and appropriate exercises had at each.

The features of the day at St. Louis were the G. A. R. parade and the memorial service in the Exposition building, the meeting being especially a tribute to the memory of Sherman. The Women's Relief Corps of Ransom post attended to the floral part of the exercises, and tonight "Old Tecumseh sleeps 'neath a bed of roses."

Memorial day was fittingly observed in Denver.

Throughout New England cermonies characteristic af Memorial day were carried out.

At San Antonio, Tex., Memorial day was observed with a grand parade of military and civic societies.

Elaborate memorial exercises were held at Minneapolis. There was a parade in the afternoon. Exercises were held in the cemeteries.

Decoration of federal graves in Stone River cemetery of Murfreesboro, Tenn., and the National cemetary, near Nashville, took place. Immense crowds attended.

Reports from all parts of Kansas received by local G. A. R. posts show that Decoration day was more generally observed in Kansas than ever before. Business was practically suspended.

At Millwaukee the weather was perfect, and the services incident to Decoration day passed off quietly. Delegations from several G. A. R. posts, accompanied by school children, held exercises at different cemeteries in the morning, and distibuted floral tributes. There was a parade in the afternoon.

MEMORIAL DAY.

PORTLAND, June 1.—Telegrams from all parts of the coast show that Decoration day was observed at all points as it was never before. Business was generally suspended. There was a drizzling rain at San Francisco, and at Eugene, Or., the weather was disagreeable. At Spokane Falls, Wash., the commander in chief of the G. A. R., N. W. G. Veazy, of Vermont, took part in the ceremonies.

MEMORAL SERVICE ACCIDENT.

LANSING, Mich. May 31.—A feature of the memorial day parade yesterday was a float on which rode 43 women, to represent the states of the union. Near the cemetery the platform gave way. Wm. Hardy fell under the horses head's, frightening them into a run. The women hung screaming to the float until thrown off along two or three blocks. The last one fell off just as the cemetery was reached, when the horses stopped. Hardy was badly injured and about fifteen women were slightly bruised, none severely.

OELLERS TAKES POSSESSION.

PHILADELPHIA, June 1.—Richard G. Oellers, the choice of the county commissioners and city council for city treasurer to succeed Beardsley, took possession of the city treasury this morning. The question as to whether Oellers, or Wright, appointed by Governor Pattison, the decision is expected from the supreme court by next Satday.

GERMAN-AMERICANS

ST. LOUIS, May 31.—What purported to be an interview with General Grosvenor, chairman of the committee appointed to go abroad and study the immigration question has been widely circulated. In it, referring to the evils of unrestricted immigration he spoke of Wisconsin as almost a foreign state. This aroused great indignation among the Germans here, and Richard Barthold, secretary of the German American societies of the United States today sent a telegram to Secretary of the Treasury Foster, saying:

Judging from Grosvenor's interview, they can expect from him neither the exercise of unbiased judgement nor an impartial report. His prejudice displayed against Wisconsin is know-nothingism pure and simple. The bulk af the Germans must be classified among the best Americans, and in the west they have constituted the bone and sinew of the republican party since the war. I believe I voice the sentiment of the majority of German Americans in asking you to withdraw Grosvenor's appointment, for which you and your party will be held responsible, since this prejudice has become publicly known.

MISREPRESENTATION.

WASHINGTON May 31.—General Grosvenor telegraphed Secretary Foster, from Dennison, O., that the reported interview with him, criticising the foreiguers, etc., is a gross misrepresentation. General Grosvenor declared nothing he said could bear the construction given it,

"I Could Move the World

If I had something to rest my lever on," said Archimides. Large bodies move or are moved slowly. But it is no impossible or even difficult task to render those small bodies, the kidneys, active when they are not so. Don't try to do this with unmedicated alcholic stimulants. The experiment is unsafe. The sure, safe means is Hostetter's Stomach Bitters, which affords just the right amount of stimulus without overdoing the matter. Continued inactivity of either the kidneys or bladder, it should never be lost sight of, are attended with grave peril. Bright's disease, diabetes, and other ailments which affect the renal organs, have their origin in inaction of the kidneys. To overcome this is an easy matter at the outset. Not so later. Now is the time in a case of this kind. Irregularity of the bowels, stomach and liver, rheumatism and malaria are remedied by the bitters.

THE FIGHT IS ON.

PORTLAND, Or., June 1.—An election is being held here today for the purpose of determining whether the three municipalities of Portland, East Portland and Albina shall be consolidated into one city or not. A strong fight is being made both by consolidationists and anti-consolidationists. The polls do not close till 6 o'clock and the result will not be known until late tonight.

PARISH TALKS.

PORTLAND, June 1.—Chief of Police Parrish is determined that the people shall have a fair election. He has given positive orders to the police to arrest all persons attempting bribery or interference with voters. "Everybody that wants to vote shall vote," he says, "and I propose to have this the squarest-conducted election we have ever had. This is something the people are interested in, and they must have a fair way to pass upon it.

"Furthermore, there must be no whisky, beer or other liquors sold in saloons, hotels or restaurants, and the first offender will be promptly arrested. No back-door business will be tolerated, either. I propose to show these people that they can't run the town.

"The sale of liquors must be suspended from 8 a. m. to 6 p. m."

AT NOON.

PORTLAND, June 1.—An unusual heavy vote was polled during the forenoon. The indications at noon are that consolidation will carry. Three arrests have been made; two for selling liquor, and one for illegal voting.

WILL BE ONE.

PORTLAND, Or., June 1.—The reports from East Portland and Albina indicate that consolidation will also have a majority in each city. It is reported that the anti-consolidationists are concentrating their strength in East Portland this afternoon having given up the fight in Portland.

WILL CONSOLIDATE.

PORTAND, June 1.—At 2:30 this afternoon indications are that consolidation will carry in Portland and East Portland by large majorities, also that the vote in Albina is favorable to consolidation.

The total loss is estimated at ten thousand dollars. No insurance. The cause of the fire is unknown.

BIG FIRE AT LOS ANGELES.

LOS ANGELOS, June 1.—One of the most destructive fires in the history of Los Angeles occurred yesterday afternoon. About 4 o'clock flames were noticed coming out of the rear of the Norton block, a four-story frame apartment building, corner of Seventh and Hill streets. It was impossible to control it, and in less than a half hour the block was entirely destroyed, together with all the furniture in the various apartments. A small frame cottage, back of the Norton block, owned by Norton and occupied by Mrs. Abbott, was also destroyed and an adjacent house on Hill street, a two-story dwelling owned by John Rhinehart was partially burned. The flames then swept east on Seventh street, totally destroying a two-story frame dwelling, owned by Delcasa & Church. Further progress of the flames was checked at this point by a vacant lot. A high wind was prevailing at the time, but after vigorous work of about an hour the flames were got under control. The total loss is about $100,000, on which there is comparatively little insurance.

STORM AT MCMINNVILLE.

MCMINNVILLE, Or., June 1.—A terrific thunder storm visited this section Saturday evening, lasting an hour. A giant fir in the western part of town was struck by lightning The electric light wires were struck, and carried the shock a mile into the station, exploding the generator like the report of a gun. It deranged the plant so much that the city was in darkness for the night. There was no wind, and the drenching rain only added to the already luxuriant growth of vegitation.

CANADA POLITICS.

TORONTO. June 1.—In discussing the question as to what will follow in the event of Sir John Macdonald's death, the Globe, the principal organ of the Liberal party says: "Hints that have been thrown out about coalition are out of the question. The Liberals would not coalesce except upon a clear understanding that the National policy should be abandoned in favor of free trade with the United States, who ever Sir John's successor may be. The Liberals are prepared, putting public consideration first, to do everything that is fair and reasonable, but they cannot be expected to condone things which they have condemned or to support a fiscal policy which they know to be wrong.

SCROFULA

is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
