THE MICROBE KILLER AHEAD.—Mr. Castleman, who is representing the Microbe Killer in Oregon, is in the city, and speaking of Food Commissioner Baker's attempt to injure the medicine he says the manufacturers have so far come off with flying colors. They have filed demurrers to the complaints, which have been sustained by the court. This leaves the food commissioner under the necessity of opening another case, and as he has already failed in two he will probably let this medicine alone. Radam's Microbe Killer company issues a challenge to any person who will produce this medicine by mixing either of the formulae as given by W. W. Baker, the food commissioner, or by Dr. Eccles, in the Druggists' Circular, and agree to pay $500 for the same. The Microbe Killer is still for sale at room 12, Bank block, Salem; also in Portland.

ALLIANCE.—The Marion county alliance met at Grange hall at 10 a. m. to select delegates to a convention to be held at Portland, July 8th, for organization of a state alliance. The exciting question was how the delegates should be instructed, how many issues should be carried, etc. An element was opposed to all issues. The following delegates were selected; J. W. Jory, J. B Henninger and Charles Miller. The delegation goes uninstructed.

THE RESPONSE.—Hon. G. P. Saunderson, of the Maine committee, has been invited and has accepted to respond to Col. Miller's welcome at the States Picnic July 4th. It will be short, and the JOURNAL ventures to predict that the gentleman will please his hearers. Mr. Saunderson is a speaker of large experience; he is popular among the grand army people, and will no doubt give us a good whole souled "pine tree" talk.

THE CAPITALS.—At the special meeting Thursday evening there was a full attendance. On the question of taking engine to Eugene celebration, it was decided not to go an account of great risk to horses and machine, as it could only be done at the risk of the city. No nomination was made for chief engineer, W. F. Dugan being nominated for assistant.

PLAYING SQUIRREL.—Lewis Long, a young step-son of Mr. Whitney, corner Center and Tweift, was playing "squirrel" in a cherry tree Thursday night when he fell six feet, breaking his right arm between the wrist and elbow. Children in Oregon at this season spend about half their time in cherry trees, and it is a wonder more are not hurt.

INCORPORATIONS.—H. C. Bowers, Wm. Smith and J. T. Donnelly have filed articles of the Baker City Baseball Association, stock $1000.—S. B. Hatch, Johnathan Quick, Wm. G. Way, R. D. Sanford and Jane M. Quick, trustees of the Baptist church at Coquille City have incorporated.

ATTACHMENT SALE.—A box of drygoods was sold by Sheriff Croisan at Gervais this morning. It is part of the McKinley Mitchell stock, shipped after the chattel mortgage was given and attached at the depot.

PROBATE.—In estate of John Barger, an insane person, Rebecca Barger, guardian, presented final account, to be heard July 13.

NOTICE.—Persons wishing to rent booths for refreshment stands, check stands, dancing floors, etc., at the fair grounds for July 4th should inquire at once of the committee on general arrangements. 6 24 tf

DISCRIMINATIONS.

The Suit's Against the Southern Pacific at Albany.

The case of the state vs. Mr. E. P. Rogers, general freight agent of the Southern Pacific railroad company, on a charge of discrimination in freight rates in violating Sec. 4, the long and short haul clause, of the Hoult law, was tried in the circuit court at Albany Thursday, Hon. W. D. Fenton appearing for the defendant, and Attorney General Geo. E. Chamberlain and District Attorney Geo. H. Bingham for the state The case occupied nearly all day, Judge Boise in instructing the jury delivered what the attorneys present agreed was an able and clear expoundery of the law as relating to common carriers, both on hauls within the state and under the interstate law. The case was given to the jury at 3 o'clock.

The case is made up on a showing of facts as follows: The company hauled wheat from Tangent to Albany for 8 cents per hundred, while it charged only 5 cents per hundred from Lebanon to Albany, a greater distance. It seems Tangent shippers had been in the habit of forwarding their wheat via Albany to Yaquina bay for ocean markets, and it was to stop this and force the wheat to Portland that the discrimination was carried on.

The case was not given to the jury until late in the afternoon, and no verdict had been agreed upon at the hour of adjournment.

THE MISSION'S.

Baptist Woman's State Board of Foreign Missions.

THURSDAY.

The Executive committee of the Ladies Board of Foreign Missions held a business meeting

Thursday was a day of great interest to the Baptist Women of Oregon. The work at the church was pushed all day, and between lunch hours a great deal of business was transacted. Ida A. Skinner, of McMinnville was placed on the Board in the Foreign Mission field, in place of Miss Minnie A. Buzzell.

AFTERNOON.

The report of the treasurer, Mrs. Henry Warren, of McMinnville, shows that during the year $1,600 had been received into the treasury, $500 being on hand. The young people's societies have contributed $500 to this treasury during the year.

Miss Russ read an interesting paper on home missions, and Mrs. C. M. Hill showed by map the mission stations in which the society is interested and assisting.

Papers were read by Mrs. Dr. Gordon, Mrs. Bailey, of Eugene, and Mrs. R. S. Wallace spoke on foreign missions.

IN THE EVENING.

Miss Skinner, of McMinnville, who is shortly to sail for China to labor for the conversion of the heathen, read a paper on the topic, "Why do I go?"

A paper on the "Hindoo Widow, Her Misery and Suffering," was read by Mrs. V. K. Watson, of Portland.

Miss Addie Williams, of Albany, made a very feeling and earnest plea for more earnest and faithful service in the Master's vineyard.

A Solo was sung by Miss Lulu Sargent, of Salem.

Prayer by Rev. Rowse.

Song, "Rescue the Perishing."

Miss Alice Voss, who has recently come from the East to labor as missionary in this state, addressed the meeting on the needs and methods of work among the colored people of the South. Miss Voss is a most interesting talker and her addresses are listened to as are few speakers male or female in attendance.

A collection of $37.09 was taken.

ADJOURNED.

The session was closed at 5:50 p.m. and today the church is being cleared by the janitor for the regular services. The State convention will be held in Albany in October, when there will be another session of the Woman's Board to take up the unfinished work.

A LAWYER LEFT.—It is not often that Hon. Til Ford, of Salem, gets left. When it comes to matters of law he is in the front car, but traveling on the railroad, that is a different thing. This noon Mr. Ford took his seat in the Lebanon car, and settled down for an easy time until he reached Salem. The train started up and Mr. Ford did not discover his mistake until the Portland train was just going out of sight. Then he rushed out of the train and remarked that ? ? ! ! ! † † ! ——d. As the Lebanon car was directly against the Portland train this mistake was easily made. It is a serious question if Hon. Til Ford will not have grounds for a $1,000,000 suit.—Albany Democrat.

THE HANDBILL QUESTION.—Upon complaint of Billposter Penton, A. I. Wagner was brought before recorder at 10 a. m., charged with scattering handbills. It seems the city bill posters pay a license of $60 a year for their privileges and object to the promiscuous scattering of handbills. The ordinance prohibits throwing or putting up handbills, posters or papers of any kind on any street, sidewalk or lot, or on buildings except unless it be his own property, or licensed billboard, or by permission of owner. Mr. Wagner appeared and paid his fine. The police propose to strictly enforce the ordinance against scattering handbills.

The JOURNAL received a twig of yellow Spanish cherries yesterday about a foot long, with over 100 cherries on it, some of them an inch in diameter. It was from a tree belonging to Mr. Alf. McCully, in North Salem.

The native sons of Oregon are hot. They say they do not propose to be ignored at the States Picnic on the Fourth. They want a committee and propose to have headquarters and a representative on that occasion. They are right. They are as fine a lot of people as there is on earth, and there no reason why they shall not be in it.

"The Waifs of New York" will be presented at the opera house by Katie Emmett and a capable company tomorrow night. The piece is well staged and well acted. Some of the scenes are excellent, especially the representation of Trinity church and Harlem bridge in the first act, and the great fire scene which brings the piece to a conclusion in the fourth act. The story of the play is simple, the action throughout bright, and the lively dialogue interspersed with a comedy element that serves to keep the audience at all times in the best of humor.

A NEW PEST.—J. B. Tyson, who runs a fruit ranch on North Howell prairie adjoining Lake Labish, has had his orchard invaded by an army of caterpillars, threatening destruction of all his fruit. The worms seem to come out of the Lake. By placing a ring of axle grease around each tree he has saved his fruit.

COURT STREET FENCED.—The street north of the Waller property between 16th and 17th streets has been fenced during the past week, thus closing the finest public thoroughfare in the city, besides shutting in some good lots that have been lately put on the market.

Commencement at Corvallis.

AGRICULTURAL COLLEGE.

CORVALLIS, Or., June 26.—The meeting of the board of regents of the State Agricultural college, was somewhat reduced in number, owing to the serious illness of T. E. Cathburn, G. W. McBride, and E. B. McKilvy, and the temporary illness of Messrs. Ladd, Davenport and Ellmett. The report of the executive committe and their recommendations were adopted without material change, two of the principal points being the appointment of an officer of the United States army to take charge of the discipline and act as instructor in military science and tactics.

The old faculty was re-elected with the exception of Dr. Irish, whose chair will be filled by Prof. G. W. Shaw, formely of Dartmouth college, late of Whitman college, Walla Walla, and Forest Grove university. The selection of professor of botany to succeed E. R. Lake and assist the professor of chemistry was left with the executive committee. As instructor in practical working in woodwork and metal, Edward Belknap, late of the Corvallis foundry, was appointed. A department of photography was created, with A. E. Pernot in charge, with a special view to microscopic photography for illustration of future bulletins also for the instruction of students. The college printing department was organized, and all the printing for the institution will be done here, giving the students so desiring the benefit of instruction in elementary typography. Regular rules were adopted requiring all students, of both sexes, attending the college in future to live in the student's hall or such families as may be satisfactory to their parents and the president. The professors received a small increase in salaries, as a mark of appreciation of their excellent services. The contracts for the new building were approved, and it is expected to have the same ready for occupancy at the opening. The department of house economy and hygeine was raised to an equality with all other departments in point both of importance and pay.

Dyspepsia

Makes many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heart-burn, loss of appetite, a taint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently yet effectually. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and, by thus overcoming the local symptoms, cures the headache, and refreshes the tired mind.

Distress After Eating

Sick Headache

Heart-burn

Sour Stomach

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, painting, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla, and it did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.
