THE PROGRESS AND THE MOS-BACKS.

As has been indicated in these columns that is the fight in this county that is most likely to displace all other issues. As is well understood, this paper has been inclined to a conservative policy. It has taken the farmer's side on many leading questions not to flatter the farmer but because it believed that right. When the prosperity of Salem and Salem's working people is in the scale we have always taken their side. That was the case at the late city election. We favored the side which promised to push permanent public improvements. We believe in that still.

When the Milling company asked favors, to give it a chance to still further improve its plant, we favored that because we want to see every factory running and every possible source of employment thrown open to our people. So in electing a delegation to the legislature, we believe in keeping the rapid development of this city in the foreground as the vital issue.

THE JOURNAL still believes in a policy of true conservatism. True conservatism means keeping our working people employed and every house occupied by a family and more new homes and factories and business enterprises and street railroads and motor lines and trans-continental railroads will follow.

The issue is progress vs. moss-backism. Mossbackism means vetoing street car franchises. Revoking their power to extend over county roads into the suburbs. Idle working men, Dead towns. It means, saying that the muddy streets and impassible roads that "were good enough for us 40 years ago are good enough now." It means saying, when you speak of advertising for factories, capitalists, etc., that "we have too many people here now."

It means no encouragement to railroads to build in here and hence no more railroads. It means no encouragement to manufacturers and hence no more factories. It means opposition to motor lines, to street car lines, to improvements of our streets and roads and to the general building up of a city here to good bridges and viaducts where needed. It means every man for himself, instead of working unitedly together for the public good. It means mossbackism.

Progress, means the encouragement of the building of motor and electric lines in the city, into the suburbs and along the county roads beyond. It means beautiful suburban residences. It means happy, contented, prosperous homes for our workmen. It means good wages.

It means prosperity instead of a grinding cent-per-cent business whereby a few get rich and the many keep poor. It means the grading and cleaning up of our streets, the building of a viaduct and good bridges where needed. It means the encouragement of railroads, motor lines and various industries instead of putting such restrictions upon them as to be prohibitory.

The great question before our people is mossbackism vs. progress, it is greater than politics, it is greater than anything else. It will not down. It is a question that decides the future of Salem we have the two elements here, everyone knows this. The triumph of one, means the building up of a beautiful, live progressive city. The triumph of the other means idle workmen, vacant houses. The time has come for a public choice to be made.

Foreign Items.

BUENOS AYRES, March 12.-The mail steamer Thames has arrived here with several of her sailors down with yellow fever. The vessel has been quarantined. The local papers express bitter feeling against London investors for alleged libelous comments on their review of Argentine finances.

LONDON, March 12.-The American steamer Indiana, which sailed from Philadelphia for Russia with a cargo of flour and provisions for the famine sufferers of that country, was sighted off the Hebrides yesterday afternoon. She signaled "all well."

MONTEVIDEO, March 12.-Two of the government warships have been dismantled and their crews discharged. Three squadrons of cavalry have also been disbanded. These measures have been adopted for economic motives.

LONDON, March 12.-Thomas Healey, brother of Tim Healey, was elected a member of parliament for Wexford county, in place of J. E. Redmond, Parnellite, who resigned from Wexford and now represents Waterford.

LONDON, March 12.-At Old Bailey yesterday a sentence was passed that will without doubt result in another expulsion from commons. Geo. Woodgate Hastings, member for East or Bromsgrove division of Worcestershire, was sentenced to five years' penal servitude on a plea of guilty of a charge of misappropriating 26000. Hastings, who is a liberal unionist in politics, is 65 years old.

BERLIN, March 12.-Tageblatt says there is no cause for anxiety concerning the condition of the emperor. The paper adds that his majesty will leave his bed today.

CHIHUAHUA, Mexico, March 12.-Among the Indians to the west of this place the belief in witchcraft is general, and for a number of years an old woman has held the Indians of that locality in great fear by her alleged powers over life and death, and was accused of eating young children. When the woman was known to be away from her house a party of men went there and found horrible evidence that she had indeed indulged in meals of children's flesh. There were not only the bones to be seen, but a partly-eaten child was also found. When she returned she was burned at the stake and the people ate a small portion of her body in order to keep off any evils that may befall them for killing her.

OTTAWA, Ontario, March 12.-The correspondence on the subject of restricting the Chinese exodus from Canada to the United States was laid before parliament yesterday. The Canadian government wrote that it was not possible to apply effective protection to the border line of 3500 miles, and that no possible means existed by which effect could be given to the request of the United States government.

VALPARAISO, March 12.-The following is the composition of President Moun's new cabinet: Minister of the interior, Edouard Matte; minister of foreign affairs, Gaspar Torre; minister of public works, Davilla Larraín; minister of justice, Senor Castelan; and minister of finance, Augustin Edwards. The minister of war has not yet been decided upon, but it seems assured that either Errazuriz or Buro Degino will be selected. Senor Valdez Vergara retires into private life.

VALPARAISO, Chill, March 12.-Consul McCreey is investigating the case of another sailor who, it is alleged, was the victim of brutal treatment at the hands of the Valparaiso police and died from the effects. The seaman's name was Carlos Carlsson, and he was a native of Sweden. He was employed aboard the bark Edward Dieder, which arrived here on February 8 from New York on the way to Antofagasta. She sails from here on the morning of February 21, lying on the Cable fiance. He was suffering from a wound in the abdomen. Carlsson said that he had been wounded by the Valparaiso police and sailors. He gave similar testimony to Consul McCreey, who visited him in hospital. The man died February 27. On

RECEPTION AND SURPRISE. Last evening at the home of Col. T. C. Smith the Unity club was elegantly entertained in honor of the visit of Mrs. Mae McCarthy from Portland. The pastime of the evening consisted of dancing and card playing. An orchestra of four pieces supplied the music for the occasion, which was greatly appreciated. A delicious spread supplemented the evening's pleasures, and all returned to their respective homes greatly elated over the enjoyment of the occasion. The following named persons were present:

Col. and Mrs. T. C. Smith, Mr. and Mrs. Wm. England, Mr. and Mrs. C. D. Gabrielson, Mr. and Mrs. E. B. Philbrook, Mrs. Mae McCarthy, Mrs. N. J. Latrutz, Miss De Long, Miss McMaisters, Miss Gussie Stelwer, Josie Brown, Ella Arbergast, Belle Goldes, Jessie Stump, Ada Stapleton, F. R. Hall, May Cooper, Rev. H. H. Brown, Dell Dismoor, T. C. Smith, Jr., Horace Willis, H. D. Floyd, Will Plaster, Lee Steiner, Mr. Heerd, Clair Baker.

The Y. M. C. A. will be a good social factor of Salem if conducted liberally.

PUBLIC DUTIES SHOULD BE PERFORMED. The county court owes it as a duty to the people of South Salem, and to all the farmers who are obliged to come to Salem over that road, to put the road in as passable and safe a condition as it was before the county court granted a franchise to the electric company.

What part of this duty is to be performed by the electric company is a matter that is between that company and the court. The county court acts as representative of the people and it has committed a great wrong to allow the road to be cut up the way it has and give the people no protection whatever. Large delegations of farmers called on the county court Friday and Saturday to induce it to take some action and restore the roads.

The majority of the people are not opposed to granting franchise to suburban railroads. A railroad can be built over such a road without destroying it.

The city of Salem must also act and do its duty by this road. South Commercial street from the city limit to the north end of the bridge is today practically impassable. A few days rain would make it unfit to get over on foot. It is the duty of the city to build that street at once so that it will be safe and passable as before.

FOR SALE.-Forty feet front on Commercial street. First-class business property. Edge of Wm. E. Burke, one-half block south of Bush's bank-up stairs. 210-4
