

RAUM INVESTIGATION.

First Conviction Under the Alien Contract Law.

ALIEN CONTRACT LAW. The First Conviction Under the New Law.

TRENTON, N. J., April 11.—R. J. Curtis, representing the Hamburg-American steamship line, this morning pleaded guilty to violating the alien contract law in bringing over four immigrants under contract, and failing to return them when required to do so. He was fined \$300 and costs. This is said to be the first conviction under this law. Several similar cases are pending against the other steamship lines, but understood they will be continued.

A MATRIMONIAL AGENCY. A New Scheme to Be Adopted by the Salvation Army.

LONDON, April 11.—In an interview yesterday with Mr. Cadman, director of General Booth's social redemption scheme (of which, it is said, Cadman was the real originator), it was explained that the matrimonial bureau, which the Salvation Army people propose to establish, will be mainly a commercial venture; that is, it will not be carried on free of charge, though there is a philanthropic spirit underlying the scheme. It is intended to facilitate suitable marriages among people who have few opportunities for varied acquaintance of social intercourse. Close inquiries will be made in all cases and negotiations will be carried on only in behalf of persons found worthy in all respects. The clients of the bureau will be of all classes. Rich and poor will be treated alike, and no inquiry will be made as to the creed of the applicants. The bureau will be set in operation as readily for an atheist as for a follower of the Salvation Army. Mr. Cadman believes that the result will be to materially lessen the number of unsuitable unions.

FOILED BY THE POLICE. A Husband Attempts to Poison His Wife.

NEWARK, N. J., April 11.—Frank Damio, who keeps a saloon on Market street, was arrested late Saturday night charged with attempting to poison his wife and for the police he would have accomplished his design. Early last week Superintendent of Police Brown received word from a wholesale drug house in New York that two men from Newark had purchased five pounds of arsenic. The salesman suspected them, although they said the poison was for manufacturing purposes. Detectives met the men at the depot and followed them to Damio's place where they parted. Damio's companion took the package to Waverly, one of the suburbs of the city, where he hid the arsenic in an unattended building. After he left the officers took the package to the police headquarters leaving in its place a similar package containing tartar emetic. The next day Damio's companion was seen to go to the package and take out a quantity of the supposed poison, which he took to Damio's place. There it was placed in a bottle partly filled with whisky and according to Damio's statement, the men bet her 10 cents she could not drink two glasses of it. She drank the stuff and was immediately taken very sick. She says her husband beats her every night, and she has a wound on her head which he inflicted with a knife. Damio denies any intention of killing his wife and his companion refuses to talk.

INVESTIGATION. Of Raun and the Pension Office Continued.

WASHINGTON, April 11.—In the pension investigation, George W. Wayson, formerly assistant chief special examiner pension bureau, declined to say whether or not he had borrowed money or secured endorsements from his subordinates. He admitted he took the disposition of an examiner named Williamson, showing the latter had borrowed money on pension certificates contrary law. The witness is still refusing to answer further questions, the committee has decided to report to the house a resolution requesting the commissioner of pensions to discharge him. The same action was taken in regard to Harvey C. Ellis, who declined to answer questions.

GOOD NEWS. The Bar at Coos Bay Washed Out in the Late Storm.

SAN FRANCISCO, April 11.—A welcome piece of news to coasters was brought in by the Acreta from Coos Bay, yesterday. Captain Langhorne reports that almost the entire bar at the entrance to Coos Bay harbor was washed out during the late storm and that the entrance can be effected as easily as through the Golden Gate. It is thought the bar will undoubtedly form again, but it will take some time for the barrier to assume its former proportions.

J. K. Porter Dead. WASHINGTON, N. Y., April 11.—John K. Porter, 80-year-old counsel for the people in the trial of the Garfield assassin, George A. and for the defense in the Hooper trial, died this morning.

THE FIRE RECORD.

A Man Crazed by His Son's Death, Attempts Suicide.

PITTSBURGH, Pa., April 11.—A fire soon after midnight destroyed the residence of James Hawley. All the inmates escaped, except Joseph Linton, an adopted son, who was burned to death. When his burning bed fell on the first floor, Mr. Hawley, crazed with grief, sprang into the flaming building and threw himself upon what remained of it. He was dragged from his perilous position, his rescuers sustaining severe injuries. He then attempted to cut his throat with a piece of glass, but was prevented. Soon after he made a third attempt at suicide by dashing his head against a post, and falling in this, he tried for the fourth time by running his head against a wagon wheel. He has met many losses of late, his barn having burned and cattle poisoned. It is said that this last fire was incendiary.

MURDER AND SUICIDE. Richard Hancock Shoots His Wife and Kills Himself.

WINLOCK, Wash., April 11.—A most awful tragedy occurred here at 10:20 last night. Richard Hancock shot and fatally wounded his wife, and then turning the pistol fired a shot through his heart. Hancock was then dissipated for sometime, and has threatened the life of his wife and family. He was trying to get his wife to give him money, with which to settle some pressing financial matter, and, she refusing, he quarreled with her. She ran from the house pursued by her husband, who fired three shots, one passing through her abdomen, and the third through her wrist. She cannot live till morning.

Preparing for the Convention. CHICAGO, April 11.—The local finance committee, having charge of the arrangements for the Democratic national convention, has held another meeting, at which it was decided to let contracts for the erection of a wigwam on the lake front. It has already been decided that the work of construction must be begun by the 16th, as the national committee is beginning to get uneasy at the apparent delay. So far \$80,000 has been raised toward the fund of \$50,000 which is needed for expenses of the convention, including the cost of the wigwam. It is thought that the rest will be raised without difficulty when the building begins to loom up. The necessary permission to use the lake front for this purpose has been given by the city authorities.

A Painter's Horrible Death. SAN BERNARDINO, Cal., April 11.—Coroner Thompson was called to South Riverside yesterday morning at 11 o'clock to hold an inquest on the body of a man named Murphy, who met with a horrible death. He was engaged in painting with tar the interior of a large pipe line, and was about 250 feet from the opening. At 9:30 o'clock a dense volume of smoke poured out and heartrending cries were heard. After the fire was extinguished volunteers crawled in and dragged out the charred remains of the unfortunate man. It is believed that Murphy lit a match to smoke when the tar took fire and burned and suffocated him before escape was possible.

Declared Untrue. LONDON, April 11.—J. W. Lowther, parliamentary secretary of the foreign office replying to the question in the commons, declared the statement that England is scheming to secure the harbor of San Quintin in Lower California as a coaling station under the cloak of the Mexican International company is untrue.

Reward for Kindness. TACOMA, April 11.—Mrs. Karl Johnson, who shot herself three days ago on account of her husband's suicide in jail, died yesterday morning, leaving her property to Police Officer Crawford, who was kind to her. The woman was of wealthy parents and her first husband was also wealthy.

In the House Today. WASHINGTON, April 11.—In the house on motion of Berborow, Illinois, a bill was passed repealing the joint resolution passed in the fifty-first congress, authorizing the secretary of war to lease the pier at the mouth of the Chicago river.

To Stop Drilling. PITTSBURGH, April 11.—The leading oil producers of the Southwest are preparing for a general suspension of drilling operations for six months to bring about an advance in prices.

The Custom Frauds. SAN FRANCISCO, April 11.—The U. S. grand jury has completed its labors in the investigation of the customs frauds and will report to Judge Morrow.

An Ex-Confederate General. WASHINGTON, April 11.—General Charles M. Field died at his residence in this city Saturday night, Bright's disease being the immediate cause of his death.

In the Senate. WASHINGTON, April 11.—Palmer introduced his bill to remove limitations on the payment of arrears of pensions.

Iron Company Assigned. ALLENTOWN, Pa., April 11.—Lehigh Iron Co. has assigned. Efforts are being made to reorganize.

"F" COMPANY AT VALE. The Company Will Escort the Murderers to Baker City.

BAKER CITY, Or., April 11.—Obeying the orders of the governor, Company "F," 3d regiment O. N. G., left this city on the 12:45 a. m. train, en route for Vale, Malheur county, to assist the sheriff to protect William and John Bailey, charged with the murder of William Lambert, from mob violence. Sheriff Fell constantly remains in the cell with the prisoners, and avers that the cowboys will have to walk over his dead body before they get the murderers. The preliminary examination occurs today. It is reported that the cowboys swear that the prisoners will never leave the county alive. Militia will escort the murderers to this city if bound over.

DEMOCRATIC CONVENTIONS. Governor Pattison for a Non-Interested Delegation.

HARRISBURG, Pa., April 11.—It is reported that Governor Pattison is using his influence to prevent instructions for Cleveland by the Democratic state convention next Wednesday, in the belief that his prospects for the nomination for president would be promoted by non-action in this matter. The governor naively states that the delegates to the Democratic national convention should not be instructed. Nearly all the county conventions in Pennsylvania are on record for Cleveland. The democracy of the Keystone state is stirred to an unusual degree because of the peace conferences between Governor Pattison and ex-Senator Wallace. They met this week at the executive mansion, and, it is said, the meeting was brought about by the governor, because he desires a united party in the state, in order that his chances for presidential honors shall not be dimmed by factional fights. Senator Wallace will attend the convention Wednesday. He is opposed to Cleveland and against Hill which leads the Democrats here to believe that he will not interfere with the Pattison boom.

TO SAVE 20 TO 60 HOURS. The Mails Will Be Discharged at San Diego.

SAN DIEGO, Cal., April 11.—Postmaster Kutchin, of this city, has received notice from the superintendent of foreign mails at Washington that hereafter all mails brought up from South and Central America and Mexico by the Pacific Mail steamers, destined for way and all points in the United States will be discharged at the port of San Diego, and will be dispatched from this office. This is one of the many points San Diego, has been fighting for. The new order will expedite the mail service very much and will result in saving from twenty to sixty hours for all cities in the United States west of the Mississippi river.

Nine Persons Drowned. BOSTON, April 11.—Last evening Instructor A. F. Norburg, of the Boston Farm school, on Thompson island, left the city with nine boys connected with the school in a sail boat to go to the island. Midway the boat was upset by a squall, and all were thrown into the icy water, and the instructor and eight boys were drowned. At the end of four hours the boat drifted ashore with two survivors.

New Orleans Conflagration. NEW ORLEANS, April 11.—Since the fire of last Sunday, when five cotton-presses and five squares of the residence section of the city were burned, it is said to be the work of incendiaries. An investigation instituted by the insurance companies of this city has developed the fact that the fire was caused by sparks from a passing switch engine. The loss by the cotton fire is now placed at \$1,550,000, and that in the residence part of the city at \$750,000.

Anarchists Fires. VIENNA, April 11.—Incendiary fires continue here but owing to the extraordinary precautions of the authorities little damage has been done so far. They are attributed to anarchists, but it is believed many of them are set with a view of robbery during the excitement. A similar state of affairs is reported at Lyonfelden in upper Austria.

Peace to Venezuela. WASHINGTON, April 11.—The navy department are informed that the U. S. S. Newark sailed from Lagayara today for Curacao, West Indies. This is taken to mean peace has been restored to Venezuela.

The Wigwam. CHICAGO, Ill., April 11.—Work on the Democratic national convention wigwam began today. It is to be completed before June 5.

Small Fox. NEW YORK, April 11.—Three more cases of small pox was discovered today, making eleven since Saturday. Cases are mostly in down town tenement district.

MARKETS. PORTLAND, April 11.—Wheat valuations, \$1.40@1.45; Walls Walls, \$1.25 @ \$1.40. SAN FRANCISCO, April 11.—Wheat buyer season \$1.20. CHICAGO, April 11.—At close wheat was easy cash \$1.80.

THE FALL ELECTIONS. Indianapolis Democrats Instructed for Cleveland and Gray.

A BANQUET TO REID. The American Minister to France Highly Honored. NEW YORK, April 11.—Ohio's sons, resident in the empire city of the republic gathered around a distinguished son of the Buckeye state at Delmonico's Saturday night and feasted and made merry. It was an assemblage, independent of party affiliations, or options, which met to honor Whitelaw Reid, minister to France and editor of the New York Tribune, who has just returned from Paris. There were 150 guests present. Mr. Blaine was unable to attend the dinner. D. O. Mills, Chas. Dana, Geo. W. Childs, Warner Miller, Chauncey M. Depew, Charles Foster, S. B. Elkins and many other distinguished people were present. Gen. Wagner Swagney gave the greeting of the society to Mr. Reid, and after a toast which fitly honored him, the latter spoke feelingly of his gratitude at the welcome accorded him. In the course of his remarks, he said: "A few years ago he had occasion, in presenting a gentleman (recently dropped from the senate, and who described himself as a 'dead statesman'), to point out that he had in him the material for an uncommonly live president. He had not seen any necessity for apologizing for any mistake made in the prediction. Now it is said the other party is looking for a candidate. Here is the first president of the Ohio society ready at hand. A statesman himself, and the son of a statesman, and, for any reason that name, Ewing, is not called, then, in the language of my friend Mr. Bennett, would like to know why not Calvin S. Brice. Two states claim him, and he is bright enough for the whole forty-four. The Ohio man continues to be prevalent. In the present cabinet, for instance, out of seven members four are from Ohio. When these four vote together and the president joins them, the rest of the concern must feel lonely."

Proceedings in the Raun Investigation. WASHINGTON, April 10.—In the Raun investigation yesterday, Representative Cooper, of Indiana, said during his absence from the city an attack had been made on him, and there were some things needing an explanation. On their face looked as if he were connected with very reprehensible matters, which had been done in his name and without his knowledge. He had no connection with anything irregular, and requested permission to examine the pension file records and testimony, in order to make a full and complete statement. James W. Donahue, pension clerk, testified he had caused the arrest of Major Barker, the dismissed chief of the record division, for failure to pay borrowed funds and finally secured the money, but Barker reduced him from section chief to a clerk. Then he tried to have him dismissed, and the commissioner and Assistant Secretary Bussey recommended it, but Acting Secretary Chandler interfered and prevented it.

Cleveland and Gray. INDIANAPOLIS, April 10.—Several Democratic conventions were held yesterday. Those of Allen, Marion Owen, Warrack and Green instructed for Cleveland and those of Dubois and Franklin for Gray.

Indiana Politics. INDIANAPOLIS, April 11.—A lively contest took place in the Marion county Democratic convention between the Gray and Cleveland followers. The Cleveland men, however, were victorious, they succeeded in having a resolution adopted declaring: "As a tariff reform will be the paramount issue in the next presidential election, it is the judgment of this convention that Grover Cleveland should be the nominee of the Democratic party for president, and Isaac P. Gray for vice president."

Marion County Has Eighty Delegates to the State Convention and the Action is a Severe Blow to the Gray Boom. COLUMBUS, O., April 10.—W. C. Watson and J. M. Kerr, manager and medical director respectively, of the Chicago Opium and Liquor cure, an institution recently established in this city, were arrested yesterday on a charge of murder. The arrest grows out of the mysterious death of David M. Shoemaker, a patient at the "Dispensary" Shoemaker died at 2 p. m. last Tuesday. An autopsy developed a rupture of an artery and a fracture of the nasal bones in the head. There were also evidences of strychnine in the stomach. The latter is supposed to be due to the treatment administered. The injuries are unaccountable and the arrests were made by order of the coroner.

Murder in the First Degree. WASHINGTON, April 10.—Howard T. Schneider, who on January 31 shot and killed his wife and her brother on the street while they were on their way to a church, was yesterday convicted of murder in the first degree. The parties were all prominent in social circles. Mrs. Schneider's family refused to longer keep him at their home, because of his laziness and bad habits, and I think it must be on the street and shot his wife and brother-in-law.

Another Story About Blaine. NEW YORK, April 11.—The Commercial Advertiser's Washington special says: "A devoted friend of Blaine's told your correspondent Saturday that he had had a long talk with Blaine on the subject, and could state positively that Blaine would accept the presidential nomination

to come on and attend the annual meeting of the local appraisers, which will take place next Tuesday. I arrived a few days earlier to learn about some changes in the prices of imported goods. It is very singular that Assistant Treasurer Spaulding, with whom I was closeted for some time Saturday in his office in Washington, did not mention the subject of the trouble out there to me. Next, however, I will say to the treasurer that I am ready to show my books any time if he has any suspicion of wrongdoing. I don't think there is any chance of my being removed for cause. I don't admire my position very much, but I will do my duty while I hold it."

Wanted a Dam Site. PHOENIX, Ariz., April 11.—A serious shooting affray took place yesterday afternoon at Dam Site, Rio Verde, 20 miles from this city. Captain John King two years ago located Dam Site and claims he has expended in the neighborhood \$5000 improving and surveying the same. Six months ago a company of Minneapolis capitalists jumped the claim and began a series of improvements. They have been working a force of twenty-five or thirty men since that time and have likewise acquired title to about 50,000 acres of land lying under the contemplated reservoir. Yesterday King ordered the party to quit work at the point of a rifle, which they did. The latter insisted upon them leaving their camp and upon their refusing fired several shots, some taking effect. The camp cook, named Crum, returned the fire, hitting King in both legs. He was brought to the city in a precarious condition and it is thought he will die. Crum is under arrest and it is likely a bitter feud will follow for the possession of Dam Site.

A LYNCHING FEARED. The Governor Orders Out Co. F, O. N. G. BAKER CITY, April 11.—Latest advices from West Fall, Malheur county, say the killing of William Lambert by Bailey Bros. was a cold blooded murder. The trouble began at the Democratic primaries, held Saturday. The contest was close and exciting. Considerable whisky was consumed and bad blood soon commenced to crop out. At one time two of the contestants for delegates were a tie, one being one of the Bailey Bros., who intercepted Wm. Lambert, who attempted to vote, but words followed, and in a few minutes Lambert started for home. Shortly after one of the Bailey boys said he had been cut on the arm by Lambert. A brief conference was held and one of the gang suggested that it would be the proper thing to overtake him and kill him. Five of the number at once mounted their horses and started to carry out their murderous threats. When Lambert had arrived within a short distance from his home he was overtaken by the Bailey boys who were on swift horses and it is alleged they riddled him with bullets, four shots taking effect in the back. Lambert's little daughter saw the shooting and ran to her father, but was too late to see him alive. The excitement runs high in that section and strong threats of lynching are indulged in by the cowboys. Sheriff Fell is doing all in his power to protect the prisoners and petitioned Governor Penney to detail Co. "F," O. N. G., of this city at once. A telegram was received from the governor ordering the militia to depart immediately.

If the Cowboys, who are now organized do not carry their threats into execution before the militia arrives, the murderers will be escorted to this city for safe keeping. The attorneys today concluded taking testimony in the case of Oregon Land Co. vs. State Insurance Co.
