THE FLOODS.

Advice From All Parts of the West and Southwest.

CHICAGO, May 19.—Advice to the Associated Press from many points in the west show a dreadful state of affairs in the flooded districts. St. Louis reports in addition to a prospective coal famine there is a threatened milk famine, water on the Illinois side having cut off the dairymen from the city. The deserted dwellings in the flooded districts are being systematically robbed of their contents including furniture, the stealing is said to have amounted to over \$100,000. At Sioux City, among other things, stock, with animals in their corn ribs and all buildings are carried away by the flood. At Clarksville, Ark., the flood in the Arkansas river has led to drowning of five people at St. Jos, Mo., the river has risen nearly two feet and is now at its highest point. At Marysville, Kan., the river which has been falling is again rising the city is cut off from railroad communication. At Texarkana, the Red river flood has weakened all the railroad bridges so no trains can run over them, there has been no mail since Saturday. At Perryville, Mo., men employed on the Boatswain levee have returned and report the water breaking over, all along the bottoms will be flooded. At Minneapolis a few more inches of water will cut the logs loose causing a great loss. Cincinnati reports a rainfall of nearly two inches in the Ohio valley. A tornado passed over the southwestern part of Hamilton county yesterday, p.m., blowing a furrow of destruction of nearly three miles long. A number of dwelling houses and barns were destroyed and several persons injured. KANSAS CITY, May 19.—The river is rising again. The Kaw rose three feet and Argentine and Armourdale are under from two to seven feet of water. It will probably get two feet higher. Packing houses are suspended. KNOX, Ill., May 19.—The Egyptian levee which protects a vast area of bottom lands broke this morning. The waters of the Des Moines river has flooded the entire district. A high wind is prevailing which will cause inestimable damage. The whole town of Alexandria, Mo., is completely submerged. ST. LOUIS, Mo., May 19.—Flood river was almost back in its banks at noon. Hundreds are returning to their abandoned homes. Scores of houses were swept from their foundations, others are washed away. The loss to the railroad is estimated at \$200,000. The citizen's relief committee is hard at work, all refugees were sheltered last night. Searching parties to look for the dead began work early this morning, at noon they had recovered only three bodies, viz., Peter Anderson, engineer in the foundry; Mrs. Frank Henderson and child, of Leeds.

DES MOINES, Ia., May 19.—The situation here is serious. The Des Moines and Raccoon rivers are both rising rapidly and hundreds of people are moving out of the lower districts. Reports from points above indicate an eight-foot rise there. With this amount of water above the river is apt to rise a foot before morning. If it does that, or even less, one half of the city, including some business portions on either side, will be surrounded with water. Mud and water are now flowing through hundreds of houses, and residents of the bottom are feeling panic-stricken. The damage done to property in the city is great, and in the country districts all hope of cultivating bottom lands this season is abandoned. The Des Moines river has just broken through North street, which protected Cotton North addition. Fully one hundred residences in the addition, which were built within the past two years are now under water.

PORTLAND, May 19.—The governor has issued the following order: HEADQUARTERS OREGON NAT. GUARD AT J. GEN. OFFICE. The prompt response of a company, Third regiment, infantry, to orders of April 10, 1892, directing Lieutenant Bowers, commanding, to uphold the law, a violation of which was at that time threatened at Vale, Or., is worthy of the highest commendation. Thanks are especially due to the members of the company whose term of enlistment had expired, and who did not offer that as an excuse for not responding to the call of duty. In painful contrast, however, with their sense of soldierly propriety and loyalty as citizens was the refusal of one Corporal L. L. Foster to accompany his comrades, because of the expiration of his enlistment on the day named; and it is ordered that, as a mark of disapproval, the position of first corporal (which he occupied), F. company, Third regiment, remain vacant for a period of ninety days, and be noted upon the company records. By order of the commander-in-chief.

FOUR FOUL MURDERS. Cowardly Work of a Texas Assassin. DENISON, Tex., May 19.—Between 11 Tuesday night and 3 yesterday an unknown assassin brutally shot and killed four women, two of them leaders of local society, and the others inmates of disreputable houses. The first victim was Mrs. Haines, the wife of Dr. H. F. Haines, one of Denison's most respected citizens, who was shot during the absence of her husband. The murderer took his dead victim's gold watch and chain, diamond ring and earring, and proceeded to the residence of Mrs. Hawley, where he entered the bedroom of Miss Teen Hawley, but the girl fled to her mother's room for protection. While she was seated on the bed by her mother's side the assassin's bullet came through the screen and killed her instantly. The assassin then directed his steps toward the bungalow of Madame Rivers, where he fired from the front porch through the window, killing Maud Cramer. He then crossed the street and mortally wounded Rose Stewart, shooting her from the sidewalk, as she was about to retire at Madame Williams'. Hundreds of armed men are searching for the murderer.

THE PRESBYTERIANS. What Was Done at the Morning Session. PORTLAND, Or., May 19.—The one hundred and fourth session of the Presbyterian general assembly, opened today with invocation by Dr. John G. Ribbendorfer, of Redwood Falls, Minn., the oldest clerical commissioner present, because of the absence of Dr. Green, of Princeton, moderator, on account of illness. Dr. Rufus S. Green, of Orange, N. J., followed with Scripture reading; prayer was then delivered by John McC. Holmes, of Albany, N. Y. The sermon of the retiring moderator was read by stated clerk Dr. Roberts. After the sermon was read, the assembly as constituted, was opened with prayer by Dr. Ribbendorfer, the temporary moderator. Dr. Brown, of Portland, Or., then presented the report of the committee on arrangements. The morning session was closed with prayer. The first business of the afternoon session will be the election of a moderator. The discussion is high and an active canvass is being made.

THE CRUISERS. They Will Remain Here Until After Decoration Day. PORTLAND, May 19.—An order was received yesterday by Captain Whitehead, of the United States warship Baltimore, from the secretary of the navy, the contents of which are not for publication, but in consequence of which it is stated that both the Baltimore and Charleston will remain in Portland harbor until after Decoration Day.

Fell Four Stories. PORTLAND, Oregon, May 19.—W. B. Young, of Eugene, fell from a window in the fourth story of the Quimby house to the sidewalk, about seventy feet below, at 2 o'clock this morning. His thigh and one leg were fractured and he was injured internally. He was taken to the Good Samaritan hospital, Young was leaning out of the window when he lost his balance and fell.

Jack the Ripper to Hang. LONDON, May 19.—Privy council today denied the petition of Deeming, the Australian wife murderer, for reprieve. This was his last hope, and he must certainly hang on May 23.

Alger's Aspirations. DETROIT, May 19.—A conference was held here at General Alger's house yesterday by General J. S.

highest point since the great flood of '57. The electric light plants are shut down, leaving the city in darkness tonight.

PIKE BLUFF, Ark.—The Arkansas river has risen five inches since last night. Five hundred men are at work on the levee below, but it will be impossible to hold it longer than today.

DES MOINES, Ia., May 19.—The situation here is serious. The Des Moines and Raccoon rivers are both rising rapidly and hundreds of people are moving out of the lower districts. CLARKSON, Hon. J. Sant Passetti, Hon. John M. Thurston, Hon. J. P. Sanborn, Hon. John M. Langdon. The Free Press says: "Their minds seem concentrated on Blaine while it was virtually anybody to beat Harrison. Whether Alger is able to convince others he will be the man with Blaine out, is a question."

SUNK AT SEA. The Crew Arrive at Cape Foulweather—Some Crippled. ALBANY, Or., May 19.—The Herald's special from Yaquina says: Last evening three boats containing eighteen men belonging to the ship St. Charles, landed at Cape Foulweather lighthouse, the captain, second mate and two sailors being badly injured. The captain is in a critical condition. It seems that the St. Charles was enroute from Nansimo to San Francisco with a cargo of coal, and while in longitude 125°, latitude 45° 28' on May 17, when an explosion occurred, causing the crew to abandon the sinking ship.

Determined to Lynch Him. WILMINGTON, Del., May 18.—About 200 men gathered at Chestertown, Md., determined on lynching the negro assailant of little Nellie Silcotts. The sheriff eluded them Tuesday by burying the prisoner on board a tug and steaming down the Delaware. He took the prisoner back and relocked him in jail at Chestertown at 4 yesterday morning. Citizens are now guarding the jail to prevent the sheriff's spiriting the negro away again and express a determination to take the law into their own hands. The girl cannot recover.

AND THEY DID. CLAYTON, Del., May 19.—James Taylor, the negro who assaulted Nellie Wilcox at Kennedysville, was taken from the Chestertown jail and lynched by a mob of 500 people, the mob including some of the best connected families of the town.

Oregon Man Killed. CHICAGO, May 19.—At 2:30 this afternoon a man stepped suddenly in front of an incoming Northwestern train as it passed through the yards and was instantly killed. The body was taken to the county morgue where papers taken from his pockets give evidence that the dead man was a Mr. Holby, of Oregon, on his way East.

CALIFORNIA DEMOCRATS. Fatal Accident at Santiam Mines, Etc. SHOOTING AT A PICNIC. Jealousy Causes a Free Use of Revolvers.

MARYSVILLE, Cal., May 19.—A fatal shooting affray occurred about midnight yesterday at a colored picnic at Sheldon's Grove, two miles from this city, resulting in the death of Henry Flowers, colored, and the fatal wounding of William Lane. Jesse Fouk, was also shot, but may recover.

Fouk, who is about 18 years old, went to the picnic, and there met May Lane, 13 years old, daughter of William Lane, a farmer living near this city. Shortly after Fouk's departure for the picnic, he was followed by Lane and Lincoln Danley, a water employed in the Golden Eagle hotel. Just before the shooting Miss Lane left Danley, with whom she had been dancing, and joined Fouk. The latter and the girl had just seated themselves to partake of refreshments when Danley appeared, pistol in hand, and told young Fouk he would have to give up the girl to her father. The father then grasped the girl by the head and said he would shoot her if she refused to accompany him. Young Fouk said she should not go, and as he said this he was struck on the forehead with a pistol and knocked down. Flowers, the colored man, rushed in and grasped Danley, who, pointing his pistol at Fouk, fired. At this instant Lane discharged his pistol several times, one shot taking effect in Fouk, who in turn drew his pistol and fired twice at Lane, both shots taking effect. Flowers was shot in the stomach and died in a short time. Lane was shot through the liver and through the shoulder, and the doctors have little hopes of his recovery. Fouk received one bullet over the region of the liver on the right side. Danley has been arrested. Lane and Fouk have had trouble before on account of the latter's attentions toward the former's daughter. It is said the young people were married by contract some time ago.

DE. TEED EXPLAINS. His Conduct is Not Satisfactory to Committee. CHICAGO, May 19.—Dr. Cyrus Teed has had an opportunity of explaining his principles to a committee appointed to inquire into them, recently. He was examined at length and in general defended his conduct, denying that he had anything but worthy motives in starting his home. Tonight a mass meeting will be held to denounce him. There is also talk of taking legal steps which will lead to the rejection of himself and followers.

Silver Coinage. WASHINGTON, May 19.—After routine business the house went into committee of the whole on the sundry civil bill. Lester, of Georgia, was in the chair. Smith, of Arizona, moved to increase from \$100,000 to \$100,000 the appropriation for surveying the public lands. After debate, the appropriation was fixed at \$200,000 as a compromise.

The chairman then over-ruled the point of order raised by Tracy, of New York, against the clause for cleaning and re-issuing minor coins, and holding that there is an existing law for paragraphing. The second part of the same paragraph, providing for re-coinage of underecurrent minor coins, he ruled out of order, being unable to find a law authorizing such re-coinage of brass minor coins. The chair then sustained the point of order against Bartine's free coinage amendment, which, it was clear to him, was a change in the existing law. Bartine appealed from the decision of the chair, and the appeal was lost, 137 to 25.

Blair then offered an amendment providing for the coinage of all silver bullion purchased and in the treasury into standard dollars, the cost to be paid from the seigniorage arising from the coinage of bullion; the remainder of the seigniorage to be covered into the treasury as available money. Dingley, of Maine, and Tracy, of New York, raised points of order against the amendment. Pending further action, the committee arose and the house adjourned.

California Democrats. FRESNO, Cal., May 19.—The Democratic state convention assembled at 4 o'clock yesterday afternoon. A majority of the committee on resolutions submitted a platform, which declares that the paramount reform now demanded of the federal legislature is a reform of the tariff laws upon the basis of the Democratic platform of 1888. To this end the McKinley tariff bill should be repealed, and the essential raw materials of American manufactures should be put upon the free list. We declare our conviction that the best interests of the party and of the country demand the nomination of Grover Cleveland as president. On the silver question the platform says: "We denounce the notes of Republican party against silver, particularly the act demonizing it, and we believe that there should be kept in constant circulation a full and sufficient volume of money, consisting of gold and silver and legal tender paper currency a par with each other." The platform contains the following resolutions on the railroad question: "Resolved, that the Democratic party of the state of California resents the interference in the politics of that state by the Southern Pacific company, of Kentucky, that we denounce the system of boss politics largely created and fostered by the corporation, which has corrupted public men and public life, and under which few but those who find favor in the eyes of the corporation stand ready to do its bidding held office."

Reducing the Figures. WASHINGTON, May 19.—The senate commerce committee applied the knife to the river and harbor bill, and decided to make a cut of 25 per cent on contracts and continuing appropriation projects. The result is a reduction of the total appropriation by \$2,088,750, bringing it down to \$20,281,968.
