A FOREIGN WILL.—Consul Cesar at Portland has asked a final accounting on the estate of Karl Gilbert, who owned the present Lafore place. He mentions a German will, and the court has refused final settlement until the will is proved up as required by law...

TIME TO FIX IT.—As the Western Union Telegraph Co. proposes to erect a new plant of poles and wires at Salem it will be a good time for the city authorities to order the whole system where it belongs—in the alleys. The principal streets are now disfigured by too many poles. As those street crossings there are a dozen poles and a perfect net work of wires...

OBITUARY.—Two deaths are reported from Independence as follows: August 26, Jerome Sherwood, well known throughout the Willamette valley, was ill but half an hour. Same date, Mrs. Rowell Shelly, had been ill for sometime; was a sister of Mrs. J. F. Groves, of Dallas.

THE OREGON FRUIT PALACE.

Progress that is being made—What is Required for Success. Good progress is being made on the Oregon fruit palace to be erected at the state fair grounds. One of the committee who is an experienced builder, has taken charge of putting up the building. The raising of funds is well under way. The committee are meeting with fair encouragement and trust all who can will give as liberally as they can in place of waving the committee off with as small a subscription as possible.

Once erected the Oregon fruit palace will be a permanent feature of the fair, only to be enlarged or decorated from year to year. There will be no individual money-making or advertising features connected with it. It is going to be the great and original feature of the fair and as this is Oregon's greatest fruit year, an exhibit should be made that will arrest the attention of the whole world.

Entered into with proper enthusiasm and liberally supported and encouraged on all hands the fruit palace idea can become so distinctively a Salem and Willamette valley idea that this will become known as the fruit palace city and the fruit palace valley of the whole world. There is more in this idea than many persons are apt to think. The committee will use every means to advertise this fact. The fair managers will not be called upon to build the fruit palace this year, as they by rights should be, but the secretary should see to it that the fruit palace is liberally advertised on the posters, by a colored lithograph of the artist's sketch. This would be only a proper recognition of this enterprise.

HOP PICKING.—Hop growers are making preparations to commence picking next week. The lice have not injured the crop so seriously as at first feared and the yield promises to be nearly up to the average and of good quality. The quantity produced will be greatly over that of last year, owing to the large number of new yards coming into bearing. The price is likely to go higher than heretofore, owing to a general shortage in the crop. Hop growing is one of the great industries of Marion county, and the success of the growers has been such that the area planted to hops will be largely increased another year. To the man who has suitable land there is no other crop that pays so well as hop growing.

YOUNG DEPRIVACY.—Richard Ely, a boy aged about ten was arrested by Policeman Dilley today for having got away with about \$15 belonging to Mrs. Farrens, who keeps a boarding house in the lower part of the city. The boy had used part of the money for a suit of clothes, which were captured, and the boy having hid them, and spent most of the money. This boy was implicated in the barn-burning that took place last year on Piety Hill. The money was refunded this afternoon by the boy's father.

He Got It. "I am just spilling, striking for a fight," said a cowboy from Eastern Oregon, swinging his arms wildly as he entered a Salem saloon. "I smelt you," said a muscular canyon breaker from the valley, as he landed the cowboy on the snout that sent him sprawling under the beer tables. As a rule you can get anything you call for at the capital city.

Open Air Concert Tonight. These hot days make our cool evenings doubly appreciated. Music becomes very enjoyable and the Second Regiment band will render the following program from the band stand in Marion square this evening, commencing at 8 o'clock: March, "The Gladiator"; Sousa Overture, "Village Life"; Dalbey Medley, "Birds and Blossoms"; Wallace Schottische, "Novelty"; Southwell Waltz, "Idyll"; Bennett Selection, "Maritana"; Wallace Overture, "The Silver Wedding"; Schlegelberg Serenade, "Good Night"; Dalbey

The New Discovery. You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the home. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottle free at Fry's drugstore.

FOREPAUGH NOT COMING! But Calvert's Large Stock Will Arrive in a Few Days. Look out for the finest line of fall millinery and fancy goods ever in the city to arrive from New York very soon at Chas. Calvert's.

ANOTHER LOT TODAY.—Nice fresh Rogue river melons just in at M. T. Rineman's, 132 State street. Summer goods still go at popular prices at T. Holverson's. Judging from the way Hellenbrand's meals make your mouth water, what won't his cold drinks do? Peaches by the bushel basket or box cheap. Sroat & Gile. H. Pohle is still at the foot of State, on Front, opposite the foundry.

LOCAL AND PERSONAL.

Register the children. Mrs. Wm. Anderson is very sick. Mr. and Mrs. L. E. Crossan, of South Church street, rejoice over a daughter. J. Craig is the new postmaster at Macleay, vice L. S. Brower, resigned. Not a dozen wormy apples to the barrel this year, is the way the orchards turn out. The Marion county court and commissioners go today to look up the new poor farm site near Turner. Mrs. Minthorn accompanies Dr. Minthorn of the Oregon Land Co. on his summer visit east. The steamer Elwood is reported sunk 35 miles south of Portland. Captain James Smith of Salem was in charge. The foundations of the new R. P. Boise wharf at Salem are being laid. Dan Tarpley, Claude Strahan and Ed Diven are home from Newport. Oregon City and Clackamas county warrants only bring 90 cents. The Wrights, at Oregon City, claim to have saved their hop crop by spraying. Oregon City is out \$1000 on a broken pump at the city water works. United Brethren camping at Oregon City September 23. The dry time is being made the most of by the soda and ice cream men. Other people make the most of the soda and ice cream. Judge J. J. Shaw went to Newport today. He remains till Monday. Rev. Cline expects to occupy his Adams street church at Portland Sunday and Rev. Kellerman is expected to preach at Salem. Mrs. S. P. Wilson and daughter Alice went to Yaquina today. Rev. Wilson went to Portland. Janitor Howell and wife of the state house are off for a season at Newport. Mrs. Will Gray and family went to Newport today. Choice home grow melons—Sroat & Gile. John Doe, who is one of the best customers at the city recorder's court, and who nearly always pays his bill, contributed \$10.40 to the city exchequer Thursday evening. The foundations for the Hughes-D'Arcy blocks were surveyed today and the contract for the excavations will be let immediately. Today has been much cooler. The sky was cloudy this morning and the barometer is lower, with signs of rain. The good people of that neighborhood want to know what has become of the electric light ordered placed on the corner of 12th and Leslie streets some months ago. There is considerable travel in this section, besides a place of business, all of which is worthy of recognition. The Gray block is taking on a very slightly appearance. When the glass is all in there will be few finer looking buildings in Salem. A mother tells THE JOURNAL: "Do not fly to drugs if the baby is cross. Make it cool, easy and comfortable. Fence off the flies so it can sleep soundly. Boil and cool the water it drinks—but not with ice. Overfeeding and complicated food preparations are dangerous. Above all, love your baby!" Mrs. H. E. McCulloch and Miss Mary McCulloch, of Seattle, Mrs. Anna Robinson and Miss Clara Dickenson, of Portland, are visiting with Mrs. Frank Mize, of Salem. Salem grocery stores and fruit stands can now prove that this is the greatest natural peach region on the Pacific coast. What can be done here in peaches can be done with grapes. County Treasurer Condit is implicated in a very pretty floral affair, if judgment is rendered on a very delicate bouquet of geraniums at his office. He evidently has lady friends who possess good taste as well as good flowers. The division lines of the school population will remain the same as last year. By asking their nearest neighbor new comers in any quarter of the city can learn where to send their children. Facts are not always the truth—that is facts as they appear in some prints. Salem and the rest of the county as well needs good county roads quite as much as a new poor farm. Keep it before the world that this is a great peach region. Baseball at the park to-morrow, and Sunday. Mr. Thos. Bruce who operates one of the largest threshing outfits in this county expects to run for two weeks yet. Save your choicest fruit for the Oregon Fruit Palace and take a personal interest in the matter. Money makes the mare go—groceries ditto. H. M. Branson, the cash grocer, can save you money every day. Regular drill night of Co. B. Salem's sidewalk savors singularly of the slipshod. Hop pickers wanted. Inquire at 214 Twelfth street, Salem. The Salem board of trade could be easily re-organized if the officials would make the proper effort. From all indications the present officials have no desire in that direction. At least they are not humping themselves as tho they cared the least whether it ever came to life again or not. J. S. Foster, of Smiths Falls, Canada, arrived in the city today, and will at once accept a position as salesman in Holverson's drygoods store. Mr. Foster, is a cousin of H. S. Gile, the State street grocer. Rev. J. H. Roark is suffering from an attack of malaria, but not seriously. A marriage license was issued today to Elmer E. Barzee and Nana Silver. Look out for a September wheat boom. The Alliance in Baker county is unearthing some rottenness in finances there. Mrs. Wm. R. Anderson is gradually recovering from several weeks' illness. Mr. Elijah White, of East Salem, had a crippled finger amputated this morning by Drs. Mott and Cartwright. Mrs. Bristow, of the Chemawa Indian school, returned to Salem this morning. Landlord Wagner says he does not fear to meet all legitimate competition in his line but objects emphatically to the state running a boarding house in the state house. There are no flies on Oregon's grain crop and no worms in her fruit this year. The Baker City demi monde parade the streets bareheaded and in otherwise scanty apparel, and the Daily Democrat objects and hopes the community has not lost its sense of decency. "SALEM'S FINEST!" Removed from Our old location and Now Open at New Quarters. Jones & Bernard's elegant new ice cream parlors at 224 Commercial, next door south of Bush's bank. WE HAVE JUST OPENED the Palace confectionery and ice cream parlors, of Salem, to which we invite your trade and the entire public, and will maintain the high quality of the French ice creams, ice cream soda and fine candies made only by us. Our facilities are now unequalled in the city and we cordially invite you to step in and see us in our new quarters. BUSH BANK BLOCK. Respectfully, JONES & BERNARD, Manufacturing Confectioners.

EARLY CRAWFISH.—I am receiving large quantities of Early Crawford peaches from Mint's island daily. Those wishing a choice peach for eating should place their orders at once, as they will last but a short time. M. T. Rineman, 132 State street, Telephone No. 13. Geo. Sroat, of Sroat & Gile, has returned from Newport. His family will follow in about a week. In two weeks Holverson's store will be jammed full of fall goods. He wants space. Then keep on buying those goods he is offering. Patrons must not go by Clark & Eppley's just because their store is full of customers, for they will find time to wait on all, 100 Court street. Holverson is still whittling away at white goods, Scotch gingham and ladies' summer vests. All summer goods away down. Pressed chicken, Sroat & Gile. Wheat, oats, bran, shorts, hay and all kinds of feed cheap as anywhere in town at Brewster & White's, Court street. Cakes for all occasions—all kinds—at Sitong's restaurant. Finest Chinook salmon in the world by the wagon load at 8 cents per pound. Other varieties of fish in abundance, choice fat poultry. Free delivery. Davison & White, 84 Court street. Schedule of steamer Three Sisters: Leaves Portland Mondays and Thursdays at 6 a. m. Leaves Salem Tuesdays and Fridays at 8 a. m.

DEED. McFADDEN.—Died at her home on Capital street, Salem, Friday morning, Aug. 28, 1891, Catherine, wife of John McFadden. Deceased was a native of Ireland and 71 years old. She came to this city about twenty years ago, and leaves no children, her only daughter having died. She is survived by her husband, and a grandson Fred, who has always made his home with her. Her son-in-law Rev. W. R. Stewart was one of the first pastors of the Presbyterian church of which she was a strong pillar. Mrs. McFadden had many grand qualities as a woman and leaves a large circle of warm personal friends. The funeral will be at the Presbyterian church at 10 a. m. Saturday.

Frightful Loss of Life! Of the many disasters with which mankind has been visited, one of the worst is that class of ailments originating simply with inactivity of the kidney and bladder, causing such frightful loss of life. Under this appalling category come Bright's disease, diabetes, gravel, ordinary nephritis and catarrh of the bladder. No class of organic maladies, against which medical skill is pitted, so often baffles the expert practitioner and ends his skill at night. Easy it is, however, to arrest these direful ailments at the start. The diuretic action of Hostetter's stomach Bitters is just sufficient to set the bladder and kidneys at work, prevent the accumulation of poisons, and insure the most healthy and refreshing sleep. The unmedicated stimulant of common sense is the most effective in curing or regulating. Hostetter's Stomach Bitters does this. It is unfailing for malaria, dyspepsia, indigestion, rheumatism, liver complaint and constipation.

MISCELLANY.

PROFITFUL DEPRIVITY. DENVER, Col., Aug. 28.—Yesterday the sheriff of this county arrested Albert B. Mayne and his wife, Minnie Mayne, on a ranch about forty miles from this place and tonight they were brought to Denver and lodged in jail. The charge placed against their names is a murder. Mayne is a lumber merchant of this city and was married to his wife on January 1 last. In March, Mrs. Mayne, being in a delicate condition, went to Madam Asile, the abortionist who is now under arrest, and was delivered of twins which were placed in a stove and roasted before the husband's eyes while still alive. The police say that this so preyed on the mind of Mayne that he made a full confession of the awful crime. Mrs. Mayne, who is a very pretty woman, does not seem worried about the matter, however, but will not talk to reporters concerning it. The police are after other married people on the same charge, and say the arrest will follow thick and fast, and that before the matter is through with there will be such a stringing up of Denver society as never was dreamed of. Mrs. Astle says that if someone don't come to her aid and get her out of this trouble she will tell all she knows, which, she says is a great deal. Complaints have been made against the prominent officials in some Colorado smaller cities, and they will probably be brought into the case, Mayne in his confession, says that he paid \$250 to have the operation performed. The police are now securing evidence to warrant more arrests, and have the names of at least thirty, some of them wealthy and prominent citizens, who have patronized Madame Astle during the past few months. One girl, Clara Levy, who is now under arrest, says that Madame Astle has performed two abortions on her since last January.

COUNTERBALANCE WEIGHT SYSTEM (SEATTLE, Wash., Aug. 28.—The B-street railway to be operated by the counterbalance weight system successfully stood a test last night and will be put in operation tomorrow. The system was devised by J. P. F. Kuhlman, engineer of the Rainier-Avenue Electric Company, to overcome the steep grades in that company's line on Washington street, between Fifth and Eighth streets, a distance of 1000 feet. Under the track is a conduit three feet wide and fifteen inches, in which two connected weights, aggregating six tons, are run an underground track. The car running down hill is attached at Eight street to a dummy running in a small conduit between the rails, to one of which is attached a three-quarter inch wire rope and to the other end a small tail rope. The other ends of these ropes are attached to the weights. The car descending the hill hauls up the weights with the electric power and ascending the hill is helped up by the weights and also with the aid of the electric power. Cars can be stopped while going down hill with ordinary brakes, just as on a level road, and automatic safety brakes are attached to the weights to provide against accident. Mr. Kuhlman has entered a caveat for patent on this system.

CALIFORNIA HOPS. SACRAMENTO, Aug. 28.—The hop crop, which is an important industry in Sacramento county, bids fair to be very nearly a failure. No more than half a crop will be turned off by the yards in this county and Yolo. Many vines are turning red, and the hop also are the color of the setting sun. The product is so rusted that it cannot be sulphured so as to sell. All this is also "light," so that it is a dead loss to growers. A change has come in the last week and it is a distressing surprise to cultivators. It puts entirely a new aspect to the California market. The red color is thought to be due to long dry spells and hot weather. Misleading telegrams have been sent out by buyers within the past few days, saying that the crop in this valley will be above the average, when in fact the reverse is the case.

FEARFULLY CUT. GRAPTON, N. D., Aug.—Near Canton a yoke of oxen attached to a binder and led by a woman became frightened and ran away. The woman was literally cut to pieces by the knife. Her legs, arms and head being cut off. POLICEMAN SHOT. CHICO, Cal., Aug. 28.—Charles Rowe, a special policeman, was shot and killed by George Waller, at Junction yesterday. Rowe had refused to drink with Waller, which made the latter angry, and caused him to make the attack on Rowe. IN THE RING. LONDON, Aug. 28.—Through The Herald, Mitchell formally takes up Corbett's challenge to fight for \$25,000. Creamery butter, Sroat & Gile.

AN IDEAL TYPEWRITER. My ideal typewriter would be a noiseless one which combined the merits of the three, inked its own ribbons, fed its own paper and cost about half the present price. It will probably come in with the millennium. But whatever typewriter you employ, don't use a machine that writes only capitals; such manuscript is more illegible than written work.—Emily A. Thackray in New York Epoch.

THE FIRST LETTER. In London, one evening, I was looking for the Alhambra. Not knowing exactly in which direction to go, I stopped to inquire of a passerby, when, suddenly, the name of the theater escaped me entirely. So I was obliged to ask, "Do you know where that large theater is near here—it begins with an 'A'?" The man replied at once, "Oh, you mean the 'Aymerat, sir.'"—Cor. San Francisco Argonaut.
