STANFORD IS NOT A CANDIDATE.  
WASHINGTON, Feb. 10.—Senator Stanford was free in his avowals on the subject of Blaine's letter. "The withdrawal of Mr. Blaine," he said, "makes the renomination of President Harrison certain. He is the strongest man in the party today, and Mr. Blaine was the only real competitor for the honor he had. There is no doubt he will be nominated, though Mr. Blaine's withdrawal will leave the way open for many fresh aspirants for the place, some of whom may be heard of in after years. Mr. Harrison's administration has been clean, strong and popular. He will invite no opposition, though a few disappointed office-seekers may think they are against him."

THE HEATHEN CHINESE.  
WASHINGTON, Feb. 10.—Senator Sherman's bill to prohibit the entry of Chinese into the United States, which was introduced into congress yesterday is compiled in part from bills recently introduced, and which are now under consideration by congress, with the addition of some new provisions providing ways and means for detecting the presence of a large class of Chinese persons who smuggled themselves into the country from across the border line. The bill contains specific legislation to cure this evil by means of a new system of registration. The bill provides that when a Chinaman changes his residence he shall have that fact noted on his certificate, which will enable the officers of the government to trace such registered person. The fees of fines collected shall be set apart by the secretary of the treasury and be known as Chinese funds, and be used to defray expenses incident to the administration of the act.

Deafness Can't be Cured  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is not noticed until the inflammation has spread to the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Dead Sea Fruits.  
They play multitudes when they are the product of a diseased condition. A "dead" cold, a fit of indigestion, influenza or constipation each or any of these "minor ailments" advance in many cases to "severe-destrorying" attacks. Give them a swift, early defeat with Hostetter's stomach Bitters and avert the danger. A liberally administered alarming remedy to the man who informed him that he had "only a cold," "only a cold," repeated the doctor, "what would you have—'Rhubarb'?" Rhubarb, the system, is easily extinguisable at the start. Why then allow them to get up a full head of steam? Put on the brakes with Hostetter's stomach Bitters and avert the danger. The genial warmth which this superbly effective medicine brings to the system, imparts it to the circulation of the blood, its soothing and strengthening effect upon the nervous system, specially commend it to the enfeebled and sick. 'Tis the great specific for indigestion.

For the Children.  
"In buying a cough medicine for children," says H. A. Walker, a prominent druggist of Ogden, Utah, "never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. I particularly recommend Chamberlain's because I have found it to be safe and reliable. 50 cent bottles for sale by G. E. Goode, druggist."

A WARNING—DON'T USE BIG WORDS.  
In promulgating ostentatious orations or articulating superficial sentiments and displaying a vocabulary of psychological observations, beware of platitudinous ponderosity. Let your statements possess a clarified concreteness, compactness, comprehensiveness, consistent consistency and a concentrated earnestness. Eject all conglomerations of flaccid generality, jejune babblement and assiduous affectation. In trying to impress upon others the superiority of the Wisconsin Central Line, and why you and so many others use the "throughline" from St. Paul and Minneapolis and Duluth and Ashland to Chicago, Chicago and St. Louis, and why you and so many others use the "throughline" to the west, it is not necessary to expatiate, have intelligibility versus verbosity, without the thought of the local bombast. Sedulously avoid all polysyllabic profanity, pedantic verbosity, ventriloquial verbiage and vapidiloquy. Rapidly, shun double entendres, pungent jests and positions profane, facetious, quaint or apparent, in other words, be sensible, natural, sensible, and truthfully say the Wisconsin Central Line is THE route, and that ends it. 116 1/2
