few months since for an attempted assault upon a servant girl, arose and made a confession of his wicked life. For five years, he said, he was a minister without the word, a messenger without a message, and brought reproach upon the calling of the ministry. At the close of his remarks, the ministers on the platform pressed forward to take the penitent man by the hand, who wept like a child as, one after another, they gave him this mute token of sympathy.

EDITORS IN FRESNO.

They View the Vineyards and the Wine Cellars.

FRESNO, Cal., May 20.— The politicians are going, some have gone, and the journalists have come. At 8 o'clock yesterday morning the sixty delegates to the National Editorial Association arrived here in three sections, each consisting of seven cars. A committee met the visitors at Bakersfield and escorted them to this city. They were taken to the various hotels, where they were served with breakfast. After breakfast the Fresno reception committee took them on a trip through the vineyards and gave the delegates some idea of the resources of this beautiful valley. The wineries were also visited, and a short stay was made at the race track, which is undoubtedly the finest in the state. The trip also included the various orchards and the residence district on the outskirts of the city, where some of the handsomest homes in the state are located. After the trip they were served with an appetizing collation at the Barton, where the formal reception took place.

MORE TIN DISCOVERED.

A Rich Find on the Mexican Line

SAN DIEGO, Cal., May 20.—A report comes from the San Ysidro mountains that a rich lead of tin ore has been discovered and three claims located on or near the line between this country and Mexico. The mineral was located by three Mexicans who did not know what it was, but quietly gathered some samples and had it assayed. On being told of the value of their find, they immediately returned and made locations. The ledge will be thoroughly prospected, and if found as rich as reported, the work of development will begin at once.

THE FLOODS.

East Carondelet Almost Swept from the Earth.

ST. LOUIS, May 20.—The river is stationary and is slightly over 36 feet, but the signal service report another three feet rise coming down the Missouri and Mississippi. Rain has been falling since 2 this morning. At East Carondelet the situation is worse than was supposed. Monday night the levees protecting the town broke and almost swept it from the face of the earth. Today an effort is to be made to aid 300 or more people now in the second stories or on roofs.

KANSAS CITY, May 20.—The Missouri and Kaw rivers are now about on a stand, and a rise of only two or three inches more is looked for. The Burlington bridge which connects Harlem and Kansas City looks like Noah's ark, being crowed with animals, men, women and children, all being driven there by the flood.

SIOUX CITY, May 20.—Two bodies were recovered today, Frank Henderson and his wife. Their three-weeks-old baby was drowned but the body is not found. Four are still missing.

BROOKLYN, Ill., May 20.—Opposite the north end of the city is under two feet of water. The flood in South St. Louis has thrown twelve thousand people out of work, and the damage to this portion of the city will exceed two million dollars.

PINE BLUFF, Ark., May 20.—The river is still rising. The reports bring news of great destruction all over the Arkansas valley. The water is the highest ever known. The cotton crop is damaged fully 25 per cent.

ST. PAUL, May 20.—Last night's snow was general in Minnesota. There are several inches deep in some places.

FORT DODGE, Ia., May 20.—A cold wave struck this city last night, though only enough snow fell to cover the ground. The Des Moines river is now receding, having fallen three feet last night.

MINNEAPOLIS, May 20.—The Mississippi has risen two feet in the last 24 hours, and is still rising an inch an hour.

ST. PAUL, May 20.—Reports from Pipestone, Faribault, Sleepy Eye, Minn., New Richmond, Wis., and other points say a severe snow storm and blizzard has been raging since midnight, and still continues with the thermometer below freezing.

CHICAGO, May 20.—There was a big boom on the board of trade this morning on account of frosts, snow and floods. Corn has advanced three cents, wheat two cents and pork thirty cents.

OTLUMWA, Ia., May 20.—The water in the Des Moines river is receding slowly, the danger is past. The electric light resumes tonight.

MARSHALLTOWN, Ia., May 20.—It is snowing at intervals all day and growing colder.

THE PRESBYTERIANS.

The Moderator presented With a Gavel.

PORTLAND, May 20.—The half hours devotional services in the general assembly were led to-day by Dr, John B. Donaldson, of Minneapolis. After the preliminary routine Dr. Brown presented the moderator with a gavel made from an apple tree planted near Walla Walla by Marcus Whitman about 1836, the gavel is mounted with Oregon gold and silver. The moderator then made a pleasing response, and then made an announcement of the standing committees. A motion was then adopted that the report of the committee on revision be made a second order for next Monday afternoon.

Letter from John R. Middlemas and others of Salt Lake, offering one hundred acres of land in that city for the purpose and endowment for a Presbyterian college to be called the "Westminister" was read a committee was appointed to draft the form of acceptance in proper legal shape, the committee recommended the offer be accepted. The special committee in charge of church periodical reported through Dr. McIntosh, of Philadelphia, Dr. Nelson, the editor, addressed the assembly. A resolution enlarging the committee was adopted but a resolution endorsing the periodical met with unexpected opposition, before a vote was taken the hour of adjournment arrived.

Blizzard in Iowa.

SPENCER, Ia., May 20.—A snow storm almost equal to the January blizzard is crossing this section of the country this morning. A very cold northwest wind is driving the blizzard.

Want Our Pork.

LONDON, May 20,—Spain has cancelled the prohibion of the import of American pork which has been in force many years.

River and Harbor.

WASHINGTON, May 20.—The senate has passed the river and harbor appropriation bill without division and conference with house was asked.

DEACON ON TRIAL.

His Wife Not Present—He Testifies to the Killing.

NICE, May 20.—The trial of Edward P. Deacon, the American, for the killing of his wife's paramour, N. Abeille, began this morning. The court room is crowded, hardly a dozen Americans or Englishmen are present. Mrs. Deacon, who had been formally cited to appear, is not present. Deacon testified to intimacy of his wife and Abeille and his killing of Abeille.

Scalped and Tortured.

GUTHRIE, O. T., May 20.—Charles McGill, hunting in the Cherokee strip, was captured by the Osage Indians, taken to their village, kept bound and tortured for three days, scalped, and finally allowed to go, more dead than alive. The government has taken measures to punish the Indians.

Shot by a Woman.

STOCKTON, Cal., May 20.—Frank Hostler, a bartender, was shot and killed this morning by Ivy Clements, a young woman with whom he had been living. She acknowledged the crime on being taken into custody, and said she shot Hostler because he was going to leave her. Hostler's parents live in Spokane, and are said to be wealthy.

SENATE YESTERDAY.

What the General Assembly Done Yesturday.

THE GENERAL ASSEMBLY.

An Anti-Briggs Man Elected Moderator.

PORTLAND, May 20.—At 3 o'clock yesterday afternoon the session was called to order, and the assembly immediately proceeded to the election of a moderator. After a spirited contest, requiring three ballots, Dr. Young, president of Center college, Danville, Ky., was elected moderator. Dr. Ribeldaffer welcomed the newly elected moderator in a neat speech, in which he referred to the probability of a peaceful session on account of the fact that this is a "Pacific" assembly.

Dr. Young responded in a speech which is regarded as somewhat significant. He professed to believe that his election was largely due to geographical reasons, and because he held views which are shared by every minister south of the Ohio river. He further said that no part of the church is more loyal to the church and its standard than that represented by him. "It stands for the bible as biley is interpreted by this part of the church."

The election of Dr. Young is considered a victory for the conservatives. The moderator will announce his committees today. A celebration of the sacrament of commission occurred last evening.

Want Blaine to Run.

CHICAGO, May 20.— A special from Washington to an afternoon paper says Tom Platt had received assurances that James G. Blaine will accept the nomination for the presidency if offered him. The exact nature of the assurances cannot be learned. It is known, however that they are perfectly satisfactory to Platt, and that Clarkson, Alger, Fasset, and others, who held a conference at Detroit Wednesday, discussed them, and expressed themselves in private as being satisfied with them.

There will be no cabinet officer at the Minneapolis convention. President Harrison says he does not want a renomination which could even in any degree be charged to the influence of federal officeholders. He requested every member of the cabinet to remain at his post of official duty during the convention.

Furthermore, he requested assistant cabinet offices, United States marshals, district attorneys, collectors of customs, internal revenue and other federal officers to stay away from the convention. The request or order whichever it may be, has caused no little disappointment in official circles here, and also it is likely to cause a shortage of delegates at Minneapolis, as many of those elected are serving the government in some capacity.

River and Harbors.

WASHINGTON, May 20.—In the senate, after routine business and some matters of a minor nature, the bill exempting American coastwise vessels piloted by licensed mariners or by United States pilots from obligation to pay state pilots for services not rendered was taken up.

Butler, of South Carolina, offered an amendment repealing such parts of the navigation laws as prevented the purchase by citizens of the United States of ships in foreign countries and the right to make registry and fly the American flag.

Frye moved to lay the amendment on the table, and Butler asked the yeas and nays on the motion. The motion was agreed to; yeas 31, nays 13. The vote was a party one, except that Messrs. Kyle, Blodgett, and Pugh voted with the Republicans to lay the amendment on the table. The bill then passed without division.

The conference report on the bill to provide for the disposal and sale of Klamath Indian reservation was presented and agreed to.

The river and harbor appropriation bill was taken up, and McPherson made a motion to exclude from the bill all authorization for new contracts and reduce by 50 per cent. the entire amount appropriated.

Dolph moved to table the motion which was agreed to; yeas 42, nays 6, (Harris, Kyle, McPherson, Rabcock, Palmer, Vilas.)

GETTING READY.

The Behring Sea Arbitration Fully Determined.

WASHINGTON, May 20.— The American personal of the Behring sea arbitration is fully determined on. The arbitrators on the part of the United States are Justice John M. Harlan and Senator John P. Morgan. Ex-Minister John W. Foster, an agent of the United States, will have charge of the preparation of the case and the counter-case, and be the official representative before the board of arpitration. The council of the United States consists of ex United States Minister Edward J. Phelps, Jas. C. Carter, of New York, and Judge W. H. Blodgett, of Chicago. By the terms of the treaty, the case of each government will be submitted by the 7th of September, the counter case by the 7th December, and the printed arguments of council by the 7th of January, at which date the board of arbitration will hold its first meeting.

TERRIBLE HURRICANE.

It Passes Over the Island of Mauritius, Doing Great Damage.

LONDON, May 20.—Advices from Mauritius state that a hurricane of great violence passed over the island April 29th, causing enormous damage to shipping and on the land. The western half of Port Louis, the capital, was devastated—houses blown down, trees uprooted, and the loss of life appalling. The roar of the gale was deafening, and people rushed to and fro in panic-stricken confusion. Rain fell in torrents, thunder crashed, and the flashes of lightning were blinding. The exact number of the dead is not known. The authorities are making every effort to alleviate the suffering, and military tents are being distributed among the homeless, as is food. Half of the crops of sugar, rice, coffee, and pepper, is utterly ruined, and the loss is very heavy. Although Maritius is noted for violent and destructive hurricanes, this one exceeds any hitherto known.

BEET-SUGAR FACTORY.

California Will Have the Largest in the World.

ANAHEIM, Cal., May 20.—The building and equipment of the mammoth beet sugar factory in Anaheim is now assured. The sugar company has accepted forty acres of land donated by the citizens of this place for the building and site for the proposed works. The land donated lies south of and adjoining the city limits, and is well supplied with artesian water. Much enthusiasm prevails here. The Anaheim beet-sugar factory, it is said, will be the largest factory of the kind in the world.

Storm on the Atlantic.

ASBURY PARK, N. J., May 20.—A violent storm is raging along the coast and terribly high seas prevail. Rain is falling in torrents and driven in blinding sheets along the beach An unknown schooner was driven ashore opposite the beach house. It is reported the crew leaped overboard and reached the shore in safety.

Surrendered Its Charter.

NEW ORLEANS, May 20.—The department of Louisiana and Mississippi G. A. R. has surrendered its charter because the commander-in-chief suspended the division commander for not recognizing colored posts.

Little Things That Tell.

It is the little things that tell—little brothers for instance, who hide away in the parlor while sister entertains her beau, etc. Dr. Pierce's Pleasant Pellets are little things that tell, They tell on the liver and tone up the system. So small and yet so effectual, they are rapidly supplanting the old-style pill. An infallible remedy for Sick and Bilious Headaches, Biliousness and Constipation. Put up in vials, convenient to carry. Their use attended with no discomfort.
