

The ladies had heaps of assurance, and appeared to enjoy the sport as did the audience. They were enthusiastically recalled three times, and finally left the stage amid a blaze of flashlight and a perfect bombardment of flowers.

WILL NOT MARRY.
The Chief's Son Wants to Travel Once More.

NEW YORK, April 13.—Edmund Yates, in a special cablegram to the Tribune from London, says a correspondent in St. Petersburg informs him that the czarowitz is going to America early in June for a few months. The emperor wishes his eldest son to marry at once, but the czarowitz at present declines to contemplate a permanent settlement in life, and it is hoped that another distant tour may lead him to change his views on the subject. The czarowitz has given his father a great deal of trouble during the last two years, and is the cause of much anxiety to the imperial family. The czarowitz will accompany the emperor and empress to Copenhagen for the celebration of the golden wedding of the king and queen of Denmark, May 28.

Homes for Disabled Soldiers.
WASHINGTON, April 13.—The house committee on military affairs has had under consideration the bill relating to the control of the national homes for disabled soldiers. It prescribes the manner in which the national board of control shall be appointed. This bill was several days ago reported to the house with favorable recommendation. Yesterday, Outwater, the chairman of the committee on military affairs, moved that the bill be returned to the committee. Upon inquiring for the reason of this action, it was learned that the military affairs committee has decided to investigate certain charges against Major George H. Bonebrake, of Los Angeles, a member of the national board of control. It is understood that these charges arise out of the Tropical Irrigation Company's suit, in which Mr. Bonebrake was involved. It has been suggested that he resign, but his friends declare that he will not do so and has nothing to fear from an investigation.

Hunting a Lost Mine.
SAN FRANCISCO, April 13.—A telegram from Los Angeles details the public death, on the sun-baked sands near Salton sea, of P. L. Doan, and J. K. Bell, of San Francisco, while in search of the lost Pegleg mine. The Pegleg is one of the most famous of the lost mines of the coast. Through Cooch Indians the story has got out that Doan and Bell have lost their way, tracks believed to have been theirs having been found. This appears to be an error. William P. Doan, brother of P. L. Doan, says he does not believe the story. A letter from his brother dated three weeks ago, and since the Indians were on the desert, he says, and they were getting on all right, and hoped to find the Pegleg. Their trip had been rather rough, as most trips are, but they were in excellent health.

THE KENNEDY CASE.
Excitement in New Westminster Over the Affair.

NEW WESTMINSTER, B. C., April 13.—The city is teeming with excitement over the Kennedy affair. Superintendent Provincial Police Huzzey and his special force surrounded the Columbia office and all the roads leading from the city were guarded in case the Kennedys should escape. The Kennedys, however, were safely out of the city early in the day, and after spending several hours in the woods went to a ranch and spent the night there. The roads leading to the boundary of the plains were guarded by officers and the greatest caution had to be observed to get safe into United States territory. At 10 o'clock yesterday morning they got across the boundary, and are now in Blaine, Wash. At present the government believes the publishers are safely scurried in Westminster, and may be captured when the warrants arrive. A special wire from Victoria last evening says the speaker has issued his warrant to the sergeant-at-arms, who will proceed to Westminster and take the Kennedys to Victoria in custody. This office will have to kidnap the refugees from the United States in order to accomplish the duty imposed on him, which, of course, he is unlikely to attempt. People are standing by the paper, and a defense fund is being made up to fight the actor of the house to the bitter end.

Fires at Lafayette.
LAFAYETTE, Or., April 13.—The dwelling house on Second and Adams streets, occupied by Thos. Hutchins, was burned to the ground yesterday afternoon, the fire originating in the kitchen. A very heavy wind was blowing and the town had a narrow escape. The roof of Matye's barn, real estate office and the Ledger office were all on fire, but were promptly extinguished. Another alarm of fire drew the department to the house occupied by Charles Powell just five blocks distant, but the blaze was put out before much damage was done. Mr. Hutchins' furniture and effects were all saved.

BOISE POSTOFFICE ROBBERY.
Two of the Highwaymen Are Apprehended.

BOISE, Idaho, April 13.—Just a week ago Monday night three masked men entered the Boise post-office and held up Postmaster Leonard and robbed the safe of \$15,000. After committing the deed they disappeared. Now two of them are in custody of the federal officers, and one of the pair has confessed. His mate is C. F. Taylor and he has stood well here. An hour and a half after the crime had been committed United States Marshal Pinkham arrested Taylor, but soon liberated him. Sunday he was again arrested. Taylor finally broke down and betrayed his companions, one of whom, Frank Hinton, was taken yesterday at Pocatello. The third man may escape. The case was worked up by United States Marshal Pinkham, Deputy Marshal Robert Dryden and Post-office Inspector E. C. Clement, of San Francisco.

FOREIGN ITEMS.
HALIFAX, April 13.—Deeming the Australian murderer, was in Halifax a few years ago on alleged gold-mining business. He showed a gentleman whom he met here a letter from Kate O'Dowes, one of his women subsequently murdered in Whitechapel. The letter revealed the motive for the murder of the girl. Deeming went under two or more surnames in Canada, one of which was Ruel.

A Triumph for Keeley.
SPRINGFIELD, Ill., April 13.—Governor Fifer reversed the action of the state board of health yesterday in revoking the certificate of Dr. Leslie Keeley, of Dwight bachelors of gold color fame. The certificate was revoked June 30, 1891, and Fifer holds that the action was taken without such notice to Keeley, without such trial, and without such finding upon the facts as the law requires. Under such circumstances the revocation was unauthorized and void.

To Arm the National Guard.
WASHINGTON, April 13.—Representative Lane, of Illinois, from the committee on military affairs, yesterday reported to the house a bill authorizing the secretary of war upon the application of the governor of a state or territory to issue for the sole use of the National Guards of such state or territory any 31 muzzle rifle field guns, wrought iron 3-10 inch breech loading rifles, field guns, steel or machine, Hotchkiss or Gatling or rapid fire guns, with implements and harness for same which may be of hand and not needed immediately for services by the regular forces.

wife into the bedroom, and locked the door, so that his fiendish work might be uninterrupted. Mrs. Hancock, however, screamed at once, and her 14 year old son broke in and tackled his father, thus giving his mother a chance to escape. She ran outside pursued by her husband, who had shaken the boy off, and was shot three times. One bullet passed through the fleshy part of her hand, another lodged itself in her back, and the third plowed its way from the groin upwards and came out at the breast.

She fell of course, and Hancock, thinking her dead, put one of the revolvers in his heart and pulled the trigger, killing himself instantly. Mrs. Hancock was carefully attended, and Dr. Stevens says that, in spite of her badly wounded condition, she will live unless some unlooked-for exigencies arise.

The Pension Investigation.
WASHINGTON, April 13.—Cooper, of Indiana, made a statement before the house pension investigation committee yesterday. He declared he was not responsible for and knew nothing about the actions of his clerk, Hersey, in taking fees for information furnished to outside pension attorneys. Hersey had been recommended as a competent man for the place and employed as such. Commissioner Raum, however, sought to have the pension business done by the Washington attorneys who were indorsers of his notes. This, he said, was a much more harmful debauchery of the public service than Hersey's. Raum knew of Hersey's doings last September, but had done everything in his power to have Hersey tried through his (Raum's) spies and informers in two or three states, in the hope that he might entrap witnesses.

to be the present degraded condition of our country. The United States. Palmer replied to Chandler's allusions to his political history, and said he left the Republican party when it left its own principles and became a tariff and protectionist party. He had no fear of the popular vote. While the Republican party was devoted to the uses for which it was made no grander or nobler party ever existed. It was only after it fell into the hands of private interests that it became a foe to the country, which it had loved.

"Safe and Certain"
The testimony of Dr. George E. J. Waller, of Martinsburg, Va., in reference to Ayer's Pills. Dr. J. T. Teller, of Chilton, N. Y., says:— "Ayer's Pills are highly appreciated. They are perfect in form and coating, and their effects are all that the most careful physician could desire. They have supplemented all the pills formerly popular here, and I think it must be long before any other can be made that will all compare with them. Those who buy Ayer's Pills get full value."
"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for various affections requiring a purgative medicine, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.
"I prescribe Ayer's Pills in my practice, and find them excellent. I urge their general use in families."—John W. Brown, M. D., Oceana, W. Va.
