

ment be permitted to place inspectors at the chief immigration depots of Canada, for the purpose of reporting their condition, enabling the American government to make a direct pronounced remonstrance, should it be justified by reports of the inspectors. No reply has yet been made by the government.

Returned to California.
PHILADELPHIA, April 1.—Claus Spreckels, whose immense sugar refinery was recently absorbed by the sugar trust, left for San Francisco with his family at noon yesterday in a special car attached to a regular train on the Pennsylvania road. Much disappointment is felt at his departure, as his choice of a site in this city for the location of his refinery, with which he proposed to fight the sugar trust, was a source of much gratification to members of the board of trade and other organizations working for the commercial advancement of the city.

FROM BRITISH COLUMBIA.
VICTORIA, April 1.—The N. S. sailing schooner Anietas arrived under sail yesterday, 125 days from Halifax, and will go north at once. The steamer Dalube sails for the north this evening.

The steamer Maude from the west coast partially confirms previous reports of a schooner wreck near Cape Cook.

An order is issued at Esquimalt that only Canadian silver will be received or paid out at that station.

No further developments in the sealing question. The presence of war ships in the neighborhood of Behring sea means that there is business for them before long.

Notice is received from Ottawa by Collector Milne that vessels engaged in coasting and fishing voyages not carrying lights properly will be prosecuted.

Captain Lewis yesterday telegraphed that the steamer Quadra returned to Victoria, and will go up the coast to investigate the reported wreck off Cape Cook.

Attempt to Poison a Man.
PASO ROBLES, Cal., April 1.—News reached here of an attempt to kill Morris J. Heenan, a farmer who lives six miles east of here. He returned home Monday evening after a week's absence and found his window broken, but everything within being undisturbed his suspicion of burglary vanished. He made bread for his supper, ate a few bits and became violently ill. He ran to a neighbor, where hot water and mustard were administered, relieving his stomach of its contents. This and some of the flour were brought to town for analysis and found to contain strychnine. Heenan has not recovered, but is out of danger.

Captain Bourke's Case.
WASHINGTON, April 1.—General Stanley, commanding the Department of Texas, reports to General Schofield regarding Captain Bourke, that the charges against that officer connecting him with the Garza campaign were preferred by Mexicans, who, though residents of Texas, disavow allegiance to the United States. They are now being prosecuted by the civil authorities for violation of the neutrality law. Schofield recommends that no action by the military authorities be taken until civil proceedings are concluded.

A Brakeman Killed.
WALLA WALLA, April 1.—H. H. Schultz, brakeman, an employee of the Union Pacific, was run over and killed at Starbuck yesterday. Schultz was a brakeman on a freight train running between Starbuck and Tekoa. The train was backing up slowly, when Schultz stepped in between the cars to pull a pin; he stumbled and was thrown down, the car wheels passing over both legs. He died in a short time.

Cloudburst in California.
MERCED, Cal., April 1.—A cloudburst occurred in the mountains near Colterville. Water came down in torrents from the clouds, washing away fences, uprooting trees, overturning boulders, and creating general ruin. It lasted for half an hour and raised the Merced river several feet.

Wonderful Results
Results of ten years of use of Hood's Sarsaparilla. Several cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating complaints of the kidneys and liver, agonizing itches and pains of salt rheum, discharges from the eyes, and all kinds of eruptions, are cured by Hood's Sarsaparilla. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every function of the body. Give it a trial.

General Debility
"For four years my wife suffered with large tumor lumps on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result she has gained in weight.

From 84 to 111 Pounds
and is stronger and in better health than she has been for years. The lumps under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time." J. J. NORCROSS 228 Commercial Street, Boston, Mass.

TO INVESTIGATE PORTER.

More of the Mandalay Fire—Less of the Golden Rule, Etc., Etc.

STEAMER BURNED.
A Very Exciting Time, One Life Was Lost.

CINCINNATI, Ohio, April 1.—As the steamer Golden Rule was leaving the wharf yesterday afternoon fire suddenly broke out under the forward hatchway, and a wild panic ensued. Only those nearest the stairway were able to escape. Others rushed to the stern of the boat, and clambered to the upper deck of the Keystone state before they were rescued. The flames became so fierce the latter backed into the river. The stern of the Golden Rule then caught and swung to the wharf west, where all made their escape with the exception of Miss Nellie Malloney, who fell between the boat and the barge, and was drowned. The loss by the fire aggregated \$50,000.

CINCINNATI, April 1.—Five persons are known to have perished through the burning of the steamer Golden Rule last night. Sixty-five roustabouts perished in the Golden Rule's hold, one who escaped says there were nine there when he left. The probabilities are the total number who perished is seven or eight.

Mrs. Rev. George B. Easton, of Addison, is also among the missing. None of the bodies are yet recovered. A number of unknown deck hands are now believed to be lost, making a total of eleven.

THE MANDALAY FIRE.
Impossible to Ascertain the Number of Lives Lost.

LONDON, April 1.—The latest dispatches from Rangoon say that an accurate computation of the number of lives lost at Mandalay is possible. The suffering is extreme. Thousands of families are without food or cover, slept in the fields last night, and unless food, tents and clothing are sent from other cities, many are likely to succumb to sickness, induced by starvation and exposure. The surgeons of the garrison are unable to treat a quarter of those suffering from burns, fractured limbs and fright. Calls have been sent physicians to hasten to the scene at once, and several military surgeons from Rangoon have responded. The British and the native soldiers and the Mandalay police succeeded in saving many of the new brick buildings erected since the British took possession. The whole native portion of the city is practically obliterated.

LAST NIGHTS STORMS.
KANSAS CITY, April 1.—Only the most meagre information has been received regarding last night's cyclone in Kansas and Nebraska. Telegraph wires are down all over. The storm swept the territory. No telegraphic news is obtainable from any points beyond.

AUGUSTA, Kan., April 1.—Last night's storm did great damage here, a number of lives were lost.

DES MOINES, April 1.—The hurricane that began after midnight still continues. All traffic on the streets is stopped. A great many houses are unroofed and otherwise damaged. There were many narrow escapes from flying missiles.

KANSAS CITY, Mo., April 1.—A terrific wind storm prevails throughout Kansas, Missouri and Southern Nebraska. The Western Union wires are going down in every direction. Only three are left out of 300.

ATCHISON, Kansas, April 1.—A tornado struck this city at noon, unroofing or demolishing several large buildings, including the Santa Fe depot, the chapel of the Scholastic convent and the city prison. No reports of loss of life.

Heavy Salvage Claim.
SAN FRANCISCO, April 1.—The steamer K-weenaw, Captain Jenkin, which was towed in on Wednesday night with loss of rudder, will have a heavy salvage claim to meet. The amount is said to be not less than \$75,000. The cargo of coal was valued at \$15,000 and the ship itself was worth \$200,000.

The Withers Sale.
NEW YORK, April 1.—There was a large crowd at the sale of the Brooklyn stable of the late D. D. Withers yesterday afternoon. The best price was \$11,100 for the 2-year-old chestnut filly Experiment, bought by D. Bradley, representing Fred Gebhardt.

No Evidence.
COLUMBUS, O., April 1.—The committee appointed by the Ohio house of representatives to investigate the charge that H. M. Dougherty, of Fayette county, received \$8500 to vote for John Sherman for United States senator, reported yesterday, completely exonerating Dougherty, and saying there was not one iota of evidence to sustain the charge.

Attorney-General Lester Dead.
ATLANTA, Ga., April 1.—Geo. N. Lester, attorney-general of Georgia, is dead. He was a member of the confederate congress.

G. D. Drake Dead.
WASHINGTON, April 1.—Charles D. Drake, late chief justice United States circuit of claims, was found dead in bed this morning.

THE SUGAR TRUST.

Efforts Will Soon Be Made to Break It Up.

PHILADELPHIA, April 1.—Since the sugar trust a few days ago acquired control of all refineries in the country, steps have been taken to arrest the threatened monopoly. Efforts were made to build an independent refinery on the Delaware river, near Sprekel's refinery, but the projectors have not met with much success. They, therefore, start relief in the preparation of a bill to repeal the duty of half a cent per pound on refined grade of sugars, which they claim serves only as the purpose of allowing the trust to control absolutely the entire refinery trade of the country. The draft of a bill is understood, is already prepared by Sam Gustin Thompson, a friend of ex-President Cleveland, and gives rise to the impression that the bill is favored by Cleveland with the idea of forcing the Republican party into the attitude of defending monopoly, if they resist the passage of the bill, as since the combination acquired control of the business the price of refined sugar has advanced 4 cent per pound. Raw sugar has declined from the fact that there is but one buyer, the trust.

Treated Worse Than Slaves.
UTICA, N. Y., April 1.—The state commissioners of arbitration have taken a large quantity of evidence at Lowville in regard to abuses in the Adirondack woods among contractors. One man swore he had seen the boss put a rope around a negro's neck and drag him. Another gave testimony to the effect that one boss on horseback put a rope around a negro's body and chased him back to camp. Others told about one boss carrying a revolver in each hand; others in their overcoat pockets when they drove the men to work.

Defense of Gibraltar.
LONDON, April 1.—Shortly after the arrest of Edward Molden, formerly quartermaster in the royal engineers, who was charged under the official secrets act with attempting to learn the secrets regarding the defense of Gibraltar, it is learned that he sold France full particulars and plans of all defenses at Malta. In consequence the British authorities have decided to make extensive changes in the defenses.

DESTRUCTIVE STORM.
Many Houses and Public Buildings Destroyed—No Lives Lost.

OMAHA, Neb., April 1.—A special to the Bee from Nelson yesterday says: A terrible cyclone struck Nelson this evening. It came from the southwest, and could be seen at least ten minutes before it struck the town. It was preceded by a terrible hailstorm, lasting several minutes, after which came the storm, which proved the worst and most destructive that ever visited this section of Nebraska. The storm struck the town with terrible force at 8:15 p. m. Many persons rushed into cellars and stores for safety. The damage has been estimated at \$100,000.

The First National Bank was unroofed, the opera house block unroofed and badly damaged, the Union block unroofed and the south-west end torn out, the Arlington hotel unroofed, the new \$18,000 school house almost destroyed, the Presbyterian church badly wrecked, and a large number of residences wrecked, nothing being left but cellars and foundations. One-half of a house, that of Henry L. Pope, was carried along in the track of the storm nearly an eighth of a mile with its contents and Mrs. Pope and two children; fortunately, however, the family escaped uninjured. Miss Mary Drayton, assistant principal of the Nelson high school, is the only one who was seriously hurt, having a leg and several ribs broken. It is also learned that Mrs. John Eaton was also seriously injured. Most of the buildings were insured against fire, and the loss is almost total. Nothing is yet learned as to the damage in the surrounding country.

The Warspite Heard From.
SAN FRANCISCO, April 1.—The steamer Oregon, which has arrived from Portland, passed the Warspite off Point Arena. The British warship was steaming along using one set of boilers, and making apparently about twelve knots. She seemed in excellent condition, and none the worse for the storm.

Election Contest Expenses.
WASHINGTON, April 1.—The senate committee on privileges and elections decided that \$4000 and \$125 respectively to Claggett and Davidson contestants, and \$2000 to Dubois to meet the expense he was put to in defending the title to his seat.

They Like Tariff Speeches.
WASHINGTON, April 1.—At the evening session of the house twenty-one members were present, which number dwindled to twelve after a couple of tariff speeches, and the house adjourned.

Multnomah Republicans.
PORTLAND, April 1.—The Republican primary elections in this city passed off quietly yesterday. There was only one ticket in the field, in consequence of which a light vote was cast.

The Trial of Green.
MCMINNVILLE, April 1.—The trial of Green for the murder of Isaac Gentry, at Willamina, in February last is set for today. He was indicted by the grand jury for murder in the second degree.

MARKETS.
SAN FRANCISCO, April 1.—Wheat buyer season \$1.53.
PORTLAND, April 1.—Wheat valley, \$1.40@1.45; Walla Walla, \$1.35@1.40.
CHICAGO, April 1.—At close wheat was firm; cash, .77; May, .78.

THE INVESTIGATION.

The Sugar Trust and a Grist of Other News.

RAUM INVESTIGATION.
The Commissioner Makes His Defense.

WASHINGTON, April 1.—The pension office investigation took a decidedly political cast yesterday afternoon. Enloe has been pursuing a searching inquiry for a long time. He asked if the bureau was not used for political purposes. The commissioner said he never wrote a letter to the medical board of examiners requesting the performance of any political act, but if he found examiners using their places to aid the Democratic party he would call them in. In assigning to the field, he makes it a point to know their politics. He denied more appointments were made in doubtful districts just before election than at any other time, or that more pensions were granted in districts where votes were needed than where they were not so much needed.

Enloe asked if the office did not adjudicate claims most rapidly in close congressional districts. Raun denied this emphatically. Enloe wanted to know how it was that in states where there was a Democratic majority it was exceedingly difficult to get a call for a status answered, let alone get a case adjudicated. The commissioner replied that the call averaged about a 1000 a day this session, and latterly has been increasing so that not more than 25 per cent. could be answered without stopping the deciding of claims. Had he not stopped the practice he would probably have caused 75,000 less certificates than last year.

Enloe asked if the reason that the commissioner returned \$5,000,000 to the treasury last summer was not because the treasury was reduced to financial straits. Raun said he had a balance to report at the end of the fiscal year, and as he could not use them in the year he called on the secretary of treasury and informed him he could transfer \$5,000,000. The secretary said he would be glad if it were done, and the commissioner gave the necessary directions.
