**BIRTHDAY PARTY.**—At the residence of Mr. and Mrs. Willard on Center street last Tuesday evening a merry crowd of young people assembled in honor of the 18 birthday of Miss Mabel Weller. The evening was spent in cards, dancing, and recitations, after which the young ladies retired to the dining room where a most delightful lunch was spread, and all present partook of the luxuries thereof. Those present were: Mr. and Mrs. Willard, Miss Sperry, Miss Mable Weller, Miss Bertha Foster, Miss Mary Vanderpool, Miss Kitty Harbord, Miss Jennie Booth, Ella Argegg, Addie Denham, Addie Good, Miss Edna Knight, Miss Lena Bier, Miss Leona Gilmore, Messrs. H. H. Craven, H. D. Patton, Henry George, D. A. Dinsmore, Howard Davis, Fred Walters, Oat Shirley, Tom Gilbert, H. T. Booth.

**CHANGE OF MEETING.**—A public meeting for the organizing of a kindergarten association is appointed at the Kindergarten hall Wednesday evening, March 7th, at 7:30. This hall was formerly known as Unitarian hall and is opposite the opera house.

**AMENDE HONORABLE.**—On the occasion of the recent high-class musical concert held at the First M. E. church in this city, Senora Manuela Florez, who has become known to a number of Salem people as an accomplished musician, was on the program for a Spanish song, Miss Florez was encored and very heartily received. It was her first appearance in Salem, and a great injustice was done to her talent and ability as a singer by the correspondent of THE JOURNAL who reported the concert and omitted mentioning her part.

**DEMOCRAT CO. COMMITTEE.**—A call has been issued for the meeting of the Democratic county central committee at Salem on the afternoon of Saturday, March 12th, at 1 o'clock. The place of meeting will be the reading room of the Willamette Hotel. The Democrats in the newly created precincts are requested to send representatives to the committee meeting.

### Reply to Hetzler's Card.

In your excellent paper of today—which has been a faithful and welcome visitor at our home for the past year—I find a short article upon the name of P. C. Hetzler, in which he affirms, as he says, for the information of the people that the ministers who authorized the announcement of religious services to commence in the Cumberland Presbyterian church March 7, 1892, are seceders and have no membership or ministerial standing in the United Brethren church.

Now, I wish to say through THE JOURNAL for the information of the people, the truth loving people, that his assertions are without the least foundation or shadow of truth, and the publication of his mendacious untruth manifests the very spirit of the Scribes and Pharisees, who would neither enter into the kingdom of heaven nor suffer others to enter. Time and space in your paper will not allow me now to present all the evidence of the base falsehood of the publication spread broadcast to hinder the success of the work of the ministry in saving souls. Poor revolutionary, selfish man, I pity and pray for him. I can testify from a knowledge of the church by fifty-one years of unbroken membership in said church, and forty-five in her ministry, and my acquaintance with those men that they are members and ministers in lawful and regular standing, and highly esteemed for their work's sake.

And now that the falsehood of the said P. C. Hetzler may be clearly established and the public mind disabused, I offer the following proposition for public discussion:

Resolved, That the so-called Liberal United Brethren in Christ have a creed and constitution, which were adopted in violation of the constitution of the true church of the United Brethren in Christ of A. D. 1841.

I will find a man in the Oregon conference who will affirm the above P. C. Hetzler or any other of those who seceded from the true U. B. church with him on the 13th day of May, A. D. 1889, at York, Pa.

R. LOGGAN.

### Free Kindergarten.

The following from the Albany Democrat has a direct application to Salem and is a matter of greatest importance:

Next Monday evening the annual school meeting will be held at the court house, and there should be a full attendance of voters. The matter of a kindergarten department for the public schools will be brought up. It is an important one. The school law reads: "That the directors of any school district in the state, which shall contain 500 inhabitants or more, may, when authorized thereto by the qualified electors of such district, provide for the establishment and maintenance therein, as part of the common school system thereof, schools commonly known as kindergartens." The kindergarten undoubtedly better prepares the little student for the studies that come after.

In Boston eighty-six primary teachers reported in favor of the kindergarten. One teacher said: "I have taught beginners 8 years, and have received from six to twelve pupils each year from the kindergarten. I have found that such children are trained to see accurately, work carefully and correctly, and have their imagination and language developed. The effects of this training stay by them, and show in all their future work. They learn to read more easily and much faster than others. Their power of language is a great help, and the general culture shows itself noticeable. Most kindergarten children have a kindly, polite, unselfish way with their playmates, which is a great comfort."

It is believed by the friends of the system that the move is in the line of economy of both time and money in the end. The extra expense necessary for the kindergarten is more than compensated for by the saving of the time of the pupil in the after course. The children who have had good kindergarten training stand on vantage ground all through their school work, for they have a better knowledge of language, of form and number than other children, and they have learned to use their hands, eyes and ears in ways to gain information and stimulate thought. Hence the subject of vital importance to all parents, teachers and school officers who are working for the happiness

and success of the children—the future citizens of the state.

No Other combines the economy and strength which make "100 Doses One Dollar" true only of Hood's Sarsaparilla.  
No Other possesses the combination, proportion, and process, which make Hood's Sarsaparilla peculiar to itself.

### GENERAL NEWS NOTES.

Mrs Sarah Turrell, an old resident of Pendleton, has become insane on the subject of spiritualism and been committed to the asylum.

The mining interests of Curry are on the look out again. Several discoveries have been made lately which are thought to be valuable. J. A. Cox exhibits ore from a ledge he found on Flies. He does not know what it is worth, but has sent 100 pounds of the ore to San Francisco to have it assayed. Curry county's mines will play no unimportant part in her affairs yet.

Monday evening the Umatilla County Pioneer association was organized at Weston, a big meeting being held for the purpose at the bank building, and has been incorporated under the jurisdiction of the state association. Some time in May a grand reunion of all the pioneers in the county will be held at Weston, a barbecue and picnic to be among the attractions.

Mrs. Harriet Kimball Jewett, who died at Astoria Tuesday, aged 83, was one of Oregon's earliest pioneers, and a member of the Whitman party, which was massacred by the Indians, Mr. Kimball, her husband, being among the killed.

When coming across the plains in 1847, two of her children, a boy and a girl, died. The deceased is the last of the widows of the Whitman massacre. She was born in Vermont, and leaves seven children—Mrs. Susan M. Wirt, Nate M. Kimball, Byron S. Kimball, Mrs. S. Munson, Mrs. A. J. Megler, T. S. Jewett and Mrs. F. H. Surprenant.

A highwayman has been operating on the public road three miles below Eugene without much success. His first experience was with Levere, who told the fellow that he was only "a poor old tramp." The robber then asked him if he had any chewing tobacco, and having received a large plug of that necessary article lowered his shotgun and permitted Mr. Levere to go on. The next passer-by was a free Methodist minister, and when he informed the highwayman of his vocation the latter said: "Go on. If you are a preacher, you haven't got any money."

The city of Weston has purchased a first-class hose cart and all necessary apparatus, to be used in connection with the waterworks system, and will soon have admirable fire protection. A fireman's hall will be erected on Main street and an alarm bell placed in position. Weston citizens propose to prevent any more such disastrous conflagrations as have visited their city in the past.

Tom Read, a well known pioneer of this valley, has written a letter saying: "I am worn out with weight of years and tolling for the

Bad Blood.

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effete matter.

The old Sarsaparilla attempts to reach this condition by attacking the blood with the drastic mineral "potash." Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It rouses the liver, kidneys and bowels and invigorates the circulation, and the impurities are quickly carried off through the natural channels.

Charles Lee, at Beaman's Third and Market Sts., S. E., writes: "I took 100 bottles of blood and while on the first bottle became convinced of its merits, for I could feel it was working a change. It cleansed, purified and broadened me up generally, and everything is now working full and regular."

### NOB HILL.

THIS beautiful, elevated and slightly tract of land, on the new southerly extension of the Electric Street Railway, has been platted, surveyed and staked out in blocks and lots as an addition to the City of Salem, and the streets are now being opened. The grounds are clear and seeded in grass, soil is good, no gravel or rocks. The under current of pure water from the mountain ranges forced upward to within 40 feet of the surface by the underlying strata, in addition to a 75-foot pressure from the big reservoir of the Salem Water Co., insures a never-failing supply of pure water. This, in connection with the excellent natural drainage due to the elevation of the property, gives it all the advantages for desirable homes in a healthy locality. This property will now be put on the market at low prices for SIXTY DAYS, when it is expected the street car service will be in operation. Maps of the property can be seen at the office of J. C. Booth in Ladd & Bush block; Spaulding & Rogers in the Bush-Breyman block, and the well known firm of Thomas & Johnson, next door to The Statesman office. Any of these gentlemen will answer all questions and show the grounds to persons wishing to purchase, or any application to the proprietor, who may be easily found, will be attended to.
