There was a large attendance, all the members, and the mayor in the chair. The minutes were read and approved.

**REPORTS OF COMMITTEES.**

The committee on ordinances reported favorably on the ordinance governing expenses of intersections of streets. Johnson opposed having the city pay for intersections. It would stop street improvements. Report was adopted. The committee reported amendments of ordinance granting franchise to Salem Street Railway company. Adopted.

**BILLS ORDERED PAID.**

Work on sewer Carl Baker, \$5.25; H. H. Robinson, \$13.75; J. Jaquet, \$13; C. A. Rice, \$7.50; W. L. Yates, \$8.75; Hank Callahan, \$2.25; Oliver Higginbotham, \$2.25. J. W. Edes for \$10.50 was allowed.

**COMMITTEE ON STREET AND PUBLIC PROPERTY** reported a petition of property owners for new sidewalks. So far as refers to Marion from 14th to 15th and on Court, adopted.

Same committee reported favorably on ordinance to fix grade on Oak street. Adopted.

Same committee reported on ordinance relating to establishing grade on Front street. Adopted.

Same committee reported adversely on a petition of Baker & Strong to put in sewer connection for Ben Wetzel. Mr. Moores said the city had no jurisdiction. Adopted.

Same committee reported that they had examined petition of Salem Flouring Mills Co., for rebate of \$31.80. Asked reference to city attorney. Adopted. Mr. Richardson reported that the above charge was for superintendence of a \$637.50 job. It cost the city more than had been charged. Adopted and petition laid on table.

Mr. Hunt reported on Commercial street viaduct detailed statement of bids received and spoke favorably of the Portland Bridge & Building Co.'s bid of \$13,505. Approximate estimates based on stone work bids ranged from \$18,000 to \$23,000. He also showed a plan for a pile bridge, which he said would not cost the city much.

Mr. Hunt also stated that \$5000 could be got from the road and bridge tax.

Mayor D'Arcy called on Mr. Wakefield who made statements as to what the Portland Bridge Co. would do if a steel bridge was wanted. He said a cut stone arch would cost \$45,000. A brick arch could be built for \$25,000. A steel bridge would stand when the stone would be gone, etc.

Mr. Barnes said the company would pay what it would cost the Electric company to bridge the stream.

Lameroux spoke for a pile bridge to cost \$23,000.

Hunt said he preferred a stone bridge to any of the steel bridges.

Lameroux moved reference to committee on ways and means, to report at next meeting. Carried.

Johnson moved that plans and specification be got up and advertise for bids on a plank and pile bridge and report at the meeting of the council next Tuesday evening.

Hunt reported that the advertisement for bids on paving Chemeketa street had been published.

**REPORTS OF OFFICERS.**

and street commissioner be ordered to remove all obstructions from the north end of Front street along the railroad. Carried.

In case of John Savage, Jr., vs. City, Mr. Richardson asked to be ordered to appeal to supreme court. So ordered.

A representative of Studebaker Bros. Indiana Wagon works made statements about furnishing street sprinklers. The proposition is to furnish two 600 gallon tank sprinklers for \$920. A bond is given that they will work perfectly. Lafore moved that recorder enter into contract with the firm for two sprinklers. Hunt opposed as it was taxing all to benefit only a few. Two sprinklers would only help a small part of the city. Until the council knew what its liabilities were and what its resources were he opposed such an outlay. Johnson said this matter had come up today and he moved reference to committee on ways and means to report next meeting. Lafore opposed reference, and said the city could make money at it. Reference carried.

**TEAM LICENSES.**

Petition of Mr. May and others for rebate of teamster license. Hunt said the collection of this license was an emergency that was never intended to be done under the ordinance. Lameroux opposed. There were too many of these men now doing work outland. Johnson said some of these men had subscribed work to help build the road and were working it out when the license was collected. Lameroux said the teamsters in the city paid a big tax and needed protection. Moores moved rebate of one-half. Lost. On question of remitting four voted aye, two no.

**Bad Blood.**

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effete matter.

The old Sarsaparilla attempts to reach this condition by attacking the blood with the drastic mineral "potash." Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It arouses the liver, kidneys and bowels and invigorates the circulation, and the impurities are quickly carried off through the natural channels.

Charles Lee, at Beaman's Third and Market sts., S. F. writes: "I took it for vitiated blood and while on the first bottle became convinced of its merits, for I could feel it was working a change. It cleaned, purified and braced me up generally, and everything is now working full and regular."
