### WILL NOT WORK.—One Wolfen-

barger and Huckins of Nebraska have been lecturing in other parts of the state and receive great applause in their work from Democratic and whisky papers. The Albany Democrat copies with great glee the following from the Ashland Record: "They lectured to a crowded house in behalf of the national Prohibition party. Their work made a fine subscription in money and a long list of names who pledged themselves to vote the Prohibition ticket provided that this list gets the names of 1,000,000 voters by next August. Wolfenbarger is from Nebraska and goes after the liquor issue like a big burly blacksmith handles a sledge hammer. H. maules everything in sight. He said the Democrats made no bones about being a whisky party. This received applause from the crowd, but when he said Harrison and Wana-maker were touring around the country drinking wine to the health of college boys; scored Wana-maker for that \$400,000 campaign boodle; tore up Levi P. Morton, our vice-president, for running a saloon at the nation's capital and said he was elected an honorary member of the liquor league, the crowd did not applaud his utterances. Wolfenbarger and Huckins are an able team in their work. The two gentlemen from Nebraska are 'rustlers' in their business. They can 'whooop up' a Prohibition audience in good style, and they raised between \$60 and \$70 in the audience to help along the cause." This may be gratifying to Democrats, but it is just such methods as the above that will forever keep self-respecting Republicans from getting into the procession.

### LOCAL AFTERMATH.

**DELEGATES TO STATE GRANGE.**  
At the meeting of Salem grange Saturday afternoon, Mr. and Mrs. J. B. Stump were elected and Mr. and Mrs. R. F. Cooley, alternates. The state grange meets at Albany in March.

**RESOLUTIONS.**  
The following pertinent resolution was adopted after discussion.

Whereas, It is the sense of Salem grange that the laws of Oregon provide for all citizens of Oregon, male and female, having the like qualifications of residence, being taxpayers or having children of school age, to vote at school elections.  
Resolved, That the votes of women citizens legally qualified according to the law of 1891 ought to be received and counted just as honestly and decorously as the votes of men.

### Y. M. C. A. OFFICERS.

At the directors' meeting Saturday evening the election of the officers of the Salem branch was held with the following result: President, H. S. Gile; vice president, J. A. Van Eaton; recording secretary, W. A. Moore; treasurer, F. M. Gilbert.

The directors drew lots for the length of their respective terms of offices as follows: Three-year term, J. A. Van Eaton, T. Holverson, Prof. E. B. McElroy, E. P. Spaulding and C. B. Bishop; two-year term, Dr. S. R. Jessup, F. M. Gilbert, T. C. Shaw, C. Marsh and W. A. Moore; one-year term, J. H. Albert, H. S. Gile, James Aitken, B. S. Cooke and one blank.

A temporary finance committee was appointed to consist of F. M. Gilbert, J. A. Van Eaton and W. A. Moore.

Articles of incorporation will now be filed. The meeting "for men only" conducted at 4 p. m., was largely attended to hear Mr. Dummett speak.

### THE VIADUCT.

Bids Opened on a Plank and Filing Full Width Bridge Over South Mill Creek.

At the last meeting of the city council the street committee was ordered to advertise for bids on a wooden bridge on South Commercial street, to be opened at the meeting Tuesday evening this week. The time set for opening the bids are given below.

### PUBLIC SENTIMENT.

is still strong for a solid stone arch bridge and if the council would heed the voice of taxpayers and property owners it would not spend a dollar on wood or steel, but build of stone or brick or both combined, fill in the street, cut down the bill, and make the street passable. There is no excuse for the city leaving the three blocks of Commercial street from the bridge south in an impassible condition, when the council is proposing to improve an almost purely residence street like Chemeketa. The council will be sustained if it heeds the almost unanimous demand of our business men and takes the steps above indicated that will give employment to our people.

### THE BIDS.

1. C. F. Royal, to remove and keep old bridge, \$3080.  
2. Same, to remove, and city to keep old bridge, \$3480.  
1. H. B. St. John, to remove and city to keep, \$3774.  
1. J. E. McCoy, to remove and keep old bridge, \$2491.  
2. Same, to remove and city to keep, \$2700.

**MILLS RUNNING.**—The big Capitol mills started grinding Thursday and have run day and night ever since. This is their first run since the trouble with the city council and it is very satisfactory to the men to have work again and they at least hope there may be no more interruptions.

**JERSEY BUTTER.**—Blue Front. Guaranteed eggs—Davison & White's.

### THE SALEM BUILDING BOOM.

This City Leading All Oregon Cities in Number of New Houses Going Up.

A bird's-eye view of Salem from Fairmount heights was enjoyed by hundreds of visitors Sunday. The clear sunlit skies, the bracing spring atmosphere, the beautiful river, valley and mountain scenery in all directions carried inspiration to the eye wherever it dwelt. The turf underfoot is becoming speckled with flowers, while all the tribes of flowering bulbs, like narcissus, daffodils, Easter lilies and violets are lifting their many-colored petals above the earth in gardens everywhere. On all sides are excavations, piles of brick and lumber and the annual spring building fever is fairly epidemic.

**PRESS THE BUTTON, ETC.**—A letter from Chauncey M. Lockwood states that his messenger system in Salem is doing better than he expected. The poles, wires and boxes will cost about \$1000, and it is already a paying investment, when only about one-half of the wires and boxes are up. The messenger boys work on commission for one-half of the receipts, so there is hardly any expense after the system is completed. — Eugene Journal.

**THE REAL ESTATE MEN** are busy as bees taking buyers to view their best bargains. New additions are being plated. At least fifty new houses are in process of erection and new contracts are being let daily. Mr. Jones' Nob Hill property and Mr. Burke's Pleasant Home property are in great demand. In all the additions there is great activity.

### THE P. H. D'ARCY BLOCK.

Bids were opened in the office of Architect Burgrad Saturday afternoon as follows: Plumbing, Bar & Petzel, \$342; J. A. Bernard, \$347. Iron—Salem Iron works, \$241; brick work—A. M. Sestanovich & Co., \$2127; Wm. Ratzburg, with plaster, \$3589. Gill & Gilson, \$230; James Tyler, \$200; Ryeconson & Hendrick, \$2300; Bud Chapman, \$2333. Complete—John Gray, \$780; Ed. Hutchins, \$787; Sweet & Sperry, \$8505.37; T. P. Welch, \$7719; Bud Chapman, \$7585; F. B. Southwick, \$8103.

The contract has not been awarded.

### CITY WORK.

For the location and natural advantages of Salem, an enterprising and progressive city policy would make this the first city on the coast. Street improvements are an absolute necessity, and the council should not rest with paving Chemeketa street. The old South Commercial street bridge is little better than a death trap, if left the way it is for "twenty years" as some conservative citizens would have it. The viaduct should be built and the street graded full width out to the city limits.

### THE SALEM Y. M. C. A.

Fifteen Hundred Dollars Raised in Fifteen Minutes—The Other Thousand Nearly Ready—200 Members.

The meeting at Insurance hall Sunday was called to order by President Gile, who briefly stated the object of the assembly. The greatest enthusiasm prevailed throughout. Two of the directors, Messrs. Albert and McElroy, also spoke briefly, and then Mr. Dummett delivered his address. Fifteen hundred dollars were subscribed in a few minutes for running expenses and equipment for the first year. Twenty-five hundred are required at once. The membership has grown to two hundred and it is safe to say that a Y. M. C. A. never was organized under more favorable circumstances. As soon as the money is raised the board of directors will take the further steps necessary for a permanent location of the rooms. Mr. Dummett will only remain in Salem a few days, when he goes to hold a convention in British Columbia.

### SILVER WEDDING.—Mr. and Mrs.

E. F. Parkhurst were made the recipients of a surprise Saturday evening, the silver anniversary of their wedding day. The members of the Hawkeye club got it up and all the arrangements were carried out to a dot. The couple were married over again by a minister protem in the person of Mr. Turner of the State Insurance company. A license properly made out and witnessed by the fourteen members of the club was produced by H. W. Cottle with his lady stood up with the bride couple. A presentation poem was read and the club gave the couple a silver nut bowl and crackers as a new start on the second half of the race for the golden mile post. They had entered the parlors to the tune of a wedding march and another march took all into the dining room where the lady members of the Hawkeyes had spread an immense wedding banquet, where the blushing groom and his winning bride took their places. The evening was spent in a pleasant manner as the Hawkeyes undoubtedly know how to do.

**MR. FAULL'S DEATH.**—Our dispatches bring the news of Hon. J. P. Faull's death at his home in Eastern Oregon. There are universal expressions of regret among state officials and public men at the capital city, over this untimely event. No man was held in higher esteem, and his death is a personal loss to all who knew him and a great loss to the state that had repeatedly honored him with public office and places of trust. He was foremost among Baker city business men in all enterprises, and an perfect gentleman and honorable man in all the relations of life.

### EXPECT WAR.—Salem Chinese

Vile and Unworthy

Of consideration are nostrums of which it is asserted—and there are many such—that they cure immediately bodily ailments of long standing. There are none such that can. Chronic disorders cannot be instantaneously removed. Continuity in the use of a genuine medicine, such as Dr. King's Sarsaparilla, is essential to a cure. It is a complaint which should be dealt with early and systematically. So are its attendant ailments, liver complaint and dyspepsia. For these, for malaria, rheumatism, kidney trouble and more recently "the grippe," this highly and professionally commended medicine is an undoubted specific. Nothing can exceed it, moreover, as a means of imparting strength to the feeble and nervous.

### Bad Blood.

Impure or vitiated blood is the cause of all the troubles that are caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the waste matter.

The old Sarsaparilla attempts to reach this condition by attacking the blood with the drastic mineral "potash." Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It cleanses the blood, and thereby investigates the circulation, and the impurities are quickly carried off through the natural channels.

Charles Lee, at Beaman's Third and Market Sts., S. E. writes: "I took Joy's Sarsaparilla for blood and while on the first bottle became convinced of its merits, for I could feel it was working a change. It cleaned, purified and braced me up generally, and everything is now working full and regular."
