

In the debts of the bonded roads not owing the failure of the companies to comply with the laws. They pay yearly all that the law requires to them. The trouble is the percentage required by law to be paid do not create a sum equal to the interest the government has to pay on the subsidy bonds. The commissioners enforce the policy of the Union. Pacific in the construction of trunk lines which shall be tributary to the main stem. He says that were it not for these subsidies the Union Pacific would yield no net earnings whatever, and the property would not be worth the amount of its first mortgage bonds. The commissioners urge very strongly and at considerable length the great necessity that some action be taken looking to a settlement between the bonded roads and the government. Regarding this he said: "I have little doubt of the ability of the principal bonded roads to eventually meet all their obligations to the government, but the sum of these debts is apparently beyond the possibility of payment in money at their maturity. Some plan of refunding must be devised in order to give time. The commissioner recommends that the department appoint a commission of not over three members, to be in the government employ, to consider the situation, confer with the railway companies, and report their conclusions to congress."

WILLAMETTE REGATTA.

Hanlan and O'Connor Win by Five Lengths.

HACKED TO PIECES WITH A KNIFE.

Sanford's Bank, Reed to Resign, Steamer Arago Wrecked, Gold Coming Back, Of Interest to Miners, Morrow on the Bench, New York Presbyter, Burned to Death, The Colton Riots, Foreign and State News, etc., etc.

PORTLAND, Oct. 5.—It was nearly 4 o'clock when Hanlan and O'Connor and Dutch and Stevenson came to the score for the professional double race, three miles with a turn. The former were assigned to the east course and the latter to the west bank. Both crews started on equal terms at the start, Hanlan and O'Connor rowing a graceful, steady, long 34 stroke, while Dutch and Stevenson were rowing deep choppy water at a 31 pace. Hanlan and O'Connor immediately began to set the pace and 200 yards from the start showed a length of clear water. Two hundred yards beyond that the Canadians were working strong but easy on a lead of three lengths, and were apparently reserving themselves and tiring their opponents. Dutch and Stevenson cut down the lead before the turn was made, but as soon as the flag was rounded Hanlan and O'Connor put on extra steam and shot three lengths ahead. After rounding Dutch and Stevenson ran into bad water, caused by the splashing of the swell of the steamer Altona against the apron of the ferry Daisy Andrus, but soon recovered themselves. At the water works Hanlan and O'Connor had a lead of three lengths and Dutch and Stevenson a short 32. Hanlan and O'Connor then increased their stroke to 34 and walked away, winning \$500 by five lengths in 23:05.

Dr. R. Nunn, of the Portland Rowing Club, won the amateur single race, one and a half miles straightaway, defeating C. Larson, of the Willamette club. The junior four-oar race, one and a half miles straightaway, between the Willamette and Vancouver, B. C., crews, was close and exciting. The Britishers had the east course and were away from the score rowing a sea-saw 33 stroke, while the Willamettes were splashing at 32. At the mile it was a toss as to who would win—the Britishers, with their poor work, or the Willamettes, with West bow, and Sparks, stroke, laboring and Nos. 2 and 3 working steadily. From the press boat it looked as if the visitors were holding back for a spurt to overcome the local's lead of half a length. Kent, 3, of the Vancouver, was out of shape, and it was a question whether he would hold out. One hundred yards from the finish the Britishers pluckily pulled themselves together, and forcing to the front, crossed the line a length ahead. They won because they were determined not to lose, and the Willamettes lost because they did not have the spurt in them for the finish. The time, 9:49, was very good.

The water was as smooth as glass when O'Connor, the American champion, Dutch and Stevenson, were called out for the professional single race, three miles with a turn, for a \$500 purse. Hanlan did not row. The Hanlan-O'Connor combination had but one boat, so they flipped a coin to decide which should have it. O'Connor won and took the middle course, with Stevenson on the west and Dutch on the east. Darkness prevented any one at the finish seeing the turn, but O'Connor rounded first and kept the lead, finishing ten lengths ahead of Dutch. The time, 24:24, was slow.

HACKED TO DEATH. SAN FRANCISCO, Oct. 5.—John Skals, employed at Spreckles' sugar refinery, went down into a vat Saturday to set a broken knife on a machine used for chopping up crude sugar. Through a miscalculation the huge knife caught his left foot as it came down, and severed that member at the ankle. Then Skals was drawn into the machine, and the knife continued moving up and down, each stroke chopping off a section of his leg. Before he could be reached his leg had been chopped entirely off, and the knife was backing at his body. At this stage he was released, but the terrible shock had killed him. He was 52 years of age, and a native of Austria. He leaves a widow and two sons, one of whom witnessed the terrible accident.

SAN FRANCISCO, Oct. 5.—John Skals, employed at Spreckles' sugar refinery, went down into a vat Saturday to set a broken knife on a machine used for chopping up crude sugar. Through a miscalculation the huge knife caught his left foot as it came down, and severed that member at the ankle. Then Skals was drawn into the machine, and the knife continued moving up and down, each stroke chopping off a section of his leg. Before he could be reached his leg had been chopped entirely off, and the knife was backing at his body. At this stage he was released, but the terrible shock had killed him. He was 52 years of age, and a native of Austria. He leaves a widow and two sons, one of whom witnessed the terrible accident.

THE EASTERN GALE. NEW YORK, Oct. 5.—News of the first disaster, as a result of yesterday's gale came in a dispatch this morning from St. John, N. B. It was to the effect that the British barkentine Minnie C. Ekin, was wrecked, and that her crew was undoubtedly lost. The barkentine had on board about twenty people, inclusive of her officers and the captain's wife and baby. On August 19th she left St. John, and that was the last ever seen of her.

A GOOD STRIKE. GOLD HILL, Oct. 5.—O. B. Hardy struck ore Saturday that assays \$800 per ton, on the Rothen ledge, at a depth of forty-five feet. The average width of the ledge is seven feet.

MASACRE STORY DENIED. SAN FRANCISCO, Oct. 5.—Two years ago the schooner Nicolini sailed from San Francisco on a whaling cruise. She wintered in the McKenize river, but failed to get out the following summer. At the end of last season she was joined by the Grampus and Mary D. Hume. Rumor reached here about a month ago that the crews of the three vessels had been massacred. Foster & Co. received a letter from the lieutenant on the Bear Saturday, which states that the Nicolini had not out of the river and reached Franklin Point a few miles above Point Belcher. The schooner had again got caught in the ice, and will not get out until next summer. She was light, so the two years' cruise will go for nothing. This news will do away with the massacre story.

ON THE BENCH. SAN FRANCISCO, Cal., Oct. 5.—Ex-Congressman Wm. W. Morrow, who has recently been appointed by President Harrison to succeed Ogden Hoffman, deceased, as judge of the United States district court for this district took his seat on the bench this morning.

for \$10,000 each, and others were given amounting to \$50,000. The Sandfords got money on these notes and if the signers of the notes are compelled to pay them, it may rain them. This fact has been kept secret until Saturday. This will make Sandfords' liabilities over \$200,000. The safe was opened by an expert today, and all it contained was \$70 in small coin. The grand jury returned fifteen indictments for forgery, embezzlement, obtaining money under false pretenses, and larceny. The county will offer a reward of \$1,000 for the capture of Sandford brothers.

REED TO RESIGN. WASHINGTON, Oct. 5.—It is reported that ex-Speaker Thomas B. Reed will tender his resignation and retire from the house before congress meets, in order to accept a responsible position with an important corporation in New York city.

INTEREST TO MINERS. CLEVELAND, Wash., Oct. 5.—A court ruling of general interest to miners were made by Judge Groves, of the Kittitas superior court, today. Two weeks ago John P. Mears, a well known placer miner of the Swank district, was arrested at the instance of Phillip Cumskey for trespass on an unsurveyed agricultural claim held by the complainant. On a trial of the case, the defendant was fined \$50 and costs, amounting in all to \$175, under the state trespass law of 1889 and 1890. A bond was given for the same and ten days given for appeal. At the expiration of the period the bondsmen for Mears requested a discharge from the surety, and the prisoner was taken to the county jail to serve a sentence of forty-nine days. A writ of habeas corpus was at once applied for, which was granted by Judge Groves on a hearing of the case. The decision of the justice court was sustained and the prisoner remanded. Mears jumped the claim of Cumskey in the belief that it contained precious minerals, although no pay dirt had been shown up to the time of his arrest. The claim is located in one of the richest sections of the Cle-Elum mineral district, the Swank. A number of fine ranches are in the midst of the same territory, and the owners of the latter have been very much stirred up over the matter, fearing that a decision in favor of Mears might seriously affect their land interests.

GOLD COMING BACK. NEW YORK, Oct. 5.—Steamer Latourine from Havre brought \$2,488,000 in gold and Steamer Kaiser Wilhelm a million in gold.

BURNED TO DEATH. NEW YORK, Oct. 5.—Three persons were burned to death early this morning in a fire in a five story brick tenement house in this city and two others are fatally burned. The dead are Josephine Ryan aged five, Mrs. Murphy an old Katie Dunn. When the fire was discovered the only stairway in the house was on fire and it was impossible for the inmates to escape by that way. Nine families resided in the house and each family had an average of three boarders aggregating fifty persons. The policemen hastened to the fire escapes on the front of the building and aided the men, women and children to descend. In this way, they were assisted by firemen who quickly answered the alarm. The firemen rescued Matthew Ryan and his three young children were almost overpowered by smoke and unable to help themselves. One fireman on duty was Matthew Murphy, husband of the woman who was burned to death. He found his wife burned beyond recognition. Little Josephine Ryan, the dead woman's niece, died soon after being removed from the house. Miss Katie Dunn was overcome by smoke and burned to death. The fire broke out in an unoccupied house in the alley and the police believe it was of incendiary origin.

THE NEW YORK PRESBYTERY. NEW YORK, Oct. 5.—At the semi-annual meeting of the New York presbytery today, the prosecuting committee appointed to prepare papers in the trial of Prof. Briggs presented a report embodying charges against him. The charges in brief are as follows: Disbelief in the Bible as the only true source of divine authority, disbelief in verbal inspiration and the inerrancy of the scriptures, disbelief in immediate sanctification at death of the souls of those dying in the faith. Prof. Briggs moved that his case be taken up the first thing in the afternoon but the motion was defeated.

IRISH NATIONAL LEAGUE. CHICAGO, Oct. 5.—At a meeting of the executive board of the Irish National league yesterday, it was decided that in everything pertaining to advance National opinion and the securing of evicted tenants the league will work with the Irish federation and McCarthy organization.

RECIPROcity WITH CANADA. NEW YORK, Oct. 5.—The Herald's Washington correspondent says: The second postponement of the discussion of the reciprocity treaty with the commissioners of the Canadian government is no surprise to those who are familiar with the feelings of the president and Secretary Blaine last spring. The president and Secretary Blaine are in accord on the general proposition that reciprocity of the kind offered by the Conservative party of Canada is not desirable for the United States. It was stated in the Herald at the time of the visit of Sir Charles Tupper and his associates in the cabinet that Secretary Blaine is in favor of

the absorption of Canada into the Union, but he believes that the way to obtain it is to pursue a waiting policy rather than to irritate the loyalists by seeming to seek it. He is willing to see reciprocity tried as the means of cementing the union of the two sections, but has always favored a reciprocity which covered nearly all classes of articles or at least admitted our manufactures into Canada rather than the one-sided reciprocity presented by the Conservatives. The Canadian elections last spring were watched here with keen interest because of the light they were expected to throw upon the feeling of the Canadian people. If the Liberals should have carried a majority of the seats in the dominion parliament, a reciprocity proposition would probably have been set before them which the president and Secretary Blaine would have been willing to accept. The victory of the Conservatives, however, was not entirely unexpected, and occasioned no great regret here, because it was believed that in the long run public opinion would ripen quite as fast in Canada under the narrow policy of Sir John McDonald as under a broader policy which might be too far in advance of public sentiment.

INDIAN MASSACRE. SAN ANTONIO, Tex., Oct. 5.—John H. Parton, an American, who for the past two years has been engaged in the mining business near Mexillan, situated in the state of Hidalgo, Mexico, arrived today. He brings information of a bloody Indian outbreak, which for some time has been in progress in the district of Tulumago, in that state. The trouble is in the outgrowth of a dispute between several colonies of Spanish, Germans and Indians, the new settlers attempting to settle on the lands of the natives. Parton says that for a few days before his departure from the settlement the whites were attacked by Indians and early 200 people massacred, including men, women and children. The colonists have applied to the government for protection, and several battalions of troops are on the way to the scene of the trouble.

MURDEROUS RANCHER. WALLA WALLA, Oct. 5.—James McCool, a ranchman living eight miles from here, in Oregon, brought word Saturday evening that Fritz Zorn, a neighboring ranchman, shot himself, his wife and his mother-in-law Saturday afternoon. Mrs. Zorn was shot three times and will die. Her mother was wounded. Zorn was in Walla Walla Friday night and was drinking heavily. He has and trouble with the women before, and made threats against them. He is an old soldier, having served several years in the First Cavalry and at Fort Walla Walla. Sheriff McFarland has gone out after the murderer, as he was lying on the road when McCool told, apparently unable to make his escape. Zorn is a crazy man when drinking, but good natured and harmless when sober. Zorn shot himself in the mouth and the bullet lodged in his brain. He is still alive and conscious, but cannot live. His wife was fatally wounded in the right lung. Her mother has a dangerous wound in the shoulder. Zorn was divorced from his wife last summer. He went to the house Saturday, and the women refused him admittance. He then burst open the door and commenced firing. Sheriff McFarland and Dr. Keylor returned from the scene of the tragedy Saturday afternoon. Dr. Keylor says it was the most horrible sight he ever saw. When he arrived Zorn lay in one corner with blood flowing from his mouth. He could still talk, and told how he had committed the deed. Mrs. Zorn was on the bed in almost a dying condition. Her mother, with her shoulder shot to pieces, was waiting on her. Zorn said he went to the house to make up with his wife, when they looked out the door on him and he burst it open. The women ran and he shot them. He then placed the revolver in his mouth and fired. Dr. Keylor says it is a wonder the whole top of his head was not blown off. Mrs. Zorn's three children, all quite young, managed to escape from the house and told Mr. McCool. A deputy sheriff from Milton is in charge of Zorn. Arrangements are being made to bring the patients to the hospital here.

WORK OF RESCUE. POTTSVILLE, Oct. 5.—Work of rescuing miners entombed at Richards Saturday night, is still being vigorously pushed. There is no hope of finding them alive.

THE PENNANT AWARDED. PORTLAND, Oct. 5.—At a meeting of the Northwest baseball league today the pennant for the season of 1891, was awarded to the Portland club.

MARKETS. PORTLAND, Oct. 5.—Wheat valley \$1.50, Walla Walla \$1.40. SAN FRANCISCO, Oct. 5.—Wheat buyer; 1891, \$1.73; season \$1.81. CHICAGO, October 5.—At close wheat was weak, cash 95; Dec. 73.

WEATHER REPORT. SAN FRANCISCO, Oct. 5.—Forecast for Oregon and Washington: Light rains in northwestern Washington. "The Best."

Quick time and through trains offered passengers and shippers by the Chicago, Union Pacific & Northwestern lines, San Francisco and Portland to Chicago, coal—Aug.

Passengers destined to the prominent cities east of the Missouri river should patronize the Chicago, Union Pacific & Northwestern line. Magnificent Pullman and Wagner sleeping cars, elegant Pullman and Northwestern dining cars, free reclining chair cars, handsome day coaches and comfortable Pullman colonist sleepers. coal—Aug.

Do not despair of getting your head-ache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

To get relief from indigestion, biliousness, constipation or weak liver, without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills. They will please you.

That tired, languid feeling and dull head-ache is very disagreeable. Take two or three of Carter's Little Liver Pills, and you will find relief. They never fail to do good.

Wednesday night were the only ones killed. Sensational reports, which have in some instances placed the number of killed as high as thirteen, are based on imagination only. Officers who arrived say that two more prisoners were in charge of the officers, who were to bring them over, but they think it likely both of them will be lynched before they reach this place. Everything is now quiet at the scene of the rioting. Cotton picking is going on steadily.

STATE. BEFORE BRATS THE BARK. PORTLAND, Oct. 5.—The celebrated case of Saverio Fiore against Ladd & Tilton, the bankers, was brought to a close Saturday by the jury bringing in a verdict for the plaintiff. They had agreed about 8 o'clock Friday night and the sealed verdict was opened as soon as court convened. It was for the full amount claimed—\$500. The defendant's counsel asked and obtained five days' grace in which to file a motion for a new trial, and ten days to prepare a bill of exceptions. The bank will no doubt make a determined fight on the case, as the principle is regarded as an important one.

TO THE PEN. PORTLAND, Oct. 5.—Frank Haffley, the young man who was tried some time ago for embezzlement from the Union Pacific Railway company, and escaped conviction by a disagreement of the jury, was brought into Judge Stearns' court Saturday. He threw himself upon the mercy of the court and was given one year in the penitentiary.

STEAMER ARAGO WRECKED. MARSHFIELD, Or., Oct. 5.—The steamer Arago, bound for San Francisco loaded with coal, is reported wrecked on the south spit Saturday. Advice from Empire City are that the passengers are all saved. There are no hopes of saving the steamer, as every sea carries her higher upon the beach. The tug Liberty is now at the scene of the wreck, also the life-saving crew.

ROSEBURG, Oct. 5.—The latest news from Empire City concerning the wreck of the Arago, received at 5 p. m. Saturday, states that the crew and passengers are not yet saved, but it is certain that they will be rescued. No hopes are entertained of saving the steamer, as the bar is very rough and every wave washes the boat farther up on the rocks. Captain W. A. Donaldson, formerly in charge of the life-boat Ajax, is in command. Soon after 5 o'clock the Cos bay wire broke, and no further news can be obtained.

WELL KNOWN PIONEER. ALBANY, Or., Oct. 5.—Ephraim Turner, a well-known Oregon pioneer, died at his home near this city Saturday, aged 76. He was the father of thirteen children, eleven of whom are living.

A LADY MERCHANT DEAD. UNION, Or., Oct. 5.—The people of this city are dumfounded at the news of the death of Mrs. J. C. Summers, a prominent and factory know merchant of Union. Her body was found at about 6 o'clock this morning, lying face downward, with her hands tied behind her back in a ditch of running water. Whether it is murder or suicide is yet a matter of doubt. A jury has been impaneled, and coroner's inquest is now being held.

MARKETS. PORTLAND, Oct. 5.—Wheat valley \$1.50, Walla Walla \$1.40. SAN FRANCISCO, Oct. 5.—Wheat buyer; 1891, \$1.73; season \$1.81. CHICAGO, October 5.—At close wheat was weak, cash 95; Dec. 73.

Pimples.

The old idea was that facial eruptions were due to a "blood humor," for which they gave a potash. This is the old Sarsaparilla. It is a drastic, astringent, and irritant. It does not cure, but it makes the skin worse. You have noticed this when taking other Sarsaparillas. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, results in pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate. A short testimonial to contrast the action of the potato Sarsaparilla and the S. P. Sarsaparilla. "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."

Joy's Vegetable Sarsaparilla

Largest bottle, most effective, same price. For sale by Dan'l J. Fry, 225 Com. Street.
