

No place on the island, so far heard from has escaped without serious damage. It is impossible as yet to give any estimate of the money raised for the relief of the island. The grand total will be something enormous. Neither can it be told how many people have perished. Today it is known that 250 met instant death. It is not at all improbable that the more accurate reports will add still more names. No attempt will be made to ascertain the number of injured, but the probability is thousands received injuries more or less serious. Efforts are being made everywhere to repair the damage. Here in St. Pierre the first endeavor is to get new roofs, for hardly a roof in the entire city remains intact. Not a single craft that was in the harbor when the storm struck the island remains afloat.

intending to go out together across the river. Hughes went up to the room. As Bevan was taking things out of his trunk Hughes spied a revolver and called attention to it. Bevan said laughingly, "Oh! I have that in case any one should try to get into our room," and he picked it up by the butt, reached it toward Hughes, when it was discharged, the bullet entering Hughes' mouth. A friend, who was standing by, at first imagined that his friend had fallen from his chair in fun, but seeing the blood pouring from his nose and mouth, he exclaimed: "My God, Jack, he is shot." Every effort was made to stop the hemorrhage, but without avail, and in less than half an hour Hughes expired. Bevan was nearly frantic with grief at the dreadful accident, and kept moaning and saying, "He was my best friend; I would rather have shot myself."

THE GREAT BENEFIT.

Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

A DEAD BODY ON HIM.

FRESNO, Aug. 24.—Saturday night two men named Harper and Ray, started from Selma for Fresno in a cart. In crossing the Fowler switch canal, near Fowler, the cart fell underneath, and had several ribs broken and was otherwise injured. Harper fell on top of Ray, but his head struck the ground in such a manner as to break his neck. Ray laid with Harper's dead body across him for several hours, until discovered by a passer by.

THE MORGUE.

The morgue was besieged all Saturday night and Sunday by friends and relatives of those who are missing. Morguekeeper White is usually a man of nerve, but the touching sight he saw he says he will not soon forget. Up to 9 a. m. yesterday fourteen bodies had been recovered and at 1:30 p. m. the bodies of two more men, burned beyond recognition, were removed. As evening came on, a heavy downpour of rain set in, which with slight break continued throughout the night. The workmen were withdrawn from their work and the crowds were scattered, the policemen being left to watch the ruins.

SHOT BY HER BROTHER.

CHICAGO, Aug. 24.—Mrs. Amelia Belvedere was shot dead by her brother, Albert Zinkl, Saturday night, at the christening of her child. The bullet was intended for her husband, with whom Zinkl had quarrel, the outgrowth of a drunken brawl.

The schooner, besides a crew of seven on board, had sixty passengers, mostly women and children. The only boat was smashed and if the threat of a storm breaks probably all on board will perish.

NO RECIPROcity.

PANAMA, Aug. 24.—It is announced that the Venezuelan congress has rejected the reciprocity treaty proposed by the United States.

THE SANTA FE.

SAN FRANCISCO, Aug. 24.—The Chronicle says there is enough proof to warrant direct statement that the Atchison & Santa Fe is trying to effect an entrance into San Francisco. The purchase of the water front land at Antioch, and the survey from Santa Cruz to Fresno, are cited as evidence. The paper states the Atchison & Santa Fe has planned to reach San Francisco by two routes. Branching off at Fresno, one line will come up to Mojave, one line will be made up by the San Joaquin valley through Pacheco pass, by Watsonville to Santa Cruz, and thence to a connection with the San Mateo Electric railroad from this city. The other road will run up the San Joaquin valley to Antioch, where it will connect with a steamer line to this city.

THE BROTHER DEFEATED.

NEW YORK, Aug. 24.—A special to the Herald from Port au Prince, Hayti, says that an election for senator was held there Friday. President Hippolyte's brother was a candidate, and every possible effort was made to secure his election. He was defeated, however. This defeat shows very clearly the hostility of the chamber to the chief executive.

FOR THE COMBINATION.

THE HOLY COAT OF THE SAVIOR.

BERLIN, Aug. 24.—The "holy coat" now on exhibition at the cathedral at Treves, has been examined by textile manufacturers, who say that when the wrappings were removed, the garment was found so tattered it could not be displayed. An aged and experienced nun managed to gather the fragments together, the material being too much worn to permit of the use of needles and thread. The coat is now partly overlaid with the materials in which it has formally been wrapped and which having become decayed, cannot be separated from it. The reverse side of the coat has also been examined by Dr. Rook, of Aix, la Chapelle, who says it is mounted on busby silk, which was the material in use during the first century and never later than the sixth, and which was very costly in Catholic circles. These facts are regarded as proving the authenticity of the relic.

GENERAL DEBILITY

For four years my wife suffered with the most terrible debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did all that was possible, but she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result. Her strength is now restored, and she is able to do all the work of a healthy woman.

From \$1 to \$3 Pounds and is guaranteed to be better than any other medicine. The bunches under her arms have disappeared, and we believe Hood's Sarsaparilla will be too much for the worst case of debility.

STILL EXCITED.

BRONXTON, O., Aug. 24.—This community is still excited over the smothering of George Hamilton's three children Saturday. The excitement was greatly increased when the coroner refused to hold an inquest and declined to give his reason therefor. A body of leading citizens went to his home to demand that he take some action in the case, but he was not home. It is alleged George Hamilton, the father, has acted indifferently since the children's death. Bitter comments are made on this fact.

GENERAL DEBILITY

For four years my wife suffered with the most terrible debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did all that was possible, but she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result. Her strength is now restored, and she is able to do all the work of a healthy woman.

From \$1 to \$3 Pounds and is guaranteed to be better than any other medicine. The bunches under her arms have disappeared, and we believe Hood's Sarsaparilla will be too much for the worst case of debility.
