

Home. He visited the ivory stable of S. F. Large, and said he had driven through from Detroit and wanted to buy some horses. He also got acquainted with T. C. Calvert, a real estate man, and secretary of the Ohio Trotting association. He bought a lot of Calvert and gave a check for \$500 on the State Savings bank of Detroit, as part payment, and Calvert shortly before indorsed a draft at the Ohio National bank for \$500, to complete the payment. Kinsley hired an architect to make plans for a house, a lawyer to examine the title, and out a big dash. Shortly after he got the draft cashed he appeared at the city bank in company with Mr. Large, who indorsed a draft on a Buffalo bank for \$500, and the sleek individual got the cash. The bank cashier telegraphed the two banks and found that the individual was not known, and shortly after it was learned that he had shipped his board bill and the town, with the team of horses and \$1000 in cash. It is thought he is one of the gang that robbed and cracked the safe here last Wednesday. No trace of him has yet been found.

A BOYCOTT PROCLAIMED.

CHICAGO, Aug. 17.—Lum Oat, a Chinese of this city, is in a serious predicament. An order has been promulgated throughout the city that he must be boycotted. All good Chinamen are ordered not to talk, trade or associate with him. Lum is a laundryman, who has embraced the Christian faith, and converted a number of his countrymen. He established in his laundry a Sunday school, where meetings are held every Sunday. The cause of the trouble is that certain Chinese merchants believed Lum furnished information to the treasury agents, which led to the detention at Winnetka of several Chinamen, who were returning from a visit home. They were recently stopped, it will be remembered, at Noche, Manitoba, and although they had passports it was believed that the papers were the property of others, and that they were trying to break into the country for the first time. When the news of their arrest reached Chicago, the colony here began to hunt for the informer, and it was finally determined Lum was the guilty man. He had been seen conversing with treasury agents and also paid visits to the government buildings. Despite his protestations of innocence, a boycott has been pronounced against him and the mandarins would not hear of it. What so greatly incensed the colony leaders was that the information given the treasury agents was false, so they say, the men arrested being bona fide residents of Chicago. From information gathered, it is believed their story is right, and that the Chinamen will be allowed to come to Chicago.

ROUGH SERVICE OF PAPERS.

ATCHISON, Kan., Aug. 17.—Ellsworth Ingalls, a young lawyer of this city, the oldest son of Ex-Senator Ingalls, Saturday had a personal encounter with Dr. Wood, the millionaire president of the National Bank of Commerce of Kansas City. Ingalls went into Wood's bank to serve some papers pertaining to the Howell Lumber Company's failure. Wood read the paper over, and informed Ingalls that he not only refused to accept such service, but that Ingalls should not leave them in the office or anywhere in the bank building. He also became abusive, and said that Ingalls must take the objectionable papers away with him. The Atchinson man was not to be bluffed that way, so he deposited the papers on Wood's desk and started to leave the room. Wood seized the papers and crowded them into the visitor's pocket, and at the same time, tried to push him out of the door. This act of violence aroused Ingalls' ire. He turned upon Wood and, seizing him by the collar, shook him around the room as a terrier dog would a rat. Having done this, Ingalls jammed the papers into Wood's pocket and departed.

THE WHEAT IN MINNESOTA.

ST. PAUL, Aug. 17.—Harvesting is well under way all over the north-west and the promise of a big yield is more than fulfilled. Wheat averages from twenty-five to thirty bushels to the acre, and the increased yield from the increased acreage makes 150,000,000 bushels the minimum product for the Dakotas and Minnesota, other grains are close to wheat, oats and barley turning out well. Great trouble is experienced in procuring labor to handle the immense crop, and the railroads are hard at work preparing to handle the grain. Lack of storage facilities will compel a great majority of the farmers to dispose of their grain soon and the transportation facilities will be taxed to their utmost. The weather for harvesting is all that could be desired.

ATTEMPTED SUICIDE.

SAN FRANCISCO, Aug. 17.—Mrs. Annie Fairfield, 36 years old, jumped into the bay yesterday afternoon about 5 o'clock, but was pulled out by Charles Peterson, a brother of the oarsman, before she had been in water long enough to hurt her very much. She said she was simply weary of life because everybody had "thrown off" on her. At first she was very reticent, declining to say where she lived, but finally permitted a note to be sent to her husband at 429 Sixth street. On her arrival at the hospital Mr. Fairfield stated that his wife had been suffering from heart disease a long time and was frequently attacked by fits of violent hysteria. He declared that their domestic relations were not strained and attributed her attack yesterday to the excitement caused by his arrival from Oregon, where he had been for several months. The hospital authorities believe Mrs. Fairfield had been drinking. After donning dry clothing the woman was taken to her home.

BRUTAL TREATMENT OF A GIRL.

BALTIMORE, Md., Aug. 17.—Had it not been for the timely arrival of a policeman Saturday, the enraged residents of Central avenue, near Park street, would have made short work of Maurice Sikes, of Howard county. He is now at Eastern station charged with assaulting and robbing Rachael Koplen, a comely Jewess, whom he had engaged as housekeeper. Her story is that Sikes came to her room one morning and smothered her cries by a pillow over her head. To prevent her from coming to Baltimore, Sikes broke open a drawer in her room and stole \$25 that belonged to her and refused to give her a cent. He kept her imprisoned for a month. She at last succeeded in getting \$1.05 from one of the neighbors and escaped to this city, going directly to the home of her uncle.

KILLED BY A METEOR.

LINGHAMTON, N. Y., Aug. 17.—It is reported that Thomas Lucas was killed by a falling star at a small hamlet in Elk county, Pa. Lucas' little daughter awoke the neighbors, and a party repaired to home. Directly over the bed was a large hole in the ceiling, and the plaster was scattered in all directions. On the bed lay the mangled form of Lucas. His head had partially torn off. On the blood stained pillow lay one eye and several teeth, while blood and brains besmeared the headboard. A big hole was burned through the bed clothing, and pierced the floor. The floor boards were removed, and embedded in the earth, was found a large piece of rock, weighing fully twenty-five pounds, which was yet warm. This confirmed the belief that the house had been struck by a portion of an exploded meteor.

THE SANTA FE.

SAN FRANCISCO, Aug. 17.—John W. Hartzell, who is connected with the San Francisco and San Mateo electric railway said Saturday it was expected to have cars running into San Mateo county by October 1. When questioned as to whether the Santa Fe road would use the electric company's right to enter this city, Mr. Hartzell said, while he never denied or affirmed that such would be the case, it was a possibility, and there was nothing to hinder an overland road from coming in over their line. Passengers could be brought into the city nicely by means of electric cars.

MARKETS.

THE CHICAGO MARKET.

CHICAGO, Aug. 17.—The exciting scenes in wheat and corn, which characterized the trading of the latter part of last week, was renewed at the opening of the board of trade this morning. The trading is just as wild and nervous as it was Saturday. The bull fever is still on this morning, and traders are inflamed with the prospect of higher prices as the result of excited higher cables when the bell tapped for the opening of a business the pit at once became pandemonium which came from these figures for December wheat inside of 10 minutes, \$1.13. This was the top figure on the early bulge then prices began to weaken and at 10 o'clock had declined at \$1.07 1/2 the bulge to \$1.13 was accompanied by the wildest excitement and some sales were reported as high as \$1.14. The succeeding period of weakness was the result of free selling by both longs and shorts, the conservative traders of both sides were satisfied that prices were high for safety and far above the export basis. They must be brought together before the benefit of foreign shortage on which the boom is founded can be realized. The consequence of this was prices reacted until \$1.06 reached, the lowest point of the morning reacted to \$1.07, sold off to \$1.06, at 11 o'clock was comparatively quiet at \$1.06. Wheat continued weak at 12:15 December quoted at \$1.03 1/2.

THE NEW YORK MARKET.

NEW YORK, N. Y., Aug. 17.—When the produce exchange opened this morning there was an anxious crowd of brokers present. Reports from Chicago, London, Liverpool, Paris and Berlin indicated an excited feeling and advances over Saturday's prices. When the gong sounded there was a rush to the wheat pit and pandemonium broke loose. The first bid for Dec. was \$1.17. Within five minutes after the opening, excitement began to decrease, and prices fell off to about Saturday's closing.

BERLIN, Aug. 17.—The corn market today is excited. The opening quotations were for August rye 209 marks, August rye closed at 257 marks; August wheat closed at 246 marks.

ALL RIGHT AT ST. LOUIS.

ST. LOUIS, Aug. 17.—At 10:35 everything was quiet on the exchange and no fears of failures are entertained.

PRICE OF WHEAT.

PORTLAND, Aug. 17.—The wheat market here took a jump Saturday and is quoted at \$1.47 1/2 to \$1.50 for valley, and \$1.37 1/2 to \$1.40 for Walla Walla.

PORTLAND, Ore., Aug. 17.—Wool Eastern Oregon 13 @ 17 cts. per lb. Valley 18 @ 20 cts. wheat, nominal.
