EXPRESS THEIR PREFERENCES.

SALEM BUSINESS MEN INTERVIEWED ON THE VIADUCT.

NEARLY ALL FAVOR A STONE ARCH.

Give Workmen a Chance to Get a Dollar in Their Pocket.

A JOURNAL Reporter has interviewed nearly all the Salem business men on their preferences as to how the South Commercial street viaduct should be built. There is an almost universal demand for a stone bridge. Several suggest the very excellent idea that the arches be sprung of brick work. Brick would make a lighter arch and would be more beautiful than rubble or scable masonry, and the figures indicate that it would be cheaper.

NEARLY ALL FOR STONE.

Z Craver: Build it of stone and it will last a thousand years.

W. W. Martin: Build it of stone and turn the arch of brick. A sixty foot arch will take 198,000 brick.

Postmaster Gilbert: Stone!

Gilbert Bros: A good stone bridge would last for eternity almost.

A. Klein: A good stone viaduct will last forever. Give workmen a chance to get a dollar in their pockets.

J. H. Haas: Stone.

Dr. Richardson: If they build a bridge it should be of stone. That is the only kind to build.

John G. Wright: I am strongly in favor of stone. It will give workmen a chance. I like the idea of a brick arch, if one is too heavy for brick make two arches. Brick will make a lighter and better arch than stone.

Wm. Brown: I am heartily in favor of a stone bridge. As well keep the present as build of wood.

A. S. Brasfield: Stone. Then the money will be left right in Salem, every dollar.

Smith & Steiner: Give us a stone arch viaduct. It would be ornamental, permanent, and something to be proud of.

Jo. Fishburn: Stone will make a permanent job, and it will be done with forever. Labor is cheap and now is the most favorable time.

H. Stapleton: Plank and pile it. Pile and plank it. That will cost \$4000 to \$5000.

Geo. D. Goodhue: If the money can be raised, a stone viaduct every time.

H. M. Branson: They ought to build a good stone bridge.

Frank Dearborn: Stone or steel if we can afford it.

J. H. Albert: I am in favor of a good substantial bridge—if practicable, of stone.

Krauss Bros.: Stone—a good one that will stay there—full street width.

Ike Patterson: There must be some permanent improvement besides a good bridge or that street will have to be abandoned.

Geo. F. Smith: A well built stone bridge would be a fine permanent thing forever.

H. A. Thomas: Stone arch.

Sam Adolph: I am in favor of a good bridge.

A. Bush: Stone is the best material if it is not too dear. A brick arch would be all right.

Burton Bros.: Brick can be laid down at the bridge for \$7.00 to \$7.30 a thousand—good hard burned brick. It will cost \$6.00 per thousand to lay them, or \$2600 to \$2700 for a 60 foot brick arch, if it takes 200,000 brick.

W. W. Skinner: All the bridges built in this city hereafter should be built the full width of the street. There is no use to build it of wood. Build it of rock and spend the money for Salem labor.

H. B. Holland: Stone; we can work our own men and our own material.

Harritt & Melnyre: Stone or steel.

Rate Case Compromised.

The Union Pacific Abandons its Fight on the Railroad Commission.

Railroad Commissioner Colvig went to Portland this morning to accept the terms of a compromise with the Union Pacific railway company, by which its rate cases are taken out of court.

Referees Holmes, Chairman Colvig, District Attorney Bingham and Attorney General Chamberlain have scored a great victory, as this means the adoption of the commissioner's rat's. It has taken hard work to bring this about, and a great deal of hard work has been done the past few days. District Attorney Bingham was seen at noon by a JOURNAL reporter and said:

"I am expecting a telegram any moment announcing the final conclusion of the matters by Mr. Colvig, and we are feeling very happy over the result.

The terms of the compromise are that they adopt about a 75 per cent. out of the rates fixed by the commission.

They adopt the commissioners' rate on live stock, which in many places amounts to a reduction of \$20 a car, as from Huntington to Portland it was \$85 a car and will now be \$65.

On live stock over the Union Pacific this means hundreds of thousands of dollars into the pockets of Oregon ranchers. The live stock rate is still high, but we have made a great advance toward lower rates. In place of a cut of \$10 a car from the Dalles to Portland on all grain shipments, the company accepts a \$7.50 reduction, or 75 per cent. of what the commission proposed.

The cut on the Southern Pacific rate is less than on the Northern Pacific but they are still fighting. They are however liable to adopt the reductions too and that will put an end to the litigation and the lower rates will go into effect all over the state at once."

Official Call for the Marion County Republican Primaries and County Convention.

AT THE COAL MINES.

The Blair Forward Mines to Be Sunk Deeper.

E. F. Paskhurst, H. W. Cottle, W. H. Riddell and Geo. Whitworth went to the Blair Forward coal mines Monday on an inspecting tour, and determine upon a future line of action.

As is well known to our readers, Messrs. Paskhurst and associates have an option on the property and are seeking Eastern capital to develop it. They have just returned from a trip among the coal mines of Puget sound and British Columbia, and brought Mr. Whitworth of Seattle, a coal property expert, back with them.

Mr. Whitworth's judgment of the coal mine is quite favorable and his counsel is such as to incline them to go deeper at once. The mine will now very likely be developed at an early day.

LOCAL AND PERSONAL.

Senator John B. Loney of Jefferson is in the city on business.

Will Alexander leaves for his home in Paris, Mo., this evening via San Francisco.

Hon. John H. Hall of Portland was shaking hands with his many Salem friends yesterday.

Marion county has fallen into line.—Albany Democrat. If you mean the Democratic line, guess again.

The city council will meet this evening in the Capital Engine rooms.

J. J. Fuses will occupy the Barr & Petzel room as soon as they move into their new quarters.

A telephone line is to be added to Corvallis, McMinnville and Independence to the present Portland and Salem telephone circuit.

The Poultry and Pet Stock association meet at the The Willamette this evening to arrange for the show in March.

The executive committee of the Salem Kindergarten association met at Mrs. J. Q. Wilson's yesterday afternoon and held an enthusiastic meeting. It was well attended and adjourned to meet with Mrs. Dr. Philbrook Thursday at 4 p. m.

As a toilet luxury, Ayer's Hair Vigor cannot be equaled. It is highly perfumed, and keeps the scalp clean and cool.

Prohibition meeting in I. O. G. T. hall, the regular weekly place of meeting, this (Tuesday) evening at 7:30 p. m. A full attendance is respectfully solicited. Good program, good music. Free to all.

Nothing equals Ayer's Sarsaparilla for purifying the blood, and as a spring medicine.

Jay C. Smith, president of the Salem baseball club, leaves this afternoon to attend the meeting at Seattle, of the league which meets tomorrow at 10 a. m. Manager Lytle of the Salem team reached St. Louis today but has made no engagements yet.

C. A. Beach, who has been with Mitchell & Co., railroad ticket agents, and another young attorney whose name the reporter has so far been unable to learn, have rented the old DeLeon barbershop stand for a law office.

Remember the SUPPER at Channing hall this evening. Supper 25 cts. an entertainment of music, songs and recitations and other social recreations thrown in. There will be room for all, and all will be welcome. Supper served from 5:30 to 8 and a good time afterwards.

There was a large attendance at the meeting of the Hawkeye club at the residence of Mr. and Mrs. Johnson, Chemeketa and Church streets, last night. The hostess proved a delightful entertainer and added the charms of good singing by herself and husband to the pleasures of the evening, accompanied by guitar.

The Albany Democrat seems to take pride in copying the following: A Salem paper says that when "Sandy" Olds shot Emil Webber he was a Republican, but that he emerges from the penitentiary a full fledged Democrat. It is thus apparent that the Oregon penitentiary is a great reformatory institution.—Portland Welcomes. Do you mean, that if a man is not a Democrat when he goes in, he is sure to come out one?

Heilenbrand's is the stand-by restaurant, as its constantly growing business indicates.

Pure Oregon lard, the best on earth, at the Electric. Simpson Bros.

Bad Blood.

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effete matter.

The old Sarsaparilla attempts to reach this condition by attacking the blood with the drastic mineral "potash." Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It cleanses the liver, kidneys and bowels and invigorates the circulation, and the impurities are quickly carried off through the natural channels.

Charles Lee, at Beaulieu's Third and Market Sts., S. F., writes: "I took Hiverillated blood and while on the first bottle became convinced of its merits, for I could feel it was working a change. It cleansed, purified and invigorated me up generally, and every thing is now working full and regular."

No Other Sarsaparilla has the merit by which Hood's Sarsaparilla has won such a firm hold upon the confidence of the people.

No Other combines the economy and strength which make "100 Doses One Dollar" true only of Hood's Sarsaparilla.

No Other possesses the combination, proportion, and process which make Hood's Sarsaparilla peculiar to itself.

Hood's Pills cure sick headache.

Wm. Hargrett now has his stock removed to 311 Commercial street near the First National bank, and although the goods are not arranged on the shelves customers keep all hands busy supplying their demand. It will only be a short time until this popular establishment is again well known to the trading public.

All the crockery, glassware, lamps, etc., at Gilbert & Patterson's will be sold at close out to the stock.

BEHIND THE SCENES.

Fred G. Berger has been manager for Sol Smith Russell for twenty six years.

Miss Molly Elliott Seawell is to dramatize her story, "Maud Marian," for Kossuth Vokes.

Mr. Arthur F. Warde is now the business manager for his father, Mr. Frederick Warde.

Marie Ogden was lately married to Mr. H. L. Spence, and has retired permanently from the stage.

The oldest member of the dramatic profession, Chollet, died recently at Nevers, France. He was born in 1793.

Charles Perkins, a handsome burlesque, formerly of Dixey's "Adonia" company, was married recently in New York to J. W. Black, of the "Natural Gas" company.

Augustus Pison has decided to send "Mavorness" the play in which W. J. Scamian was acting when he became insane, on the road again, as soon as a trustee can be appointed to attend to Mr. Scamian's interest in it.

It is a fact that Rubinstein, the famous composer and pianist, will visit America next season. Abbey & Grant have him under contract for forty concerts, beginning next November. He is guaranteed \$150,000 and traveling expenses.

The "Journal of a London Playgoer from 1851 to 1886," by Henry Morley, which has been out of print for some time, has just been re-published, with a complete index by the author, which greatly increases its value as a book of reference.

Judic's jewels and other treasures brought absurdly low prices at auction. A diamond necklace worth \$5,000 was sold for \$1,000, and the lace were almost given away, one fine princess dress in point applique going at nineteen dollars.

The annual report of the Comedie Francaise shows a profit of \$70,000. This will give \$3,200 to each sociétaire. In the course of the year 1891 eleven new pieces, including Sardou's "Thermidor," were produced and twelve plays of its old repertoire revived.

TURF TOPICS.

Connecticut is to have another trotting track, to be located near New London.

J. Malcolm Forbes now owns Arion, 2:10; Nancy Hanks, 2:09, and Hourie, 2:17.

Some one has figured out that the sons and daughters of Abdallah have trotted 352 heats in 2:30 or better.

In 1891 the people of Paris alone consumed 21,391 horses, 229 donkeys and 40 mules, the meat weighing 4,615 tons.

The value of the purses given by the Ontario Jockey club, of Canada, increased from \$3,785 in 1885 to \$13,779 in 1891.

During the season of 1891 the 2-year-old Sirius defeated twenty-five different 2-year-olds, with records from 2:23 upward.

The French government spends \$18,000,000 per year on its public highways, but their horses draw a ton and a third without trouble.

In Belgium, Germany and Italy, where the roads are kept good, one horse can do as much service as three in the bad road districts of America.

One of the mares that C. F. Emery will send to California to be bred to Sidley, 2:19 1/2, is a daughter of the celebrated old pacer, Mattie Hunter, 2:19 1/2.

Isaac Sanderson, of Willimantic, Conn., owner of Aleyo, 2:16 1/2, expects his 4-year-old Viking filly Queen Esther, 2:36 1/2, to trot well down in the twenties the coming season.

Dan Mace used to say of James Dustin: "He is the only man I ever started against that did not know when he was beaten. No one was ever sure of a race until their horse's head was under the wire in the third heat when Jim was in the race."

N B HILL.

THIS beautiful, elevated and slightly tract of land, on the new southerly extension of the Electric Street Railway, has been platted, surveyed and staked out in blocks and lots as an addition to the City of Salem, and the streets are now being opened. The grounds are clear and seeded in grass, soil is good, no gravel or rocks. The under current of pure water from the mountain ranges forced upward to within 40 feet of the surface by the underlying strata, in addition to a 75 foot pressure from the big reservoir of the Salem Water Co., insures a never-failing supply of pure water. This, in connection with the excellent natural drainage due to the elevation of the property, gives it all the advantages for desirable homes in a healthy locality. This property will now be put on the market at low prices for SIXTY DAYS, when it is expected the street car service will be in operation. Maps of the property can be seen at the office of J. C. Booth in Ladd & Bush bank block; Spalding & Rogers in the Bush-Breyman block, and the well known firm of Thomas & Johnson, next door to the Statesman office. Any of these gentlemen will answer all questions and show the grounds to persons wishing to purchase, or on application to the proprietor, who may be easily found, will be attended to.
