FROM CAMP GRANT.

EGGERS, Or., July 2.—Yesterday was the most interesting day of the week at Camp Grant and one of the most profitable to the men. Governor Penneyer came up on the afternoon train, surprising the colonel of the regiment, who was not looking for him until today, hence no escort was at the train to meet him. He at once drove to the camp, where Colonel Lovell ordered a parade at 4 o'clock and the governor was received by the battalion. The regiment has made marked improvement in drill the past three days and now makes a very good appearance. The men have given much attention to guard duty, and one of the most interesting events of the day was that of a sentinel holding the governor while accompanied by another officer. The governor waited until the proper course had been taken and he was allowed to cross the line, and then addressed the sentinel in a very complimentary manner. He made the remark that the sentinel was superior to the president of the United States at such a time. The band gives excellent concerts every evening, which are enjoyed by hundreds of visitors. A platform has been built and dancing is indulged in for a couple of hours each evening. One of the best features of the encampment is the manner in which the commissary provides for the men, it being equal to hotel fare. The cooking is done by contract and the men have none of this disagreeable duty.

THE FOURTH IN PORTLAND.

PORTLAND, July 2.—The Fourth of July committee met last night to perfect the details for the celebration Saturday.

The committee on finance report that the total subscription is less than \$6000, while a few who subscribed small sums are endeavoring to evade payment. It was the original calculation that at least \$10,000 would be raised for the celebration.

Grand Marshal Everett has not yet selected his staff. The route of march has been definitely settled. The procession will be no longer than on former occasions of the kind and will last about two hours.

FOREIGN.

INTERESTED IN "FRENCH NO. 1."

LONDON, July 2.—A Paris dispatch says that some interest is felt there in the case of an Algerian on trial in New York as a "Jack the Ripper," the man having been honorably discharged from the French army. The consul at New York has been directed to watch the proceedings and see that the man is protected in the legal rights.

FEARFUL STORM IN GERMANY.

BERLIN, July 2.—A terrible storm of thunder, hail and rain past over a large part of Germany last night causing an immense damage to property and loss of life in villages. In Suchland near Busseldorf, and Sitard in Crefeld district, thirteen deaths have been taken from the ruins of houses. It is too soon now to estimate the total number of lives lost. At Sanct Raphael, near Graz capital of Styria, in Austria a water spout burst over the town with a fearful force sweeping away the cabins of two peasants and drowning 9 of them. Every hour is adding to the story of the disaster.

CRUSADE ON BAPTISTS.

LONDON, July 2.—Mr. W. S. Caine, formerly member of parliament for Barrow, and a noted temperance advocate, is now riding a new hobby. He has created a sensation by an attack upon the Baptist ministry. Mr. Caine himself is a prominent Baptist, and his crusade is in the nature of a home reform. In an interview he has declared that many Non-conformist churches are places of business, maintained for the purpose of providing an income for the ministers, and not of fighting the devil, who is so much in evidence all over London. The Baptists, he declares, are especially traitors to the work they are called upon from on high to do.

CANTON, O., July 2.—It did not fall as predicted by Frank Melbourne, who claims to bring it at will, through the aid of an invention. Monday evening there was quite a heavy downpour and Melbourne claims it was of his bringing. He says he began operating the apparatus Sunday morning, expecting rain Tuesday, but the atmospheric conditions were more favorable than he anticipated, and it came ahead of calculations. He says he will have a heavy rain this morning. The date for the next experiment is set for July 11th. Tuesday evening it commenced to sprinkle slowly. The indications are that it will grow to a good sized rain.

HORRIBLE CHIME.

STOCKTON, Cal., July 2.—A horrible crime was committed at the insane asylum here yesterday morning. One woman patient choked another to death. The two women, Mrs. Ellen Sweeney, of Alameda, and Miss Julia Potts, of Los Angeles, were put in the same cell last night, owing to the overcrowded condition of the female ward. Neither was considered dangerous, and neither was strapped, as is the custom with dangerous patients. This morning it was found that Mrs. Sweeney had been choked to death. Miss Potts acknowledged having committed the deed, and seemed to think it fun.

LOOKS LIKE A CONSPIRACY.

NEW YORK, July 2.—The latest development in the Brooklyn tragedy is that Theodore Larbig, who was killed by Darwin Meserole, was heavily insured. It is said that sometime ago Larbig had his life insured for \$15,000 in favor of Mrs. Devie Furay Constock, who is an accessory to the crime. The woman herself is authority for that.

Plumbing Furnishings.

Pennyroyal Pills.

The attack proved to be not very severe, but it alarmed the family. Yesterday he was much better. The special adds that Blaine is thin and pallid, and suffers from nervous prostration. His voice has lost its strength, and he easily becomes hoarse and coughs frequently. Marquis Imperial, secretary of the Italian legation was at Bar Harbor yesterday to consult Blaine.

MISS POTTER OF CHICAGO.

CHICAGO, July 2.—Gertrude Potter, daughter of O. W. Potter, will soon be married to F. Lee Rust, of Boston, formerly of Chicago. Mr. Rust is a student at Harvard in the class of 1892. The engagement was announced Tuesday. Miss Potter's name appeared in the newspapers some time ago. She fell in love with a young man who carried morning papers, and her wealthy parents tried to break the engagement and, in the end, it was broken. The lover was sent to jail for theft, and, in a bill which he afterwards filed in court, he charged Mr. Potter with conspiring with several others to land him in the penitentiary. The fellow sued for \$100,000 and the action is pending. Lately Miss Potter became prominent in amateur theatricals. She was one of the promising pupils of the Chicago conservatory and last winter appeared in lights at a charity performance at Hooley's theater. She is 22 years old and Mr. Rust is younger.

STREETCAR STRIKE.

INDIANAPOLIS, Ind., July 2.—The 1200 street car employes in this city, including stablesmen, drivers, conductors and motormen, are preparing for a general strike to begin July 4th. The trouble has been precipitated by the Consolidation Company anticipating a demand for higher wages, and discharging a number of stablesmen last week. On Sunday a new scale was posted, but the men are furious at the action of the company, and thus far have refused to accept it. The hot heads are in favor of tying up the lines at once, but July 4 was considered a better time to inaugurate the movement.
