### A BAD CUSTOMER

NEW HAVEN, Conn., May 24.—A shabbily dressed stranger entered the store of Samuel Birnam, State street, about 10:30 o'clock last evening, and asked to be fitted with a suit of clothes, overcoat, derby hat, scarf pin and a pair of stockings, and then retired to a dressing room, where the old clothing was exchanged for new. When the stranger reappeared, he remarked to Birnam: "It is supposed that he wanted his money. As he said this, he reached around to his pocket, drew a revolver, backed toward the front door, and said: 'Well you won't get it, see? You come any nearer, and I'll blow your brains out.'" Then he backed out the door and disappeared around Wooster street before Mr. Birnam could recover from his surprise and has not been seen since. He is described as being five feet four inches in height, slight build, of dark complexion, with a scar on his left cheek.

### THE YAQUI INDIANS.

Have a Fight With Some Mexican Troops. PHOENIX, Ariz., May 24.—A telegram from Hermosillo, Mexico, says an engagement took place between the government troops under Lieut. Col. Sahnara, and a band of Yaqui Indians near Los Pitres on the Rio Yaqui on the 17th instant, but the accounts were suppressed by the official who adopted a censorship over telegraph lines. The official report just received says a number of Yaquis were killed, and the remainder dispersed, and that owing to the mountainous condition of the country the military were unable to follow. Unofficial reports brought in by American mining men state that seven Mexican privates were killed, and two officers, including the commanding officer, wounded. This is the first engagement since the late pronunciamento. Both parties are preparing for a vigorous and lengthy conflict. There are between twenty and thirty thousand Yaquis in the state of Sonora, the greater portion of whom have assumed aggressive attitudes. They are poorly armed, however, and as a rule refuse open battle, preferring ambushes and guerrilla warfare.

### AFTER HIS SCALP.

The Chief of the Pension Bureau to Be Removed. WASHINGTON, May 24.—The latest rumor about General Raum is to the effect that the president has concluded to unload him in a gentle way. It is said that before leaving Washington on his recent trip to the Chesapeake the president informed General Raum that, while he had every confidence in him, yet the relations between the head of the interior department and the chief of the pension bureau had been so strained that he had concluded to cut the string before it snapped.

### The American Mails.

LONDON, May 24.—In the house of commons yesterday, Postmaster-General Ferguson stated that the government had decided that no saving in time could be made by making Holyhead a post of call for the American mails, and that more over there was no accommodation at Holyhead for the purpose. The house will adjourn Friday night until after White Sunday, and the date of reassembling will depend upon the amount of business disposed of before adjournment.

### Answer Postal Cards.

SPRINGFIELD, Ill., May 24.—The Morgan Envelope Company, of this city, has received an order from the United States government for 24,000, 000 postal cards of a new device. The card will be doubled in the middle. One half will be utilized by the sender, the other half for the answer if the receiver sees fit to make one. The cards will be 5 1/2 by 3 1/2 inches in size, and will cost two cents.

### Decamped.

MONMOUTH, Or., May 24.—Monmouth was somewhat disturbed by the news that a piano tuner, who had hired a rig of Mr. Beckley, proprietor of the Monmouth livery stable, had decamped with the team, in company with a young lady from Dixie, five miles north of here. Mr. Beckley found his team in a stable at Salem.

### Abe Jones Sentenced.

WASHINGTON, May 24.—Abe Jones, convicted of stage robbery, was sentenced by Judge Morrow yesterday to twenty years' imprisonment in San Quentin. A nolle prosequi was entered in the cases of Cornelius Howard and John Rice, also accused of complicity.

### Died From His Injuries.

PORTLAND, May 24.—Vincent G. Young, the young man who fell from a window in the fourth story of the Quimby house early Thursday morning, while intoxicated, died at the Good Samaritan hospital yesterday afternoon. Coroner River will hold an inquest. Today the remains will be taken to Eugene, where Young's family lives.

### River and Harbor Bill.

WASHINGTON, May 24.—The house committee on rivers and harbors reported back the river and harbor bill with the senate amendments, with a recommendation they be non-concurred in. It was referred to the committee of the whole. The house then went into committee of the whole on the sundry civil bill.

## THE SPOKANE FIRE.

Presbyterians—Methodists—Rarus is Dead, Etc.

### THE SPOKANE FIRE.

It is Known That Four Men Have Perished.

SPOKANE, May 24.—The fire department plaved upon the smoldering ruins of yesterday's fire all night long. This morning the work of searching for the bodies began. It is now known that four men perished in the fire, and it is feared that others lost their lives. The missing men are: Adolph Schultz, L. H. Cornwall, Richard Butcher and a man named Cunningham. The charred remains of the first named three were taken out of the ruins of the Spokane Mill company this morning, and search is being continued for the others. It is thought that one or two men were drowned in the river. The fire was seen at long distances in the surrounding country. The fire originated from a hot journal in the Spokane Mill company's property.

### Blaine Says They Won't.

NEW YORK, May 24.—The Mail and Express' Washington correspondent quotes a close friend of Blaine as saying that Blaine told him the only motive for his New York visit is to consult about his falling eye-sight. He was told that it looked as if he would nominate him at Minneapolis. Blaine said, rising, "No they won't." His friend said, "I feel certain of it." Blaine replied, bringing his fist down on the desk, "And I say they won't." His manner left nothing more to say.

### To Abolish Post Traders.

WASHINGTON, May 24.—The bill intended to abolish post traderships in the army, which has the approval of the war department and General Schofield, has been favorably reported from the military affairs committee by Senator Proctor. The measure will not produce a radical change immediately, and the present system will continue until those persons who are now post traders shall either die or retire, but when vacancies occur then the office is to be abolished.

### Blaine's Daughter to Marry.

WASHINGTON, May 24.—Mr. Beale, United States minister to Persia, arrived here yesterday on leave of absence. It is said his presence here is for the purpose of marrying Miss Hattie Blaine, the youngest daughter of Secretary Blaine. His engagement to Miss Blaine has been standing for over a year. Beale is a grandson of Commodore Truxton, U. S. N., and a son of General Edward Beale, of California and Washington. He is a handsome and clever young man.

### Foraker Thinks It Will Be Blaine.

CINCINNATI, May 24.—Ex-Governor Foraker was seen last night and questioned concerning the report that he would make a speech in the Minneapolis convention nominating Blaine. He said he knew nothing about such a report, and had never said he would nominate Blaine. After a moment's hesitation, he added: "I have said, however, that in my judgment, Mr. Blaine should be nominated, and it is my opinion he will be nominated."

### Will Fuse With People's Party.

EMPORIA, Kan., May 24.—The fourth congressional district Democratic convention met this afternoon. It has been determined by the leaders to accept a fusion with the People's party and they agreed to make no nominations.

### Blaine Quarantined.

BLAINE, Wash., May 24.—The city was quarantined by the authorities against the British Columbia cities which have cases of small-pox. There is some talk of stopping Great Northern trains at the boundary line.

### For U. S. Senator.

BATON ROUGE, La., May 24.—The vote for United States senator in the two houses to day resulted as follows: Jones, 47; Adams, 27; Gibson, 20; Coffey, 17; Blanchard, 11; Bourgeois, 14; Mahoney, 1. The houses meet in session to-morrow to canvass the vote.

### Nation Republicans.

SOUTH ALLISTER, I. T., May 24.—Republicans of Indian Territory held their first convention comprising delegates from the five civilized tribes and chose two white men, one Indian, and one Negro as delegates to the Minneapolis convention.

### King of the Turf Dead.

NEW YORK, May 24.—Rarus, long known as the king of the trotting turf, died on Robert Bonner's Tarrytown farm on Tuesday. He was 25 years old and died of old age.

### Passed the Commons.

LONDON, May 24.—Ralfour's local government bill passed the house of commons today on second reading 339 to 248.

### Will Be Pardoned.

NICE, May 24.—It is expected Edward Dawson will be pardoned on July 14, Bastille day.

## THE PRESBYTERIANS.

Report of Standing Committee on Home Missions.

PORTLAND, May 24.—After devotional exercises led by Dr. Richmond, of Louisville, and the reading of the minutes, the general assembly heard the report of the standing committee on home missions, attention was called to the fact that the subject is one specially fitted to the place of meeting. The report gave an account of the work of the year as conducted by the board of home missions and of the support given by the church, while its needs are set forth very strongly. The board began the year with a debt of nearly one hundred thousand dollars. One million dollars were asked for last year and contributions reached within seventy-five thousand of that amount, of which over \$43,000 were available. The present debt is \$67,000. Immense immigration has given this board foreign work to do at home. The report on home missions was adopted after sixteen recommendations looking toward an extension of the work was agreed to.

### Charged With Blackmail.

COLUMBUS, O., May 24.—F. W. Levering and W. H. Tierman, editors of the Sunday World, were arrested for blackmail. The men had given the sporting fraternity to understand that the law-and-order people had offered them a good sum to expose the gamblers, which they had reluctantly consented to do. The offer was then made that if the sporting men would put up a like sum, \$500, nothing should appear in the paper. The gamblers caught on quick, paid over the money, and soon after, both men were arrested. Levering was associated with Coburn, who was murdered by the Elliotts about six months ago. Tierman is the man who invented the story of being bribed during the senatorial contest last winter, but when called upon for proof could produce none. Levering and Tierman are still in the station-house. The standing of the men can be judged from the fact that no one can be found to sign their bail bond of \$300 each.

### Hooded Passenger Train.

PORTLAND, Or., May 24.—Conductor Guthrie, of the Albany local, was working under disadvantages yesterday afternoon. He had a forensic fight with the owners of the train, the brakeman and baggage master about the admission of a skye terrier with woolly legs and a small boy laugh to one of the coaches. The brakeman said the train was bewitched and something would happen. The dog got aboard at Aurora, and a spark from the engine struck the front platform of the coach and burned it away into the space between the panels. About two miles south of Oregon City the fire got under good headway, and when it was discovered a panic ensued, during which several ladies fainted. A stop was made at Oregon City where an ax was used with good effect in the end of the car and a few buckets of water did the rest. The damaged car was at once put in the shops for repairs.

### Stuck by His Principles.

KANSAS CITY, Mo., May 24.—Judge E. T. Lane, presiding judge of Cass county, Mo., who, with associate judges Wray and George, have for some months been prisoners in the Jackson county jail, was nominated for the legislature by the Democratic primaries in Cass county Saturday. He had three opponents and received more votes than all of them. Judges Lane, Wray and George were sent to prison by U. S. District Judge Phillips for refusing to obey an order from his court to direct a tax levy to pay the bonds voted by Cass county in aid of a railroad which was never built; hence his popularity. The successors of Judges Lane, Wray and George were also nominated, all on an uncompromising go-to-jail platform, and it is expected that they will follow their brethren to jail next November.

### Ella Beardsley Missing.

ABERDEEN, May 24.—The rafter's living three miles up the Wishkah river at the dock yesterday morning found a floating boat containing a woman's hat, cloak and one or two articles. Inquiry developed the fact that Ella Beardsley, of Aberdeen, aged 20, had been rowing on the river, and was missing. Two theories are expressed, some thinking it suicide, and others that she went ashore to gather flowers and the tide carried the boat away. Parties are now scouring the woods and dragging the river. Miss Beardsley came over from Portland on Friday with her affianced, Dr. Irel, to visit her parents, and was to have returned with him this morning. The case is shrouded in mystery.

### American Citizen Kidnapped.

WASHINGTON, May 24.—The attorney general has received information that Charles Oberlander, of San Diego, Cal., has been kidnapped by Mexican officials and taken to Ensenada, Lower California, for trial on a criminal charge. Minister Ryan at the City of Mexico has been instructed to secure surrender of the man provided it is shown he is an American citizen taken without extradition proceedings.

### Bishop for Oregon.

PHILADELPHIA, May 24.—The African Methodist Episcopal general conference appointed a number of bishops among them Bishop H. F. Lee, of Puget Sound and Oregon.

### Colonel Broadwater Dead.

HELENA, Mont., May 24.—Col. C. A. Broadwater died this morning. He was president of the Montana Central division of the Great Northern national bank, and largely interested in other enterprises. He was a member of the Democratic national committee.

### Deeming Craved Forgiveness.

MELBOURNE, May 24.—When the clergymen went to Deouling's cell a few minutes before the time for the execution, Deouling falling on his knees, wept and cried, "Lord forgive me for despatching my wife and family without warning." Deouling left two wills. In the first he leaves \$200 to Miss Rounseville, and in the second he disinherits and upbraids her. The so-called biography of the murderer seems to be of no value whatever. It is incoherent, and apparently written by a

## FIRE AT SPOKANE.

Several Mills and Other Property Destroyed.

SPOKANE, May 24.—Fire broke out at 4:30 yesterday afternoon in the factory of the Spokane Mill Co., on the river front. The flames spread with wonderful rapidity, and in a few minutes the entire structure was ablaze. The employees had to run for their lives, and three of them were injured in leaping from the building. At 9 o'clock two employes were missing, and it is feared they have perished in the flames. They were Adolph Schultz and Butcher. The injured men are: Andrew Johnson, who suffered a fracture of his leg; William Gouwood, whose leg was very badly sprained; and Jas. Smith, badly burned about the hands. In spite of the efforts of the fire department, the flames quickly spread to the Echo Roller mills, owned by Bravender & Gatz, which were entirely consumed. The fire then jumped across the river and destroyed the oatmeal mill owned by Olney & Wadhams, and building of the Washington Shingle company. Four cottages were burned, and the Howard street bridge. The National Iron works and the steam laundry were damaged. The total loss, as near as can be learned tonight, is about \$230,000.

### Methodist Conference.

OMAHA, May 24.—Bishop Hurst presided at this morning's session of the Methodist conference. The committee on judiciary reached the conclusion the word laymen is only discipline, where it provides for lay representation, and does not include women. After a sharp discussion, the conference decided to allow the Epworth league to have its own special secretary.

The announcement by Rev. G. A. Reeder, that the East Ohio conference had given \$10,000 to assist in the erection of a Methodist headquarters in the city of Rome caused great enthusiasm. After further action on the rules of the Epworth league, Dr. J. A. Barry was chosen editor of the Epworth Herald. Conference has adopted the minority report of the committee on itinerary. Minority recommended retention of the five-year limit on pastors.
