Republican Committee Meeting.

The members of the Republican county central committee of Marion county are requested to meet at Salem, on Saturday, April 23d, at 1 p. m., at reading room of Hotel Willamette. I. L. PATTERSON, d&w if Chairman.

CHURCH NEWS.

Besides those reported already a number of other church societies have largely increased their membership owing to the Mills meetings. At the M. E. church 88 new members were taken in Sunday. At the Baptist the number was 22. At the Unitarian 19 joined and thirty more are reported as ready next Sunday. At the Christian church 11 were taken in, and there will be meetings every night this week. The annual state convention of the Congregational churches of this state meets in Eugene today. The Congregational church of this city is entitled to thirty delegates, but not that many will attend. Several went up last night, and the rest of the delegates left this morning.

THE KINDERGARTEN.—There is a special meeting tonight at the old Unitarian hall to make arrangements to have Mrs. Treat, the head of the Chicago Kindergarten Training schools, come to Salem and lecture this summer. Mrs. Treat is a speaker of great power, and a woman who holds the largest audiences. If it could be realized what her work means for the elevation of childhood there would be as much interest in having her come here as there is in getting Mr. Mills. The kindergarten has grown from four to forty in a year, and all that Mrs. Treat asks is her travelling expenses, there should be a good attendance this evening, and the necessary money should be raised.

TAX REPORT.—Sheriff Croisan's tax report just filed with the county clerk shows that the tax roll for 1891 was \$174,570; that the sheriff added to this \$3,787.82; collected \$154,451.97; errors \$4,470.24; delinquent roll \$15,647.79. The delinquent list is \$3000 less than last year. Sheriff's commission \$1,582.49.

"SPECIAL BARGAIN."—Twelve acres near the city, 800 fruit trees, good house, well with pump, western slope, two acres timber, small fruit of every kind, will be sold low cost. See Meeks & Scott, 203 Commercial street.

ECONOMY AND PROGRESS.

What the Councilmen Say About Reducing Expenses and Street Improvements.

A JOURNAL reporter had short talks with various members of the city council today, about the pending propositions to cut down city expenses, and promote street improvements.

At the meeting of the council to-night there will be some very important steps taken to revolutionize the present state of affairs in the fixed expenses of the city. There is a general disposition to reduce expenses all around.

WHAT THEY SAY.

Hunt: I think we can save \$5000 to \$6000 a year on the expenses of the city. I believe the street department, police department, fire department and the official's salaries can all be reduced from forty to fifty per cent. We must do more than make both ends meet. We must create a sinking fund to pay off our debts. I believe we can make the South Commercial street improvements and Chemeketa street and then halt and see how the people like it. Present deficiency has accumulated ten years and it is time it was stopped. I am not after anyone's scalp but mean to do what is right.

Moore: "So far as I have been able to estimate, the expenses of the city can be reduced from \$4000 to \$5000. I doubt whether we can reduce the police very much in number, but may save in total expense. The Chemeketa street improvement will be put through tonight if possible."

Johnson: "We thought the people wanted some good street work done and we had through preparations made accordingly. But it seems they want something cheaper. I am satisfied that we can save from \$4000 to \$5000 a year on the fixed expenses of the city government and not injure the service in any department. The contractors on street work are at present waiting for the mayor."

The council passed the ordinance to improve South Commercial street last Wednesday and it has not been signed by mayor. The mayor is off attending the state convention and a week is lost by his neglect. Perhaps he intends to veto it. But the people are anxious to have the street built, no one is kicking and all want it done."

Lafore: "I think several thousand dollars a year could be saved in our city government. We hope to be able to put the Chemeketa street improvement through this evening. The fire department can be consolidated and one heater, one team, one driver and one engineer can do the work. With our wide streets and damp climate we do not need as much as in some places.

Olmsted: "There could be some saving by putting both engines into one house, working one team on the street. One man as street commissioner and surveyor would do just as much as we are getting at present unless the service in any department can be improved I am not in favor of reducing the force."

Several other members of the city legislature were seen and all agree that a substantial reduction in city expenses can be effected.

At 1:45 the convention met again and the report of the committee on credentials was presented. The committee reported 269 delegates entitled to seats in the convention. After minor corrections, the report was adopted. Committee on permanent organization and order of business then reported as follows: That the temporary organization be made permanent; order of business, first, report of committee on credentials; second, nomination of supreme judge; third, two congressmen; fourth, each district nominate its own congressman; fifth, national delegates two from each district and four at large; sixth, alternates; seventh, confirmation of district nominations; eighth, report of committee on platform. FROM CHEMWA.

John Kepner has returned from Indiana. He left here last fall. He says that he came through storms of snow, sleet, rain and hail, with an occasional cyclone and thunder storm thrown in for good measure, all the way from Hoosierdom. He thinks of settling down in Marion county to stay.

The chicken thieves are in hard luck here, as well as Salem. F. F. Goodrich saw a man out about his hen house last week, and when ordered to account for himself (as he had been seen around there before) the party started to run, and Mr. Goodrich's gun seems to have gone off in some unaccountable way—the man was nipped so that Mr. G. was unable to track him home the next morning. Mr. Goodrich won't talk about it, but rumor has it that the party who likes chickens, "not wisely, but too well," lives less than a thousand miles from Hayesville, and that Mr. Goodrich called him out and gave him a good "cussing" and let him off.

Sunday afternoon, a couple of Indian boys, and the son of one of the employes, were caught right in the act of killing Mrs. Beatty's chickens. Mrs. Beatty had been missing eggs and chickens, and they were pretty closely watched. When Mr. Beatty dropped down on them they were completely surprised. One was caught and taken to Mr. Brewer, and the sergeant soon caught the others, and within a couple of hours they were snubbed up short to the whipping post. The employe got very hot in the collar, when told that his boy had been stealing chickens, but soon simmered down, and will settle the chicken bill, as the cheapest way out.

Paraphernalia Purchased to Fit Up A Fine Gymnasium.

The Salem Y. M. C. A. directors had a full meeting Monday night and concluded arrangements for the active and permanent occupancy of the Y. M. C. A. rooms. All of the present outfit was bought and considerable extra mats, 25 pairs Indian extra dumb-bells and 25 pairs Indian clubs were ordered. For the reading room a number of the magazines—subscriptions by the year at low rates of nearly \$100—and many newspapers—dailies from nearly all cities. A file of all the best local papers will also be kept. The reading room and library will be free and open to all. The educational committee are considering a proposition to purchase the Aika-Hesperian society library.

MR. WETHERBEE: the Salem salaried secretary is considered of a gymnast and instructor in athletics. He will at once arrange to have a number of classes of young men to instruct. The work of the Y. M. C. A. is fourfold, mental, moral, physical and spiritual. It is quite popular in Salem at present and seems to be in good hands.

It is impossible to tell when the new rooms will be thrown open. Folding chairs have been offered to seat the "gym" room for Sunday meetings. Not later than next week the newly equipped rooms will be thrown open with proper ceremonies.

LOCAL AND PERSONAL.

City council meets tonight. D. Myers, of Seio, is in the city. Wilbur M. Hill is very ill of fever. Brook trout are being taken in all the streams. Services at the Baptist church tonight. R. F. King, of Portland was in the city to-day.

Major Hodgkin is moving out of his old house into his new.

All the county central committees except the Prohib's, meet at Salem next Saturday.

The Kinder Symphony seems to be a drawing card and has an unusual number of attractions. Tickets at Dearborns.

Building continues, and among the ventures is a cottage by Jas. Watt, on the corner of Chemeketa and 15th streets.

Col. Wagner is utilizing his fine residence block on 20th street, as a fruit and vegetable garden this summer, which will put the soil in fine shape for future improvements.

The Democrats have put up a pretty fair county ticket. They should however have sufficient respect for this county to put up a legislative ticket in presidential year capable of making a canvass.

Frank J. Beatty is in town looking after the quarterly meeting of the Marion County Fruit Growers association. There has been very little interest taken in the matter of late tho' the fruit growers are apparently the ones who should be wide-awake.

Mr. Jones which is the cheapest in the end, a pair of those cheap advertised shoes at 1.15 1.25 1.50 that are being sold in cheap John stores that wear ten days to two weeks or a pair good solid shoes sold by Krause Bros. for 2.00 and 2.50 that wear six months? Well Mr. Smith, I have tried the cheap shoes for an experiment but excuse me I can't afford to buy any more; too expensive for a poor man like me. I buy only good shoes now and find them at Krause Bros. at the right prices.

Mr. and Mrs. W. H. Logan, of McMinnville, are here on a visit to Mrs. Logan's parents, Mr. and Mrs. Nat Holman.

Mrs. Levens and daughter, Mrs. Nellie Buchanan, of Dallas, are now in Colton, California, for the latter's health, which is still very poor with no improvement.

1492 WORLD'S FAIR. 1892

THE COLUMBIAN FAIR EXCURSION CO., of Chicago, has established an agency in Salem, where those who intend going to the World's Fair can obtain information of much interest and value. The purpose of this company is to provide first-class accommodations going to and from and while at the fair, at reasonable rates, and on terms within the reach of all. Many people do not seem to be aware of the possibility of securing rooms and accommodations in advance. It is estimated that 80,000 people, on an average of 10,000 per day, will visit the fair. This company is now contracting hotels, which are being built and to be built, and it is a fact that those who do not make provision in advance had better do so. We would therefore impress upon those who intend to visit the fair the importance of registering upon our books and securing their accommodations at once. The fair opens on April 20th, and the convenience of purchaser, any time between now and April 18th, 1892. Our certificates will be sold beyond the number of people to whom the company can give all they promise. Viz. First-class accommodations. For full information, call on
