frequent calls at police headquarters and passed much of her time in the chief's private office. When a charge of disorderly conduct was made against Miss Weidman by her boarding-house keeper, Mayor Fritchley took the matter in hand, and detailed Sergeant McCann and two policemen to make the arrest. She was discovered in a house of questionable repute, and an attempt was made to arrest her. Before the policemen got her out of the house Weikert appeared and ordered the men to leave. They refused to obey, and locked the woman in a room to get time to communicate with the mayor. The policemen then took her to police headquarters, where the mayor locked her in a dark pen in the court house cellar. This was done while Weikert was protesting wildly. Weikert continued to make every effort to secure the woman's release. He accomplished this in the morning after the keeper left by securing a key from the janitor of the court house. He unlocked the door and set Miss Weidman free. The mayor discharged Weikert from the force, and ex-chief has left town.

A MURDEROUS TRAMP.

WHEATLAND, Cal., Sept. 12.—A brakeman on the southbound Oregon express, which passed through here at 2 o'clock yesterday morning was knocked off the train by a tramp whom he was trying to dislodge from the blind-baggage car. The train continued to Lincoln before the absence of the brakeman was discovered. The engine went back for him. The brakeman was found not seriously hurt.

DEATH OF A MURDERER.

MIDDLESBORO, Ky., Sept. 12.—In December last, Adam Lejoe, a notorious outlaw, shot and killed a man in a "blind tiger" near this city and made his escape. Since that time officers have been searching for him. Last Wednesday he was apprehended in the mountains and shot dead by Deputy Sheriff Thompson, of Claiborne county, while resisting arrest. Lejoe had killed nine men.

"SAM'L POSEN."

SAN FRANCISCO, Cala., Sept. 12.—M. B. Curtis "Sam'l of Posen" was formally charged with the murder of Officer Grant this morning. He still professes ignorance; he stated this morning that he was a member of the Knights of Pythias, Odd Fellow and Masonic societies.

THE DUELLO.

ALBANY, N. C., Sept. 12.—A duel was fought here a day or two ago by Jesse Moore, of Berrion county and R. P Fletcher, of Irwin county, from the effects of which Moore has just died. There has been bad blood between the men for some time, and when they recently met, each accompanied by friends, they agreed to fight with their fists. After a few rounds their hatred of each other became too intense to be satisfied with such mild methods, and they drew their revolvers. When five shots were exchanged, Moore fell mortally wounded. Fletcher was also wounded, but not seriously, and fled from the state without delay. He has not been apprehended yet.

Those new goods at Mrs. Fiester's are truly beautiful.

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark, New Jersey, M.E. Conference, April 25, '90.

KANSAS MORTGAGES.

WASHINGTON, Sept 12.—The census office has issued a bulletin which gives the mortgage indebtedness of the state by counties. The total assessed valuation of real and personal property in 1890, not including the railroad property, which is placed at $57,866,233, was $290,593,711. The estimated true value lies between eight and nine hundred millions. It is found that Kansas has a mortgaged debt of $245,485,108, which does not include a state and railroad land contract debt of $7,661,767. This debt is 27 per cent of the estimated true value of all taxed real estate. The average amount of debt per mortgaged acre is placed at $66.55. Of the total mortgaged debt, $167,145,039 is upon acres, and $68,340,069 upon lots. Thirty-four per cent. of the total debt in force against acres is on real estate in the Western half of the state, where it is said values are low and where settlement was made but a few years ago. It is proposed to prepare a map showing the exact localities in the state of debt. Superintendent Porter says the largest debt exists in sections where there is the greatest prosperity and where there has been advancement and improvement.

THE PARK PLACE ACCIDENT.

NEW YORK, Sept. 12.—The coroner's jury in the Park Place disaster returned a verdict. They find that the killed in the disaster met death by the falling of the building. Regarding the cause of the disaster they say the iron columns of the building were not as strong and well constructed as the specifications called for, and that the fall of the building was caused by the breaking of one of the columns, in or near the middle of the ground floor, by a sudden shock applied to the exterior of the columns. They were unable to determine whether it was caused by the explosion of benzine vapor employed in a manner and quantity contrary to law. The jury recommended to the coroner that he ask the legislature to pass a law enabling the fire department and the building deparment to inspect periodically all buildings used for printing, manufacturing, storage or similar purposes, not only to insure against overloading, but as to the maintenance or employment of explosives or dangerous inflammable material in any building where other labor is employed or manufacturing carried on.

GREAT PRIZE FIGHT.

HOBOKEN, N. J., Sept. 12.—Sporting men say that no fight in the country since the great battle between Dempsey and Fitzsimmons attracted such universal interest as the light-weight championship match between McAuliffe and Austin Gibbons at the Granite association club rooms last night. It was stopped by the police in the sixth round, and Referee Jere Dunn awarded the fight to McAuliffe amid much excitement. A great crowd was present at the battle.

COTTON-PICKERS' STRIKE.

HOUSTON, Tex., Sept. 12.—Today is the day set for the strike of the cotton-pickers throughout the cotton belts. Colonel Humphreys, who engineered the scheme, says he has the names of 1,000,000 people in all portions of the South who stopped picking last night until they can get $1 per hundred and board. He says the men are all under oath to pick no more cotton save their own until November 1 for less than that amount.

POORLY FED PRISONERS.

SAN FRANCISCO, Sept. 12.—Thomas Hart, just discharged from the San Quentin prison, where he served a term of three years for arson, said yesterday that Wednesday last fifteen convicts employed in the jute mill refused to work because of the poor food given them. The men formed in a line and marched out into the yard in an orderly manner. Warden Hale said he would give them better food and the men went back to work. Hart says the convicts are given only a fourth of a pound of meat per day, while the law requires they be given a pound. The meat given them, he says, was nearly always putrefied and unfit to eat. Regarding the alleged conspiracy to break out of prison, for which seven men are now in solitary confinement, Hart says there was no conspiracy. The officers invented the story to avoid having the men work on the roads near San Rafael, as they could not be spared from the jute mill.

THAT SEATTLE CASE.

SEATTLE, Sept. 12.—M. C. Sullivan, the detective, and his assistants, Mackey and Evans, who kidnapped Bailey and Albertson, were heard in the justice court yesterday. Sullivan is charged with assault with a deadly weapon, and his two deputies with simple assault and battery. The defendants demanded a jury trial, and the hearing was continued until Monday. The charges preferred are only intended to hold the prisoners while more serious charges are being prepared. The kidnappers only wanted Albertson, and Evans had a warrant from a justice of Pierce county, which he served as a Pierce county deputy. It charged Albertson with receiving and concealing or aiding in concealment of $9000 in securities of the Fidelity Trust company of Tacoma, stolen by his cousin Edward Albertson, the cahier. Albertson went to Tacoma and surrendered himself to the justice, and was placed under $5000 bonds at his own request. The arrest of Alberson in King county by a Pierce county officer without having a warrant endorsed by a King county official, has raised a point of law on which lawyers differ.

DISS DE BAR.

CHICAGO, Sept, 12.—No trace has been found of Miss Vera Ava, alleged to be a wealthy English woman who came here some weeks ago to work for the reclamation of fallen women, and who suddenly disappeared Wednesday evening. Concerning her identity an afternoon paper says: "Vera Ava is, as it is now asserted, none other than Annie Della Diss DeBar, the spook priestess of New York. She was seen on the street and recognized by a New York newspaper woman, who called upon the chief of detectives and told him of her discovery. Her description tallies exactly with that of Miss Ava. According to the New York lady, the notorious spiritualist carries a stock of wigs and other make-ups, and of late has been traveling across the country swindling gullible church people. The police have no doubt from the statements furnished by the New York lady Miss Ava is Miss DeBar. This opinion is strengthened by information gleaned from other sources.

A COWARDLY ASSAULT.

ATLANTA, Ga., Sept. 12.—While William Everett, member of the state legislature, was standing at the cashier's desk in the Kimball house late Tuesday night, he was approached by Fred Cooper, a town tough, who asked:

"Are you a member of the legislature?"

"Yes, sir."

"One of those who voted against the Confederate home?"

"Yes."

"One of the ninety-three and a nigger?"

If you will have it so; yes."

With the last word Cooper dealt Everett a murderous blow, repeating it as the legislator rose to go, then stamping on him and kicking him unmercifully. The crowd finally pulled the infuriated man off. Everett was taken to his room, and the report is that he will die. He is bleeding internally and his physicians have fears for him. Cooper is a grandson of ex-President Tyler.

MISS AVA IN CINCINNATI.

CINCINNATI, Ohio, Sept. 12.—The identity of the woman who so mysteriously disappeared from Chicago Wednesday evening, with one who as mysteriously appeared in this city last night, is fully established by the description of her given by Mrs. Bollton, of Chicago. She is very anxious to identify herself as Miss Ava, who was lost at college. "Tell Mrs. Bollton," she said, "and that will identify me better than anything else that $8,000 in money and coupons, were in her satchel not mine, and they took it and its contents; now Mrs. Bollton will know from this I am Miss Ava."

A FRIGHTFUL DEATH.

SAN FRANCISCO, Sept. 12.—Schooner General Banning arrived from Flint's island yesterday with a cargo of cocoanuts. Her commander, Captain Spring, reports that while loading her cargo the vessel was twice blown out to sea by severe storms. On each occasion about 100 natives were on board, and they hastened ashore in canoes The second time several canoes were capsized, and the occupants were thrown into the water which swarmed with sharks. Out of thirty-one natives who were thrown into the water eight were killed and eaten by sharks and one man had his leg bitten off below the knee.

FELL UNDER THE WHEELS.

BENICIA, Cal., Sept. 12.—As the Napa train was entering South Vallejo last evening, Fred Woest, a prominent man from St. Helena, was standing on the platform, when his hat fell off. In attempting to recover it he lost his balance, and falling under the cars, was instantly killed. His wife was standing with him on the platform at the time, and when she found that he was dead she became crazy. His wife was taken charge of by the Odd Fellows of Vallejo, as Woest was a prominent Odd Fellow of his town

THE TRAIN ROBBERS.

MODESTO, Sept. 12.—Wm. Dalton and Riley Dean charged with the Ceres train robbery were interviewed this morning. They reiterated their former story and claimed to be able to prove an alibi by reputable witnesses, Dalton admitted his brothers Robert and Emmett are guilty of the Alila train robbery but said they are safe from capture.

NITRO-GLYCERINE SHELLS.

TROUBLE FEARED WITH MINERS.

NASHVILLE, Tenn., Sept. 12.—Acting under the orders of Adjutant-General Normal, twenty-five rifles, belonging to the local military company at Knoxville; has been turned over to the superintendent at Briceville, to be used in the protection of convicts. Several thousand rounds of ammunition will also be sent there. There is much uneasiness all through East Tennessee, and the miners are reported to be making great threats.

THE ITATA CASE.

LOS ANGELES, Sept. 12.—Attorney William Goodrich, of New York, as proctor for the South American Steamship Company, the new claimant for the Chilian steamer Itata, has filed an answer to the information for libel against that vessel, in which he contends that no lawful seizure of the vessel has ever been made; that the seizure at Iquique in June was without the territorial limits of the United States, and the surrender of the Itata was compelled by violence by the United States cruiser Charleston and was a breach of international law and the law of nations. Furthermore, that the claimant company which built the Itata for traffic purposes had no participation in the use of the steamship for the alleged unlawful purposes which caused the seizure, and ought not, therefore, to be deprived of its property. The answer prays that the vessel be released and that claimant be allowed costs and also damages for detention.

SUSPICIOUS TRANSACTIONS.

CARROLLTON, Ill., Sept. 12.—Last week a man giving his name as Henry A. Anderson arrived in this community and engaged in the real estate business. He purchased the farm of George W. Cole, a prominent farmer residing near this city, for $7,000 and the farm of William Ridings for $11.800, agreeing to give them the cash as soon as he could cash a $100,000 bond he had in his possession. Friday last he called at the United States Express office in this city and expressed to the United States National Bond company in Washington, D. C., a package said to contain the bond for $100,000, requesting the agent not to bank the package that would soon be returned containing the $100,000 Saturday he called again and gave the express agent two orders, one in favor of Geo. W. Cole for $7,000 and one in favor of William Ridings for $11,800, and requested the agent to send the orders to these gentlemen and when they called with the orders to open his $100,000 package, which would arrive before they called, and pay off the orders. It is learned that he got $20 from Cole and $50 from Ridings. Answering the description of a man wanted at Taylorville for stealing a horse last May, the Sheriff arrested Anderson and locked him in the county jail, where he will be kept until his transactions are investigated.

THE WRONG MAN.

GREEN RIVER, Utah, Sept. 12.—Thursday Cass Hite and A. F. Kohler revived an old quarrel. Kohler got a Winchester rifle and paraded the streets, saying he would shoot Hite. The latter went out to pacify him, when Kohler shot, missing Hite, who then drew a revolver and fired three times killing Kohler instantly and wounding Frank Drake, who was standing near Kohler.

STATE.

A FOOL GIRL.

PORTLAND, Sept. 12.—There is a strong probability that a marriage was consummated at Vancouver between Elizabeth Perry, a 17-year-old girl from Washougal, and Nip Gee, an Americanized Chinaman.

Miss Perry is a tall girl, as large and as well developed as a woman of 25. She has dark hair, brown eyes, and more than ordinary prepossessing appearance. Gee, the Chinaman, is not a bad-looking fellow, with his close cropped hair, civilized clothes and straight eyes. He speaks correct English, and, as Miss Perry says, "He is all right, even if he is a Chinaman."

They were working on Mr. Shephard's farm near Washougal, where they became mutually infatuated. Gee made her presents, proposed marriage and was accepted. She then said she would come to Portland and consult her mother, who is employed here as a cook.

This she did, and upon meeting her mother, they went to the New York hotel where they remained last night, and were seen this morning. Mrs. Perry does not at all oppose the match, but the hitch comes in the fathers re'usal of consent.

The Chinaman has not been seen in town at all since Bettie arrived, but there is a prevalent idea among those in a position to know that Bettie and her mother went over to Vancouver late yesterday and met Gee, where a marriage took place.

FOREIGN.

SENSATIONAL STORY.

BERLIN, Sept. 12.—The Hamburger correspondent contains a sensational artice entitled: "The Cossack Stroke on the Bosphorus." According to this Russia meditates a surprise to Constantinople by a conjoint landing of 30,000 troops in European and Asiatic Turkey. The Bosphorus forts it is said are to be attacked from the rear and the approach of hostile fleets are to be prevented by torpedoes while it is calculated the Russian torpedo fleet could enter the Golden Horn at night and completely destroy the Turkish fleet and that the whole could be accomplished in 24 hours. Complete plans for everything is said to be ready and only the command from St. Petersburg now is needed.

Remarkable Escape.

Mrs. Micheal Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottle of this great discovery at Fry's drubstore. How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
