WILLAMETTE.—A meeting on Wednesday night of the executive board was attended by Mrs. A. E. Miller, Geo. Hughes, W. H. Odell, J. Reynolds, C. B. Moores, and Prof. Anderson and Haus of the faculty. Some routine business of the college was transacted and Prof. Arnold was appointed to manage University business until a new president is elected and takes charge. Prof. Matthews has not declined to accept the presidency of Willamette, but cannot until after a meeting of the board of the Southern California school, of which he is acting president.

THE F. D.—Criticism is being made of the organization of the Salem Fire department, lack of authority, etc. The department is a volunteer organization largely, there being but a few men under part pay. Still it is an important protective branch of our city government, and the people cannot afford to grow indifferent about it. If there is anything wrong it should be remedied at once and the defect made public.

FROM ALBANY HERALD.—Mr. E. Hofer, editor of the Salem Journal, who is somewhat of an enthusiast upon the strawberry culture, passed through our city yesterday to Corvallis to look up the experiments at the U. S. experimental station connected with the Agricultural college, where over 40 different varieties of strawberries are being tried. He returned here in the evening, going home on the early train this morning.

THE SALEM PIONEERS.—The following pioneers attended the annual meeting of the pioneers at Portland on Tuesday: Mrs. A. F. McAfee, Mrs. Rachel Johnson Smith, Mrs. Mary E. Smith, S. F. Chadwick, R. C. Geer, John Minto, Mrs. Minto, Mrs. E. Byrne, J. B. McClaude, T. C. Shaw, J. L. Parrish, John W. Minto, P. H. Hatch and George H. Burnett.

CHARITIES.—The State Board of charities met Wednesday and sat late last night. Rev. Cline, Messrs. Cohen and Strong have been investigating the prison, and Rev. White, Drs. Holt and Carle went through the asylum, and reported verbally. The Board will hold regular meetings and is now fully organized for work.

BROUGHT HIS BRIDE.—Yesterday morning McKinley Mitchell returned to his home in Gervais, accompanied by his bride. He was married at San Francisco on the 10th inst. to Miss Hattie Scheler, and returns to Gervais, where he has many friends and is in business, to make his permanent home.

INCORPORATION.—The Corvallis Carriage and Wagon Co. filed articles of incorporation in the office of the secretary of state yesterday. They start with \$50,000 capital stock, divided into 500 shares of \$100 each. F. M. Johnson, John Sticker and M. S. Woodcock are the incorporators.

JUST SUITED.—A Polk county farmer was in the Salem Woolen Mill Store this morning, and after selecting one of those home-made suits, made from his own wool, said, "I'm just suited."

WORLD'S FAIR.

What a Commissioner Says About Oregon's Exhibit There.

Mr. Henry Klippel, of Medford, Jackson county, arrived in the city this morning. The gentleman is here to investigate the merits of some ore recently taken out of the mines on the Santiam controlled by Messrs. Cannon and Hammer of the Consolidated Gold & Silver Mining Co. Incidentally it is worthy of mention that Mr. Klippel is one of the federal commissioners from Oregon to the world's fair. He spoke highly of Salem and its progress, having been one of the commissioners to build the Oregon state house.

"Any world's fair news, Colonel?" "Oregon shall be represented there, only the people must not be impatient." "Won't we be in at the tail of the procession, though?" "Not necessarily," remarked Penoyer's appointee. "The commissioners are not the epitome of meanness that some of you newspaper gentlemen would have us believe."

Col. Klippel spoke highly of his colleagues, Mr. Wilkins, and said he thought enough money could be raised by counties, and Multnomah would give as much as the rest of the state.

APPELLATE'S COURT.
The Doran Trial Attracts Unusual Crowds This Day Season.

Justice Applegate's court was filled this morning with the stifling atmosphere that is only engendered by a room packed full of witnesses, jurymen, attorneys, bystanders and loafers drawn together over a farmer's neighborhood quarrel.

An interpreter was employed to translate the German into official language of an American justice court. All forenoon was consumed in this way.

AT 3 P. M.
The trial of Doran for assault on Dickman is still proceeding. Complaint has been filed charging Dickman with insanity and he is to have a trial this afternoon.

MARRIED.

PIPER-WILLIS.—In Salem Oregon, June 17th, 1891, Miss Leona Willis to Mr. Edgar B. Piper.

The wedding ceremony was performed at 9 o'clock last evening at the residence of the bride's parents, Mr. and Mrs. Leo Willis, Capital and Center streets, by Rev. H. H. Brown, in the presence of the family and some immediate friends from Portland and Albany.

The Willis mansion was richly decorated with flowers. The front parlor was finished in white roses and lilies, the back parlor in pink flowers and ribbons, the dining hall in heliotrope and the gifts to the bride and groom arrayed upon a background of gold and orange blossoms. The ceremony was performed under a huge bell of roses, lined with silver wedding bells, which cupped (who as a steepladder of flowers in the person of Master Freddie Stump), rang by satin ribbons as the bridal procession entered.

The guests and wedding party enjoyed the rich hospitality and blessings of Father and Mother Willis. The entire social event was conducted with exquisite taste and refinement, that is characteristic of this old Southern family. An avalanche of congratulations will bury Mr. and Mrs. Piper out of sight for the present, as they proceed to take possession of their new home in the Northwest.

SKIFF-CALVERT.—At the residence of the bride's parents, Mr. and Mrs. Charles Calvert, on Asylum avenue, at 8:45 p. m., Wednesday, June 17, 1891, Miss Ada V. Calvert to Mark S. Skiff, Rev. Robert Whitaker, of the Baptist church, officiating.

Mr. Skiff and his bride have today taken possession of a new home on Cottage St., in the new double house near Mr. Patton's. This does an old Salem business man lose one after another of a circle of accomplished daughters through the emplacements of honorable wedlock.

The floral decorations at the Calvert mansion were profuse and comprised a variety of artistic pieces. The wedding party stood under a skiff of white marguerites. There were besides a beautiful floral lyre, horseshoe star and crescent, while behind the wedding party was a perfect pyramid from the floral world. The ceremony was performed in the presence of the relatives and a few near friends. Mr. Wm. Skiff of Portland and Mr. Oscar Fechter of Corvallis were in attendance.

MINTO-SULLIVAN.—At Portland June 17, 1891, Mrs. Kate Sullivan to Hon. John Minto, Dr. Stratton officiating at the residence of the bride. Both of Portland.

There were only members of the family present. Mr. John Minto and wife, of Salem, father and mother and Mr. R. W. Morrison, a pioneer of 1844, grandfather of the groom were present. They will visit in Salem a week or so.

There is a general impression that the clerk of the weather has been away from home and that the boys have been running it. The absence of heat is enjoyable, but the season has been backward if anything owing to the coolness.

During a severe storm Tuesday afternoon some twenty-five picnickers huddled in an outhouse in Forest park for protection from the rain. Suddenly there was a sharp flash of lightning, a quick report of thunder, and then shrieks and moans and cries for help issuing from the building. A wild scene of confusion followed, and policemen hurried to the scene. Nearly all the occupants had more or less injuries. One was killed, and three very seriously but not fatally hurt. Others suffered a severe nervous shock.

A Fearful Heritage.
The transmission of blood taints entail fearful consequences. Those afflicted have used to purify the blood thoroughly every spring. Neglect of this often leads to fearful complications of disease. A gentleman whose family were greatly afflicted writes as follows:
My wife and I, fourteen months ago, and a boy of five have suffered for years from hereditary scrofula or King's evil. I have consulted the best physicians, but found nothing that would relieve them. I tried Hildreth's Scurvy Cure. It cured them. Words cannot describe the value of your medicine as a blood purifier. I shall recommend it to all who are troubled from impure blood. The World Enriched.
The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time, or, in fact, at any time, and the better it is known the more popular it becomes.

Branson the "Cash Grocer" says he is too busy to talk, but those low prices still continue just the same.

Wonderful Results
The use of Hood's Sarsaparilla, a case of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Draining cases of dyspepsia, excruciating complaints of the kidneys and liver, rheumatism, skin eruptions, and all kinds of blood taints, discharges, and all cases of catarrh, and aches and pains of rheumatism, are cured by Hood's Sarsaparilla. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every function of the body. Give it a trial.

General Debility
"For four years my wife suffered with large tumor lumps on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair. We tried every remedy, but she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was marked and satisfactory. She continued to take it, and this is the result: She has gained in weight."

From 34 to 110 Pounds

DO YOU FAVOR
Building up a Strong, Independent Paper for the People in Oregon?
A PAPER THAT WILL NOT SELL OUT—Printed at the Seat of Government

LOOK AT THE RECORD OF THE CAPITAL JOURNAL.
During the recent session of the legislature it was the only paper in the state that attacked successfully the Portland disincorporation in Oregon politics. It successfully opposed all attempts to deprive the Oregon people of the interests of political honesty. It advocated the new Oregon railroad system, its just and reasonable rates of freight and power to secure the decisions. It successfully advocated retention of the old railroad commission as best qualified to enforce the law. It labored for all measures to open rivers and to secure to the people the right to free and unrestricted use of the waterways.

THE PLATFORM.
THE CAPITAL JOURNAL favors a reform in national finances, to the end that the present expensive monopoly system of supplying an inadequate currency may be supplanted by the government issuing direct to the people an adequate supply of legal tender money, with a view to the reduction of the national debt, and the establishment of a sound banking principle. It favors election of all officials who legislate for, or are directly responsible to the people, by direct vote of the people. It favors raising all state revenues by a tax on the gross earnings of corporations, both foreign and state. It favors opening all waterways to the sea and a free navigation of the same. If you favor retaining all powers possible in the hands of the people and government, and if you are desirous of securing this paper, for serious, send stamps.

TO FARMERS AND ALL PERSONS WANTING FENCE.

I should like to call the attention of all who wish a good, durable, substantial fence, and one that is neat and tidy, to the combination fence of E. H. Rice. This fence is one that will turn any and all kinds of stock without danger to the animals. No barbed wire to injure stock. It is made in the field on the posts. Mr. E. H. Rice came to my place yesterday and we got all the material ready for 62 rods of fence at 1:30 p. m. There were F. H. Rice, my hired man and myself to work at it. We used split pickets and wove 62 rods of good substantial fence by 6 p. m. We would have made better time had myself and hand ever seen any such fence put up before. See this fence before putting in any other kind.
