fortunate Balmaceda, that in taking his own life he had escaped a worse fate. Balmaceda left a letter to his mother, also a statement to the Herald. As almost the last declarations of a dying man they are of especial importance. He said:

I acted all during the last eight months with the firm conviction that I was right. I had no one in the army on whom I could place any trust. My generals were false to me. They lied all through the war. Had my orders been obeyed I believe the battle of Coquimbo would have resulted in a decisive victory against the enemy. My heart all through this trouble has been with Chili. I sought to rescue my country from foreign domination. I strove to make her the first republic in America. My enemies say that I was cruel. Circumstances compelled me to sanction certain acts, but many bad deeds have been attributed to my orders that were never known by me until they had been committed. Until the final battle I had strong hopes of triumphing over my foes. Victory was assured by my generals, Alcerrca, Barbosa and Viel. They all lied. I know now those who only pretended friendship for me, because of the money gotten that was to be gotten out of me. All the money that I have in my possession is what my wife gave to me on the night of August 28th. Your minister, Egan, many times offered me good advice. He urged me to make peace with those opposed to me and to retire from Chili. I did not heed his wise advice, for I thought he was under the influence of the junta who were then refugees in the American legation. All through the trouble my closest advisers were always opposed to any overtures for peace.

THE ONLY RECOURSE LEFT.

Another letter was found addressed to Senor Urribari. In it Bamaceda says:

When I saw the persecution directed against me by persons who had supported my administration I came to the conclusion that the only way to put an end to it was to take my life, as I was the responsible one. Adios, my good friends; give my farewell to my wife and children.

The junta has the Argentine legation guarded to prevent an attack on the part of the population, but everything is quiet at Santiago to-night. Balmaceda's body has been removed to the general cemetery. It was accompanied by the members of the family and friends. The widow of the dead ex-president was informed of his tragic ending by her brother Domingo Torro. There is a guard stationed at the cemetery. An intendent is keeping order.

NEW YORK, Sept. 21.—The Oregon Railway & Navigation Co. has declared a quarterly dividend of 1½ per cent., payable October the 1st.

MORE DISASTER.

MADRID, Sept. 21.—A hurricane yesterday evening has added to the damage done by the recent floods to the town of Consuegra. Many houses previously undermined or otherwise weakened by the flood, collapsed last night. Further feeling of gloom has been caused throughout Spain by the announcement of a severe epidemic. Influenza has broken out at Badjor, The capital of the Province by that name. There are already over two thousand severe cases of that disease in the city mentioned, and it is feared the epidemic will spread all over Spain.

THE HEATHEN CHINESE.

DETROIT, Mich., Sept. 21.—About twenty Chinamen sneaked across the river from Canada last night, under the guidance of a white man. Eleven have been arrested and will be returned at once. They were all coached, and said they lived at London and Vancouver. One of them fought desperately without being taken.

"German Syrup"

Here is something from Mr. Frank A. Hale, proprietor of the De Witt House, Lewiston, and the Tontine Hotel, Brunswick, Me. Hotel men meet the world as it comes and goes, and are not slow in sizing people and things up for what they are worth. He says that he has lost a father and several brothers and sisters from Pulmonary Consumption, and is himself frequently troubled with colds, and he often coughs enough to make him sick at his stomach. Whenever he has taken a cold of this kind he uses Boschee's German Syrup, and it cures him every time. Here is a man who knows the full danger of lung troubles, and would therefore be most particular as to the medicine he used. What is his opinion? Listen! "I use nothing but Boschee's German Syrup, and have advised, I presume, more than a hundred different persons to take it. They agree with me that it is the best cough syrup in the market."

TO GET TOWN LOTS.

Great Excitement in Guthrie, Oklahoma Territory.

THE NEWS OF BALMACEDA CONFIRMED

Killed Himself, A Terrible Experience, Destroyed by Fire, A Swindle, Conclave of I. O. O. F., Cedar Block Pavement, State and Foreign News, Etc.

TO GET TOWN LOTS.

GUTHRIE, O. T., Sept 21.—From early this morning the streets of this town are blocked with wagons, horses and people. Everything is wide open. Liquor is plentiful and gamblers are here with their outfits. Governor Steele will go to the county seat. The intention is to clear the town and with a signal let the race for town lots commence. Trains continue to arrive, bringing people anxious to secure homes. The men in line before the land office are still there, determined to make an entry. Hotels, printing offices, stores and shops are taxed to their utmost capacity. Some establishments, especially those of newspapers, are seriously crippled on account of their help leaving to join in the race.

THE NEWS CONFIRMED.

NEW YORK, N. Y, Sept. 21.—A dispatch to the Associated Press under date of Santiago, Sept. 21st, from Minister Patrick Egan, confirms the published reports of the suicide of President Balmaceda.

KILLED HIMSELF.

CLEVELAND, Sept. 21.—Fred Kammerer, the wife murderer, this morning committed suicide in jail by hanging himself to a water pipe in his cell.

A TERRIBLE EXPERIENCE.

ASTORIA, Wash., Sept. 21.—Antone Sumstad and Ole B. Oleson two fishermen, had a terrible experience, which nearly ended fatally. They were beating down from the prairie channel, where they had been fishing, and when abreast of Tongue point the boat struck Dick Welcome's fish trap on the edge of the channel, about half a mile from the Tongue. It was a little after 2 o'clock and very dark, so that it was impossible to see the trap until it was struck. The wind was blowing fresh and a heavy sea was on, so that the moment that the boat struck it slewed around and turned bottom-side up. The men were thrown into the water, but after some difficulty succeeded in climbing on the bottom of the boat, which was rapidly drifting seaward on a strong ebb tide. They shouted but in vain, and each successive wave broke over them, drenching them to the skin, and making it extremely difficult to retain their hold on the boat. When daylight came the unfortunate men were drifting down the middle of the channel, the current increasing in rapidity each moment, and to all appearances nothing to save them from being swept out to sea. About 7 o'clock, when nearly abreast of Chinook beach, and a mile and a half from shore, they were sighted by two Russian boys who were chopping wood on the beach. The boys immediately started to the rescue and succeeded in getting them ashore in an exhausted condition. An effort was made to save the boat, but the tide was running seaward at such a rate that this was impossible.

A REMARKABLE SWINDLE.

CHARLESTON, W. Va., Sept. 21.—One of the most astounding swindles in the history of the country has just been brought to light here by Federal detectives, who have arrested Henry Ash and G. W. Rose, two of the three ringleaders. Robert F. Lively, the man who originated the scheme, escaped to the mountains, but a posse is after him. Some weeks ago these men organized at St. Albans, this county, a branch of what was alleged to be the "National Assembly," said by the conspirators to be a patriotic order, having for its object the relief of the national government. It was proposed to put into the possession of the government the gold coin hoarded up by the people, to the end that the government might be enabled to meet its obligations and be saved from national repudiation. The treasury department, it was explained, had plenty of paper money, and had agreed that for all gold coins paid into the assembly and certified by the officers there would be paid five times the sum in paper currency. Nothing less than $200 would be accepted from any one. The thing took in a surprising way. The country was scoured for gold. The men paid $1200 for $800, and scores gave $200 to $500 for the worthless certificates of the swindlers. The Chesapeake & Ohio company pays its employes in gold, and large sums of this money went into the coffers of Lively and his pals. Poor men borrowed, begged and mortgaged that they might raise gold, and many a dollar of hard-earned savings went into the "local assemblies" for the relief of the government. The postoffice authorities got wind of the thing a week ago, and today the arrests were made. The excitement over the swindle is great. It is estimated that the swindlers obtained $50,000 from their dupes, many of whom are left penniless.

CEDAR-BLOCK PAVEMENT.

VANCOUVER, Wash., Sept. 21—The cedar-block pavement of Main street, in this city, is being rapidly pushed toward completion, and when finished will prove a handsome improvement of this thoroughfare. This is, it is believed, the first experiment of paving with cedar blocks in the West, and if successful may be imitated on a large scale by Portland.

I. O. O. F. CONCLAVE.

ST. LOUIS, Sept. 21.—The first day of the 22nd conclave of the Sovereign Grand Lodge I. O. O. F. opened clear cool and pleasant. The delegation from Springfield, Ills., outnumberd all others. It is estimated over 500,000 Odd Fellows and their families are in the city, besides many other thousands, who came simply as spectators.

ANNEXATION OF CANADA.

SAN FRANCISCO, Sept. 21.—Richard Everett, of Montreal, who recently represented an important constituency in the Canadian parliament, is in the city. Speaking of the growth of the annexation sentiment in the Dominion, he said that the scandals which followed so closely on the death of Sir John Macdonald had made the time for the union of the two countries many years nearer. All Canada had the greatest confidence in Macdonald, and the people were inclined to give full credence to all he said against annexation. Now charges had been made, not only against men close to Sir John, but even against the premier himself, and the people had learned that it was easier to conceal corruption under a colonial than under a republican government. There was a powerful opposition to overcome, Mr. Everett said, but on the whole the annexation movement was gaining strength every day. There were now annexationists among the most conservative French and English people in Canada. A few years ago those classes were solidly against any union.

EX-CONGRESSMAN SCOTT'S DEATH.

NEWPORT, R. I., Sept. 21.—The death of ex-Congressman W. Scott, of Pennsylvania, Saturday night, was very sudden. He had long been a sufferer from acute gastro-intestinal catarrh, and two weeks ago he was brought here from his home in Erie, Pa. The doctors were of the opinion that the climate of New York would be beneficial. This belief was realized, for he began to gain at once, and his improvement continued until Friday. During the afternoon of that day he had an attack of heart failure, and another one Saturday. He rallied quite easily the first time, but with more difficulty on the second occasion. Another attack occurred at 11 o'clock Saturday night, from which he could not be roused, and death finally came. The family left with the remains this morning for their home in Erie.

THEY HANGED HIM.

DARLINGTON, Wis., Sept. 21.—At noon today a mob took from the county jail Ahton Siebolt, who so brutally murdered James Meigan last Wednesday, and hanged him. The city is in a state of excitement.

STATE.

CHAMPIONS COMING.

PORTLAND, Or., Sept. 21.—It seems certain that Hanlan, O'Conner, Dutch and Peterson, the champion oarsmen, will take part in the Willamette Rowing club's regatta on October 3. Dutch and Peterson have already promised to come, and Hanlan and O'Oonner, in answer to the club's last telegram, telegraphed that they would row if a $1000 prize was offered and $100 allowed each of the four for expenses. It is believed that an arrangement will be made on the basis of these terms.

FROM ROSEBURG.

ROSEBURG, Sept. 21.—R. A. Graham, of the Coos Bay, Roseburg & Eastern railroad, a contractor and his wife, arrived on the morning train from San Diego, Cal., en route to Coos bay.

Joseph Carlon, an old citizen of Roseburg, a liveryman, fell through an open hatchway in his barn Saturday night about twelve feet to the floor, breaking his left arm and badly bruising himself.

DESTROYED BY FIRE.

DAYTON, Sept. 21.—Fire destroyed the small residence of J. B. Wright Saturday morning. The loss is $1500 and the insurance $500. The new water system did excellent work, saving the adjoining buildings. It also drowned the fire in a few minutes, leaving the charred remains of the building.

DEATH OF A LAD.

OREGON CITY, Sept. 21.—Saturday morning, while Chester Kelly and Edward Jarrett, aged respectively 14 and 16, were returning from hunting, the accidental discharge of one of the guns killed Chester, the shot taking off one thumb and fearfully mangling his face and head. He lived only about half an hour. It is not known which gun caused the accident. The boys were running backwards, when Edward fell and heard a shot, and turned to see Chester down and shot.

PIONEER JEWELER DEAD.

ASTORIA, Sept. 21.—Gustav Hansen, one of the pioneer jewelers of the Northwest, died at his home in this city Saturday evening. He has been suffering with cancer of the stomach for a long time, but has been kept from his business but a few weeks. Mr. Hansen was born in Christiana, Norway, October 17, 1828, and came to this country when a young man, carrying on the business of jeweler and engraver in San Francisco and other cities. During the '70's he was in Portland, a partner with L. C. Henrichsen, who is still in business there, the firm name being Henrichsen, Hansen & Co. He has resided in Astoria for about twelve years and leaves many friends all over the Northwest, who will hear of his death with regret.

RETURNED HOME.

NEWPORT, Or., Sept. 21.—The sealing vessels, Kate and Anna, captain Charles Lutejens, owner arrived here from Behring Sea this morning. Their catch consists of 630 skins.

FROM PORTLAND.

PORTLAND, Or., Sept. 21.—Burglars last night entered the Hub Clothing store and stole about $8 worth of clothing. A boy named Brandon, aged eight, was run over by a truck today and killed.

FOREIGN.

AGGRESSIVE CHINA.

ST. PETERSBURG, Sept. 21.—The Russian government views with increasing alarm the aggressive course of China in the direction of the Russian frontiers. At a special meeting of the officers at the headquarters of the general staff at St. Petersburg, a few days ago, the military position of China was discussed, and one of the generals who took a prominent part in the meeting stated that the Chinese army numbered nearly 1,500,000 men, with an inexhaustible population from which to draw recruits. The Chinese government has consented to the construction of a railway from Pekin close up to the Russian frontier, and many thousands of Chinese colonists are crossing the border into Russian provinces, and would have a hostile element in the event of war. Russia, herself, however, is fortifying the port of Viadivostock on the Pacific, and has recently expended about 7,000,000 rubles in making the port virtually impregnable, so that it may form a base for future naval operations of Russia in the East. There is no doubt, says the dispatch, that the Russians are deeply apprehensive as to the course of China in the event of of a war between England and Russia.

THE CHINESE QUESTION.

LONDON, Sept. 21.—A Shanghai dispatch says that the demonstration against the Chinese is delayed by jealousy between the powers as to who shall take the lead. England wants to gain the prestige which the direction of such an affair would give, while France, urged on, it is believed, by Russia, would prefer to keep England in the background, and either assume leadership herself, or put the Americans in the van. The French are anxious to make an impression on the Chinese that will be favorable to the settlement of pending questions in Tonquin and the frontier, while the English desire to keep the Chinese alienated as far as possible from the Russians. Meantime, a sensible Chinese magistrate at Shanghai has addressed his friends among the foreign residents an apology for the conduct of the Chinese who looted the mission houses. The magistrate, whose name is Sun Vuh Wen, argues that while the rioters have been justly punished, the missionaries are not free from blame. He claims that their habit of buying children for education as Christians, gives rise to suspicion as to what is done to the children, the more ignorant imagining that they are sacrificed in religious rites. Such matters, the magistrate thinks, ought to be conducted more discreetly. Meantime the Chinese continue to be enraged against foreigners, especially in the interior.

WERE DISPLEASED.

MASEILLES, Sept. 21.—At a bull fight yesterday the spectators becoming displeased with the performance tore up the seats and set them on fire, threatening the destruction of the whole building. A strong force of police finally cleared the circus and put out the fire. Not however before the building was partly destroyed.

MARKETS.

CHICAGO, Sept. 21.—Wheat opened on stronger and higher cables. The reports of distress in Germany, and the estimate given by American agriculturists of the world's supply of rye and wheat. December started at $1.06¼, against 98¾ at close, Saturday. It sold up to $1.01¼, and at 11 o'clock the price was $1.¾. At close wheat was steady, cash 97¾@¾, December $1.¼.

PORTLAND, Or., Sept. 21.—Wool, Eastern Oregon, 1.52; valley, Walla Walla $1.45.

New Clearings in Frontier Settlements

Often give birth to miasma, as one of the first fruits of the upturning of the soil. Malaria is a relentless foe to the newly arrived emigrant if he be unprepared to meet it by the use of a reliable preparative and preventative. It behooves those seeking the far west in search of homes, to provide themselves with a medical guaranty against chills and fever, bilious remittent and ailments of kindred origin. Hostetter's Stomach Bitters has for nearly half of a century been esteemed the best. From Maine to Oklahoma, from Victoria to San Juan del Sud, its acknowledged superiority meets with no challenge in the localities where it has been used. Medical testimony, the most positive and direct, backs up the general verdict, no less in regard to its virtues in case of liver complaint, dyspepsia, constipation, rheumatism and kidney ailments, than in case of malarial diseases.
