**R. R. COMMISSION.**—This board will be in session this week. The rate cases will not occupy its attention until after the 15th. On Wednesday the board again expected to go on an inspection tour over the Hunt system. There is a complaint of overcharge on goods shipped from Aumsville to Springfield. Another complaint is for overcharge on a carload of sash and doors from Grant's Pass to McMinnville. The Co. charges \$41 from Grant's Pass to Portland, nearly 300 miles, and \$28.72 from Portland to McMinnville, forty miles, charging two local tariffs on one shipment. This the shipper claims is a great injustice. In the other complaint charges were prepaid through \$24, the company afterwards at Springfield weighing the freight and charging \$8 additional. The freight was \$32 on about a thousand pounds of freight about fifty miles.

**K. OF P. ELECTION.**—At its annual meeting the following officers were elected by Central lodge, No. 18, K. of P.: C. C., W. B. Gallibier; V. C., C. A. Murphy; K. of R., A. E. Strang; M. E., J. B. Woodford; M. of F., A. Wright; prelate, Chas. Elgin; M. at A., C. Burggraf; trustees, Messrs. Strang, Woodford and McFadden.

**RATES.**—The executive committee of the state Farmers' Alliance have been considering the fight between the railroads and the Oregon railroad commission and have decided to give the commission their hearty support so long as it goes forward to enforce the law as it has been. It is believed by some that the Alliance all over the state will follow suit.

**FALSE ALARM.**—An alarm was turned in at 10 a. m. from the Salem Cannery Co. and in a few minutes both engines were tearing through the mud with ladder and hose tracks following at a great rate. It was in the midst of a high wind and solitude was so great as to fill the streets with people in spite of the rain. It was a false alarm.

Fourth ward—Ellis & Whitley's livery stable—A. L. Phelps, H. A. Thomas and T. B. Wait.

The polls were opened at 10 a. m. and closed at 4 p. m. The day opened unusually stormy, with heavy winds and driving rains, which will keep many away from the polls.

AT 3 P. M. the bulk of the vote had been polled and there was considerable scratching, but not enough to indicate the defeat of any of the Republican ticket.

**WIND AND STORM.**  
A Pacific Ocean breeze continued from Sunday at midnight.

Look out for snow! That is what all the old Web-footers say.

The intense cold weather and blizzards prevailing all over the eastern and northern states have their parallel in the Willamette valley in almost continuous rainy, windy, boisterous, moist, misty weather. Saturday night a heavy frost fell, reaching 8° below freezing. Sunday was a beautiful day, clouding up towards evening. At midnight a gale blew up from the south, that in fierceness was not surpassed for years.

**WORK OF THE STORM.**  
A large fir tree in the center of Marion square was broken off 30 feet from the ground.

Rail fences were piled upon the roads and car tracks out toward the fair grounds.

At an early hour this morning the large golden cross on St. Joseph's Catholic church was broken off and hung swinging by the metal work.

It followed the example of the weathervane on the Unitarian church, probably the only point at which the one church ever followed the other.

The bill boards at Center and Commercial streets went galore at the first gust.

The balloon frame of a new house in Simpson's addition was upset.

One of the skylights of the mold-making room at the penitentiary was blown off and destroyed.

When the fire alarm was given, a street car horse got away and the car went sailing down Commercial street wily propelled by the wind.

The roof of the grand stand of the Salem base ball grounds was torn off early in the forenoon, and the building near by demolished.

**1891 Xmas. 1891**  
T. Holverson is now ready for the holiday trade, with a full line of Xmas goods.

A fine assortment of robes and dress goods, silk and linen handkerchiefs, both plain and fancy, in endless variety.

### FOR A FREE LIBRARY.

The Popular Alka-Hesperian Literary Society Will Start the Movement in Salem.

The above debating society at its meeting on Saturday night, upon report of a committee consisting of P. H. D'Arcy, Robt. Whitaker and C. B. Brown, adopted the following:

Realizing, as we do, the importance of a free library in the city of Salem, which shall be open to the public some portion of every week day throughout the year, and believing that the patronage of such an institution would be sufficient from the first to insure its permanence.

Resolved, Be it resolved, that the Alka-Hesperian society does hereby pledge itself to open such a library on the 1st of April, 1892, providing that the citizens of Salem will contribute toward this end the sum of one thousand dollars. Said library shall consist on the first of April, of one thousand volumes, chosen from the writings of the best authors. The society will provide a suitable room for the accommodation of the books, with the necessary shelving for their convenient arrangement. The books shall be covered and catalogued, and a librarian provided. The money contributed outside of the membership of the society shall be used exclusively for the purchase of books, unless otherwise specified, the society assuming all incidental expenses.

**HOME FROM THE ORIENT.**—This morning A. W. Scott, manager of the Churchill manufacturing company arrived home from Portland, having just returned from his trip to Japan and the Sandwich islands. Mr. Scott was in search of health, and returns much improved. He was absent over three months, having spent six weeks of that time in Yokohama and several weeks in Honolulu. He considers the east a great country for tourists and sight-seers, but says he could not be induced to make a permanent home there.

**LOCAL AND PERSONAL.**  
The wind Sunday night was a regular Pacific monsoon.  
Hillsboro is now illuminated by electricity.  
Sedwick post G. A. R. holds its annual election this evening.  
Smith's every thing at actual cost.  
Geo. F. McConnell, major Second regiment, O. N. G., is in the city.  
Clint Monroe, of Portland came up Saturday night.  
Supreme court met today and adjourned till Saturday.  
Ed Cusick spent Sunday at home in Albany, returning this afternoon.  
Hon. J. D. Lee, Geo. Burnett and Wm. H. Holmes took a conveyance for Dallas this afternoon, to attend court.  
Thos. Holland has sued Wm. Anderson for \$10,000 damages for injury received in his saloon on the night of Sept. 5.  
Persistent advertising this month of real bargains to the people will prevent carrying much dead stock over to next holidays.  
Alonso Gasner returned from the mountains this morning, where he has been inspecting some government surveys.  
Surveyor General W. H. Byars came up from Portland last evening, and after casting a straight Republican vote today returned on the afternoon train.  
City elections are being held today in Albany, Eugene and other valley towns, and the only issue seems to be IMPROVEMENT. May they all have it.

W. I. Henderson is in from the Santiam region and says there is fifteen inches of snow on the Elkhorn.

Lieut. W. F. McCaw, engineer officer First Reg. O. N. G. is in the city today. He is an architect and will submit a plan for the remodeling of the state representative hall, to improve its acoustic properties.

Silver Plaque hominy at Clark & Eppley's.

### ENDORSE THE COMMISSION.

The Grange at Salem Celebrates Its Silver Wedding—Address by Grand Master Hayes.

Salem Grange No. 1 celebrated the 25th anniversary of the order Saturday. Charter members of the local order who helped organize at Salem were present, a fine lunch was served and the afternoon was spent in making speeches and hearing reports for the good of the order.

Grand Master Hayes who was present made one of his strong and able speeches. After discussion of the railroad commission the grange adopted the following resolutions:

Resolved, That Salem grange endorse the actions of the railroad commission in its effort to reduce the freight rates and prevent discrimination in this state.

A resolution was also adopted petitioning congress to carry the free delivery of mail into the country, or at least as far in every direction as the population would justify or warrant.

Another resolution passed, petitioning congress to protect settlers on the unearned land grant of the Northern Pacific (but which that rail forfeited) east of Portland. The railroad company is now moving to eject the settlers.

**COMMITTED FORGERY.**—A Saturday Albany paper says: A complaint was sworn out in Justice Coshaw's court today for the arrest of J. M. Hill for forgery. This forenoon Hill went to the National Bank and passed a note signed by Samuel Bryan of Tangent, for \$51, which was discounted. It was soon learned that it was a forgery, and Mr. Bryant had a warrant issued for his arrest. Last night Hill tried to cash a note on E. L. Bryan, for the same amount, Dr. Maston advanced \$5 on it, but learning it was a forgery, found Hill who admitted the guilt, and returned the money. Hill was arrested by Marshal Hoffman at the court house this afternoon, taken before the justice, waived examination, and was held under \$500 bonds to await the action of the grand jury. He is undoubtedly a "bad egg."

**CLUB OPENING.**—A popular Salem club is taking forward steps in a progressive manner. The Vauldia Athletic club has recently been entirely reorganized. Its rooms are still in the Patton block upstairs. There has just been added considerable new apparatus and a fine billiard table. Shower baths are a novelty just introduced and will be free to members. The managers have engaged a professor of athletic arts, who is the teacher of the H-brew athletic club of Portland. The club now has about fifty members, and several of its amateurs will take part in the gymnastic exercises of the opening night. It has been decided to throw it open to the public Wednesday evening of this week at 7:30 o'clock.

**MUCH SICKNESS.**—There is at present probably more sickness among the inmates of the Chemawa Indian school than at any other time within its history. Thirty-one patients are in bed and some others ailing, besides a few convalescents. The physician of the school is off duty with sickness, and Dr. Richardson of this city is looking after the ailing ones. It would be difficult to name the disease, but it seems to be a cross between la grippe, pneumonia and typhoid. It is to be hoped it may soon be checked.

**FROM MONMOUTH.**  
Three hundred and twenty students enrolled at the Normal school.

The senior class, after one week's desperate struggle have completed the first of the senior examinations.

Different denominations are purchasing lots here for the erection of churches in the near future.

The concert which was given by Monmouth Cornet Band in the Normal chapel Nov. 28th, was highly appreciated by those who attended.

Mr. Jordan, of Arlington, Or., who is going to build a hotel here, has been donated a lot by the citizens of this place.

The Electric clock which has been put in the Normal school gives signals in the different rooms, is doing very good work.

One hundred and eighty students boarding at the dining hall, the proprietor said. It takes one hundred loaves of bread daily to supply the dining hall. This a good thing for the farmers because what wheat is in the market will soon be consumed, and will give room for more wheat and better prices for it.

The Apollo club, of Albany, Or., assisted by the members of Normal Library, gave a very interesting concert in Normal chapel Dec. 4th, for the benefit of the Reading-Room Association.

You will find anything you want on the 10 cent, 25 cent and fifty cent counters, at Geo. F. Smith's, 307 Commercial street.

**JUST THE IDEA.**—Crushers, what are they? Mud crushers and the price is only \$2.50 and \$5, at R. J. Fleming's, S. E. S. E. 118 State street.

**New Feed Store.**  
J. E. Eastham & Co. have just opened an office on State street opposite E. C. Cross' butcher shop. Go get the best feed and buy the mark-t afford. 11-25 1/2.

### FROM NORTH BOWELL.

C. J. Denton, formerly of this place, is clerking in the store at Marquam.

Miss Mina Vinton will spend the rest of the winter in Salem dressing-making.

J. H. Baughman, who is an employe at Chemawa, comes home on Saturdays and returns Sunday evenings.

About a dozen youngsters of the neighborhood have applied for membership in the Farmers' Alliance.

The newly wedded pair, Mr. and Mrs. Chas. Lewis, have taken up their abode at Mt. Angel.

On last Friday evening the friends of Mr. E. G. Wisner gave that young gentleman a complete surprise, in honor of his 23rd birthday, by taking his father's residence by storm. His sister, Miss Olga had prepared a nice line of refreshments, which were served at 10:30, during which time a number of nice presents were donated to Ephraim by E. B. Fletcher, in behalf of the guests. It was not till a late hour that this pleasant gathering concluded to disband, wishing E. G. many happy returns of the day, and thinking of his embarrassment at being so "surprisingly" dealt with in the early evening.

**INSANE.**—John Wood, of Sand Hollow, Morrow county, a native of Indiana of slight education, was brought to the asylum today. He suffers mental disability and derangement. Emily G. Strode of Myrtle Creek, Or., age 24, was brought by her father and mother Saturday afternoon. She had an attack about four years ago.

**RECORDED'S COURT.**—Fred Van Wagner was paid fifteen days for assault and battery on A. Larsen; he was sent to the county jail. Geo. Stewart is charged with the same offense and will have a hearing tomorrow.

**The World Enriched.**  
The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time, or, in fact, at any time, and the better it is known the more popular it becomes.

**STILL IN IT.**—The wholesale department of Westcott & Irwin for the sale of candies is at 110 State street. There is employed there as fine a candy maker as any on the coast. Walter Stoltz conducts a retail store for the sale of candies, nuts, fancy fruits, etc., at the same place in connection with Westcott & Irwin's wholesale department.

**The Age of Mucosi.**  
This is undoubtedly never before in the history of the race did the cultivation of mucosi receive such universal attention and encouragement. Even the gentle sex practice every branch of calisthenics affected by the tressed gender. This of course is well, for exercise is an essential of health but to the mucosi, the mucosi and the dyspeptic, Hostetter's stomach Bitters affords a guarantee of primal vigor upon which a superstructure of muscularity may advantageously be built. Most genial and speedy of tonics, it is also the most thorough of regulators, curing every form of indigestion and bilious trouble. The aged, infirm and invalid should derive incalculable benefit from its use. It imparts a hearty relish for food and overcomes insomnia.

**CON STIPATION**  
Aillets half the American people yet there is only one preparation of baraparilla that sets on the bowels and reaches this important trouble, and that is Joy's Vegetable Baraparilla. It relieves it in 24 hours, and an occasional dose prevents return. We refer by permission to C. E. Wilkinson, 125 Leavenworth, San Francisco; A. H. Brown, Patuxent, Md.; S. W. Wain, Geary Court, San Francisco, and hundreds of others who have used it in constipation. One letter is a sample of hundreds. Wilkinson writes: "I have been for years subject to bilious headaches and constipation. Have been so bad for a year but have had to take a physic every other night or else I would have a headache. After taking one bottle of J. V. S., I am in splendid shape. It has done wonderful things for me."
