GRAND OPPORTUNITY.

Salem has two grand opportunities now or railroad connections—one with the eastern extension of the O. P. another for a line to Astoria. The latter would ensure the former. Have we men with the nerve to attempt it?—Journal. While you are contemplating the scheme it might be well to start another, that of building a railroad to the moon. If our sister city would not railroad as well as she acts baseball there would be R. R.'s in all directions.—Albany Democrat. Salem does things in the Salem way. If she undertook to build a railroad to the moon it would go.

KINDERGARTEN RALLY!

Education for the Little Ones Takes Well—An Association Formed.

There was a well attended meeting Friday evening at the old Unitarian hall. The three kindergarten teachers were there, as well as the ladies who have been working up the cause of the new education. Several ladies who have taught children in special lines, and a number of the best and most progressive teachers of the public schools. Prof. E. H. Anderson of the East school called the meeting to order and a chairman and secretary were chosen.

THE SPEAKERS.

Rev. Robt. Whitaker, P.S. Knight, Prof. Hawley, of Willamette, Miss Capwell, Dr. and Mrs. Philbrook and others. There seemed to be a prevailing sentiment that it was desirable to organize a permanent Kindergarten association. An executive committee was appointed composed of the following workers: Mrs. Dr. Philbrook, Mrs. J. Q. Wilson, Miss H. E. Colburn, Mrs. P. S. Knight, Mrs. Wheeler, Miss C. L. Coudon, Mrs. C. R. Kellerman. The committee is called to meet Monday afternoon at 4 p. m. at Mrs. Wilson's residence.

AN UNJUST ORDINANCE.

Teamsters on Street Works Asked To Pay \$15 License—They Should be Relieved of This Tax.

THE JOURNAL has always upheld the enforcement of city ordinances and the officers of the law in doing so. The city marshal and recorder are only doing their sworn duty in enforcing the ordinance requiring teamsters to pay a \$15 yearly license. While it is hard on the score of teamsters who are doing about ten days work on the dump of the electric railway extension, the officers are only doing their duty. Those teamsters who have paid must acquiesce in the city council.

IT IS AN OUTRAGE

on these dump teamsters to assess them fifteen dollars. They are not teamsters in the sense of competing with teamsters who do miscellaneous hauling about the city all the year around and who do compete to a certain extent with moving wagons, drays and vans for express household goods.

The men attempted to be assessed are mostly poor working men, who with their teams, (and some with their families) have been on short rations all winter and this is their first chance to earn a few dollars. For this they are asked to pay this unjust tax.

THE ORDINANCE

is unjust and should be amended at the next session of the council. If the city proposes to do street work on a large scale this year and at times employ one to two hundred teams on the streets and tax them \$15 apiece it may wish as much justice tax the shovellers.

GRUB OAK.—

Plenty of it delivered promptly in any quantity, Salem Truck & Dry Co. 227-1st.

Wm. Eargant now has his stock removed to 311 Commercial street, near the First National bank, and although the goods are not yet arranged on the shelves customers keep all hands busy supplying their demands. It will only be a short time until this popular establishment is again well known to the trading public.

The Salem Democratic club meets at Grange hall this Saturday evening at 7:30 o'clock, when a good attendance is requested.

All the crockery, glassware, lamps, etc., at Gilbert & Patterson's will be sold at cost to close out the stock.

SANDY OLDS FREE.

The Portland Gambler to Be Well Received on His Arrival at Home.

His appearance.

This celebrity of Portland was released this morning early. His time was out and he told Prison Superintendent Downing that he wanted to get down in town in time to see some of his Salem friends. Mr. Olds has been a model prisoner and appeared on the street shaved, clipped and dressed as a perfect gentleman.

HE IS A WELL PRESERVED, SOLID LOOKING MAN.

After taking a lunch at the Willamette he ordered a cab to take the 1:45 train for Portland. "Never mind the fare, Mr. Olds," said the hackman. "It's a free ride this time." "No, thank you," said the gambler, "I had a free ride coming up, and can afford to pay this time." He threw the driver a dollar and seemed happy and contented. A letter from his wife informed him that a large delegation of his friends would be at the train at Portland to meet him.

THE COUNTY COMMITTEE.

Republicans in Council at The Willamette—A Large Attendance.

"This is Saturday, Feb. 27, and 2 o'clock having arrived, I will call the county Republican central committee to order. Gentlemen, what is your pleasure?" said Chairman John Knight, as he looked around with pleasure upon the splendid body of men who filled the parlors of Hotel Willamette. The secretary read the call for the meeting.

Roll called showed members of the committee present almost to a man.

The gathering was a large one and reflected credit on the party. Most of the candidates for county office were present and took a deep interest. The routine work before the committee such as apportionment of delegates, location of meeting and time for holding the convention occupied most of the afternoon. J. W. McKinney was chosen secretary. Members of the county committee from new precincts were elected. The organization was completed at this evening's JOURNAL went to press.

TO LIBERATE CUBA.

Cuban Residents of New York Preparing to Do.

New York, Feb. 27.—The World yesterday published an article declaring that another revolution is on foot to liberate Cuba. Preparations, it says, are in active progress in this and other cities, as well as upon the island itself. When it will break forth is not yet known, but from all indications, all the plans of the leaders are nearly ripe, and the first blow may be struck within a few days. The movement, it is stated upon good authority, is to be the largest and most completely organized ever inaugurated for Cuban independence. There are said to be 8000 Cuban patriots in this country ready to join in the war. In Cuba the Revolutionist's party is also actively preparing for the outbreak, and when the word is given the forces on Spanish and United States soil will act in conjunction for the overthrow of the Spanish yoke. The plans have been in progress for several months. New York has been made headquarters, but so much secrecy has been maintained that the news of the contemplated uprising only leaked out yesterday. Then it became known that for several months past meetings of Cubans have been held in the cities of Tampa and Key West, Fla., and during the past few weeks in New York for the purpose of organizing an army and raising funds to assist the residents of Cuba who are dissatisfied with the Spanish government.

In New York three revolutions clubs have been formed, and another club will be organized tomorrow. The names of the clubs are the Los Independents, the Jose Marti club (named in honor of its promoter, Senor Jose Marti, the Uruguayan consul) and the Penos Nuevo.

Next Sunday the Porto Ricans of New York will form a revolutionary association. A Cuban now in this city, who is one of the most prominent in the movement, says the people of Cuba are dissatisfied because the Spanish government did not carry out the reform which it promised after the late revolution.

The clubs in this country, he said, have been thoroughly organized and their plans have been mapped out in good shape. The revolution, he added, would come very soon. Two coasting vessels left this port a few weeks ago, and it was reported that each one carried a cargo of arms for Venezuelan insurrectionists, but it was said in Spanish circles a few days ago that the arms were landed at Key West, and were destined for use in Cuba. R. A. C. Smith, the well-known Wall-street banker, has immense interests in Cuba. He recently returned to the United States from an extensive trip in the West Indies. When spoken to regarding the probable revolution, he scouted the idea, and said the island was never in a more prosperous condition.

The platters, he said, were investing their money at home, and that fact demonstrated to him that they have no idea of revolution.

Wonderful Results

the use of Hood's Sarsaparilla. Severe cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating complaints of the kidneys and liver, agonizing itches and pains of rheumatism, discharges from the bowels, and all the ailments which attend a diseased and impure blood, are cured by Hood's Sarsaparilla. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every function of the body. Give it a trial.

General Debility

For four years my wife suffered with general debility, the bowels under her arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result: She has gained in weight

From 34 to 111 Pounds

and is stronger and in better health than she has been for years. The bowels under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time." J. J. Nonchess, 226 Commercial Street, Boston, Mass.

Pimples.

The old idea was that facial eruptions were due to a "blood humor," for which they gave potash. This old Sarsaparilla contains potash, a drastic mineral, that instead of decreasing, actually creates more eruptions. You have noticed this when taking other Sarsaparillas. It is however now known that the stomach, the blood creating power, is the seat of all vitiating or cleansing operations. A stomach clogged by indigestion or constipation, thickens the blood, results in pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern idea to regulate the bowels and stimulate the digestion. The effect is immediate. A short testimonial to contrast the action of the potash Sarsaparillas and Joy's. Mrs. C. D. Stuart, of 60 Hayes St., S. F., writes: "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently, I tried it and the pimples immediately disappeared."
