

land," the Globe adds, "the very grave feeling against the McKinley bill has not yet subsided, but it is to be hoped that manufacturers will not let their feelings overcome their prudent judgment. Furthermore, such an attempt at retaliation is more likely to hurt themselves than any one else. The Americans and Germans are strenuously trying to take our commerce. The absence of British competitors at the fair world, therefore, be regarded more as a benefit than otherwise; it would also be regarded as an admission of defeat."

TYPHUS FEVER.
PITTSBURG, Feb. 16.—The health department was notified this morning of a case of typhus fever in the building occupied by Italian barbers, and the victim was one of the Masalla immigrants. The house has been quarantined, and immediate steps will be taken to stamp out the disease.

CHILI TO BE SUE.
SAN FRANCISCO, Feb. 16.—F. A. Orr, an attorney of this city, is taking up the civil contest in behalf of the sailors of the cruiser Baltimore who were injured in the assault at Valparaiso. Orr has twenty-two clients, and he prays that they may be awarded various sums, aggregating \$1,305,000. Orr does not state how he grades the penalty to the damages inflicted, but will forward all claims to Washington at once.

LOTTERY GOING TO MEXICO.
NEW YORK, Feb. 16.—A dispatch from New Orleans says the true secret of the withdrawal of the Louisiana state lottery from the local political struggle which has been raging for many months is because the lottery is to go to Mexico. Arrangements are about completed with President Diaz, and the fortress of Chapultepec will be the location of the Louisiana lottery after 1893.

NOT A CANDIDATE.
NEW YORK, Feb. 16.—A Philadelphia dispatch says that Vice President Morton had a talk with President Harrison Friday, and told him he would not be a candidate again, but as it would be necessary to have a New York man on the ticket, he suggested Secretary Tracy. This suggestion, it is said, was favorably received by the president.

GOLD IN MISSOURI.
LATHROP, Mo., Feb. 16.—Citizens of Lathrop are much excited over a reported gold mine discovery on a place about five miles southwest of this city. Gold was discovered at a considerable depth through the sinking of a well. Sand and gravel taken from the hole assayed to the ton—gold, \$105; silver, \$160.

FOXHALL TO BE SOLD.
LONDON, Feb. 16.—Lord Rosebury, owner of the well-known American racing horse Foxhall, formerly the property of James R. Keene, is about to send him to the United States, where he will be offered for sale.

HIS LAST HUNTING TRIP.
SEA LARK CITY, N. J., Feb. 16.—Captain John Applegate, of Angeleno, left his home on Thursday evening in his little dory to go on a ducking trip and has not yet returned. It is feared that his skill was either blown out to sea, or was captured by the high northwesterly winds that prevailed on Thursday night. A searching party has been organized and will start out today to search the bay.

DETECTIVE MISSING.
SAN FRANCISCO, Feb. 16.—Detective James H. Brown, of Columbus, O., well known on account of his connection with the Sidney Bell case, is reported missing. He has not been seen by his friends in this city since last Thursday, and they are beginning to feel apprehensive that he has met with foul play.

A Leader.
Since its first introduction, Electric Bitters has gained rapidly in popular favor, until now it is clearly the lead among pure medicinal tonics and alteratives—containing nothing which permits its use as a beverage or intoxicant, it is recognized as the best and purest medicine for all ailments of stomach, liver and kidneys. It will cure sick headache, indigestion, constipation and drive malaria from the system. Satisfaction guaranteed with each bottle or the money will be refunded. Price only 50 cents per bottle. Sold by Daniel J. Fry, druggist, 225 Commercial street.

Take Hood's Sarsaparilla
100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is not that it wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given it this popularity and sale greater than that of any other sarsaparilla or blood purifier.

Merit Wins
See before the public Hood's Sarsaparilla comes Scrofula, Bad Blood, Biliousness, Dyspepsia, Skin Diseases, Rheumatism, Ophthalmia, Catarrh of the Bladder, Gravel, Stricture, Gleet, Gonorrhea, and all the various ailments of the blood and skin. Hood's Sarsaparilla is sold by all drug stores. Price 50 cents per bottle. Prepared by C. I. Hood, Lowell, Mass.

CONGRESS.

The McKinley Bill, The Free Wool Bill, Etc.

THE OREGON PACIFIC WILL BUILD.

Silver Coinage, Has Lit Out, Defense of Egan, Promotions, The Cooley Gang, Fire at Colville, Three Men Suffocated, Killed by Wild Dogs, Liberal Bequest, Still Missing, Foreign and State News, Etc.

WASHINGTON, Feb. 16.—At a meeting of the ways and means committee this morning, by a strict party vote the Springer free wool bill, the Bynum free binding twine bill and the Turner bill for placing cotton bagging and machinery for the manufacture of the same on the free list, were all ordered favorably reported.

WASHINGTON, Feb. 16.—Congressman Morse, of Massachusetts, today introduced in the house a bill to repeal the interstate law. Attorney-General Miller has instructed Examiner Douglas to make an investigation of the charges against Marshal Fricke and his deputy marshal for lack of vigilance in the matter of pursuit of Garza and his band.

MCKINLEY LAW.
WASHINGTON, Feb. 16.—The house has decreed that the first investigation into the operations of the McKinley law shall be conducted by the committee on agriculture. This arrangement has the informal sanction of the Democratic members of the ways and means committee. The inquiry of Chairman Hatch and his committee is to be directed particularly to the effect that the high tariff has had upon the agricultural interests of the country. It is understood that later on the committee on manufactures will be authorized to conduct an inquiry as to the effect that the tariff law has on the manufactures and skilled wage-workers, and thus in the end reports are to be made on the various phases of the different committees.

Hatch brought the tariff question to the front by moving to suspend the rules and adopt a resolution requesting the committee on agriculture to report the effect upon agriculture of the present tariff law. Bynum, of Indiana, demanded a second, and the request of Hatch that the second be considered roared was objected to by Kilgore. Kilgore and Hatch were appointed tellers, and reported the vote 122 to 2. The Republicans did not vote, but no one raised the point of "no quorum."

MOTION TO DISMISS.
CHICAGO, Feb. 16.—The constitutionality of the McKinley administrative act is to be attacked. The first move was made in the United States circuit court yesterday afternoon by the filing of a motion to dismiss the appeal of Collector Clark from the decision of the board of general appraisers assessing certain duties on dress goods belonging to Locke, Hubatt & Co. The motion is on the ground that the administrative act is void, and a number of technical points are raised in support of it.

TARIFF BILLS.
WASHINGTON, Feb. 16.—The ways and means committee will report three tariff bills to the house during the present week. This much was determined upon at a meeting of the Democratic majority today and the measures to be reported are Springer's free wool bill, Bryan's free binding twine, and Turner's bill placing cotton ties, cotton bagging and machinery for making the same, on the free list.

OREGON PACIFIC.
ALBANY, Or., Feb. 16.—A construction train and a force of men were sent to the front on the Oregon Pacific yesterday to put the road in good repair to the extreme end of the track, preparatory to a resumption of the work of construction, which it is announced will be pushed vigorously forward this summer across Eastern Oregon.

SILVER COINAGE.
WASHINGTON, Feb. 16.—Williams, of Massachusetts, from the committee on coinage, has submitted the views of the minority on the Bland free coinage bill. The character and purpose of the bill are outlined, and the report says, in part: "The gold dollar is not only the best, but the only honest dollar in which obligations can now be discharged, but, under a plausible theory or a confident prophecy, citizens may be led into repudiation which they would not consciously approve. To make this bill understood as a measure of repudiation, is to secure its defeat. It is perfectly clear that the very moment the treasury department of the United States shall refuse to pay gold coin upon demand, no one else will receive a silver dollar (10th) in lieu of one gold dollar. Because a single customer of the world for silver at that price has refused to purchase, it does not follow that the price of silver fixed by ratio in this bill can be maintained, even if our government is willing to receive payment of its debts in silver coin, and to pay its debt in gold exchange. The value of silver will be dependent alone not on the willingness of the government to keep up the exchange, but on its ability to do so. The minority

submits that the only possible result of the legislation proposed in this bill is the prompt suspension of gold payments by this government and the immediate adoption of the cheaper monetary standard of silver. International agreement is urged as necessary. The statement is made that the bill cannot raise the price of silver to the ratio of value, and will bring silver from foreign countries. Europe's stock of silver is set forth at \$1,378,000,000. Silver coming from abroad would destroy the gold standard, and savings bank deposits, artisans, and pensioners would suffer.

HAS LIT OUT.
DALLAS, Tex., Feb. 16.—J. P. Simpson, a business man of this city, who is well known throughout the south is missing, and creditors and people who have been duped are looking for him. It is said he took with him \$300,000 in cash. The grand jury is reported to have found several indictments against him.

IN DEFENSE OF EGAN.
LONDON, Feb. 16.—The Pall Mall Gazette yesterday published a long letter in defense of Egan, United States minister to Chile. The letter was sent from Valparaiso by "an English and conservative."

PROMOTIONS.
WASHINGTON, Feb. 16.—The house today passed a bill to establish lineal promotion in the army. The bill provides that promotions in the several lines of artillery, cavalry, and infantry, up to colonel, be by seniority; in the next lower grade, according to original entry into the regular service as a commissioned officer.

THE COOLEY GANG.
KINGWOOD, W. Va., Feb. 16.—The notorious Cooley gang, which has been the terror of the Pennsylvania border for years, has resumed operation in this county. On Friday night five masked men entered the house of Farmer James Yobe, living in a lonely place ten miles from here. They bound Yobe and burned his feet with hot irons until he gave up his money, amounting to nearly \$300. Sunday night a similar attempt at robbery was made in Brunston, but the desperadoes were frightened away. A reward of \$1000 each has been offered for the capture of the Cooleys, dead or alive.

FIRE AT COLVILLE.
SPOKANE, Feb. 16.—A fire last night at Colville, Stevens county, destroyed the old Dominion hotel. At one time the entire business section of the city was menaced, and buildings were blown up with dynamite to check the rush of the flames. The loss on the hotel was \$5000, on which there was an insurance of \$1800. The building was owned by Mrs. A. E. Bendist, of Medical lake. The loss on the furniture was about \$500. County Treasurer Rieky lost all \$1800 by the destruction of his store building. Other losses aggregated about \$800.

THREE MEN SUFFOCATED.
ASHKEN, Colo., Feb. 16.—The Mollie Gibson mine was the scene yesterday of a terrible accident which caused the death of three men. The men were in a shaft, and in order to get rid of the dirt and rock, bulk-headed the shaft at the fourth level adjoining. The workings of the chute became choked up, and water was found on the shale and rock in it to make it move. Through carelessness the men stopped on the mass of dirt taking no precaution for safety. The dirt suddenly gave away and started down the chute, carrying Michael Egger, W. L. Sharp, and Michael Caples with it. They were suffocated.

KILLED BY WILD DOGS.
WICHITA, Kan., Feb. 16.—John Pratt and his young daughter, who lived near Leonard, Sherman county, were the victims of wild dogs which infest that part of the state. They were returning home from Leonard when they were set upon by the animals. Their remains, horrible mangled, were found about a mile from home, and the carcasses of several dogs show that a fierce battle was waged before they were overcome.

LIBERAL BEQUESTS.
SAN FRANCISCO, Feb. 16.—An evening paper says ex-Senator James G. Fair today made his will, bequeathing \$500,000 to charity, of which \$200,000 to the Catholic Orphan asylum, in memory of his late wife; \$200,000 to the Protestant Orphan asylum of the city; and \$100,000 to the Hebrew Orphan asylum.

STILL MISSING.
SAN FRANCISCO, Feb. 16.—The whereabouts of Mrs. Sarah Althea Terry, who suddenly disappeared on Saturday, is still a mystery, nothing having been heard of her up to today.

THE CURTIS TRIAL.
SAN FRANCISCO, Feb. 16.—In the case yesterday the defense stated that they would prove that Curtis was not left-handed, that the nipper on the right wrist would have prevented him from being able to shoot Grant, and that he did not do the shooting. The defense claimed that the witness had been tampered with by the police, and that testimony has been suppressed. Attorney Wilson reviewed the case, and said that on the night Curtis was arrested he was under the influence of liquor. The defense would prove that by Mrs. Abbott that there were three persons present when the shots were fired. Two ladies saw the man, not Curtis, run up 5th street after the shooting, and Rev. W. W. Davis would testify to the effect that the bruises found upon Curtis were made by a robber who

made the assault on him. The defense would show that Curtis was not in the habit of carrying a revolver, and had none on him that night; that Curtis had no motive for shooting Grant, and the man who robbed Curtis of \$240 was the man who fired the fatal shot. Curtis took the stand and related the circumstances of meeting a man who knocked him down and robbed him, and of the arrest by Officer Grant. When the shots were fired Curtis did not see them, but thought they were meant for him, and ran. He did not recognize the man that assisted him; did not have a pistol that night; had been accustomed to use pistol in the county of "San Joaquin"; is not left-handed, but uses his left hand as much as his right. For three or four weeks after the shooting had violent pains in the head.

NOMINATION.
WASHINGTON, Feb. 16.—The president today sent to the senate the nomination of Samuel H. Byer, of Iowa, to be United States consul-general at St. Gall.

PUBLIC BUILDING.
WASHINGTON, Feb. 16.—The senate passed a bill appropriating half a million for a public building at Salt Lake.

THE WHALEBACK WETMORE.
VICTORIA, B. C., Feb. 16.—The repairs being made to the hull on the port bow of the whaleback Wetmore are carried on vigorously by a force of the Albion Iron works. The repairs are to be finished in a few days, and the vessel will then load a cargo here and on the sound for eastern ports.

FOR WORLD'S FAIR.
PARIS, Feb. 16.—President Carnot today signed a bill allotting 3,250,000 francs for the exhibit at Chicago Columbian Exhibition.

CARNEGIE'S TRIP.
NEW ORLEANS, Feb. 16.—Andrew Carnegie, the millionaire manufacturer of Pittsburgh, arrived here accompanied by his wife and a number of friends. In an interview, Carnegie said: "The objective point of his trip, which is for pleasure, is Mexico. From there he goes to California, then to Portland, Oregon and home." Continuing, he said: "Relative to the iron industry, I can say the McKinley law is a blessing not only to manufacturers, but also to workmen. President Harrison will be the nominee of the Republican party, in the next campaign and he will be elected."

THE STORM IN ENGLAND.
LONDON, Feb. 16.—The cold weather, gales and snow storms which set in last night throughout the United Kingdom continues today. There has been a heavy fall of snow in London. Traffic of all kinds is greatly impeded and telegraphic communication is interfered with. In the English channel the gale is blowing with great violence and the service between England and the Continent is greatly delayed. Captains of vessels will not venture out until the storm abates. The highways are almost impassable, and if the storm continues much longer it will be impossible for them to be used at all.

FOUNDERED.
DUBLIN, Feb. 16.—A fishing boat foundered off Newcastle, County Down, and five of her crew were drowned.

ASYLUM BURNS.
JACKSON, Miss., Feb. 16.—Fire today destroyed two-thirds of the state lunatic asylum. A new wing that was just completed was not injured. Loss about \$250,000. Only one patient is known to have been burned, several narrow escapes are reported.

THE TENNESSEE MINES.
COAL CREEK, Tenn., Feb. 16.—Only one mine out of ten is being worked here. One hundred and twenty-three convicts, strongly guarded by troops, are stationed at Oliver Springs, but everything is quite there. Troops raided the quarry on Walden's Ridge and captured all the dynamite stored there. Company G, of the Second Regiment Tennessee Guards, consisting of eighty men, a galling gun and a six-pound howitzer, commanded by Captain Anderson, is in a strong position commanding the town and railway approaches. A number of shots are exchanged almost every evening between the miners and the troops. Several miners are reported wounded, and serious trouble is expected to occur any moment. Both sides are confident of victory.

A WELL-AIMED RIFLE SHOT.
GUTHRIE, O. T., Feb. 16.—Three young ladies of this place, Misses Lida Hayes, Cora McPherson and Lulu Saunders, met with a serious accident while horseback-riding yesterday. Their horses becoming frightened, dashed away at break-neck speed; and the equestriennes were soon unseated. Miss McPherson was badly cut about the head, and Miss Saunders had her nose broken. Miss Hayes suffered even more severely than her companions. In falling her foot caught in the stirrup, and she was dragged some distance. An unknown man, evidently a crack marksman who happened to be in the neighborhood, saved the young lady's life by bringing the maddened animal down with a well-directed shot from a rifle. Miss Hayes, though her life was saved by this fortunate occurrence, was terribly cut and bruised, and had an eye torn from its socket by the horse's hoof.
