five negroes and Clifton Forge officers in a mountain pass Saturday afternoon, resulting in the death of one white man and one negro. The negroes came this morning from Bighill mines, became intoxicated, and created a disturbance. They defied arrest, leaving town. Followed by officers they were called to halt at the pass where the fight ensued, in which a P. A. Bowling, of the posse was killed, and Fred Wilkinson severely wounded. One negro was killed. In a short time fifty men were scouring the hills and mountians, and the negroes were captured after a second battle. They are in jail here, three being wounded. The indications are that lynching will take place, although the mayor is determined to defend the negroes.

HUNG BY A MOB.

LATER.—Two large mobs met late at night, and, procuring axes and sledgehammers, broke in the jail. They took out three prisoners, and, taking them to a gully about half a mile from the jail, strung two of them up to a tree and filled them full of bullets. The third prisoner was brought back.

MRS. THURMAN IS DEAD.

COLUMBUS, Ohio, Oct. 19.—Mrs. Allen G. Thurman died late Saturday afternoon. Her condition changed for worse last night. During most of the week she had been in an unconscious state. She was a victim of the grip during last winter, and never recovered from the attack. Advanced age prevented her from regaining strength. Mrs. Thurman was born at Chillicothe in 1811, and her maiden name was Mary Dun While she was a child her father moved to Lexington, Ky. There she married Mr. Tompkins. He died in a few years. She was married to Judge Thurman in November, '44. Judge Thurman is much enfeebled, and it is feared by some of his friends that he will not long survive his wife.

The farmers assert a daily mail delivery at their doors will increase the money value of their farms, and still more because it will keep them in reach with the markets and the outside world.

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, **Gentle, Refreshing Sleep.** Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario." ⑥

GOLD COMING BACK.

NEW YORK, Oct. 19.—Steamers arriving from Europe today and yesterday brought in $550,000 gold.

A dispatch from Bermuda to the signal officer in this city announces a severe cyclone storm, dangerous to shipping, is raging at Bermuda.

HARRISON'S SPEECH AT THE COUNCIL.

WASHINGTON, Oct. 19.—The Star of Saturday evening prints the following: There was nothing halfhearted in the applause which freely punctured President Harrison's speech in conference Saturday. Innumerable were the expressions of delight that poured from the lips and hearts of all the delegates, and especially warm and interesting were the comments of those whose homes are in lands other than this. They were accustomed to see the governing power afar off, and whenever royalty parades in public there is much pomp and military display. "We will have to do away with mechanics after this," exclaimed Rev. W. F. Dawson, of Glasgow. He was talking to Bishop Hurst, and the remark was made so loudly that every one in the lecture room could hear it. Rev. Ellery Jones, an eminent and eloquent Welsh preacher, said to a Star reporter: "My visit to America has realized the consummation of my highest ideals in the presence of the magnificent speech of your president. I should say that every rational Englishman will return to England feeling that a republic is the only true form of government. Never have I heard a man so expressing the heart of Christianity, and if his position was simply the result of accident of birth I would never have expected such deliverances. The welcome he gave Methodism at the White House would have been impossible at Windsor. If you rolled up all the kings and queens we have ever had since the days of the Conqueror down to the Prince of Wales you wouldn't make so fine a man as President Harrison. Nor could you get out of the composite such an able and courageous speech as that we heard this morning. I venture to say that more Methodists in one day have been seen and been welcomed by the president of the United States than in fifty years have been recognized and introduced to the members of the royal family."

AFTER TIMBER LANDS.

OREGON CITY, Oct. 19.—Special to CAPITAL JOURNAL: Seventy five applications for timber filings in township one north range six east was received at the land office this morning. Probably there will be a few more this afternoon. Applicants began arriving on Saturday. Some misunderstanding about the positions in line of the applicants was settled by agreement to recognize all applications today as being made simultaneously. No one gets a filing today unless there is no other application for the same tract.

KING OF THE EARTH.

NEW YORK, Oct. 19.—The feature of the Belmont sale Saturday was the celebrated stallion Blaze, the greatest sire of the nursery farm. When he entered the ring, the auctioneer took his hat off, saluting him, as king of the earth. "What am I bid?" he cried; $50,000." "I am bid $100,000," was the triumphant response. Chas. Reed, of Fairview farm, near Gallatin, Tenn., was the bidder. There was dead silence in the vast assemblage. Bids were stopped, and the king of stallions was knocked down to Reed. Another sensational sale was a colt by St. Blaze, out of Primrose, to Jacob Rupper, for $30,000.

MRS. BALDWIN SUSPECTED.

FREMONT, Neb., Oct. 19.—Suspicion continues to grow stronger among those who are seeking for clews to the whereabout of Sloan, the murderer of his step-father and step brother, that Mrs. Baldwin may be in some way implicated in the horrible crime, and that there was a plot deliberately laid and partly carried to annihilate the Baldwin family, that is, the family of old man Baldwin. No facts are at hand, however, to support this suspicion against Mrs. Baldwin.

When Mrs. Baldwin came to Fremont after the murder, it was reported in a day or two that she had gone to see a daughter who lives at Tekamah. Since then detectives have visited Tekamah, but have been unable to find any trace of the widow, who has dropped out of public sight about as effectually as her son, Arthur Sloan. The fact has been established since the tragedy that Mrs. Baldwin and her son carried on a good deal of correspondence for a month or two prior to the killing of the Baldwins. This is established by the postal authorities and the Baldwin girls, who knew of the receipt of the letters. An effort has been made to discover these letters at the Baldwin house, but as no trace of any could be found the conclusion is reached that they were burned as fast as received.

BALMACEDA NOT DEAD.

CINCINNATI, Oct. 19.—Dr. Francis Rivers and Signor Carlos Beirio, late of the military staff of President Balmaceda, of Chili, arrived here yesterday, en route for New York. They said that Balmaceda is not dead; all reports of suicide to the contrary notwithstanding, and they expected to meet him either in New York or in Europe.

JUST AS SHE DREAMED.

KANSAS CITY, Oct. 19.—James Harrington, employed as a switchman in the Rock Island railway yards at Armourdale, Kas., met instant death under the wheels. Harrington was an unmarried man, 20 years old, and had been employed by the road about one year. He lived with a brother, Samuel Harrington, who is the Rock Island night yard master at Armourdale, and lives at 711 South Mill street, that city. He worked at night with engine No. 82.

A train of stock had been taken to the stock yards, and the engine was returning with a string of empty cars. A stop was made for the Belt Line crossing, and young Harrington was descending an end ladder preparing to pull a coupling pin. The engine started ahead and he was thrown between the cars. He struck with his back on the rail, and one pair of trucks passed over his chest, crushing it. His neck was broken by the fall.

Last Monday night his sister-in-law, Mrs. Harrington, dreamed that she saw "Jimmie," as she called him, cut in two by the cars precisely as happened. She told him of her dream, begging him not to go to work. His brother asked him, after a narrow escape two weeks ago, to quit the railroad, and told him that he too would quit, but he could not be induced to do so.

THE FARMER'S ALLIANCE.

BALTIMORE, Oct. 19.—Ex-United States Senator Wade Hamilton, who is visiting here, in an interview with a Sun reporter, says "the farmers' alliance are rapidly disintegrating in the South, and that within the next four years it will entirely disappear. People, he says, are rapidly awaking to the absurdity of the demands of the organization, as it has promulgated.

YOUTHFUL DEPRAVITY.

MILWAUKEE, Oct. 19.—A horrible story of youthful depravity came to light yesterday when Albert Kohls, a 16-year-old boy in the employ of a farmer named Kodatz, residing near this city, confessed that he had murdered his employer's 15-year-old daughter Annie. He had been intimate with the girl, who was weak-minded, and she was about to become a mother. Not relishing this turn of affairs, he killed her October 7, and secreted the body. On the day of the murder he first put into the soup which the family was to have for dinner a large quantity of paris green. Mr. Kodiatz ate the soup first, and being taken violently ill, at once prevented the rest from partaking of it. There was so much of the poison that it acted as an emetic, and Kodartz soon recovered. That afternoon Annie disappeared, and when the officers came to investigate the poisoning she could not be found. They came to the conclusion that she had placed the poison in the soup and then fled. All efforts to find her proved unavailing. Last night Farmer Kodatz, in investing the cause of a terrible stench in the barn, found the unfortunate girl's body under the stable floor, covered with manure. The boy Kohls was at once apprehended and soon confessed. After the failure of the poisoning scheme he went to repair a hole in the barn floor. Annie went with him, and, while she was holding a board for him to saw, he crushed her head with a hammer and placed the body in the hole. He then covered it with manure and nailed down the floor. He does not realize the enormity of his crime.

THE METHODIST COUNCIL.

WASHINGTON, Oct. 19.—At today's session of the ecumenical council, the committee on Methodist statistics reported that since the London ecumenical council there had been an increase of 30 per cent. in Methodist believers. The report shows the number of ministers to be 42,695; members, 6,495,399; and adherents, 25,378,000.

THE STORM IN IRELAND.

LONDON, Oct. 19.—The hurricane which has prevailed on the west coast of Ireland, for several days past is pronounced to be the worst storm, known in that part of the country in twenty years. The river Shannon has overflowed its banks and submerged large quantities of land in its vicinity, drowning a considerable number of cattle and sheep and destroying several houses and many barns and other buildings.

STATE.

THE BAR ASSOCIATION.

PORTLAND, Oct. 19.—The first annual meeting of the Oregon Bar Association was held in the United States courtroom Saturday. There were nearly 150 attorneys present, and they represent the best legal talent of the state.

The forenoon session was called to order by the president, Hon. C. A. Dolph, at 9 o'clock, L. E. Cox acting as secretary. After the reading and adoption of the minutes of the last meeting, a large number of applications for membership were presented. On motion of W S. Newbury, the rules and bylaws of the association were suspended and the secretary was instructed to cast the ballot of the members present for the election of applicants. The election of officers for the ensuing year was next in the order of business. The names of George H. Williams, J. F. Watson, W. W. Thayer and L. B. Cox, of Portland, and P. P. Prim, of Jacksonville, were placed in nomination for the office of president, but all having withdrawn in favor of Mr. Cox, he was unanimously elected. Judge C. H. Carey and O. F. Paxton were unanimously elected to the offices of secretary and treasurer respectively. The president then announced that the three officers elected were ex-officio members of the executive committee, and that it was necessary to elect four more members to fill the committee. Hon. J. J. Daly, of Dallas; W. B. Gilbert, of Portland; Judge R. S. Bean, of Salem, and W. H Parker, of Jacksonville, were duly elected to fill these vacancies. The following vice presidents were next elected: P. P. Prim, of Jacksonville, for the First Judicial district; John Burnett' of Corvallis, for the Second; Tilmon Ford, of Salem, for the Third; Judge E. D. Shattuck, of Portland, for the Fourth; Thomas H. Tongue, of Hillsboro, for the Fifth; C. H. Carter, of Pendleton, for the Sixth, and W. H. Wilson, of Baker City, for the Seventh.

Messrs. W. W. Thayer and W. B. Gilbert were then appointed a committee to escort the newly-elected president to the chair. On taking the chair Mr. Cox made a few brief remarks thanking his associates for the honor conferred on him.

A BARN BURNED.

BROWNSVILLE, Or., Oct. 19.—Thursday night the barn on Thomas Kay's farm, just north of town, was totally destroyed by fire. There was in it a new wagon, buggy, road cart, and other vehicles, all of which are a total loss. How the fire originated is a mystery.

A COAL BONANZA.

ALBANY, Or., Oct. 19.—Coll Van Cleve, of the Toledo Mining Company, was in the city Saturday. He says the company has reached a large body of good coal, which he is confident is a fortune for its owner. The vein, he says, is eight feet thick, and thousands of tons of fine grade coal are in sight. Some prominent Albany business men are in the company and they are putting in machinery to work the mines. They will begin to take out coal this week, and if this discovery is as good as claimed, it will prove one of the most valuabe industries of Oregon.

SHOT THE WRONG MAN.

LAFAYETTE, Or., Oct. 19.—Ney Unger, who shot Van Parker Friday evening, was taken before Justice Kelley. He waived examination and was held for trial without bonds, pending the result of the wounds. Parker was quietly walking on the sidewalk and was taken for the man that Unger wanted to shoot.

FOUND DEAD.

PORTLAND, Oct. 19.—The dead body of N. S. Groves was found lying on some logs this morning. There was a severe wound on the head. It is supposed Groves while intoxicated fell from the wharf and struck on his head. Groves was a young man unmarried and was connected with the Oregon Express and Weekly Alliance.
