Daily Bulletin.

SNOW FLAKE.—The bread at Strong's is the best, lightest and purest ever offered. Their supply of cakes is kept up to the top notch all the time.

WESTACOTT & IRWIN.

WANT A PERMIT.—The Southern Pacific Co will ask a permit to erect a commodious freight depot in place of the present one. The company's agent says this depot is only to be a temporary one, although a substantial structure. If another road is built into Salem, a union depot might be needed or a freight and passenger depot may finally be combined in an elegant brick or stone structure at some other part of the city.

HUMAN NATURE.—Having proper city license two hucksters have been entertaining large crowds on lower State street, with glib talk, chin and harp music, good stories and selling their indelible pencils, package stationery, pomatum, mustache wax and mouth-organs. People would go there and buy articles they did not need, and if they had any use for them could be got cheaper at a store. But, 'tis ever thus and probably will be.

FINE RESIDENCE. — Bids were opened Monday for the fine Settlemeir residence at Woodburn. The bids were as follows: F. Arnold, $7774; Powers & Sarginson, $8500; Ed. Hutchins, Salem, $7473. Contrary to all custom the highest bidder gets the work, Powers & Sarginson it $8500. The Settlemeir residence will be one of the finest in county.

RECRUITS.—L. H. Skinner, of Polk county, and John Welch, of Aberdeen, are newly enlisted men for service in the regular army. Geo. W. Maccamey, of Polk county, is also received on probation and will probably be enlisted in time to go with the other recruits to Fort Canby Friday. This will make six enlistments out of about fifty applicants to the recruiting officers.

THOSE NEW SCHOOLS.—There has been not a little confusion created about the letting of contracts for the two new school houses at Salem. One unauthorized and incorrect statement has it all bungled up. The "straight of it" was printed in the JOURNAL the day the prizes were awarded and there has been no change by the board in any respect.

AT TURNER.—Bert Rhodes and McClain were arrested Monday afternoon upon complaint of parties at Turner, for creating a disturbance. They gave bonds for their appearance before Justice Applegate and went to Turner to have their trial. At 3 p. m. District Attorney Bingham was telegraphed for to prosecute.

JUST ARRIVED.—Choice lot of jerked venison, chinook salmon, halibut, skinned cat fish, sea bass and other varieties of fish, also choice fat poultry, fryers and broilers, ducks, geese, turkeys, etc., at Davison & White's wholesale and retail fish, game and poultry depot, 94 Court street.

FILLING UP.—"We are nearly full. Three more men exhausts our capacity, and we will have to ask the courts to send no more convicts here," says Supt. Downing. It is not to be assumed that the large immigration to Oregon has anything to do with this.

SOME GOOSEBERRIES.—Mr. J. L. Parrish brought a few gooseberries to the JOURNAL office this afternoon of the "Industry" variety which go ahead of anything of the kind yet exhibited. They measured 1¼ inches long a 3¼ inches around the small way. The fruit is ripe and perfect.

HOPS.—Advices at headquarters this morning are that 1890 hops are declining rapidly, reaching 20 to 26 in New York. If they go much lower it will affect the crop of 1891.

SOMEWHAT AIRY.—The average citizen is just now looking for something light in clothing, and he can best find it at the Woolen Mill Store. Rose designs.

MASION COUNTY ASS'N.

Of Fruit Growers' to Hold 3d Quarterly Meeting at Woodburn.

The third regular quarterly meeting of this society will be held at Woodburn, Tuesday, July 21, holding two sessions, beginning at 10 o'clock a. m.

PROGRAM.

Perfecting arrangements for securing an exhibit of fruits for the state fair and the Portland exposition.

Amending constitution.

A circular call issued by Secretary Allen contains this: Whether you are a nurseryman, market grower, or farmer, this cannot but prove a valuable school to attend. Yourself and boys successful fruit growing requires intelligence of a high order. It is destined to be the great future industry of this valley. Such meetings as those arranged by this society will tend to advance the value of every acre of land, increase the profits of every farm and improve the bill of fare in every home of our state.

It is hoped that the association will be able to hold special fruit fairs in connection with the annual state fair. Many varieties of apples, pears, prunes, plums and peaches will then be in season, and friendly contests for best exhibits in these standard fruits will be of vast benefit. We therefore, ask your assistance at the Woodburn meeting, July 21. We need your co-operation in the work of building up the fruit industry.

We propose at Woodburn to take steps toward securing an exhibit of fruits by this association for the state fair and possibly for the Portland exposition.

DEATH FROM A PIN.—The death of Miss Cora Boone, a young Salem lady, this forenoon from the effects of swallowing a common pin is a somewhat remarkable case. The first known of the accident by the family was that she was taken with terrible vomiting spells, which lasted five days and nights, only ending with her death. The pin lodged in the the stomach penetrating to the abdomen, producing serious inflamation. The funeral will be held at the home Wednesday at 2:30 p. m. Rev. Brown officiating.

LATE BERRIES.—We are in receipt of a last picking of Triomphe de Gand strawberry, as large as they average at the best of the season. It is from Mr. Gilbert, of Aumsville. Mr. Wilkins, of Salem, brought us Friday a gallon of fine large berries.

Whether you Travel by Land or Sea

You need a medicinal safeguard. Changes of climate or temperature, brackish water, unusual diet, draughts from open windows, that surly fellow passengers will not close—all these breed ailments against which the surest protection is Hostetter's Stomach Bitters, finest of medicinal fortifiers. Sea sickness, land nausea, are promptly counteracted by this agreeable corrective, which is also a capital defense against miasmatic, the effects of a tropical or chilly temperature, damp and exposure. Persons of sedentary pursuits, mill operatives, mariners, miners, engineers, frontiersmen, persons of every calling involving mental fatigue, excessive bodily effort, and liability to unhealthful influences of any sort, regard it as an incomparable safeguard. Billiousness, constipation, dyspepsia, rheumatism, sick headache and kidney trouble are effectually subdued by the great alterative.

SCROFULA

that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; developes blotches in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
