There was a good attendance and Miss Glassford delivers the next one Saturday at 2:30 p. m., and Tuesday same hour. No admission will be charged. Miss Glassford is from San Francisco and her work is endorsed by the W. C. T. U. and churches generally, as the purpose is to promote health and social purity. The lectures are free to all and very instructive, teaching of the organs of the body, their functions and how to secure and retain purity of body and mind. We are glad to know of this good work in the city, and hope a united effort will be made along the lines of health, heredity and social purity.

WILL BEAUTIFY.—The water company propose to beautify the premises about the works considerable as soon as the engineer's cottage is moved back. A pretty lawn will be grown on all the vacant ground and some roses planted. The whole will not present a dingy and littered up appearance as has prevailed during the past year when improvements were constantly in progress.

THE U. B. REVIVAL.—There are constant accessions to the church of United Brethren in Christ just organized at Salem by the evangelists, Gwynn and Williams and Presiding Elder Barclay. The day meetings each afternoon at three and the evening meetings are well attended and the preaching is devoid of nonsense or sensational features.

VETERANS ATTENTION!—Comrade R. O. Bates lectures at the Cumberland Presbyterian church on Saturday of this week, on life at Andersonville prison and of his thrilling experiences as narrated in his lecture on "Billy and Dick." Tickets will be 25 cents, and the lecture begins at 7:30 sharp.

THE MILLS REVIVAL.

Preparations and Arrangements Now Nearly Completed—Salem Taking Hold Well.
 All the ground work and preliminaries are complete for the great Mills revival meeting to begin at Salem Monday, April 4. The evangelist will arrive Monday and will be accompanied by his singer, L. B. Greenwood, who takes part in all the services and is a renowned vocalist as his principal is a noted pulpit speaker and exhorter to the better way.
 At Portland several thousand were converted to Christianity by Mr. Mills, and the past week nearly all the principal business houses have closed to allow the proprietors and employees to attend the meetings. That his work will be attended by success in Salem no one can doubt.
 Dr. Corwin and H. W. Matthews went to Portland Wednesday to hear Mills preach and were very favorably impressed with his speaking. He did not know that they were present and they speak in the highest terms of his work. He is a very scriptural speaker, quoting the texts that convince with greatest readiness.
 Mr. Mills is a Presbyterian and his home is at Pawtucket, Rhode Island. Mrs. Mills accompanies him.

FIRST MEETING.
 Rev. Corwin will preach the sermon at the Union meeting Sunday evening at the M. E. church which will be the opening meeting of the Mills revival work in Salem. The sermon will have a general bearing on the work that is laid out. He will not preach his usual sermon on that night of course to young men as is his regular monthly custom.

G. W. Gray will put in an iron and plate glass front in his three stores on State street, corner Liberty as soon as he can have it done.

The second prayer meeting preparatory to the Mills meetings was held last night at the M. E. church, Robt. Whitaker leading. There was a house full and an increasing interest. There should be a general attendance of church singers at the choir rehearsal at the same church Friday evening.

COLLISION AT SEA.
 Fourteen Men Drowned Off the Isle of Wight.

LONDON, March 31.—A collision resulting in the loss of fourteen lives occurred yesterday off the Isle of Wight. The British bark Falls of Garry, from San Francisco for Havre via Queenstown, came into collision with the British steamer Thetis. The Falls of Garry was cut nearly in two and sank almost immediately. The crew of the Thetis hastened to assist the wrecked seamen struggling in the water, and succeeded in saving seventeen of them, fourteen of them drowning. The Thetis was considerably damaged, and made signals for assistance. The tugboat Helos, engaged in taking the Elder from Athfield ledge, went to the assistance of the Thetis and towed that vessel into the Solent.

The Sham and the Real.
 Every good thing has its imitators, every genuine article its counterfeit. The Ammonia and Alum Baking Powders sold over the counters are no more like Dr. Price's Cream Baking Powder, than the paste is like the real diamond, or a counterfeit is like one of the old master's genuine paintings.

When greedy and merciless manufacturers claim their adulterated and harmful baking powders are as good as Dr. Price's, they know they are not telling the truth. These people know they are destroying the stomachs and the complexion of the consumers, and there are many grocers recommending such powders over their counters—knowing same to be injurious and worthless—simply to make a large profit.

Dr. Price, a conscientious physician, has spent a lifetime in perfecting and popularizing his Cream Baking Powder, the only Pure Cream Tartar Powder now to be obtained.

Multitudes of imitators all over the land have sprung up, not to imitate the purity of Price's Cream Baking Powder, but to see how cheap they could make their counterfeits and hoodwink the public.

Some use Ammonia and others Alum, but all these shams cry in chorus, "Buy this, its just as good as Dr. Price's and much cheaper."

Price's Cream Baking Powder is the standard for purity and perfection the world over, and is beyond comparison.

Dr. Price stands for Pure Food and a foe to all shams.

NOB HILL.

THIS beautiful, elevated and slightly tract of land, on the new southerly extension of the Electric Street Railway, has been platted, surveyed and staked out in blocks and lots as an addition to the City of Salem, and the streets are now being opened. The grounds are clear and seeded in grass, soil is good, no gravel or rocks. The under current of pure water from the mountain ranges forced upward to within 40 feet of the surface by the underlying strata, in addition to a 75-foot pressure from the big reservoir of the Salem Water Co., insures a never-failing supply of pure water. This, in connection with the excellent natural drainage due to the elevation of the property, gives it all the advantages for desirable homes in a healthy locality. This property will now be put on the market at low prices for SIXTY DAYS, when it is expected the street car service will be in operation. Maps of the property can be seen at the office of J. C. Booth in Ladd & Bush bank block; Spalding & Rogers in the Bush-Breyman block, and the well known firm of Thomas & Johnson, next door to The Statesman office. Any of these gentlemen will answer all questions and show the grounds to persons wishing to purchase, or any application to the proprietor, who may be easily found, will be attended to. GEO. H. JONES.

Minister Egan is Indignant.
 VALPARAISO, March 31.—Minister Egan said yesterday that Lieutenant Harlow, the world's fair commissioner, told him that he had sent one dispatch. Beyond this, Mr. Egan had no knowledge of Harlow's dispatches; nor was he aware that messages were received at the United States legation for Harlow, as was testified to by telegraph employes. Mr. Egan is indignant at the Chilean press for mixing up the American legation with the Harlow matter. The mail today will carry documents in the case from the Chilean foreign office to minister at Washington for transmission to the United States government.
 A severe earthquake occurred at Arica yesterday afternoon and caused great alarm among the inhabitants. It was accompanied by a heavy tidal wave. The shock was felt at both Valparaiso and Santiago.
