GOOD ROAD WORK.—Supervisor C. H. Cannon has done a good piece of road work in Yew Park addition. It is district No. 10, and the road is built by grading up a round roadbed at least thirty feet wide, and putting on top of that a twenty-foot wide track of gravel one foot deep. This gravel will be rolled down and allowed to settle until the winter rains set in, when the loose stones will be raked off the surface and there will be a fine hard roadway. This is a pretty good plan of building a road. J. H. Albert is building the same kind of a road from this end into the city.

PAVING ROCK.—Alderman Collins says the street committee does not know yet where the broken rock is coming from for Commercial street. Alonzo Gesner says there is plenty of good rock to be had—next in quality to granite—what is called trap rock. It is in a quarry up the river and can be brought down here easily enough on barges. The rock problem is not yet solved.

## NEW UNIVERSITY BUILDING.

What Is Being Done to Enlarge Willamette—Facilities for Students.

April first W. T. Chapman came from Idaho to act as financial agent of Willamette university. He immediately went to work to inquire into the needs of colleges here under control of the Methodist denomination and has since April first put in his time at Salem and Portland investigating the records, books and financial standing of the schools. He has formed the acquaintance of the business men of the state very rapidly, as he was formerly an Oregon man and was at one time a student at Salem, afterwards taking a four years' course at a New Jersey college. Mr. Chapman has just returned from a week at Oakland and San Francisco in the interest of the college endowment fund. He reports a growing interest in the future of the school and all up and down the coast there is a warm feeling of interest in the welfare of the school. He has succeeded in getting nearly five thousand dollars subscribed toward a new building which is much needed. A fund of \$25,000 must be raised and he seems to be the man of proper spirit to do this. He is a thorough business man and employs modern methods in all that he does.

## KINDERGARTEN LECTURES.

A Trained Kindergartner Will Talk to Salem Mothers and Teachers.

The Salem Kindergarten association has for some time been at work raising funds to secure the services of Mrs. L. W. Trent, of Chicago, the noted lecturer on the new education. "THE JOURNAL" is gratified to learn that this active little society has been successful in its undertaking. The society has decided to make all the lectures and talks to parents free to everybody. This will give a grand opportunity for spreading the gospel of child education into every home of Salem. A complete program will be arranged and announced in due time. Mrs. Trent will arrive early in June, when several weeks of her time will be exclusively devoted to this work.

THE FISKE LECTURE.—Prof. John Fiske delivered his lecture on the discovery of America at Unity church last Wednesday evening. The speaker was greeted by a representative audience of Salem's best people, and it is needless to say that all were highly entertained. Prof. Fiske is one of America's best informed historians, and his explanation of the discovery of America, with the causes which led up to the event, make an intensely interesting lecture. It is safe to say that few of his hearers had ever understood the real situation as he explained it, to say nothing of the wonderful chain of minor circumstances which had great influence on the acts and movements of Columbus. This class of lectures should by all means be encouraged in our city, and it is to be hoped that others of like high character will follow.

THE CANVASS.—There was the usual crowd at Marion today to hear the political debate. A sharp round took place between Geer and Swank and the few quite lively. At one or two places there have appeared nearly as many candidates as audience. But quite as often it is the other way.

REAL ESTATE.—May is always a light month for real estate transfers. Crops are all in, gardens and fruit trees are all blossoming and people who have homes are not moving about much. There will have to be a spirited forward movement to have May come up to the record of past years.

M. E. PICNIC.—Two hundred happy Methodist Sunday school children and their friends, picniced at Fairgrounds Park today. Dinner was served at noon and then games followed. It is a beautiful place and a perfect day made it an enjoyable occasion.

THREE EAST OREGONIANS.—Foster Cameron, twenty-seven years old, from Milton; Jephtha L. Coffin, thirty-eight years old, from Hignard, Union county; John Warnell, of Cove, same county, were brought to the asylum.

JUST RECEIVED.—A large shipment of dried fruits of the choicest quality. Prices can be made that will astonish you. Clark & Epley.

## A SERVICABLE TICKET.

The Republicans of this county have a strong and servicable legislative ticket. It is doubtful if five better-known or better qualified men could be put upon one ticket than Ford, Geer, Layman, Wright, Ormsby. Nearly all have had legislative experience all have been successful in their own business and are trusted by their neighbors. All men of pure character and good morals without being pharisees or hypocrites.

The two fighting Republicans as developed in the canvass are Geer and Ormsby. Both are able debaters and upon them seems directed the hottest fire of all the anti-Republicans as their speeches indicate. Both are aggressive types of character who will be heard from in the legislative halls. Marion county cannot send two more competent men or more eloquent debaters into the legislative assembly than these gentlemen and while they are stalwart defenders of Republicanism they will not neglect the slightest duty to their constituents of any party. Republicans should turn out to hear Geer and Ormsby at all meetings where they speak and prepare to give them the hearty support they deserve. Mr. Geer has a legislative record that will bear inspection, of which we speak elsewhere. Mr. Ormsby was a gallant Union soldier and stands high as a citizen.

Miss Linnie Savage, daughter of Farm Supt. Savage, is the newly commissioned postmistress at Chemawa.

Lloyd Cox, and Miss Oro Della Belle, were married May 18th, at Independence. They will be at home after May 25th, at Marshfield, Oregon.

Harvey Taylor, of Marion county, was married at Albany to Narcissa Glover, of Linn county.

N. M. Newport, formerly of Salem, is candidate on the Republican ticket for justice of the peace of one of the Albany districts.

Chas. Busby and family went to Portland this afternoon.

P. S. Knight spent Sunday at Portland in company with Mrs. Knight, who is visiting friends there.

M. V. Rork left for Portland this afternoon where he expects to speak Sunday.

There are thirty-five cases before the grand jury at Pendleton, June term.

County Clerk Sherman is at Turner today and will be out in the county for several days looking after his political chances.

Rev. G. W. White, pastor of the North Salem African M. E. church wishes to correct the impression that no white people were wanted at their church. It is false he says and all whites are welcome to come to all meetings.

A meeting of the Christian Endeavor Societies of the city will be held in the Presbyterian church tomorrow evening at 6:30 p. m. J. H. Cook leader. All young people invited.

## AN ELECTRIC PLANT.

Application of Direct Currents Through the Body.

Drs. Shimp & Houser have set up their rooms in the Bosh-Breyman block the largest and most complete electrical apparatus for treatment of diseases in the state. There is a static machine that will send a stream through the biggest man that makes him feel as if warm new blood was being infused through every vein. A JOURNAL reporter came near feeling that he was going to heaven for once in his life under the current.

A galvanic and faradic combined battery is for treatment of all kinds of tumors, strictures and nervous troubles.

A galvanic-cautery is used to cauterize in treatment of asthma, catarrh, and diseases of the nasal passages.

An electro-magnetic machine for treatment of all forms of chronic and female diseases.

Drs. Shimp & Houser have been administering electrical treatment for twenty years and have many patients in Salem who have got more benefit in one or two weeks than from months and years of drugging. Shimp & Houser use scarcely any drugs.

Vote for J. O'Donald, the regular Democratic nominee for justice of the peace.

Vote for John H. Starr for County Clerk of Marion county.

## Women.

The common afflictions of women are sick head aches, indigestion and nervous troubles. They arise largely from stomach disorders. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation, you can see why it is more effective than any other Sarsaparilla in those troubles. It is daily relieving hundreds. The action is mild, direct and effective. We have scores of letters from grateful women.

We refer to a few: Nervous debility, Mrs. J. Barron, 142 7th St., S. P.

General debility, Mrs. Belden, 310 Mason St., S. P.

Miss Fannie Wren recited Macaulay's "Puritans," and Miss Cora Winters read a historical essay on "Poland." D. S. Benedict wrote on "Europe in Life," and Claude Strahan "A Chance for Every One."

H. N. Rounds, C. J. Pence, Mark Early, the Misses Frizzell and other students, went to Portland Friday, to see the war vessels.

The prospects for the new building improve daily. Laying the corner stone would be an excellent ceremony for commencement week. It will have a chapel large enough to meet the growing needs of the town, with ample seating capacity, which will be open to all public meetings of proper character.

## That Tired Feeling.

Is of the forerunner of serious illness, which may be broken up if a good tonic like Hood's Sarsaparilla is taken in season. This medicine invigorates the kidneys and liver to remove the waste from the system, purifies the blood and builds up the strength.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.
