusively devoted to welcoming the members of the Pacific Coast conference. The scripture lesson by Mrs. Senator McComas, of California; prayer by Rev. J. Waldrop, of Mt. Tabor; Mrs. Mary S. Kinney, of Astoria, gave the address of welcome from Oregon to visitors from other states. Mrs. Spencer, corresponding secretary, of California, responded. Mrs. Insley rendered a fine solo. The exercises concluded with a song by the Waldrop children.

The early hours of Wednesday were employed in devotional exercises and dealing with unfinished business. The convention then adjourned, and the remainder of the week will be taken up with the Pacific Coast conference.
