SALEM BOARD OF TRADE.

What Our Business Interests Demand.—Something Here Permanent Needed. Salem real estate and business interests demand an immediate re-organization of the Board of Trade, which, owing to causes it is not necessary to discuss, has practically lain dormant for four months.

The JOURNAL has no personal axes to grind, but believes in the great opportunities that lie before our city and feels deeply that they should be improved. A board of trade requires a solid, active, interested membership, manned by live men, officered by men who have no strings or restraints upon them.

To test the sentiment of those interested, the JOURNAL has secured interviews with leading real estate and business men who believe in pushing Salem against the world, and everyone can see just what the universal thought on the subject is.

President J. G. Wright: "The board should be organized at once. I favor a \$10 annual membership with \$1 monthly dues. The business should be done at the hands of an executive committee, who should on all important matters recommend to the board and get its co-operation before contracts are made.

Landlord Wagner: "Salem is the coming town of this coast. We hear it from the Sound, from Portland, and everywhere. It will only be a short time when the floating capital of this coast will drift into the Willamette valley, and Salem is bound to take the lead.

Banker Wallace: "We need a vigorous organization. I will do anything I can to sustain it." I. VanDyke: "Now is the time to push. Our city is the safest place for investments. Boom a good board of trade."

People are taking more interest in a board of trade than ever before. There is constantly new capital coming here and all the capital now here is not in use.

The Globe: "To have a board of trade organized is the only thing to do. We need it in the town. Our firm paid \$120 to the old board last year and would not doubt be paying at the same rate now, but would not when all others quit. A new deal is what we want."

J. H. Albert: "We must meet our past obligation and continue eastern advertising. We can get a big increase in population and business this fall. I was asked to contribute to a private advertising scheme to-day but refused as I believe in doing what we do all together for the good of the whole community. The fees should be so as to not exclude any business interested, and then get a good fund besides."

Euppey. "This is what you ought to have to fully enjoy life. Thousands are searching for it daily. Thousands of dollars are spent annually by our people in the hope that they may attain this bliss. It may be had by all. We guarantee that Electric Bitters, if used according to directions will cure the disease. Dyspepsia and install instead Euppey. Electric Bitters for Dyspepsia and disease of the Liver, Stomach and Kidneys. Sold at 50c and \$1.00 per bottle by Fry, druggist.

SALEM'S DARKEST DAY.

It was with all she came in contact with. Her place will never be filled as she fitted it. The rare charm of still rarer individuality has passed away never to be replaced. The influence of her sweet spirit and bright pure soul will linger in the heart of thousands who knew her, so kindly, genial and womanly with all. Her hand, heart and smile went out to all, old and young, rich and poor. She knew no distinctions. Her life, light and brightness like the sun were for all. Her death is a personal loss to our city and to the state.

An immense throng gathered at the depot in Portland this morning to pay sad tribute to this popular and widely known young woman. Such a congregation was seldom seen in the metropolis and it was more of the nature of an ovation to the dead.

Judge Boise, R. P. Boise, Jr., W. L. Boise, Sam Stott and Mrs. Judge Stott of Portland, accompanied the remains to Salem, where another mournful assembly gave a welcome home to the funeral assemblage.

On all sides were evidences of sincere respect for the departed and affectionate tokens of sorrow for the family.

The remains were placed in the hearse by the pall bearers. Out of respect for the wishes of the family no one was allowed to see the face of the dead and she will be remembered only as she appeared in life.

THE SERVICES at the Congregational church were very simple. Decorations of white flowers covered the pall of gray ornamented only with a silver calla. The place occupied by Miss Boise's Sunday school class was draped and the word "Nellie" in white flowers stood out from the wall. Rev. Corwin read the Psalm beginning "The Lord is my shepherd." After an impressive funeral hymn which touched the hearts of the great throng with inexpressible sadness. Another reading of Scripture followed from the passage beginning "Let not your hearts be troubled." Rev. P. S. Knight offered a prayer, which, as was true of all the service, appropriately voiced the feelings of the mourning assemblage. He tenderly referred to the grief-stricken family as those "with whom we gladly mingle our tears." The choir then rendered "Nearer, My God, to Thee."

Rev. Corwin chose as a text for the occasion from Second Corinthians 5th chapter, v. 16: "Wherefore, henceforth know we no man after the flesh." Dr. Keene, Hugh Thompson, Will D'Arcy, E. P. Thompson, Harvey Jordan, and Geo. Morris acted as pall bearers.

The procession comprised about sixty vehicles, and the remains were laid at rest in the Odd Fellows' cemetery.

SCROFULA

It is that impurity of the blood which produces unsightly humors or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, of the many other manifestations usually ascribed to "humors"; and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can CURED It Be

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla. "Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one of those cases from head to foot. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy."
