DEEMING WILL HANG.
Not Insane and is Guilty of Wilful Murder.
MELBOURNE, May 3.—The trial of Bailey Deeming for the murder of his wife was resumed yesterday morning. The first witness was Dr. Spring Thorp, who related Deeming's explanation of how his wife disappeared. Deeming said that while he and his first wife were living at Rainhill, near Liverpool, a man named Ben Young, told him his (Deeming's) wife would leave him for £50; he paid the money and his wife left him. He supposed Young killed her. While he (Deeming) was coming to Melbourne with the second wife (Miss Mather), for whose murder he is now on trial, his second wife, Deeming said, confessed that she was already married, and left him in Melbourne, because she was afraid he had been implicated in the murder of his first wife.

SENATOR SHERMAN.
A Story That He Will Soon Retire to Private Life.
NEW YORK, May 3.—The Herald's Washington special says: The story is again in circulation that Senator John Sherman, of Ohio, will, before many months, announce his retirement from public life. This information comes from an Ohio gentleman, who has been recently in Washington, and for many years has established the most intimate personal and political relations with Mr. Sherman. This determination is no new thing with the Ohio senator. He decided upon this course more than twelve months ago. At that time he had but a year and a half before the close of his term, and he had no desire to contest for reelection, but the political condition in Ohio last autumn was such as to make it a necessity for Mr. Sherman to again offer himself as a candidate before the state legislature. His friends believed he was the only man who could defeat the aspirations of Governor Foraker, and the Mansfield statesman was asked to enter the lists against him. He did so, and was elected with comparative ease, thus proving his great influence with the Ohio people, whom he has represented in public life for nearly forty years. He may think it proper to deny, as he has done before, his purpose to retire, but there is no doubt that he intends to leave the public service as soon as the conditions are such that it can be done without injury to the party and without turning over his seat to a successor who is unworthy of the place.

NO WOMAN
is beautiful with a bad skin, covered with pimples, freckles, moths or tan. I have been asked many times what will remove these unsightly blemishes. No face paints or powders will remove them, as they are caused by impure blood. The only sure remedy I have ever seen is Sulphur Bitters, and in hundreds of cases I have never known them to fail.—Edith Fashion Gazette.

Wonderful Results
Hood's Sarsaparilla. Results often follow the use of Hood's Sarsaparilla. Severe cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating colic, rheumatism, neuralgia, and general debility of the whole system. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every muscle of the body. Give it a trial.

General Debility
For four years my wife suffered with large tumor bunches on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla, and in a few days she continued to take it, and this she felt: She has gained in weight.

From \$4 to \$11 Pounds
is stronger and in better health than she has been for years. The bunches under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time. J. J. NOUNCES, 226 Commercial Street, Boston, Mass.
