requested permission to withdraw his resignation, but the king told him it was out of his power, and must go to the treaty powers. It is contended he is incapable of filling his position, and it is further contended that the position should not be filled at all, and that the taxpayers should be allowed to elect a mayor and allow him a small salary for expenses. The papers are full of the discuss on as to the expenses of the government, and it was shown in one communication that while the total revenue collected was but $20,000, the expenditure to October 1 amounted to over $22,000 for salaries for officials, under the Berlin treaty, for which no provision has been made.

Mataafa has at last been proclaimed a rebel and all the chiefs who are supporting him have had their lands confiscated, and everybody is forbidden to assist them in any way.

The American consul has been instructed by his government to inform Mataafa that the government was annoyed at the latter's attitude, and that he should at once break up the party at Malie. There are only about 300 in the party, but it is stated that fully half the population are against the Malietoa government, chiefly because of its inaction.

THE CORK RIOTS.

CORK, Oct. 30.—The hospitals of this city have been busy since early morning attending the injuries of persons hurt in last nights rioting. There are now 92 patients in the hospitals suffering from wounds received during the fighting. This number is in addition to a much larger number of persons who are being treated at their own homes.

SHOULD HAVE PROTECTION.

SAN ANTONIO, Oct. 30.—A letter from one of the federal officials at Rio Grande City, Texas, says: that evidence continues to accumulate that the men executed by Garcia are not guilty of the offense for which they died and that some of them are entitled to protection of the stars and stripes by reason having formally declared their intentions of becoming American citizens. Reports are received of other like executions which are concealed by Mexican military.

MEXICAN VILLAGE BURNED.

GUAYMAS, Mex., Oct. 30.—Information has reached this city of the burning of the Mexican village, Santa Rosa and the massacre of several of its inhabitants by Indians.

MALT HOUSE BURNED.

CLEVELAND, Oct. 30.—A four story building, occupied as a warehouse, was burned this morning. A large quantity of malt burned, together with a stock of crockery. Loss estimated at $100,000.

TURF CONGRESS.

CINCINNATI, Oct. 30.—Notices are now being sent, that the next meeting of the American Turf congress will be held in Chicago, on Nov. 11th.

PRAIRIE FIRES.

BISMARCK, Dak., Oct. 30.—Two large prairie fires are raging north and west of this city.

THOUGH GUILTY IS NOT PUNISHED.

PORTLAND, Oct. 30.—The grand jury yesterday brought in "not a true bill" against Kellogg S. Doane, the young man who was arrested on the charge of forging the name of R. I. Eckerson & Co. to two checks for $200 each on the Commercial bank on October 13th and 17th. Attached to each of the indictments are the forged checks, and pinned on one of them is a receipt signed by R. L. Durham, cashier of the bank, for $400 on account of money received by Doane from the bank, seeming indicating that, the forged checks have been made good, the bank abandons the prosecution.

District Attorney Stephens was seen, and was asked why, in so plain a case and one where the evidence was so indisputable that a crime had been committed, the grand jury had failed to find a true bill. He said:

"Well, I have a great deal of difficulty with this case. The Rev. Arthur J. Brown and W. B: Gilbert came to me several times, and have interested themselves in the case. Mr. Brown, who had been pastor of the church back east to which Doane's father belonged, appealed to me, as it was his first offense, to be lenient. The bank had been paid the money and did not want to prosecute. I talked with D. P. Thompson several times, and he felt the same way, and, realizing the difficulty, if not the impossibility, of securing a conviction before a petit jury, I concluded not to press the case, although I told them all that I was opposed to any such way of dropping the matter."

ENGLISH VIEWS.

LONDON, Oct. 30.—The evening newspapers devote considerable space to the strained relations between the United States and Chili. They assert that the attitude of the United States government is due to the approaching elections. The Pall Mall Gazette remarks that whether President Harrison's rising indignation or Blaine's electioneering calculations will result in war is doubtful.

PAVED.—If you want to see a good job of it just step into Farrar & Co.'s store, which is literally paved with seasonable goods.

The Coming Line.

ANOTHER FIRE AT LA GRANDE.

A Ghost Engineer, National Guard Convention, Denies the Flag Speech, Balloon Carried Them off, Spokane & Southern, State and Foreign News, etc.

WHAT WILL WE DO NOW?

WASHINGTON, Oct. 30.—A cipher cablegram from Minister Egan was received yesterday at the state department, but its contents were not made known. It was nearly noon before Egan's cablegram was translated and laid before the president. An hour afterward messengers were dispatched to Secretary Blaine and Secretary Tracy, requesting their presence at the White House. The secretaries promptly responded to the president's summons. Secretary Tracy remained an hour at the White House and returned to the navy department, but had not been there long when he was re-called. Naturally these movements gave rise to all kinds of more or less wild speculation as to the nature of Egan's dispatch and intention of the government. When Secretary Tracy again emerged from the White House he refused to make any statement whatever respecting the Chilean correspondence on the ground that the department of state had the matter in charge. Secretary Blaine had nothing to say about Egan's message, but he intimated that when the proper time had elapsed the public would be informed of the fact. Soon after 6 o'clock an official statement of the contents of Minister Egan's dispatch was made public. It read as follows: "The department of state received a telegram this morning from Minister Egan, dated Santiago, October 28th, in which he gives the following as the reply of the Chilean government to the president's telegram of October 23d, asking reparation for the recent murder of American sailors in the streets of Valparaiso. The minister of foreign affairs replies that the government of the United States formulates a demand and advances threats that, without being cast back with acrimony, are not acceptable, nor could they be accepted in the present case or any other of like nature. He does not doubt the sincerity, rectitude, or expertness of the investigation on board the Baltimore, but will recognize only the jurisdiction and authority of his own country to judge and punish the guilty in Chilean territory. He says the administration and judicial authorities have been investigating the affair; that judicial investigation under Chilean law is secret, and the time is not yet arrived to make known its result. Although it does not recognize any other authority more competent to judge criminal cases than that established by the Chilean people, until the time arrives to disclose the result of the investigation it cannot admit that disorders in Valparaiso or the silence of his department should appear as an expression of unfriendliness towards the government of the United State which might put in peril the friendly relations between the two countries."

Up to the hour when the above statement was made public no reply had been made to it. What will be the nature of Secretary Blaine's reply is altogether a matter of conjecture. The most plausible theory advanced is that the suggestions courteously and diplomatically conveyed in Acting Secretary Wharton's dispatch that this government had no doubt an investigation would be made and reparation offered, will now be renewed in the shape of a stern and formal demand for some immediate assurance or proper action on part of the junta, and if these are not forthcoming Minister Egan will take passage on the Baltimore for the United States, thus severing diplomatic relations between the United States and Chile.

HOW THE ENGLISH DONE IT.

WASHINGTON, Oct. 30.—The state department yesterday gave out for publication a recital of the precedent established by Great Britain in her dealings with weaker nations. The facts as thus recalled are in the the nature of a reply to some recent criticisms by the newspapers of London which have assumed that the United States had taken or would take hasty and overbearing action toward Chili on account of the assault on the sailors of the Baltimore. It appears that in 1863 a British bark named the Prince of Wales had a claim against the Brazilian government. At the same time three officers of the British frigate Forte were arrested while ashore in a Brazilian town, and while in civilian dress, for drunkenness and disorderly conduct. The British minister at Rio de Janeiro at once demanded the payment of £3000. This sum not being forthcoming, four British men-of-war sailed away from the harbor of Rio. In a few days one of them returned with the information that a number of Brazilian merchant vessels had been captured by the English men-of-war. Upon this the Brazian government authorized the minister at London to pay the £6000 demanded under protest, and the dispute was referred to the king of the Belgians for arbitration. It was afterward decided that the British flag had not been insulted by the arrest of the naval officers. Diplomatic relations between the two nations were, however, interrupted for two years.

THE NEW FIVE-INCH GUN.

WASHINGTON, Oct. 30.—The five-inch rapid fire gun, tested at the Indian Head naval ordnance proving ground Monday, had a further test Tuesday with results superior to any yet attained in ordnance trials in the United States. This gun was designed by the naval ordnance bureau to give at least 2550 feet initial velocity to its projectile with not more than fifteen tons pressure per square inch in the powder chamber, using a brown prismatic powder made especially for this calibre. None of this powder has yet been received from the Dupont factory, and consequently the trials thus far made have been with the brown prismatic powder made for guns of six-inch calibre. With this powder the 2215 feet initial velocity obtained in Monday's trial was highly satisfactory, but with a slightly increased charge of powder yesterday the velocity was increased to 2280 feet per second, but with thirteen six tenths tons pressure per square inch in the powder chamber. This remarkable performance is believed to leave no doubt that with the new navy smokeless powder this gun will give a velocity of at least 2500 feet per second. This will give it a great range and a very flat trajectory, which with its rapidity of fire, will make it, in proportion to calibre, the most effective gun yet built.

HOW IT STANDS.

WASHINGTON, Oct. 30.—At the navy department today there is no signs of disturbance over the Chilian affair.

The San Francisco, which was at Callao, Peru, is believed to have sailed yesterday for California. She will touch at some port on the way where she can be reached by cable if there be any need. At a cabinet meeting this afternoon, some time was devoted to the discussion of the Chilian situation. It is surmised Secretary Blaine has submitted for consideration an outline of reply, to be made to Minister Egan's communication, that its details are perfected and that in due time it will be made public. There has been no further dispatches from Minister Egan or Commodore Schley.

WE MUST DISPLAY FORCE.

NEW YORK, Oct. 30.—A Washington special says navy officers are confident that the dispute with Chili can only be settled by a display of force by this government. The presence of a United States fleet would probably bring to Valparaiso a large fleet of vessels of the British navy. If a determination to shell the city was reached by this government, the lives and property of the subjects of Great Britain would have to be considered, the suggestion of British intervention is not likely, however, to deter the United States from following the course that will compel respect for our flag and expression of regret for taking the lives of men wearing the uniform of the United States.

THAT RIOT IN VALPARAISO.

WASHINGTON, D. C., Oct. 30.—Senor Montt, official representative of the Chilian government here, just received the following dispatch from the Chilian minister of foreign affairs at Santiago. Investigatoin was instituted immediately, and continued with all dilligence and is not yet finished. The trouble began in Clave street and soon became a tumult, regular soldiers, police and a special guard of intendente restored order. The combatants thirty Americans and eleven Chilians were committed before the judicial authorities. They fought with knives, stones and everything they could lay their hands upon. There was one killed and several wounded. It is estimated that a hundred and sixty American sailors from the "Baltimore" were on shore at the time of the tumult.

FIRE AT LA GRANDE.

LA GRANDE, Or., Oct. 30.—Fire last night destroyed a frame building occupied by Gus. T. Bengeldsdorff, as a bakery, and by Finn & Williams, Bros., as law office. Bengelsdorff, who was asleep up-stairs when the fire started, escaped with difficulty, after being seriously burned. Loss, about $2700. Insurance $1700.

A GHOST ENGINEER.

JACKSONVILLE. Ill., Oct. 30.—Late Tuesday night a watchman and three other employes of the Jacksonville & Southeastern railway saw one of the big locomotives glide out of the roundhouse, cross the turntable and start down the main line. They ran after it, but it was going so fast they did not dare to try to board it, though they saw there was no one on it. When the main line was reached the engine whistled and disappeared down the track at a terrible speed. Pisgah was wired to clear the track. A north-bound freight was side-tracked as the headlight of the wild engine came in view. The truant whistled, the bell rang, and the engine stopped directly in front of the station. The railroad men watched the engine from the moment it came in view. They saw no one get off, and when they jumped on board the throttle was found closed and steam was up sufficient to run twenty miles farther. The engine ran the twelve miles in ten minutes. The railroad men believe that the ghost of an engineer recently killed on the road was in the cab. It was his favorite engine.

NATIONAL GUARD CONVENTION.

CHICAGO, Oct. 30.—The National Guard convention unanimously decided to hold a national encampment in this city from August 5 to 20, 1893, on a site to be hereafter selected by the committee on ceremonies of the national commission. Resolutions were also adopted making the adjutant general of the various states a committee on transportation, and asking that the cost of the encampment be borne by the national government. Only regular army soldiers and regularly enlisted national guards will be allowed to participate in the encampment. A banquet was tendered the visiting militia at the Richelieu.

BALLOON TOOK THEM OFF.

BIRMINGHAM, Ala., Oct. 30.—Early yesterday morning a young couple were married at the state fair grounds. There was a balloon ascension in the afternoon. The young couple took a trip in the balloon. The balloon shot up like a rocket. The last seen of it it was high in the air, thirteen miles from here. Nothing has since been heard of the balloon, and fears are entertained for the safety of the occupants.

DENIES THE FLAG SPEECH.

WASHINGTON, Oct. 30.—General Field of this city is much disturbed because of a speech made in Richmond at the meeting of the society of the Army of Northern Virginia in reference to the confederate flag at the world's fair, attributed to him. The general was not present at the meeting, and he says he is not in sympathy with the sentiments of the speech.

SPOKANE & SOUTHERN.

ST. PAUL, Oct. 30.—The secret of the organization of Spokane & Southern railway, of the state of Washington is out. It is given out that the purpose of the line is to make a great loop for the Great Northern's Pacific line. It will run from Portland over the Cascades along the north bank of the Columbia river until it reaches the mouth of the Snake river, and continue down the north bank of the Snake river to Almond, and thence north to Spokane. Articles of incorporation provide for the building of the road from Spokane to Snake river, which will make a loop for the Great Northern from Spokane, via Seattle, Portland and Almond, back to Spokane.

MARKETS.

PORTLAND, Oct. 30.—Wheat valley $1.55 Walla Walla $1.45.

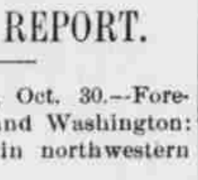
SAN FRANCISCO, Oct. 30.—Wheat buyer, 1891. $185½.

CHICAGO, October 30.— At close wheat was steady, cash 93¼; Dec. 94¼ May $1.00⅜.

WEATHER REPORT.

SAN FRANCISCO, Oct. 30.—Forecast for Oregon and Washington: Scattering rain in northwestern Washington.

CARTER'S LITTLE LIVER PILLS.



CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

Albany, N.Y.

Deafness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hill's Catarrh Cure.

Old People.

J. V. S. is the only Sarsaparilla that old or feeble people should take, as the mineral potash which is in every other Sarsaparilla that we know of, is under certain conditions known to be emaciating. J. V. S. on the contrary is purely vegetable and stimulates digestion and creates new blood, the very thing for old delicate or broken down people. It builds them up and prolongs their lives. A case in point:

Mrs. Belden an estimable and elderly lady of 519 Mason St., S. F. was for months declining so rapidly as to seriously alarm her family. It got so bad that she was finally afflicted with fainting spells. She writes: "While in that dangerous condition I saw some of the testimonials concerning J. V. S. and sent for a bottle. That marked the turning point. I regained my lost flesh and strength and have not felt so well in years." That was two years ago and Mrs. Belden is well and hearty to-day, and still taking J. V. S.

If you are old or feeble and want to be built up. Ask for

Joy's Vegetable Sarsaparilla

Most modern, most effective, largest bottle. Same price, $1.00, six for $5.00.

For sale by Dan'l J. Fry, 225 Com. street.
