WESTACOTT & IRWIN.

THE WEATHER.—The signal service station at Salem reports the following for yesterday: Temperature, highest 70°, lowest 44°, mean 57°. Precipitation, rain 0.19.

INHUMANITY.—A local reporter has printed the following facts: "The attention of the Salem Humane society's proper committee is called to a suffering cow in the vicinity of Asylum avenue, East Salem. Her udder is terribly swollen and inflamed and the animal is said not to be receiving proper treatment. In fact, she is said not to have been milked for several days and her udder has bursted. The animal is running at large." The suffering of this dumb brute should not go unrebuked. It is a reflection upon the neighborhood that has allowed the animal to stand out to die, and if the cow was deliberately turned out to die the owner should be prosecuted. The facts seem to be that the cow lost her calf and should have been treated by a veterinary surgeon. The police of the city or precinct should look up the case.

IN PROBATE.—In the matter of the estate of Chas. Swegle, deceased, the final account was filed by A. Bush, administrator, and also the objections thereto by George Swegle and Nancy S. Belle, children and heirs-at-law of said decedent. After argument the court overruled the objections by Nancy S. Belle and sustained the objections raised on three points by George Swegle, disallowing all others. Pro rata reimbursements on these counts were ordered. The supplemental account shows a total balance of \$5340.35 for distribution, and the order was made that this be distributed.

WILL CONTEST.—The chief engineer of the Salem fire department does not consider that he has been treated as becomes the position he occupies and will question of a right of the city council to allow one of the fire engines to be taken out of city service days for the Eugene celebration. He says this is not a proper thing to order done at that time of the year and will endanger property and the welfare of insurance interests. He will contest the right to take the engine away.

HAND BILLS.—The handbill nuisance is complained of by merchants and residents. Ladies are called to the front door by a bell-pull only to have a handbill thrust in their faces. Boys go along trotting the street by throwing handbills out onto the sidewalks, streets, and into stores. There is a legitimate use for handbills, but greater care should be used in scattering them about.

NOT THE WAY.—A poor wearied mother was saluted with a "Shut your mouth, I tell you," by a four-year-old today as she persistently remonstrated with her offspring. What will this disposition of the child result in, if carried on in its present course of development? It will not land far from states prison. Yet it is the course of progress in many families.

SEE HERE.—E. C. Cross has displayed at his markets some of the finest and fattest meat that can be found in any country, which he is selling at prices cheaper than you can buy a poorer article. Why eat poor meat when you can get the best at the same price?

MORE OF IT.—Doran and his friends are still after the Dickmans. They swore out warrants Thursday night against father and son charging them with assault. They are not satisfied apparently with the termination of the case.

Billy Dumars is back at his key, after a weeks lay off.

ACQUITTED.

Dickman, Sr., Not an Insane Man—Other Features of the Case.

A medical commission this forenoon, sat over Dickman, the old German farmer, who, by the malice of certain parties who have sought to run him off some land near Buena Vista, was locked up in jail Thursday night. All agreed that the old gentleman was not at all liable, to be in question as to his sanity, and the prosecuting witnesses are liable to a prosecution for perjury and malicious prosecution. A large force of respectable German farmers arrived in Salem this morning to defend the Dickmans against further prosecution. They declare there has been a conspiracy to rob the old man of his lumber and that he has been put in jail of his life.

DORAN ACQUITTED.

The jury trial of Doran for assault on the old German Dickman resulted in acquittal. Dickman was also acquitted of insanity. The jury was out only ten minutes.

DISMISSED.

Dickman and son appeared before Justice Batchelor at 2 p. m. and the prosecution not appearing, were dismissed.

THE TABLES TURNED.

The effort to drive the Dickmans off their timber land has not succeeded but the tables are likely to be turned, as all of their German neighbors swear Doran and his crowd must leave. Doran is in default in his rent to Dickman, and a suit to eject him will be brought, when there will be some more lively times.

IS HE A DUKE?

A Hobo Captured With London Bills of Exchange on His Person.

A drunken tramp was placed in the cooler at noon today on whose person are found a collection of London and Chinese drafts. He has either the plunder of a prince or a mail robber. Among the papers is a Wells, Fargo M. O. for \$22, 4s, and a £20 draft on Hong Kong. The arrest is of no importance except that it may lead to the discovery of an important mail robbery.

RAIN OR SHINE.

The Baptist Social will be held tonight regardless of the weather. The Baptist church people have for some time contemplated holding a lawn social on their church grounds this evening but, as the weather is too wet even for Baptists, they will receive their friends inside the church building. Remember, it is this evening, and if you would overcome the chilling effect of the impropitious season call in and take part in the enjoyments of a warm-hearted company.

COUNTY PIONEERS' MEETING.—The Polk County Pioneers' Association is holding its annual reunion at Mouthout, June 25th and 27th. Hon. W. H. Holmes of this city delivers a speech, and other attractions are offered. These county meetings are a very pleasant institution, which should be held all over the State. Marion County pioneers will make an effort to organize at Salem on July 4th after the great picnic at the State Fair grounds. All the old settlers should come in and join in this reunion, and then organize to perpetuate the memory of their early struggles and enjoyments. It can thus be made a profitable as well as enjoyable affair. A basket picnic should come in and join in this reunion, and then organize to perpetuate the memory of their early struggles and enjoyments.

RAIN OR SHINE.—Baptists are never scared out by a little water but always take kindly to it under all circumstances. Their aquatic pleasure has been sorely tried this week. They had planned an elegant out-door lawn picnic in the church yard by moonlight. But the elements have conspired to drive this sect so admirably adopted to Oregon within doors to night, and the refreshments and entertainment will be served in the church in their usual fine style. The young people are going to be there and have a good time if they have to swim to do it. Strawberries, Ice Cream, Cake and all delicacies of the season, including nice young lady Baptists on toast, or in cream gravy as preferred.

VERY LOW.—The barometer at Martin's, optician, reads very low Friday morning at 10 o'clock—29.65. It does not get so low as this oftener than once or twice a year. Indications are more rain and winds.

EVERY DAY BUSINESS.—The Woolen Mills are not making any great spurge, or giving prizes, but just going a good every day business. Patrons appreciate their low prices and superior goods.

TOO WET.—Let the weather be what it will, Oregon is sure to have a crop, and Farrar & Co. are sure to have what you want in the grocery line.

Just arrived from China and Japan, the Great Eastern Tea Co.'s ship, "The Laura" has arrived from the Orient with the finest line of teas that has ever put on the market. See show window.

To Get it Steals Bucks and Gets Caught as He Boards a Train.

The 1 p. m. train pulled out of Salem today Policeman Dillely hustled a Tom Graham off the blind baggage which he had boarded for a trip to Portland. He was in Salem a month ago and left covered by a policeman's revolver. Yesterday he struck the city and proceeded to visit the bookstores. He relieved Patton's establishment of a lot of stock, which he proceeded to sell to various other dealers and thus was caught. He will be sent over the road Saturday.

FOUND DROWNED.

PORTLAND, June 19.—Mrs. Rosie Wilson was found drowned this morning in the slough on Sauvie's Island. Mrs. Wilson had only been married four weeks and was a little more than a mere child. It is supposed that she committed suicide on account of ill treatment of her husband.

NEW AGENCY.

The White Sewing Machine Hereafter Exclusively Handled by Geo. C. Will.

SALEM, Or., June 18, 1891. We have today changed the agency for our sewing machine in this territory, having placed it in the hands of Mr. Geo. C. Will, two doors north of post office.

WHITE SEWING MACHINE CO.

By C. A. HAWKINS, d.w. 1m

Col. Robert Miller, of Jacksonville, is still in Salem. Upon the suggestion of a fashionable friend he has changed the manner of wearing his watch chain more into conformity with the customs of highly civilized society—no longer hitching the fob in his suspenders button. It has also leaked out that the poem read by him at the pioneer reunion, modestly ascribed to another gentleman, was really the offspring of his own fertile muse.

City Council.

THE FOLLOWING BILLS AGAINST THE CITY WERE REPORTED FAVORABLY Thursday evening by the committee on accounts and current expenses, and warrants were ordered drawn for their payment:

Table with 2 columns: Name and Amount. Includes R.A. Crossan (\$72.00), W. Williams (\$28.00), W. H. Lee (\$50.00), Baker & Strang (\$9.38), Frank Baker (\$8.75), Salem Gaslight Co. (\$31.50), Salem Gaslight Co. (\$21.90), Salem Water Co. (\$91.00), Lyman Blakely (\$4.50), H.P. Minto (\$100.00), Salem Iron Works (\$35.00), Moran & Mead (\$6.00), W.H. Lee (\$50.00), Morgan & Mead (\$3.50), E.J. McCausland (\$45.00), Dr J.N. Smith (\$5.00), E.L. Briggs (\$6.00), Oregon Statesman (\$23.50), JOURNAL (\$9.50).

REPORTS OF COMMITTEES.

The committee on fire and water reported unfavorably on the petition of S. T. Northcutt, also of W. M. Staiger, for buildings inside fire limits. Adopted.

The special committee appointed to investigate the condition of the city surveyor's office, recommended that better provision be made for the preservation of records. Adopted.

The committee on streets and public property reported favorably on the petition of Chas. E. Cosper and others for alley sewers through block 59. Adopted.

The city surveyor reported the ferry street sewer in a very bad and unhealthy condition. On motion, the street commissioner and city surveyor were instructed to try flushing out the sewer, and report at the next meeting.

The city attorney recommended that the city council order that specifications for building sewers be printed. It was ordered that 250 copies be printed.

THE STREET RAILWAY SQUABBLE.

On the question of street railway tracks on State street, between Commercial and Liberty, Alderman Brown moved that the committee on streets and public property be given full power to arrange the matter of railways in the center of the street. So ordered.

The city attorney recommended that suit be brought for failure to keep streets in repair on the part of the Salem street railway company. It is understood that there is feeling between the city attorney and prominent stockholders of the street railway company, the former official having received rough handling metaphorically at the hands of one of the directors which, it is alleged, prompted his demand on the city fathers for annulling the charter of the company. It is to be hoped this was not the case, tho' the refusal of the council to act on the recommendation gives it a prejudicial look.

Alderman Gray moved that street commissioner be ordered to repair the bridge on Liberty street across North Mill creek, the county to bear half the expense.

Alderman Hutton moved that the city surveyor be instructed to survey the sewer in block 44 and advertise for bids; so ordered.

The matter of locating sidewalks and finding the limits of 12th street between State and Oak; referred to city attorney.

W. F. Dugan, foreman of the Capital Engine Co., asked that the company be allowed to take the Capital's engine to Eugene on the Fourth.

The approval of the newly elected officers of Capital Engine company was referred to the committee on fire and water.
