LOCAL DATES.

Jan. 22. County Farmer's Alliance.

A PETITION.—A petition was being circulated among Salem business men today asking the council to relieve the Willamette Valley Milling Co., from planking its race on Front street. A number of Salem business men have been informed by one of the managers of the Milling Co. that it has recently decided to try to get right of way so as to enable it to take its ditch out of the street entirely, and run it in a flume down the creek bed. This would appear to be a sensible move when it is considered that the race where it is now is liable to involve the Milling Co. in private damage suits for flooding.

TWO NEW FACTORIES.—A JOURNAL reporter is informed by a prominent citizen that the syndicate that during the past year purchased, fitted up and are operating the big Capitol Mills are disposed to put up two more manufacturing enterprises—an electric light plant and paper mill. As this city has been raising bonuses of from $5000 to $20,000 to secure such enterprises, it would seem that when capital is willing to come and build up our city, asking no contributions, matters have taken a very favorable turn.

WANTS A HOME.—The big bay mare that was taken from one Redfield by the police and lodged at Ellis & Whitley's livery stable, is now fully restored and able to do work. The Humane society secured care and kind treatment for the much abused animal at the hands of Geo. Downing, and the liverymen have been very kind to keep her so long. But she must now be disposed of, sold for charges or taken off their hands by someone who wants a cheap, serviceable animal.

PUSH THE VIADUCT.—Steps should be taken this evening by the city council to have a committe appointed that would be fairly apportion the expense of the south Commercial street viaduct between the city, the county, the electric railroad and the property owners benefitted. If all will pay their just share it will not be hard on any one and this grand improvement will be secured at an early day.

NORTH SALEM IMPROVEMENTS.—Work will soon begin on the German Baptist church. In Boise's addition two new houses are going up.

COLT KILLED.—The freight train that reached Salem from the north this morning struck a two-year colt near the Cottle place.

Ladies, at the Kellog school of cutting you will learn more in a week than in three months in a shop. School at 125 Court street.

Court adjourned until Thursday, Jan. 7th.

TO PAVE OR NOT TO PAVE.

A Happy Solution Offered by the Enterprising Spirit of One Salem Man.

The city council at its initial meeting can hardly be expected to do more than fairly well organize. The mayor must announce his new committees. New city officers must be elected.

But it is not too early to notice the fact that street paving will be apt to demand attention at an early day. The most conservative citizens are now in favor of some kind of street improvement, and the most progressive (in some instances large owners of property, too,) all say that it cannot be too good.

With all this feeling and practical unanimity on the part of the council in favor of public improvements, there ought to be nothing in the way of a rational forward movement.

A common sense rule favors allowing the citizens of any street to say what kind of pavement they desire in front of their property. A very happy solution of the matter would be found, if street paving could be conducted with no exercise of force, or as little as possible on the part of the city. It is evident that if a good pavement on one be put down by agreement on one block it would speak for itself as its own best agreement.

One of Salem's largest taxpayers has been laboring to secure co-operation of all in his block to put down a volunteer pavement. He argues that such a movement would secure a good street. He rightly argues that private citizens could secure better work and possibly cheaper work than the city could possibly obtain by contracting in the usual way. If the city government would allow the streets to be improved in this manner, it would relieve itself of a tremendous responsibility, and public spirited citizens would appreciate the opportunity offered them.

Sand!

I shall have plenty of sand for contractors and builders from now on. GEO. D. GOODHUE,

As Staple as Coffee.

"Chamberlain's Cough Remedy is as staple as coffee in this vicinity. It has done an immense amount of good since its introduction here." A. M. Nordell, Maple Ridge, Minn. For sale by G. E. Goode, druggist.

A NEW DEAL.

The Old City Council Will Turn the City Government Over to the New.

Following compose the city aldermen for 1892:

First ward—Charles Johnson, M. W. Hunt; second—E. M. Laforc, Geo. Collins; third—C. B. Moores, C. J. Olmsted; fourth—H. T. Lamoreaux, O. D. Hutton.

Geo. Collins has the certificate of election, but there may be a contest by Mr. Davis for the seat.

CANDIDATES.

A reporter upon inquiry finds there are candidates for some of the offices to be filled by the council, as follows:

For street commissioner. R. A. Crossan, Gideon Stoltz, J. J. Basey, Chas. Smith, C. A. Whale, Jesse Macy, Wm. Claggett.

For city engineer: E. J. McCaustland, County Surveyor Culver.

THE COUNCIL

meets at 7 p. m. The old council will simply submit reports and then the new council is sworn in, organized and proceeds with the business.

LOCAL AND PERSONAL.

Manager Scott of the planing mills is able to be about.

J. M. Brown and J. K. Mount of Silverton are in the city.

The railroad commission are investigating the accident at Marion by which J. T. Brazier came to his death.

H. Owens has sold out at Toledo and will go to the California soldiers' home.

La grippe is often fatal to those who get it. It is fatal to a newspaper to lose its grip.

Supt. Walker has finished the last government scow at Toledo and will move down to Oneatta.

An exchange learns that the Salem and Albany girls marry very young.

Mrs. Caroline Helbock, an insane woman from Portland, has been brought to the asylum. This is her fourth visit.

Remember the board of trade meeting at Hotel Willamette this evening.

Architect C. A. Roberts of Portland was in the city today.

Ex-District Attorney Hewitt, of Albany is in the city today, arguing a motion before Judge Boise at chambers.

The flagstaff is up, and the flag of our country is flying from the dome of the new Willamette university.

F. Vanderbaun and wife are both laid up with the grippe.

S. C. Wade is back from several months at the Sound. He is at Salem to stay.

Mr. and Mrs. D. L. Fiester are spending the week at Newberg and Latourelle Falls.

Thos. Baird, of Sioux county, Iowa, is in the city looking about with a view to making his home here.

Miss Ruby, a drunk and disorderly soiled dove, was picked up by the night police, and fined by Recorder Goodell this morning, the usual amount.

Members and business men generally should make it a point to attend the board of trade meeting at the Hotel Willamette tonight.

Ex-Senator Voorhees, of Woodburn, is in Salem. He says the railroad company are refusing to stand their school assessment, and there may be a law suit.

A. W. Scott has so far recovered as to leave for Portland in the morning, and will take the steamer for San Francisco. His physician orders him to take a lay off for a few months.

The Baptist Sunday school has elected new officers except supt., Will Brooks having been chosen at the annual meeting. New members are added to the church nearly every Sunday and the Sunday school and society are in prosperous condition.

The Unitarian church may act as quite a stimulus to church building here. To build a modern church in six months, and equip it in modern style, is quite the Salem way of doing things. It is still more admirable that the members paid for it nearly all themselves. Salem is not slow in any respect.

Ladies, there is no refitting with the Kellog French tailor system of cutting, Remember you pay nothing for the system until you cut your dress without refitting. Patterns cut to order. Call and examine system. School of cutting 125 Court street.

La Grippe.

The tendency of this disease toward pneumonia is what makes it dangerous, La Grippe requires precisely the same treatment as a severe cold. Chamberlain's Cough Remedy is famous for its cures of severe colds. This remedy effectually counteracts the tendency of the disease to result in pneumonia, provided that proper care be taken to avoid exposure when recovering from the attack. Careful inquiry among the many thousands who have used this remedy during the epidemics of the past two years has failed to discover a single case that has not recovered or that has resulted in pneumonia. 50 cent and $1 bottles for sale by G. E. Goode, druggist.

HALL OF REPRESENTATIVES.

Proposed Alterations to Improve its Acoustic Properties.

The board of capitol commissioners met at 10 a. m. to open bids and plans for alterations in the assembly chamber.

C. A. Robert's plan proposes to remove the rooms in the corners, make the hall in the form of an oval, lowers the roof 12 feet, making room 35 feet high, leaving a story above for committee rooms.

The ceiling will be of natural woods in oil finish, a dome over the entire hall, and sloping floor. Estimated cost $9915. His plan cuts off 100,000 cubit feet of air, which must now be filled by a speaker's voice. His plan is that of the Chicago auditorium.

Pugh & Carey, of Salem, make a bid on plans do not propose a lowering of the ceiling, but removes present one and puts in a ceiling that slopes to center, a sounding board behind speaker's desk and the total estimate $9275.

S. E. Maxa of Portland has a plan that cuts off the sides of the horseshoe gallery, cuts off the wings behind the speaker's stand, and extends the gallery across the opposite end. He considers the height of the hall proper as it now is. He puts in an entirely new ceiling. His estimates are $9072.

THE GOVERNOR'S PLAN.

Governor Pennoyer had read a plan as follows:

1. Raise floor to level of upper sash of windows.
2. Cut off gallery projecting, leaving square gallery over vestibule which is to be closed.
3. Converting wings behind speaker's stand into cloak rooms.
4. Make ceiling perfectly flat, removing projections.

Estimated cost $6000.

All agree on abolishing the "throne" and also cutting off the side galleries and rear wings. The board is in possession of some valuable plans and information. Architect Krumblein proposes to make the ceiling perfectly smooth by removing all hollow projections. He would regulate the sound by stretching a netting made for that purpose. He is corresponding with experts in Europe, and asks the board to defer action until then.

THE WEATHER.

Record of a Remarkable December—Fairer Weather in Sight.

After several weeks of wet weather blue skies are overhead at last. Old settlers who predicted a change with the new moon hit it within a few days. The blue birds and robins may now put in appearance in perfect safety.

THAT DECEMBER

just closed was a remarkable one. The government record of Thomas. Pearce shows a mean averane temperature of 40.2, slightly below normal. There was mingled rain and melting snow on 3, 5, 25, 27, and 31, but none lay on.

Vincent, of 6 Terrence Court, S. F. writes: "I am 60 years of age and have had constipation 25 years. I was induced to try Joy's Vegetable Sarsaparilla. I recognized in it an herb the Mexicans used to give us in the early 50's for bowel troubles. (I came to Cal. in 1849,) and I knew it would help me and it has. For the first time in years I can sleep well and my system is regular. The old Mexican herbs in this remedy are a certain cure in constipation and bowel troubles." Ask for
