

satisfied themselves by completely demolishing the place. At a third session run by a brother-in-law of the Boss, the Stagenborgs were met by the former faction and were forced to withdraw. No one was killed in this meeting. Further trouble is expected.

**Extensive Fire in Havana.**  
HAVANA, April 6.—An extensive tobacco-cutting factory in this city was almost totally destroyed by fire on Monday. The flames cut off the escape by the stairs of a large number of employes. All managed, however, to escape from the burning building, either by jumping from the windows or reaching places of safety through the efforts of persons on the outside. Twenty-nine persons received serious injuries. The loss to the building and stock will be heavy.

**Canada Boodlers.**  
OTTAWA, Ont., April 6.—The session in parliamentary circles is the formal impeachment of Sir Adolph Caron, postmaster-general, by Mr. Edgar, member for West Ontario, who has given notice of a resolution charging Sir Adolph with corruption and demanding an investigation. The resolution alleges that during the years between 1882 and 1891 the Lake St. John railroad received from the Dominion government subsidies aggregating over \$1,000,000; that Caron corruptly received large sums of money out of the government subsidies, and money raised upon the security of such subsidies. That large sums were contributed out of the company's funds at Caron's request for election purposes to aid the election of members and supporters of the government.

**England's Idea of Arbitration.**  
LONDON, April 6.—In the house of commons yesterday Labourers asked whether the government intended to seek the adoption by Great Britain and the United States of a general treaty of arbitration for the settlement of any disputes that might arise between the two nations. Lowther, on behalf of the foreign office, said Great Britain did not intend to seek the passage of such a treaty; that disputes frequently arise that could be properly submitted to arbitration, but there were some differences that could not be decided in that manner. The reply of Lowther was received with manifest disappointment by members on the liberal side, as there is a strong movement in favor of a permanent treaty of arbitration with the United States.

**All Quiet in Peru.**  
LONDON, April 6.—The Peruvian legation here denies the report that have been circulated regarding a revolt in Peru. The officials at the legation say that there is no revolt nor any sign of one, and that the country is everywhere tranquil.

**The Governor of the Bank.**

**Dyspepsia**  
Makes many people miserable, and often leads to self-destruction. Distress attending, sour stomach, sick headache, eructation, loss of appetite, a rant, full feeling, bad taste, coated tongue, and irregularity of the bowels, are the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy such as Hood's Sarsaparilla, which acts gently yet efficiently. It cures the stomach and aids digestion, regulates the bowels, creates a good appetite, and, by thus overcoming the local symptoms, cures the Headache, restores the tired mind. "I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, and what I did not eat little good. After eating a heart-burn I would experience a faintness, or tired, and a feeling as though I had not eaten anything. My bowels, I think, was aggravated by my business, painting, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla and it did me an immense amount of good. It gave me an appetite, and my food did me good and satisfied the craving I had for 'spoon-suppered.'" GEORGE A. PAUL, Waterbury, Mass.

S. B. If you desire to try Hood's Sarsaparilla do not be deceived. Buy only the genuine. Hood's Sarsaparilla is sold by all druggists and is the best. 100 Doses One Dollar

## THE CONVENTION.

### Multnomah Will Unite With Eastern Oregon.

#### STATE REPUBLICANS.

##### They Meet, Organize and Appoint Committees.

PORTLAND, April 6.—At five minutes past 11 o'clock, the state Republican convention was called to order by Chairman Lotan of the state committee. W. L. Boise placed the Hon. Rufus Mallory, of Portland in nomination for temporary chairman. Mr. Mallory was unanimously elected and took the chair. He made a somewhat extended address, reviewing the achievements of the Republican party during the past four years. E. M. Bands, of Oregon City, was elected temporary secretary, and J. B. Eddy, of Pendleton, assistant secretary. On motion the chair appointed the following committee on credentials: McCall, of Lake; Simon, of Multnomah; Parrish, of Grant; St. Clair, of Coos; Simpson, of Marion. The following committee on permanent organization and order of business was appointed: W. J. Boise, Multnomah; C. F. Clark, Clackamas; W. M. Savery, Polk; J. W. Cusick, Linn; W. H. Atkinson, M. A. Moody, Wasco; C. B. Crono, Benton. One member from each county was appointed on platform and resolutions as follows: Baker, C. M. Donaldson; Benton, G. O. Wagner; Clackamas, Peter Paquet; Clatsop, Sam Elmore; Columbia, M. Pomeroy; Coos, L. C. Carrigan; Crook, J. C. Lueky; Curry, E. M. Simonson; Douglas, C. A. Sheilbre; Gilliam, A. J. Jones; Grant, O. L. Jackson; Harney, A. W. Gowen; Jefferson, W. H. Lees; Josephine, W. T. Perkins; Klamath, W. F. Herren; Lake, S. B. Rechart; Lane, H. R. Kincaid; Linn, H. B. Hewitt; Malheur, Wm. Moffit; Marion, R. D. Allen; Multnomah, A. H. Tanner; Morrow, F. J. Halleck; Polk, A. J. Richardson; Sherman, A. D. McDonald; Tillamook, T. B. Hurdley; Umatilla, E. J. Somerville; Union, J. N. Sanders; Walla Walla, F. M. McCutley; Wasco, Wm. McConnell; Washington, T. H. Tongue; Yamhill, J. E. Majors. A recess was then taken until 2 p. m.

PORTLAND, Or., April 6.—Promptly at two o'clock the convention reassembled the chairman announced that the committees on resolutions and platform and credentials were not ready to report. A recess was then taken for an hour to allow the committees time to prepare their reports. It is understood if congressmen from the second district is not nominated by the 4th ballot, Multnomah delegation will support the strongest man from Eastern Oregon.

#### OREGON NOT IN IT.

The State World's Fair Commission so Decides.

PORTLAND, March 6.—It was announced a few days ago the fact of the world's fair commission of the state chamber of commerce meeting in secret session at the chamber of commerce rooms in Portland, and that the business of this meeting was not to be made public until three of the absent members had been conferred with and their indorsement received of the action taken at that time.

This has been done, and yesterday Secretary Randolph was at liberty to furnish the report of that committee, whereby they acknowledge that they are unable to proceed further in the matter and practically make an official back-out.

The following resolution was adopted at the meeting, and is as follows, and perfectly self-explanatory:

Whereas, This committee, under authority of the Oregon State Board of Commerce, has, for nearly six months past, made such effort as seemed to it most likely to lead to practical results for the securing of contributions to a fund to be raised for the purpose of providing a creditable exhibit of the resources of Oregon at the World's Columbian Exposition, to be held in Chicago in 1893; and

Whereas, The efforts and suggestions made in this behalf have failed to enlist sufficient co-operation and financial support from the people of the state to warrant further effort by the committee to this end; and

Whereas, Believing, as we do, that if it is understood by the people of the state that no further attempt will be made by this committee to secure an exhibit that shall be properly representative of the whole state as such, there may be removed an embarrassment in the way of private enterprise which, if heartily enlisted in the work, may be expected to produce measurably creditable results, or at least provide somewhat of an exhibit of the boundless resources of our state at this great exhibition; therefore,

Resolved, That, in view of the facts above recited, this committee hereby makes public announcement of its withdrawal from further action in respect to canvassing for contributions for providing for such an exhibit as we have vainly labored to secure, and we respectfully relegate the work to private enterprises, or to such organizations as may be inclined to take part in so desirable an undertaking as the representation of Oregon at the exposition.

CHARLES H. DODD, Chairman.  
CHARLES HAMILTON, Secretary.

Bayard Will Support Cleveland.

WASHINGTON, April 6.—A special from Wilmington, Del., says: Secretary Bayard will nominate Grover Cleveland at Chicago, and will support him. Bayard, says the special, in the event of Cleveland's election, expects to be appointed to the court of St. James.

## ELECTION IN RHODE ISLAND.

### The Contest Is the First of the Presidential Year.

PROVIDENCE, April 6.—After an exceptionally determined campaign, the Rhode Island state election takes place today. A great deal of interest is centered in the contest, inasmuch as the election will be the first of the presidential year, and the result will, in a measure, have some bearing on the great national contest in November. The Democrats held their convention in Providence March 3, and after nominating a state ticket and delegates to the national convention at Chicago, instructed the latter to cast their votes for Cleveland. Their state ticket is as follows: Governor, D. Russ Brown; lieutenant governor, Colonel Melville Bull; secretary of state, Hon. George H. Uter; attorney-general, Robert Burbanks; state treasurer, Samuel Clark.

The Republican convention was held in the same city March 18, and after selecting delegates without pledge to the convention at Minneapolis, chose the following as a state ticket: Governor, W. C. T. Wardwell; lieutenant governor, Charles E. Grogan; secretary of state, John J. Heffernan; attorney-general, Ziba O. Blount; state treasurer, Thomas Spencer.

#### CYCLONES, RAIN AND SNOW.

OLEARY, N. Y., April 6.—A terrific cyclone struck this city last night, wrecking ten houses and a church, one woman was killed and a number of people seriously injured. There were 15 people in the church when the church was carried ten feet away.

ST. PAUL, April 6.—Monday's snow storm was heavier and more general in South Dakota than at first reported, but no casualties have been reported. The rainfall at Huron was nearly three inches, the greatest ever known at any one time in April. Reports from various parts of the state, also from Nebraska, Iowa and Minnesota indicate that Huron got the heaviest rain while the other localities were visited by more or less snow.

BRINKEY, Ark., April 6.—The wind and rain storms that have for the past two days been prevalent in this district, have caused great damage to property and in some cases injury to people. At Carlisle, a small station west of here, one life is reported lost and several persons seriously injured.

#### DENISON, Tex., April 6.—A report has just been received here from Owensville, a small town in Pecos county, Chikassaw nation, was wiped out by a cyclone on Sunday night. Two persons were killed outright and several injured. Every house in the village was levelled.

#### THE TACOMA ELECTION.

The Republicans Successful After a Close Contest.

TACOMA, April 6.—The municipal election held yesterday was the hottest ever had in Tacoma, resulting in the election of a Republican mayor, treasurer, city physician, and a majority of the city council, and the probable defeat of the candidate for comptroller. Those elected are H. S. Huston, mayor; C. W. Boggs, treasurer; S. C. Slaughter, comptroller (probably), and Dr. Johnson Armstrong, city physician. The majorities are about 150 in a total vote of 7500.

#### Judge Gilbert's First Case.

SAN FRANCISCO, April 6.—In the circuit court of appeals Judge W. B. Gilbert sat for the first time. His associates were Judges Deady and Morrow. A memorial in honor of Hon. O. C. Pratt, formerly district judge, was ordered spread upon the minutes, and the United States was granted an appeal to the United States supreme court in its suit against the California and Oregon Land company.

#### Kansas Wants Cleveland.

TOPEKA, Kan., April 6.—Up to date nearly half of the counties in Kansas have held Democratic conventions to send delegates to the state convention. Every county so far heard from is for Cleveland, many have instructed their delegation to vote for him.

#### Killed the Peddler.

ALEXANDRIA, La., April 6.—Patrick Kelley, aged 55, a peddler, was killed on Sunday last on Little river, near Fishville, by a gang of eight negroes, four of them were caught and hanged, and a posse are in pursuit of the rest of the gang. The killing was for the purpose of getting his money.

#### Elections in Minnesota.

MINNEAPOLIS, Minn., April 6.—City elections were held all over the state yesterday, except in Minneapolis and St. Paul. As a rule, the question at issue were not partisan and there was but little excitement.

#### Democrats Carry Kansas City.

KANSAS CITY, April 6.—The Democrats made a clean sweep here yesterday electing their entire ticket with the exception of a candidate in the upper house.

#### Prohibition O. K.

YANTOWN, S. D., April 6.—The April court has declared the Prohibition law constitutional. This will close 22 saloons here that have been running under the local license law.

#### Carried by Democrats.

MILWAUKEE, April 6.—The principal elections yesterday are believed to have been carried in favor of the Democrats.

## HEAVIEST EVER CAST.

### The Municipal Election in Chicago Makes But Few Changes.

CHICAGO, April 6.—The aldermanic and town elections passed off quietly here today, though the vote was the heaviest ever cast in a municipal election. At midnight the returns were nearly all in, showing that the council has changed but little in complexion, remaining strongly Democratic. A number of independent candidates were elected, but the loss of seats is about equally divided between the Republicans and Democrats. A number of aldermen whose names were conspicuously connected with the charges of bootlegging recently investigated by the grand jury, were re-elected. Alderman Callerton, who has been the leader of the council for twenty years, was defeated by Rhode, an independent. The north and south sides of the town went Democratic, while the Republicans retain control of the west town offices. Municipal elections were held throughout the state, the Australian ballot law being successfully introduced in many places. The issues were purely local.

#### A MURDEROUS VILLAIN.

He Declares His Intention to Kill Ten Men.

MURPHY, N. C., April 6.—Bill Murphy, a Felice mountain desperado, has declared his intention to kill ten men, and he has already made a good start in that direction. Recently his brother George married the daughter of an enemy of the family, and during a quarrel over the matter Bill shot his brother dead. Frank Melvin, a brother of the dead man's wife gave the body burial, and on Wednesday was shot down from ambush. A moment later Bill Murphy sprang out into the road and threatened death to anyone that would touch the body. It was about to be mutilated by dogs and Mr. Morse and his wife approached to guard it when Murphy fired, hitting Mrs. Morse, and she is supposed to be dying. On Wednesday night Murphy went to the house of a man named Bailey and demanded lodging. Bailey hesitated and Murphy shot him in the right shoulder. Murphy heard that Ben Martin was criticizing his conduct, and Monday, armed with his Winchester, he found Martin at work in his field and shot him dead.

#### EGAN COMING HOME.

But There is no Significance in the Fact.

EGAN IS COMING HOME.

He Has Been Granted a Leave of Absence.

WASHINGTON, April 6.—Assistant Secretary Wharton frankly acknowledged last night that Minister Egan and Consul McCree have been granted a leave of absence. He said: "It is true that a leave of absence has been granted, and that Minister Egan is expected to return to this country. He has not been in America since he entered the diplomatic service just three years ago, and it is quite natural that he should desire to return home. His work there has been anything but easy, and I have no doubt that he feels the need of a vacation."

"What does this mean, Mr. Wharton?" "That the United States intends to sever diplomatic relations with Chili?"

"Not at all, not at all," he said; "any such suggestion would be entirely unwarranted. Every diplomatic relation with Chili is thoroughly satisfactory, and the only question now at issue between the two countries is one of indemnity for the Baltimore affair."

"It has been regarded as quite significant," was suggested, "that Senator Montt, who made his adieu to the president yesterday, should be on the point of leaving America for Chili at the same time that Minister Egan was about to leave Chili for the United States."

"There is nothing in that," replied the assistant secretary of state, "other than a curious coincidence. Our diplomatic relations with Chili are cordial, and it has not been even suggested that these relations should be severed."

#### THE SENATE YESTERDAY.

The Indian Appropriation Bill Under Consideration.

WASHINGTON, April 6.—In the senate yesterday the Indian appropriation bill was taken up, the question being on Dawes' motion to strike out the provision for assignment of army officers to duties of Indian agents, with amendment attached to it (as offered by Hawley) that whenever the president shall be of the opinion that the good of service specially requires it he may appoint a civilian.

Mr. Pettigrew moved to strike out of the general provision Hawley's amendment and to insert in lieu thereof the following: "The president is authorized to detail an officer of the United States army to act as Indian agent at all agencies where he shall deem such action for the benefit of the service."

General Singleton Dead.

HALEMSHIRE, April 6.—General Singleton died yesterday, aged 82 years. In 1865 President Lincoln entrusted the general with a mission to Richmond. While there he went four times and conferred with Jefferson Davis and others.

Indians who were United States citizens and voters. He was informed by Mr. Pettigrew that the Sisseton Indians in South Dakota were citizens of the United States and voters, having taken their land in severalty, and yet they have agents over them. Mr. Allen told him that in the state of Washington there were 600 Indians on a reservation immediately adjacent to the city of Tacoma, who were citizens of the United States and voters, controlling in all local affairs, even down to precinct and county matters. Mr. Palmer confessed that the fact that the United States citizens had agents over them was startling to him. It might be true as a matter of fact, but it was startling as a matter of law.

#### Good Salary for a Day's Work.

FRANKFORT, Ky., April 6.—It has developed, through a gentleman in this city on the closest terms of intimacy with Senator John G. Carlisle, that in the Preston-Beal case, decided by the court of appeals Saturday, in which the heirs of Robert Wickliffe won the suit, involving more than \$200,000, Mr. Carlisle had a contract with General Draper, of New Jersey, who married one of the heirs, by which, if the suit was won, Mr. Carlisle was to receive \$25,000 to represent the interest of General Draper's wife. Mr. Carlisle, the intimate friend said, did not have to go into an exhaustive study of the case, but made his argument before the courts of appeals, the briefs in the case being prepared by Judge Alexander Humphrey and George Davis, attorneys for two of the heirs. To do this required Mr. Carlisle's presence in Frankfort five days at an earning of \$5000 a day.

#### SNOW EIGHT FEET DEEP.

More of the Great Blizzard in the Northwest.

ST. PAUL, April 6.—Monday's storm passed all over the Northwest. The extent of the storm was but hinted at in the earlier report. The blizzard continued most of the night around Millers, and snowdrifts eight feet deep are now to be seen. Hundreds of head of stock wandered with the storm, many of which will probably perish. One freight train has been stalled in the snow there. The unparalleled storm of rain and snow which has raged at Aberdeen, South Dakota, three days, ceased early yesterday, the sun is now shining brightly. The fall of snow is simply tremendous, and in consequence railroads are tied up, north and west. A line of mixed trains on the Milwaukee road lay in the snow all Monday afternoon and night. The through Chicago passenger train on the Northwestern got no further than Redfield on this line, but turned there and went back. The blockade is the worst experienced in a long time. While seeding will be greatly delayed farmers and others are satisfied, and the acreage will be materially increased, as great encouragement is felt. Country districts will be high impossible for days to come.

At Hudson, S.D., it is reported that the snow storm blockaded the west and north branches of the Chicago and Northwestern road. The north-bound train only reached Redfield, and returned yesterday morning. No trains have gone out or have arrived from the west. Lines in other directions are open. Snow plows and shovelers are working north and west. The Great Northern trains are also interrupted. The rainfall was the greatest ever known here in April.

#### Deeming is Very Cool.

MELBOURNE, April 6.—The inquest upon the body of Mrs. Deeming, formerly Miss Mather, for whose murder Deeming is in custody, began yesterday. Deeming sat in full view of the audience to give the people a chance to see him. The evidence went to show his connection with the murder. Deeming laughed loudly at the different points in the testimony.

#### South Omaha Election.

OMAHA, Neb., April 6.—South Omaha never had such an exciting election as that which terminated last evening at sundown. The city is overwhelmingly Democratic. During the municipal campaign the Democrats have been split, and a most bitter feeling has prevailed. Several fights and arrests occurred at the polling places, but no one was seriously injured.

Killed by His Wife's Paramour.

BRISTOL, Tenn., April 6.—At 2 o'clock yesterday morning J. R. Jordan, a furniture dealer of this city, shot and killed N. C. Adams, husband of his (Jordan's) paramour. It seems that Adams was trying to keep Jordan from the woman's bedroom, when the latter pulled his pistol and shot him dead.

Pierce of Tennessee.

WASHINGTON, April 6.—Representative Pierce, of Tennessee, one of the warmest advocates of the silver bill, left Washington last night for his home, to be absent 10 days. In his absence the silver men will put in execution their threat to filibuster against everything but that measure.
