to the Morrisania police station. Nyberg had been so anxious to buy all the "green goods" he could pay for that he did not have enough money left to pay his fare home. Ames said he had procured a return ticket. The two compared notes and concluded that they had been swindled by the same gang. They were sent down to tell their adventures to Police Inspector B r s.

SLAVE TRAFFIC.

PARIS, Dec. 21.—A blockade of the coast of Morocco is within the probabilities of the near future. Should that fail to secure the ends aimed at, an expedition to the interior of Muley Hassan's dominions may follow. Negotiations have been begun with one or the other of these objects in view, by the powers which signed the anti-slavery protocol of the B ussels conference. According to the reports of the French and Spanish ministers at Tangiers, Muley Hassan has repudiated his own indorsement of the Brussels agreement by authorizing the sale of negroes in his empire. Moreover, it has been discovered that the sultan of M rocco has countenanced the foundation of a settlement at Marakesch, one of the imperial residences, in which the male and female slaves brought from the interior are compelled to marry in order that the children born of these unholy unions may be sold for the sultan's benefit. In fact, slaves are being bred in Morocco in much the same fashion as heretofore. Europe cannot tolerate so gross a violation of its decisions, and all the signatory powers seem virtually in accord as to the necessity of an expedition. Although the sultan is fond of boasting that Morocco is stronger than Europe, he knows well enough that barbarism must always and everywhere give place in the long run to civilization. Should the contemplated expedition be ordered, France will take advantage of the opportunity of settling the issues relating to Touat with Muley Hassan. At present the sultan occupies the Touat territory illegally. It is on the direct route of the slave caravans. France now has an excellent pretext afforded her for settling the Oran frontier question, and we may be sure she will make the most of it.

WHAT THE SECRETARY SAYS.

NEW YORK, Dec. 21.—Secretary Tracy, who is here for a day or two, in answer to an inquiry if he thought the Chilean difficulty would be settled satisfactorily soon, said: "Yes, I believe so, I do not anticipate war with Chili, the Yorktown is the only United States man of war in the Chilean waters at present. The Boston, however, is on her way there and should visit Valparaiso this week.

Secretary Tracy said there was twenty-two new ships in course of construction in the navy, including cruisers and battle ships, and they would all be completed by 1894, if Congress continued the appropriations necessary for the work.

EXTENT OF THE STORM.

SAN FRANCISCO, Dec. 21.—The signal service says that a storm trough of considerable intensity existed Saturday evening from Southeastern California, northward over Nevada, Eastern Oregon and Eastern Washington, extending into the British possessions. Rains had been general during the day in all portions of Northern California, Nevada and Washington, with snows on the mountains in Nevada and Eastern Oregon. The heaviest rains fell along the North California and South Oregon coasts, ranging from .50 of an inch at SanFrancisco, .82 at Eureka, to .62 at Roseburg. In the interior of Northern California, in Eastern Oregon and Nevada the precipitation of the last twelve hours amounted to from one-fifth to two-fifths of an inch, except at Keeler, where there was but a sprinkle. Clearing conditions are indicated for the northwest portions of California, but the south portion of Northern California and all of Southern California will receive rains and cooler weather. At Sisson, Cal., it commenced snowing and snowed at intervals all day, with heavy winds. The snow is one foot deep, with a heavy north wind, with indications for clear and cold. All trains are on time.

RIO GRANDE WESTERN.

SAN FRANCISCO, Dec. 21.—The statement is again made here that the Rio Grande Western is contemplating the extension of its line to this coast, and that estimates are being made as to the cost of construction. The road now touches the confines of Nevada, and the legislature of the state has offered a subsidy to the line that will traverse the state. Entrance into California over the Sierras could be effected by way of Beckwith pass. The rails are laid, and the road is graded through a considerable portion of the pass, and it is stated the Rio Grande could acquire this property without difficulty. From Beckwith pass two routes to San Francisco are feasible, one passing down Sacramento valley, and the other following the coast more closely, reaching tide water just north of San Francisco.

NO SOLITARY CONFINEMENT.

WASHINGTON, Dec. 21.—The supreme court today affirmed the decision of the lower court, declaring the provision in the New York law providing for solitary confinement of persons condemned to death and other features unconstitutional. Legality of the punishment of death by means of electricity was not attacked.

SENATOR PLUMB DIES.

Expires Suddenly at 11:30 Sunday Morning.

INTERVIEW WITH SECRETARY TRACY.

To Feed the Hungry, Wanted to Die, Successful Test, Preparing for War, Sensational Report, On Account of Hats, Supreme Court Decision, Lusk & Co. Fail, Foreign and State News, Etc.

SENATOR PLUMB DEAD.

WASHINGTON, Dec. 21.—"Oh, my God! my head!" and Senator Preston B. Plumb, who as representative of the state of Kansas in the United States senate since 1876, has occupied a prominent place in the councils of the Republican party, a few minutes later, fell unconscious, never to regain knowledge of what was going on around him. It was 6:45 yesterday morning when he uttered the above exclamation.

A few days ago Plumb went to Philadelphia with Senator Quay to consult with Dr. Pepper. He returned Saturday evening, complaining of a violent headache, but went to a dinner given to ex-Senator Mahone by a few friends. He returned home about 1 o'clock yesterday morning, and about 2 o'clock called Mr. Jennings, his landlord, who lived above, and requested him to come down and sit with him, as he was ill. Mr. Jennings said his condition was serious, and summoned Dr. Wales. The latter alleviated the pain, and remained with the senator until 6:30, when he went away, leaving Plumb sleeping soundly. Fifteen minutes later Senator Plumb awoke, bounded out of bed to a slop jar and began to vomit. When the vomiting ceased, he raised his hands, to his head, and exclaimed, "Oh my God! my head! my head!" These were his last words. Mr. Jennings stroked his head to relieve the pain, and a few minutes later the senator lapsed into a slumber, and soon after into unconsciousness. About 10 o'clock Dr. Wales returned, and saw at once that the senator had been stricken with apoplexy. He remained unconscious until the end came, at 11:30. Dr. Wales said the immediate cause of the death was apoplexy, brought on by fatty degeneration of the brain from overwork.

"It was a clear case of overwork," said the doctor. "If he had given up some time ago, it would have been different, but no man could stand what he was doing in his condition."

LYING IN STATE.

WASHINGTON, Dec. 21.—Today the United States senate and house of representatives, executive and judicial government, representatives of foreign powers and his many friends paid the last tribute of affection and respect to the memory of the late Senator Preston B. Plumb. This a. m. there were few callers at the house mostly senate employes. At 10 a. m. the casket was borne from the house to the hearse by eight capitol police. Immediately a small funeral cortege consisting of hearse and single carriage arriving at the capitol. The casket was placed near the president chair in the senate chamber on a black catafalque and all were requested to retire.

THE FUNERAL ARRANGEMENTS.

WASHINGTON, Dec. 21.—When the senate met at noon the chamber was partly arranged for the funeral obsequies. The desk and chair of the deceased senator were heavily draped. The galleries were crowded with spectators, except the diplomatic and vice-president's galleries, which were reserved. On motion of Manderson, the reading of the journal was dispensed with and Senator Pfeffer arose and made the announcement of Plumb's death, and offered the usual resolutions, eloquently eulogizing his late colleague. The senate then took a recess.

At 1 p. m. the senate was called to order. During the half hour's recess the work of preparing the chamber for the funeral was completed. A row of arm chairs was placed in the area in front of the clerk's desk, and the western side of the chamber was set apart for the occupancy of the members of the house of representatives. The public galleries had become crowded.

At 1:20 the speaker and members of the house, members of the diplomatic corps, the chief justice and supreme court, and President Harrison and his cabinet entered and were assigned to seats.

The floral offerings were large. At 1:45 the funeral committee of the two houses, escorting the dead senator, appeared at the main entrance and the procession moved up the aisle, the chaplain reciting the opening sentences of the funeral service. The chaplain finished reading the funeral service and appropriate selections from the Scriptures, and closed with prayer. The body of the deceased senator was then borne out to be taken to the railway station. The senate adjourned till tomorrow.

TO FEED THE HUNGRY.

LINCOLN, Neb., Dec. 21.—Governor Thayer has issued an appeal to the people of Nebraska, calling for contributions of corn sufficient to make a trainload to be sent to the needy peasants of Russia. It is estimated by the governor that the necessary contributions will be made within ten days, when the train will be placed at the disposal of Secretary Rusk.

A CENTENARIAN'S PRAYER FOR DEATH.

AUGUSTA, Me., Dec. 21.—Mrs. Nancy Britt Kennedy, the oldest woman in this city, died Saturday. At an early hour she arose and commenced praying that she might die. She continued her prayers for nearly an hour, when she fell over to the floor dead. The deceased woman's age was extensively reported as 118 years.

A SUCCESSFUL TEST.

VANCOUVER, B. C., Dec. 21.—The special naval train over the Canadian Pacific railway from Halifax arrived Saturday making the entire journey in six days and twenty hours. It brought 327 sailors and officers, forming part of the crews of H. M. ships Champion and Pheasant, now here. These men take the places of those whose time of service has expired and who left here overland two weeks ago. Their journey was a coemplished in the same time as that westward. The commissariat arrangements on the train were perfect and meals for the whole number of men were served in thirty-six minutes. A report is to be made to the British government and will be that the Canadian route is peferable to the Panama route for reliefs for Pacific stations, and there is no question that the road in an emergency could satisfactory transport a large number of troops.

ON ACCOUNT OF HATS.

MINNEAPOLIS, Dec. 21.—A traveling man will bring suit against Manager Conklin, of the Grand opera house, on account of two big theatre hats at Saturday evening's performance, his view of the stage being obstructed. Two enormous hats were in front of him, the usher declined to give him another seat and Conklin refused to refund the price of admission, hence the suit.

LUSK & COMPANY FAIL.

SAN FRANCISCO, Cal., Dec. 21.—The firm of A. Lusk & Co., dealers in canned and dried fruit were attached this morning by the bank of California for $90,000 for money advanced. It is stated Lusk owes a number of firms in addition to the Bank of California, but no statement of the firms liabilities has yet been made public.

SUPREME COURT DECISION.

WASHINGTON, Dec. 21.—The supreme court today reversed the decision of the supreme court of California in the case of Thomas Knight vs. United Land association and Clinton Tripp. This case has attracted much attention on the Pacific coast and concerns the title to property in San Francisco of great value. The effect of the decision is to sustain the ruling of the interior department. The case involved the controversy as to the line of the boundary of the city of San Francisco.

PREPARING FOR WAR.

WASHINGTON, Dec. 21.—Active preparations for war still continue in the navy department. Steps have now been taken to secure the most available vessels in the merchant marine for possible service in Chilian waters. Arrangements have have been made in New York and San Francisco to charter, if necessary, from thirty to forty vessels, to be used as transports and colliers. Preparations, so far as the regular naval officers were concerned, having been made as complete as possible, the bureau of naval intelligence, acting under instuctions, have prepared a list of merchant vessels, available in case war is declared. An officer from a New York shipowner of a score or more small vessels to carry coal has met with the thanks of the department and a request that he hold his vessels to as to have them ready on twenty-four hours' notice has been made. Naval officers are also looking about in New York for vessels to be used in the torpedo service. It has been reported by them that the most available craft for this service are the fast private yachts of the metropolis. It is urged that these yachts can be very quickly converted into torpedo boats and cruisers, and the belief is expressed that they will prove fully as effective as the torpedo craft of the Chilian navy. According to naval authorities, our weakest point now is a lack of torpedoes. Orders hurrying up the two firms who have contracts to furnish torpedoes have recently been issued. The firms have replied that they are lending all their energies to furnish the torpedoes as rapidly as the contracts call for them. Activity is also displayed in the war department. Informal consultations have taken place between army and navy officials as to the co-operation of the two forces in event of trouble. It has been represented that the army will be able to furnish on short notice 150,000 men for transportation either from San Francisco or Galveston. The naval officials say that fully this number of men will be required. In spite of the extreme measures taken by the army and navy departments, the belief that there will be war with Chili grows less and less hot. No news has been received today from the threatened country, and the finding of Judge Foster is not expected until next week. The general belief is that Chili will yield to the demands of the United States eventually.

SENSATIONAL REPORT.

NEW YORK Dec. 21.—A special from Washington to the world says that its correspondent was enabled to secure a translation of a cipher dispatch from Minister Egan to the state department, in which he stated that a critical state of affairs existed in Satiago. The dispatch states that the American legation is surrounded by the police and a mob, and threats are freely made to blow it up or burn it on account of the refugees there. Copies of the cablegram, the correspondent says, had been sent to the president and navy department, and much consternation had been created in the latter by its receipt. The correspondent further states that a cablegram had been prepared to be sent to Minister Egan, asking him to report on the situation. It is believed at the navy department, the correspondent says, that the state of affairs around the legation would not exist if proper police protection was given. If the situation is really as grave as reported, the naval officials think that nothing but force can get the refugees out of the legation. The effect of Mr. Egan's dispatch, it is thought, will result in a demand by Blaine for a prompt decision in the Baltimore case. If this is unfavorable, congress will be called upon to act, and if in the meantime any further hostile demonstrations are made, an ultimatum will be sent to the Chilian government and the navy will back it up.

TRUE BILLS FOUND.

PITTSBURG, Dec. 21.—True bills were found today by the grand jury against Mayor Wyman and ex-Mayor Pearson of Allegeheny for embezzlement.

FIELD INDICTED.

NEW YORK, Dec. 21.—Two indictments were returned today against Edward M. Field by the grand jury. Both indictments specify grand larceny in first degree.

THE CAPTAIN PRATT.

LONDON, Dec. 21.—Advices from Chili are awaited with great anxiety by people having interests there, and the war cannot be avoided. It is known that work on the Captain Pratt, the formidable ironclad building in France for the Chilian government, is being hurried to completion and that the vessel will be ready for sea at an earlier date than originally intended. There is also a rumor that the Chilians are negotiating for ironclads already constructed and for one vessel probably intended for use as a cruiser against American commerce. The Chilians here continue to express themselves as confident of a favorable result of a war with the United States, and they intimate that they can depend upon indirect support from Europe in carrying on the war. A Berlin dispatch states that at last an effort is being made to procure German officers and seamen for the Captain Pratt, but that the enlistment of the latter is hindered by a report that Americans could punish as pirates any seamen they might capture who enlisted in a foreign country.

MARKETS.

SAN FRANCISCO, Dec. 21.—Wheat buyer 1891, $1.80¾ season $1.88¼.

CHICAGO, Dec. 21.—At close wheat was firm; cash, Dec. .90⅝; Jan. .91⅝; May .97@¼.

WEATHER REPORT.

The readers of the CAPITAL JOURNAL will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. Cheney & Co., Toledo, O. Sold by druggists, 75 cents.

Holiday Goods.
