

ings, and she thinks he may have jumped out for the thief when the latter took the satchel, dragging after him the basket, to which he was chained.

SHOTS WERE EXCHANGED.

The War in Venezuela Grows More Serious.
LA VICTORIA, Venezuela, May 7.—Shot were exchanged yesterday between a government picket guard and a reconnoitering party of armed men, attached to General Guaymas' division of insurgents. The picket fired in quick order and left one dead. The seizure of a vessel sailing from Hamburg lately, will arm for the insurgents, has caused a delay in the operations against the government forces. General Muro was ordered a week ago to move upon Valencia, but two days after receiving the orders from Crespo's camp another Indian runner arrived with instructions to hold back, wait for Arango, and make no attack until advised to do so. A portion of Arango's command is in Carabobo south of Valencia. Arango, after fortifying a position near Bejuma, returned into the state of Los Andes to raise more troops. General Ybarra, who holds Valencia, has attempted several sorties, but his troops have been driven back into the city every time. It was the receipt of some intelligence in regard to this fight which gave rise to the rumors that Valencia had fallen. There seems to be a matter of sentiment about the delay in closing in upon Valencia. There is great activity about Victoria, but Crespo is playing a waiting game. Mystery still surrounds the fate of Casanas.

THE PACIFIC MAIL.

A Charge Against That Company.
WASHINGTON, May 7.—Representative Bowers, of California, appeared before the house committee on postoffices and postroads yesterday morning to argue in favor of legislation investigating the Pacific Mail Steamship company in connection with its government subsidy for carrying the United States mail. Bowers was armed with affidavits of prominent business men of Southern California to show that the steamships of the Pacific Mail had refused to carry freight and passengers from San Diego to New York. Henry J. Neale testifies that it appeared at the steamship wharf at San Diego and offered passage money for a lady to New York. The purser said that he had been instructed by the Pacific Mail Steamship company to receive no more passengers from the port of San Diego for New York, and that if any person went on board and insisted upon booking, he should put him off at Mazatlan.

Bryant Howard, of San Diego, declares that so far as sixteen of the eighteen ports between Panama and San Diego are concerned the government might as well never have subsidized the Pacific Mail company at all. The company does no more now for those ports as to passengers, freight, or mails than it did before it made the contract.

PETERSON THE OARSMAN.

Trying to Arrange a Race With McLean.
SAN FRANCISCO, May 7.—Henry Peterson, the oarsman, was interviewed in regard to the challenge from McLean. He said: "My backer, John Muirhead, will leave for British Columbia on Monday on the steamer Umatilla, for a two months' race. He will try to arrange a race for me with McLean. I think McLean is a pretty good man, but not so good as the Australian Dutch, whom I defeated last year. The matter with Dutch was that he did not pull fast enough; after that he went all to pieces. Unless there is something in view I shall not begin training for a month and it will take me about a month to get in condition. I had a long talk with McLean when he came down here to row him. He wanted me to row him on the Fraser river and give him the inside course. I am willing to do this, or will row him three miles on Lake Shaganaga for \$1000 and give him fifty yards start. He wants me to give him fifty yards start on the Fraser river also, and to consent that if he loses one of the races he shall not be bound to row the other. I can better afford to leave my business here now than in the fall, because during the fall and winter deep-water ships come in and boating is brisk."

Great Relief

Instantly afforded sufferers from Bronchitis, by the use of Ayer's Cherry Pectoral. Either as an anodyne, to allay inflammation, or as an expectorant, to loosen and bring away the mucus, this preparation has no equal. "Last winter I contracted a severe cold, which, by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thomas B. Russell, Secretary Holston Conference and P. E. of the Greenville Dist. M. E. C., Jonesboro, Tenn.

Ayer's Cherry Pectoral.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1 per bottle, \$5 per dozen.

CENTENNIAL.

Of the Discovery of Puget Sound.

AT PORT TOWNSEND.

Grand Parade, Clam Bake, Boat Racing, Etc.
PORT TOWNSEND, Wash., May 7.—Centennial of the discovery of Puget Sound was celebrated here, two thousand visitors were present, from different portions of the state. A procession of one thousand men in line was received by Governor Ferry and staff. A naval parade composed of the United States vessels Yorktown, Mohican, Albatross, Bear, Bush, Corwin, Adams, and Wolcott, was held in the harbor. A big clam bake was held at noon. This afternoon will be given over to boat racing and sports, and the day will close with a grand banquet and ball.

RIVERS STILL RISING.

Much Damage Already Done Throughout the Middle West.
CHICAGO, May 7.—As a result of the tremendous rains this week there is grave danger that the immense amount of sewage now being discharged into the lake will reach the crib and pollute the city's water supply. The officials hope the flood may subside in time to enable them to commence pumping back into the Illinois and Michigan canal. At present the pumping works, which perform this duty, are idle, the water in the canal being so high that it runs into the river and it is useless to use the pumps. The water in the river was several inches higher than yesterday, and the current was so strong that the movement of vessels was dangerous. One collision resulted yesterday in which a saler was killed. In many of the city basements the floods remained, and until the river is lower, to give the sewers full capacity, not much change can be expected. So far as the railroads are concerned the most effects of the great storms, have been over-me, and traffic is being resumed, though it will be several days before business resumes its usual regularity. It is reported that in Indiana, from Monon to Hammond, the country is one vast lake, while in the vicinity of Joliet, Lockport, and other points in Illinois, a vast amount of damage has been done, and the waters are not yet showing any signs of subsiding.

BISHOP TAYLOR.

His Report in Africa Before the Conference Today.
OMAHA, May 7.—At the morning session of the Methodist conference, Bishop Taylor rendered a report on Africa. He said there were over 9000 native methodists in Africa, 38 Sunday schools, over 300 teachers, 3750 Sunday school scholars and that the best field was among children, boys and girls must be educated together to do this, as the girls are always sold by their parents, and it was necessary to have money to buy them, then educate them. At the request of one of the delegates Bishop Taylor then brought forward and placed on the stand a little African child which he had brought with him, explaining that though only three years old and three months out of heathen dom, she had learned to speak English.

The Faribault System Condemned.

NEW YORK, May 7.—Archbishop Corrigan received yesterday a cablegram from Rome saying: "The Faribault system has been condemned. Special cases were reserved." This means the cause which Archbishop Ireland championed, and whose advancement was one of the objects of his journey to Rome, is put under ban by the pope.

Stole His Friends Money.

NEW YORK, May 7.—A cable from London runs: I just seen a warrant for the apprehension of H. Stanley Brown, an American who came over in the Servia three weeks ago, he became very popular on board, particularly with T. V. Walter, a Tacoma banker. A few days ago Brown stole from Walters over a letter of credit for \$2,500, a number of railroad passes and other valuable papers. The thief, who previously had made himself known at the tourist office under the name of Walter, called there on Monday, presented the stolen letter of credit, showed Walters' passes as a guarantee of genuineness, and procured a ticket to Ireland.

Mail Train Wrecked.

KANSAS CITY, May 7.—The fast mail on the Missouri Pacific, was wrecked at Knob Noster by a collision with a freight. It is part of the transcontinental mail system and carries no passengers.

Six Inches of Snow.

FORT ROBINSON, Neb., May 7.—Snow has fallen to the depth of six inches, and it is still snowing hard.

CHINESE EXCLUSION.

The Chinese Minister Protests Emphatically.

WASHINGTON, May 7.—The Chinese minister this afternoon sent to the state department protest against the Chinese exclusion bill recently passed. The minister states he objects to the bill mainly for the reasons it renounces the Scott law of 1882; second, it deprives the Chinese of the right of bail in habeas corpus cases; third, it requires the registration of Chinese laborers which is practically impossible for them to comply with. They must all prove by white witnesses they have lawfully entered.

These features of the bill are in direct violation of the treaty of 1880, which guarantees the Chinese laborers in the United States the same treatment as the subjects of the most favored nations. He further says the treaty of 1880 was agreed to by China at the express request of the United States minister. He declined to state what action his government would take on account of the passage of the bill.

A Dike Gives Way.

PERIA, May 7.—The dike of Larnach drainage district of the lower end of the city gave way shortly after 8 o'clock last evening, flooding the district for about two and a half miles. It was all reclaimed land, and under cultivation. About twenty families live there, and the greatest excitement prevailed at Pekin directly opposite. It is feared that some of these people perished in the rush of water. Rescuing parties are going out from Pekin. The Illinois river is higher than it has been since 1841.

PEORIA, Ill., May 7.—Rescuing parties have been out in the flooded marsh district all night and have found six of twenty families. They have not been over the entire district, and do not know whether the remaining families are safe or not. The damage will be very great, the destruction is complete and there is a scene of the veriest desolation.

PEORIA, Ill., May 7.—Latest reports from the submerged district, indicate that all the inhabitants have been rescued alive, though much stock has perished. The water is constantly rising, and the damage appalling.

The Silver Question.

WASHINGTON, May 7.—The silver question threatens to come up again, the silver men are not disposed to accept their defeat and are again circulating petitions urging the rules committee to bring out an order to fix a time for a vote on the free coinage bill, fifteen or more signatures were obtained to one petition within the last two days. Representative Pierce, of Tenn., who has been the principal in the matter says with the signatures obtained several weeks ago 99 names altogether have been secured exclusive of the members of the rules committee. 113 constitutes a majority of the Democrats in the house, 14 remain to be obtained. Anti-silver men are not giving themselves much concern over the matter, they do not believe the requisite number of names can be secured.

Behring Sea.

LONDON, May 7.—The ratification of the Behring sea arbitration agreement and modus vivendi convention was exchanged between Great Britain and the United States today.

Gray's Harbor Centennial.

ABERDEEN, Wn., May 7.—The centennial of the discovery of Gray's harbor is being celebrated here today.

MARKETS.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for consumption, coughs and colds.—If you have never used this great good medicine, one trial will convince you that it has wonderful curative powers in all diseases of the throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money refunded. Trial bottles free at Dr. J. F. Fry's drugstore, 225 Corn street. Large bottles 50c and \$1.00.

POLITICAL NEWS.

The Methodist Conference, and other News from all Parts.

METHODIST CONFERENCE.

Some Excited Ministers Defend the Chinese.
OMAHA, May 7.—After the address of Bishop Mallieu, the conference requested the committee, appointed the previous day to prepare a resolution upon the Chinese exclusion bill, to report.

Judge Lawrence submitted the report, which stated that the committee had learned that the bill had already been signed by the president, therefore it was too late to take action until the exact wording and condition of the bill was ascertained. Dr. Swindell offered a motion to have the question referred to the committee on the state of the church. He feared the passage of the bill would jeopardize the lives and property of missionaries in China, and wanted the matter considered and disposed of so the conference might be thoroughly informed as to the actual state of affairs.

The matter was finally referred to another special committee of five ministers and four laymen. During the discussion Dr. Leonard denounced the president and congress, and said the Chinese had the same right here as other foreigners. Dr. Swindell said unless action was taken the country would regard the conference as approving the whole of the bill. The Illinois river is higher than it has been since 1841. The senate took up the resolution to pay the Choctaws and Chickasaws for their interest in the Cheyenne and Arapahoe reservation. Dawes, chairman of the committee on Indian affairs, addressed the senate in advocacy of the measure.

Blaire, General J. W. Foster and E. J. Phelps had a conference with the president on the Behring sea arbitration.

Gasoline Explosion.

LOS ANGELES, May 7.—Mrs. Kate Joy was frightfully burned yesterday by the explosion of a pitcher of gasoline, which she was filling at a tank near a stove. Her clothing was burned off. Her recovery is doubtful.

Not Unanimous for Harrison.

SAN FRANCISCO, May 7.—A canvass of the delegates elected at Stockton to the national convention shows that they are not unanimous for Harrison. Of the entire number, ten are for Harrison, four for McKinley and three for Alger. The election of Spencer and Felton, however, is believed to have put a stop to all plans to defeat the renomination of the president.

Arkansas Prohibitionists.

LITTLE ROCK, Ark., May 7.—The prohibition state convention nominated Judge W. J. Nelson, for governor, and gave the central committee authority to name candidates for the other state offices. The delegates to the national convention at Cincinnati were also chosen.

A Decisive Blow for Freedom.

From the tyrannical yoke of those despotic allies, dyspepsia, constipation and liver complaint, is struck when the quoniam within of the stomach is taken a course of Hostetter's Stomach Bitter. Then they vanish, and health resumes its wonted way. Such is the invariable experience of those who use the ruling alternative to get rid of chronic indigestion, cholera, dysentery, catarrhs, chronic diarrhea, and other ailments, derived from impure, bilious, and storehouse with a pure, invigorating tonic, as is the case with the quoniam within of the stomach. It is a powerful and preservative of health under unfavorable atmospheric conditions. It counteracts a tendency to rheumatism, rashes, skin eruptions and edema, and is a powerful tonic.

MAINE'S TEMPERANCE PARTY.

Denounces Trusts and Recommends a Tariff on Money.
BANGOR, Me., May 7.—The prohibition state convention nominated the following ticket: Governor, T. B. Hassey; congressman, John H. Hersey. The platform demands the manufacture, importation, exportation and interstate transportation of intoxicating beverages be suppressed by state and national laws, and enforced by officials in harmony therewith; denounces trusts; favors limitation of the ownership of land; favors a reasonable tariff on gold, silver and paper money; the control of railroads, the telegraph, water and light companies by the people.

Affairs in Chile.

VALPARAISO, Chile, May 7.—The Chilean squadron of evolution sailed for the north yesterday under command of Admiral Costilla. It takes a four months' cruise.

There is widespread discontent among the laboring people owing to a rise of food and living prices without a corresponding rise of wages. The seamen employed by the Chilean Steamer company have struck, and it is expected that other workmen will follow suit.

Charged with Larceny.

FAIRHAVEN, Wash., May 7.—H. G. Robinson was arrested by the sheriff upon a requisition from Governor Merriam, of Minnesota, for Chas. Robinson. He is charged with grand larceny in stealing 14,000 railroad tickets while in the employ of the general management of the Northern Pacific. He was located in Vancouver, B. C., by a detective, and, to avoid extradition, was enticed over by detectives. He is about 28 years old.

The Road Not Theirs.

MOBILE, Ala., May 7.—Chancellor Taylor has decided that the present management of the Mobile & Ohio road are not entitled to the possession, and that the road must pass from the control of the Farmers' Trust company of New York back into the hands of the stockholders, pending the appeal to the supreme court. If the chancellor's decision is affirmed, the directors elected by the stockholders in February will take charge.

To Influence Legislature.

SCANTON, Pa., May 7.—T. V. Powderly says an emissary of the Reading coal combine has been in the Lackawanna valley, and has seen every minister and priest of every denomination, offering passes and money for their endorsement of the combine. In two instances priests were approached with an offer to pay the cost of the erection of parochial schools.

Jury Disgraced.

FRESNO, Cal., May 7.—The jury in the Smith murder case has disgraced. Smith was charged with the murder of Percy Williams, a well-known sporting man, the killing being the result of a quarrel over a game of cards at one of the hotels here. Williams fired first, striking Smith in the arm, and Smith returned the fire, killing Williams. The first trial resulted in Smith's conviction of manslaughter. It is believed that his conviction now will be impossible.

Doings in Congress.

WASHINGTON, May 7.—The house went into committee of the whole on the river and harbor bill. The senate took up the resolution to pay the Choctaws and Chickasaws for their interest in the Cheyenne and Arapahoe reservation. Dawes, chairman of the committee on Indian affairs, addressed the senate in advocacy of the measure.

Blaine, General J. W. Foster and E. J. Phelps had a conference with the president on the Behring sea arbitration.

Gasoline Explosion.

LOS ANGELES, May 7.—Mrs. Kate Joy was frightfully burned yesterday by the explosion of a pitcher of gasoline, which she was filling at a tank near a stove. Her clothing was burned off. Her recovery is doubtful.

Not Unanimous for Harrison.

Of the entire number, ten are for Harrison, four for McKinley and three for Alger. The election of Spencer and Felton, however, is believed to have put a stop to all plans to defeat the renomination of the president.

Arkansas Prohibitionists.

LITTLE ROCK, Ark., May 7.—The prohibition state convention nominated Judge W. J. Nelson, for governor, and gave the central committee authority to name candidates for the other state offices. The delegates to the national convention at Cincinnati were also chosen.

A Decisive Blow for Freedom.

From the tyrannical yoke of those despotic allies, dyspepsia, constipation and liver complaint, is struck when the quoniam within of the stomach is taken a course of Hostetter's Stomach Bitter. Then they vanish, and health resumes its wonted way. Such is the invariable experience of those who use the ruling alternative to get rid of chronic indigestion, cholera, dysentery, catarrhs, chronic diarrhea, and other ailments, derived from impure, bilious, and storehouse with a pure, invigorating tonic, as is the case with the quoniam within of the stomach. It is a powerful and preservative of health under unfavorable atmospheric conditions. It counteracts a tendency to rheumatism, rashes, skin eruptions and edema, and is a powerful tonic.

MAINE'S TEMPERANCE PARTY.

Denounces Trusts and Recommends a Tariff on Money.
BANGOR, Me., May 7.—The prohibition state convention nominated the following ticket: Governor, T. B. Hassey; congressman, John H. Hersey. The platform demands the manufacture, importation, exportation and interstate transportation of intoxicating beverages be suppressed by state and national laws, and enforced by officials in harmony therewith; denounces trusts; favors limitation of the ownership of land; favors a reasonable tariff on gold, silver and paper money; the control of railroads, the telegraph, water and light companies by the people.

Affairs in Chile.

VALPARAISO, Chile, May 7.—The Chilean squadron of evolution sailed for the north yesterday under command of Admiral Costilla. It takes a four months' cruise.

Charged with Larceny.

FAIRHAVEN, Wash., May 7.—H. G. Robinson was arrested by the sheriff upon a requisition from Governor Merriam, of Minnesota, for Chas. Robinson. He is charged with grand larceny in stealing 14,000 railroad tickets while in the employ of the general management of the Northern Pacific. He was located in Vancouver, B. C., by a detective, and, to avoid extradition, was enticed over by detectives. He is about 28 years old.

Wonderful Results

Results often follow the use of Hostetter's Sarsaparilla. Severe cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating colic of the kidneys and liver, agonizing itching humors, and eruptions of the skin, are cured by Hostetter's Sarsaparilla. It purifies the blood, and at the same time cleanses the stomach, creates an appetite, gives strength to every function of the body, and gives a fair complexion to the skin. Give it a trial.

General Ability

For the first year my wife suffered with dropsical swellings on the glands under the throat, and general debility of the whole system. She became so poor in health that we were at the verge of despair. After using Hostetter's Sarsaparilla, she seemed to understand her case at all, and she never derived any benefit from any other medicine. She finally concluded to try Hostetter's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result she has gained in weight.

From \$4 to 100 Pounds

She is now in better health than she has been for years. The humors under her arms are diminished, and we believe Hostetter's Sarsaparilla will be too much for her. Hostetter's Sarsaparilla is sold by Dr. J. F. Fry's drugstore, 225 Corn street, Boston, Mass.
