LOCAL DATES.

Jan. 22. County Farmer's Alliance.

THE TAX BATTLE.—The controversy over the labors of the state board of equalization is resumed today. At 2 p. m. the board to levy state taxes meets again at the governor's office to hear argument. Attorney-General Chamberlain, Hon. L. Bilyeu and others will make arguments, and strange to say all these gentlemen although of the governor's political party disagree with him as to his construction of the law. The entire board and attorney-general are appointees of his excellency, and it seems strange they should differ so radically over so important a matter as the proposed annihilation of the first serious and intelligent effort to equalize the glaring inequalities of taxation in this state.

FARMERS' ALLIANCE.—As Linn county is a strong Democrat county the following from the Albany Democrat of Saturday is of interest: "An enthusiastic meeting of the Farmers' Alliance was held yesterday, three sessions being held, all of a private nature. About one hundred delegates were present from the different unions of the county. An important action of the Alliance was a resolution, passed after considerable discussion, and with opposition, to put an entire Alliance ticket in the field at the June election."

BRAKEMEN STRIKE.—The absence of local freight trains today is explained by news of a brakemen's strike on the S. P. lines from Portland south. The early morning freight due here at 1 o'clock did not arrive. The freight from Junction did not come north, and no freight has been received at Salem station today for distribution. Agent Skinner of the S. P. Co. was seen and said he did not believe it would interfere seriously with the business of the road.

A team from the Albany Mascotte Rod and Gun club defeated the Jefferson boys in a match shoot Saturday afternoon. The score stood: Mascottes 101; Jefferson 62. The regular monthly medal shoot also came off Saturday, L. W. Deyer carried away the honors. Twenty four pigeons were used and the highest score was fifteen, made by L. Y. Deyoe.

A GOOD SUPPER.—The ladies of St. Paul's Episcopal church, will give a supper consisting of salad, cold meats, home made bread, cakes, etc., in their Guild room corner of Chemeketa and Church streets, on Tuesday evening from 5:30. A good supper promised and a liberal patronage desired. Supper 25 cents.

IN IT.—A force of gentlemen who for their several digressions of hilarity are in debt to the city for board are at work cleaning up State street. Three of this class were scolding and filling Mr. McKillop's cart and greatly improved that busy thoroughfare.

ORDERED TO SHUT DOWN.

The Manager of the Mill Company issues a Retaliatory Order—Mills to Shut Down.

When the railroad company, to get a right of way down Front street, agreed to do certain things by its representatives consenting to a compromise ordinance in open council THE JOURNAL believed it should be held to its agreement. When the Willamette Valley Milling Co. makes overtures to Salem business men proposing to make more investments at Salem it can be given time to make its arrangements. THE JOURNAL believes it would be good policy to give them the opportunity. THE JOURNAL has favored bringing about a meeting of the president of the milling company and our business men to talk this matter over. This was nearly consummated when the council issued an order to abate the North Mill creek water ditch as a nuisance if certain improvements were not undertaken in ten days. This has complicated matters again. This morning orders were received at both mills of a retaliatory character.

ORDERED TO SHUT DOWN.

Manager Shiel of the Capitol mills was seen by a reporter this morning and said: "I have positive orders to shut down as soon as my present stock is ground out. It will run me about ten days." He declined to have anything to say further than that no more wheat would be received by car or boat.

Manager Holland of the Salem mills was seen and said that his instructions were to turn all shipments of wheat now bought or in store at stations above Salem to Albina, and receive no cars at Salem. This consists of nearly one hundred carloads. He is also instructed to grind out present stock of wheat on hand, and await further orders. When through grinding he will close down.

PRESIDENT WILCOX

has written a letter to his agent at Salem, that his son has been very sick, or he would have been up here before this, but that he will come up at the first opportunity, and meet the Salem business men, the city council, and the people who complain of being flooded, and if possible bring about an amicable adjustment. The Mill Co. claim that they cannot repair the dam until next summer, when they will lower it, as they admit it was an error of judgment to build it so high. But they cannot do this until they can shut down when out of wheat next summer without great loss. The only thing they can do is to shut down the water at the Santiam now and then the "nuisance" that the citizens complain of will be abated. This is the Mill Co. propose to do. This is their own statement of the matter as gathered from the correspondence.

FREE LIBRARY.—A committee was appointed at the Alka-Hesperian meeting Saturday night to report further on the free library project. The committee, composed of C. B. Brown, Robt. Whitaker, W. A. Cusick and the president met at Dr. Cusick's office Sunday at 5 p. m. They expect to be able to report something substantial.

Ladies wishing to join the new class in cutting should begin Wednesday afternoon and take the full course. School at 125 Court street.

NOT A GO.—Inquiry shows that a Democratic paper has little hope of success on the lines boomed by the Statesman and with its city editor as manager and editor. There seems to be no objection to, or doubt of, Mr. Irvine's ability or Democracy, or of the Statesman's good will in the matter, but Democrats simply refuse to put up under the circumstances. There is now an opportunity to start a morning Republican paper of a square-toed, aggressive character, something Salem has not had in years.

THE BEST THING.—County Judge Davidson was seen this morning in regard to the tax levy. He said: "The best thing to do under the circumstances is to receive the work of this board of equalization. It is the first effort to even things up. In this county property has always been assessed out of its true proportion to Multnomah and other parts of the state. I believe the work of the board is fairly well done and it will be sustained by the courts if they can possibly do so, because they will believe it is an honest effort."

STARVING HORSES.—There are said to be a number of horses in a starving condition and without the least care from any one only a few miles from this city. It is reported that several have already died and the others are in a terrible condition. The facts in this matter should be looked to at once and brought before the eye of justice.

ONE FOURTH GONE.—The new Condit addition which was described in Saturday's JOURNAL is already one-fourth sold. Mr. Peck reports six lots sold this morning and others about to close. At this rate their snap bargain lots will not last a week. These are the cheapest lots ever offered on the Salem market.

A NEW FIRM.—It is now positively decided that Salem should have a new business house. It will be the Palace dry goods and shoe store, run by H. S. Belle and R. H. Leabo at 307 Commercial street as soon as the Smith art stock is disposed of.

E. C. MINTON STILL IN IT.—And defies competition. Choice lots on the electric street car line \$100 each also in the noted Yew Park district at \$100 and upwards all on the installment plan. Globe Real Estate company.

THE ARKALON TROUBLE.

ARKALON, Kan., Jan. 11.—The permanent presence of troops has removed all further apprehension of trouble in this section. The uneasy feeling of last week has all disappeared and the men are resuming their usual vocations as if nothing had happened. They are content that the courts should settle all disputes. The sheriff contest, settled in favor of the contestant, Guyman, while leaving that office in possession of the friends of Judge Botkin, has no particular significance. Of the six prisoners now held on suspicion of being connected with the murder of Dunn, but two will be held for trial, Anderson and Leach, they having been recognized by Sheriff Guyman and others who were attacked by the mob. No more than thirty warrants will at present be issued, as the county attorney has no evidence that will hold them on suspicion only, at the time of great excitement, it having been revealed that the witness, Hutchins, who is supposed to have given the conspiracy away, might be in danger. He will be removed to a place of safety as soon as possible.

BRAKEMEN STRIKE.

PORTLAND, Jan. 11.—The brakemen of the Southern Pacific freight trains struck this morning and refused to take out trains. The strike was brought about by the receipt last night of an order from headquarters that one brakeman should remain outside or on top of every train. Immediately upon receipt of order, a meeting of brakemen was held and it was decided that they walk out unless the order was rescinded. About 2 o'clock this afternoon the railroad officials secured a new crew, and under police protection, started out the Roseburg freight. Railroad officials say that by tomorrow night they will have new men to handle all trains. Brakemen are talking of making a general appeal to the Union to call a strike over the entire division between here and Ashland.

ASPHYXIATED. Tiffin, O., Jan. 11.—While services were held in Grace Reform church yesterday morning, a young lady suddenly fainted. A few seconds after she was taken out, fourteen other members fainted. Physicians were immediately summoned, and the sufferers were restored to consciousness with great difficulty. The physicians say the people were asphyxiated by natural gas, escaping from a flue into the church. The entire congregation was affected, and is still suffering.

C., Jan. 11.—The vice president laid before the senate, today, several official and other documents including one from the interior department asking an appropriation of \$150,000 as the deficiency to supply subsistence to the Sioux Indians. This is done at the request of Voorhees who desires to enter protest against the confirmation of Wood.

WASHINGTON, Jan. 11.—The United States supreme court today in the interstate commerce case of Charles Councilman, applicant, vs. Frank Hitchcock, marshal of the United States district court for the northern district of Illinois, decided that witnesses cannot be compelled to testify in any criminal cases where answers might tend to eliminate them in any way.

Pimples.

The old idea was that facial eruptions were due to a "blood humor," for which they gave potash. This is the old Sarsaparilla containing potash, a drastic mineral, that instead of decreasing, actually creates more eruptions. You have noticed this when taking other Sarsaparillas. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, result pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate. A short testimonial to contrast the action of the potash Sarsaparilla and Joy's. Mrs. C. D. Stuart, of 408 Hayes St., S. F., writes: "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."

Joy's Vegetable Sarsaparilla Largest bottle, most effective, same price. For sale by Dan J. Fry, 225 Court street.

All disorders caused by a bilious state can be cured by using Carter's Little Liver Pills. No pain, griping or discomfort attend their use. Try them.
