IN THE SUPREME COURT.

Judge Boise Reversed in the Sawdust Law Case.

SALEM, April 28, 1892.

In the matter of G. W. Vedder, appellant, vs. Marion county, respondent; petition for rehearing denied.

Geo. W. Wimer and W. J. Wimer, respondents, vs. Anna F. Smith, Elias F. Smith and W. I. Wadleigh, appellants, appeal from Josephine county; argued and submitted. H. K. Hanna and P. P. Prim attorneys for respondents. S. U. Mitchell and C. W. Cross attorneys for appellants.

The supreme court has remanded the decision of Judge Boise in the case of State of Oregon vs. John A. Shaw appealed from Marion county.

The case is of great importance to all persons who are interested in either sawmills or the protection of food fishes. The defendant was indicted for discharging sawdust, and lumber waste into the Santiam river in violation of section 8 of an act entitled "An act to protect salmon and other food fishes in the state of Oregon and upon all waters which this state has concurrent jurisdiction." To the indictment a demurrer was sustained by the court below for the reason that it did not state facts sufficient to constitute a crime. The indictment was dismissed, and from that judgment the state appealed and the supreme court has now remanded the case with directions to overrule the demurrer.

THE DECISION.

The supreme court holds that the object of the constitutional provision was to prevent the practice in legislative bodies of embracing in the bill matters having no relation to each other, wholly incongruous and of which the title gives no notice, thus securing the adoption of measures by fraud and without attracting attention. The decision says it was not designed to require the body of the bill to be a mere repetition of the title. If the title covers the object of the act, the degree of particularity with which it shall be expressed or set out is for the legislature to determine. The general object and purpose of the act is to protect salmon and other food fishes, and whatever means may tend directly or indirectly to accomplish this object may be properly included in the act. The legislature assumes that sawdust, shaving and lumber waste are substances calculated to destroy or injure fish when cast into the stream, and this seems to have been the opinion of the legislature many years, for there has been since 1878 a law under the statute books making it a crime to do so in certain localities. The supreme court holds that the indictment is in the language of the statute and clearly apprises the defendant of the offense charged against him. The court thinks it is sufficient and therefore reverses the judgement of the court below.

The supreme court is expected to hand down some important decisions Saturday morning. Their decision in the attorney-generalship case is awaited with great interest.

DOES IT PAY?—The question frequently arises as to whether it pays to raise cows for sale. Judging from a sale made by R R. Ryan a few days ago, the writer would say yes most emphatically. He sold two little Jersey grades that he brought from Nebraska for $110 to a Portland party, which certainly is not bad business. Good stock will seldom fail to bring paying prices.

A NEW POSTOFFICE.—The colony out east of the city, in the Auburn and Hampden Park neighborhood are about to petition for a postoffice at that place. It is claimed about forty families will patronize the office, and that it will be a great convenience to those people.

KEEP COMING.—The people keep right after that fine line of dried fruits at Clark & Eppley's, because they are so excellent in quality and so reasonable in price.

Fine table linens and napkins to match at the Palace Dry Goods & Shoe Co.

SOME VALID OBJECTIONS.

Several Citizens Raise Some Objections to Paving Chemeketa Street.

Rev. J. S. White of St. Joseph's Catholic church, has raised what he considers a valid objection. He said to a reporter today:

"Why does the council single out Chemeketa street for a paving experiment? Chemeketa is not a driving street like Court street. No one drives on it for pleasure or business who can go elsewhere, on account of the Electric railway cars constantly running there and frightening horses. If all the principal streets in the city are ordered improved, there would be some justice in that, and as many would be found willing to pay on Chemketa as any other. Those who want the street improved should be accommodated in front of their property by the council."

Judge Jas. Walton was seen and said: "The people of Center and Chemeketa have been taxed for thirty years, to improve Commercial and State street, and turn about would be no more than fair play."

THE ONE ENGINE HOUSE PLAN

Endorsed at the Meeting of the Board of Fire Delegates.

There was a well-attended meeting of the Salem board of fire delegates at the Tiger engine house Thursday evening. The report of the committee on fire and water, recommending a consolidated fire department in the building now occupied by the Capital Engine company was endorsed. The days of a volunteer fire department in Salem are almost past and there is urgent necessity for immediate action in reduction of expenses of our fire department. Alderman Collins has worked hard to bring about this reform, having visited while away recently the fire departments of several cities.

The adoption of this report means a saving of $1500 a year to the city and an improved fire service. It cuts off the salary of one engineer and expense of maintaining one engine. The Tiger engine property would be rented or sold.

THE NEW VESTRY.—At the adjourned session of the annual meeting of the trustees of St. Paul's Episcopal church held Thursday night the election of vestrymen for St. Paul's parish, resulted as follows: James Walton, F. E. Hodgkin, W. G. Woodworth, Mr. Spalding, S. F. Chadwick, Prof. J. A. Sellwood and Hon. Phil. L. Metschan. The vestrymen will meet next Monday evening at 7:30 for the purpose of electing a rector.

A FISH ITEM.—ED. JOURNAL: I think fishing for fish is all right when the fish are used, but some of Salem's young men who go to get fish hooked and then worry them about in water merely to see their pole bend and tear the hook out of their mouths and throw them back to catch them again, are liable to the terms of the humane law." Prohi-Cruelty.

THE JUNE RACES.—No. 11 on the spring program of the Oregon Breeders and Speeding association is intended for horses from Marion and Polk counties with no record under three minutes. Superintendent Banta has worked the track with a good force and will have it in finer condition than it has ever been in for state fair races.

THE LADIES—Will be more than interested in the fine line of new hats just received by Mrs. D. L. Fiester. Wire and straw frames also the new satin straws. Something entirely new in laces. Opposite opera house.

A FINE IMPROVEMENT.

How the Grading of South Commercial Street Will Benefit the Whole City.

The sight of a hundred men and teams on the South Commercial street improvement will give the people of this city a great deal of pleasure. The force at work on the electric tracks, and on the bridge and on grading the street is an encouraging sign of life and healthy activity at the capital city.

It will be an improvement the city will always be proud of, because it extends our principal business street where all who come into the city can see it. Strangers riding south on the electric cars will have a fine view of the whole city, something they have never had before.

WHAT IT COSTS.

Actual Expense to Chemeketa Street Residents.

It will interest many readers to know that the Chemeketa street paving ordinance was so amended on the last reading that the entire cost of the street will be equalized. The actual expense on each lot as now assessed will be $144 or $288 per block.

Y. M. C. A.—The ladies' committee is as follows: President, Mrs. Grubbe; secretary, Miss A. Gwynne; treasurer, Miss Alice Kirk; furniture committee—Mrs. H. S. Gile; Mrs. Wallace, Miss Etta Thornton; committee on rugs and curtains—Mrs. Geo. Collins, Miss Metschan, Miss Nina McNary; music—Miss Etta Thornton, Miss Elma Weller; decorations—Miss Louise Huelat, Miss Sally Shaw, Miss Lena Breyman; soliciting committee—Mrs. Cook, Mrs. Mathany, Mrs. Amelia Miller, Miss Frances Hoffiell, Miss Kirk, Mrs. McElroy, Miss Marie Van Wagner, Miss Anna McNary, Miss Hayden; serving committee—Miss Emma Star, Miss Alma Brown, Miss Van Wagner, Miss Morris, Miss Bowersox, Miss Woodrum, Miss Bertha Ramsey, Miss Royal; reception committee—Mrs. Wallace, Mrs. Gile, Miss Gwynne, Miss Shaw, Mrs. Jos. Clark, Miss Nina McNary, Miss Breyman, Miss Huelat, Miss Thornton, Miss Hayden, Miss Dickernson, coffee—Mr. King. The ladies are requested to meet Mrs. Grubbe at the association rooms at 4 p. m. Tuesday, to make final arrangements for the reception.

DIDN'T HE KNOW?—When Attorney D'Arcy drew a lease for Contractor Archie Mason, for the use of a gravel pit belonging to Thos. Holman, by the terms of which Mason paid Holman $200, the gravel to be used on Chemeketa street, Mayor D'Arcy must have known that he would veto the job and thus involve Mr. Mason in a heavy loss. But he no doubt accepted his full fee and silently drew the document just the same.

FROM MEHAMA.

A party composed of Messrs. Taylor, Mulkey, Seigmund and Philips, who have been out a week making war on the coyotes have already secured twenty. The boys get $5 apiece bounty from the county and $15 apiece from the Whiteaker Wolf club. It is estimated that not less than three hundred sheep and lambs have been killed in this neighborhood this year, and while the boys are getting good pay for their work, the community is to be congratulated. We must have less coyotes or less sheep.

CONSTIPATION

Afflicts half the American people yet there is only one preparation of Sarsaparilla that acts on the bowels and reaches this important trouble, and that is Joy's Vegetable Sarsaparilla. It relieves it in 24 hours, and an occasional dose prevents return. We refer by permission to C. E. Elkington, 125 Locust Avenue, San Francisco; J. H. Brown, Petaluma; H. S. Winn, Geary Court, San Francisco, and hundreds of others who have used it in constipation. One letter is a sample of hundreds. Elkington, writes: "I have been for years subject to bilious headaches and constipation. Have been so bad for a year back have had to take a physic every other night or else I would have a headache. After taking one bottle of J. V. S., I am in splendid shape. It has done wonderful things for me."

1492 WORLD'S FAIR. 1893

THE COLUMBIAN FAIR EXCURSION CO., of Chicago has established an agency in Salem, where those who intend going to the World's Fair can obtain information of much interest and value. The purpose of this company is to provide first-class accommodations going to and from and while at the fair, at reasonable rates and on terms within the reach of all. Many people do not seem to be alive to the necessity of securing rooms and accommodations in advance. It is estimated that 30,000,000 people, an average of 100,000 per day, will visit the fair. This company is now contracting hotels, which are being built and to be built, and it is a fact that those who do not make provision in advance had better stay at home. We would therefore impress upon those who intend to visit the fair the importance of registering upon our books and securing their certificates at once. The further payments can be made to suit the convenience of purchaser, any time between now and April, 1893. No certificates will be sold beyond the number of people to whom the company can give all they promise, viz: First-class accommodations. For full information call on
