A GREAT SPEECH.—We give space to a verbatim report of Hon. L. Bilyeu's legal argument before the board to make the annual state tax levy. It was a great speech and one of the most important and timely ever delivered in Oregon. There was great danger that the state tax board would ignore the work of the state board of equalization. The result would have been to embroil our state government in litigation and take the matter bodily into the party politics of the state, neither object being desirable. Mr. Bilyeu's able argument gave the work of his a perfect legal status. It was delivered without notes but supported by an astonishing array of legal authorities, and upon conclusion of the greatest effort of his life, Mr. Bilyeu was warmly complimented by all. We were unable to secure a copy of Attorney General Chamberlain's argument, but hope to do so at an early day.

EXCURSION FROM NEBRASKA.—THE JOURNAL this morning received an order for a hundred copies of its New Year's edition which are to be used in getting up an excursion at Lincoln, Nebraska. The excursionists will arrive here about February 8th or 9th, when the board of trade and the people of Salem should spare no pains to make it pleasant for the strangers. Correct information as to the date of arrival here will be known in due time, and then our people will no doubt take active steps to do the neat thing by the visitors.

Salem has secured another lady physician. Miss Dr. Ann F. Jeffrey is at the Willamette and has secured rooms in the Eldridge block and will open her office about February 1st. Miss Jeffrey is a physician of regular school and will confine her practice to women and children. In making Salem her home she has chosen wisely and will no doubt receive a cordial welcome in social and professional circles.

La Grippe. The tendency of this disease toward pneumonia is what makes it dangerous. La Grippe requires precisely the same treatment as a severe cold. Chamberlain's Cough Remedy is famous for its cures of severe colds. This remedy effectually counteracts the tendency of the disease to result in pneumonia, provided that proper care be taken to avoid exposure when recovering from the attack. Careful inquiry among the many thousands who have used this remedy during the epidemics of the past two years has failed to discover a single case that has not recovered or that has resulted in pneumonia. 50 cent and \$1 bottles for sale by G. E. Goode, druggist.

A phenomenon is observed in an artesian well near Ellenburg. The well spoken of is down about 250 feet, but the water in it is still 160 feet below the surface. Pimples.

The old idea was that facial eruptions were due to a "blood humor," for which they gave potash. Thus the old Sarsaparilla contained potash, a drastic mineral, that instead of cleansing, actually creates more eruptions. You have noticed this when taking other Sarsaparilla. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, vitiates the blood, result pimples. A clean stomach and healthy digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate. A short testimonial to contrast the action of the potash Sarsaparilla and Joy's. Mrs. C. D. Stuart, of 400 Hayes St., S. F., writes: "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."
