A coating of tar and feathers was then administered and the prisoner returned to the lock-up. Hetherington says he recognized one man, and as soon as he is free he says he will blow the man's brains out.

#### FIRE AT COQUILLE CITY.

Business Part of the Town Burned. Loss, about \$100,000.

COQUILLE CITY, Or., June 1.—About 1 o'clock this morning fire broke out in the band hall, Humeau building, the western limit of Front street, and owing to the absence of fire facilities, soon spread and laid in ashes Collier's fine hardware and dry goods store, post office, Jenkins' saloon, Mrs. Alkirk's fine millinery store, Sinclair & Harlocker, law and real estate office, Breezer's barber shop, John Bro's grocery and meat market, McCook's jewelry stand, Olive hotel, stable and shop to the same, A. W. McArthur's residence, and a vacant tenement on First street. Fire reached the opposite side of the street, across from the first point, and lapped up Lyons fire store. Knorr & Son's large hardware house, the Robinson house, R. H. Lewis, proprietor, saloon Collier building, the Central, Lenevans' residence and drug store, Coquille River bank, and Gallier's blacksmith shop, down to A. J. Wimer's red front store.

Heretic work was done by both men and women. Many goods were saved, but there was much destroyed and much damaged in the removal. The saving of the O. D. Fellows' hall, Mr. Lorenz's store and residence, Adam Wimer's store and Lyons' mill, under the circumstances speaks the faithfulness of the work done. In saving the former was the rescue of two or more blocks of stores and homes from destruction. Mr. Lyons carried a partial insurance, as also did Kronenberg & Sen. The Olive hotel has an insurance of \$40,000. Mrs. Robinson carried an insurance. A. C. Collier's insurance has expired, and his loss will be heavy. Information as to others is not obtainable.

The losses will foot up to not less than one hundred thousand dollars. The band lost their instruments, music, and stage scenery. Dr. Owen lost everything. A. J. Sherwood his law library and office furniture, but until his safe is examined he does not know the result as to his books, papers, etc. So also the post office safe and that of Sinclair & Barlocker.

#### WAS JACKSON MURDERED?

M. W. Bruce Says He is Sure He Was Not.

SAN FRANCISCO, June 1.—Mines W. Bruce, who is connected with the department of the interior, is now in this city on his way to Alaska, where he has in charge the carrying out of the provisions of the bill passed with the purpose of introducing reindeer into that territory.

He said that he knows the news of the assassination of Rev. Dr. Sheldon Jackson in southeastern Alaska had not the slightest foundation. "Mr. Jackson sailed on the revenue cutter Bear from Port Townsend on May 13th, and as the Bear had orders to proceed directly to Unalakleet with orders from the treasury department, he has not been within hundreds of miles of the place where he is said to have been murdered. I am to leave here on Wednesday, and expect to join him within a month at Behring straits."

#### HEAVY RAINS EAST.

#### HEAVY RAIN STORMS

Through the Mississippi Valley—Electricity Kills Grain.

CHICAGO, Ill., June 1.—Advices to the Associated Press from many points show heavy rainstorms prevailed yesterday and last night throughout a large portion of the Mississippi valley, adding to the soggy condition of the heavy rained-soaked ground and further delaying planting and sowing of the grain already in the ground. Fields are under water and the situation is so alarming the price of corn has advanced 10 cents per bushel.

At Greenville, Texas, an electrical storm killed several hundred acres of grain and cotton, giving them the appearance of being burned.

GUTHRIE, O. T., June 1.—Reports say a family consisting of a man, his wife, and three children were drowned while trying to ford the Canadian river. Further disastrous floods, it is believed, must result with probable loss of life and property in addition to vast ravage already inflicted.

INDIANAPOLIS, June 1.—The floods continue to increase. White river and Fall creek are overflowing all contiguous territory. This city is threatened with the worst flood in its history. No corn is planted, farmers are growing desperate.

CEDAR RAPIDS, IOWA, June 1.—Rain has been falling almost continuously 30 hours. No indications of its ceasing. The river is rising rapidly.

#### ANOTHER WAY.

The Louisiana Lottery Comes Out as a Banking Concern.

PITTSBURGH, June 1.—The post-office officials of this city received an important tip from a local banker, who said he had been asked to act as agent of a concern operating under the name of the Louisiana Loan and Trust Co., but which appears to be the Louisiana lottery. A prospectus which was issued by the concern, a copy of which has been secured, mentions drawing for loans and names a number of applicants. It is signed by J. P. O'Donnell as president; D. M. Stocum, general manager. It claims a cash capital of \$1,500,000, and concludes: "It is the most popular financial and money-lending system in the world."

#### THE PRESBYTERIANS.

The 104th Session Dissolved Last Evening.

PORTLAND, June 1.—Near the close of the general assembly yesterday afternoon an amusing scene occurred upon the introduction of a resolution calling the attention of ministers, elders and students to the evils of the tobacco habit. Each step of the discussion was greeted with roars of laughter. Finally, however, the resolutions were passed with a shout and waving of hats.

An incident unusual in the general assembly was the taking of a collection for the benefit of the colored minister who was left stranded after coming from North Carolina to prosecute an appeal. Unsuccessful and moneyless, the \$110 realized went far to console his wounded feelings.

After passing a vote of thanks to the moderator and clerks and the people of Portland, the 104th session of the general assembly was dissolved.

A Drunken Church Member.

CHAMFORDVILLE, Ind., June 1.—The Rev. R. S. Ingles was preaching at the First Presbyterian church Sunday night, when suddenly John Matthews, a member of the church in good standing, appeared at the door, and with a whoop started down the aisle. He was intoxicated, and in his hand bore a huge bouquet. He struck the walk step, and with a vigorous glide soon landed in front of the altar, where the minister stood speechless with astonishment. Matthews thereupon took off his hat, and with a grand flourish proposed three cheers for the preacher, at the same time presenting him with the bouquet. He then seized an imaginary party about the waist, waited up the aisle and disappeared through the door. The sermon was concluded with difficulty.

WILL MEET IN PORTLAND.

Sovereign Grand Lodge of Odd Fellows to Be Held There.

PORTLAND, June 2.—The sovereign grand lodge, I. O. O. F., which will be convened here Sept. 15, will not permit a detailed report of its proceedings. Everything will be secret save to members of the order. The sessions will be held at Arion hall. The biennial election will transpire this year. Several parties are aspiring to the grand chair, but the present deputy, C. T. Campbell, of Toronto, will probably be chosen.

The sovereign grand lodge has appropriated \$25,000 to defray the expenses, and \$50,000 has been added to that sum by the grand lodge and grand encampment of Oregon. The visitors are to be entertained in royal style with parades, caucussions and baquetts galore.

#### GATHERING TOGETHER.

Republicans in Chicago, Emmons Blaine on His Father.

CHICAGO, June 1.—Republican politicians are plenty at the hotels this morning. Conference of leaders constantly is held. Emmons Blaine, after a conference with Clarkson, Conger and others declared he knew nothing regarding his father's intentions, though he admitted Blaine's silence seemed to mean a good deal.

Senator Hansborough, of North Dakota, has advised that five of the six delegates from his state are for Blaine, and all but two of the South Dakota delegation who were instructed for Harrison have gone over to Blaine. But it now seems probable Hon. Thomas Reed, of Maine, will be temporary chairman. Friends of Harrison were booming him as well.

SAN FRANCISCO, June 1.—Judge Coffey today rendered a decision in the case of ex-Assemblyman Elwood Bruner, of Sacramento, charged with offering to accept a bribe during the session of the last legislature to defeat the "scalper" bill. Court held that the evidence it had heard was sufficient to warrant the belief that Bruner was guilty and the latter was accordingly held to answer.

#### CORN WAS NOT CORNERED.

Coster & Martin's Scheme Failed for Want of Funds.

CHICAGO, June 1.—The corner in May corn culminated in a total collapse yesterday. At the opening the clique brokers gave it out that their principals had decided to fix the price at \$1 per bushel, and would settle with shorts at that figure. Many of these, seeing no way out of the dilemma, paid the price demanded, and there was heavy trading at that figure. The clique brokers gave out the name of Coster & Martin as their principals. A flood of offerings rushed in. A reinspection of the grain in store, together with sharp calls for margins, soon put the firm in trouble, and when one bank refused to certify the firm's checks the offerings increased, and amid a scene of the wildest confusion in the pit the sellers shunted offers on a descending scale till the price touched 50 cents, when it was announced that Coster & Martin had failed. Covering by shorts at the bottom caused a reaction to 55 cents. There were rumors regarding the solvency of other firms, but no other names were named. There were all sorts of wild statements as to Coster & Martin's liabilities, but it is definitely known, however, in addition to the capital required to carry through the deal up today, they needed \$1,000,000 this morning to take care of the day's receipts and other offerings. There was a rumor that the firm in their efforts to corner the market ran up against some such financial whale as Arnoux, with the result as already stated.

#### THE HIGHBINDER.

Two Chinamen Killed and Many Others Wounded.

SACRAMENTO, Cal., June 1.—About 11 o'clock last night a high binder broke out in the Chinese quarter, and for a half minute there was perfect fusillade on Third street in front of the one of high binders den, also on I street, in front of the headquarters of another society. Shots were exchanged in rapid succession, and the air was full of flying bullets. An electric car was between the contending hosts and storm of bullets whistled though the open car about the heads of passengers, who climbed out the best way they could. The conductor and the gripman put on the brakes and abandoned their posts in haste. When the smoke of battle cleared away two dead Chinamen were found and one shot through the thigh. How many others were wounded and got away is not known, and it may be more were killed and hid by their comrades.

#### Lively Times in Alabama Politics.

MONTGOMERY, June 1.—The campaign for the Democratic nomination for governor in Alabama has about drawn to a close. Governor Jones has been overwhelmingly endorsed for renomination over the opposition of Kolb, who has run as an Alliance candidate. Kolb has gotten up contests in many counties without a shadow of foundation, and has laid a predicate for independent candidacy on the ground of unfair treatment, without cause or reason. The executive committee meets here June 2 to hear contests, and, unless all the absurd claims of Kolb are granted, he will not be able to organize a separate convention. This seems to be his determination at all hazards and he is actually making preparations for it. There will be lively times in Alabama politics this year.

#### The House Yesterday.

WASHINGTON, June 1.—After routine business the house went into committee of the whole on the post-office appropriation bill. The committee started out with good intentions to accomplish something with the bill, but struck a snag in the clause providing for free delivery. Mr. Caldwell, of Ohio, moved to increase the appropriation from \$10,450,000 to \$10,745,000, and when a vote was taken he made the point of no quorum. A call of the house ensued. On motion of Henderson, of North Carolina, a resolution was passed revoking leave of absence, except for sickness, and the house, on motion of Mr. McMillin, of Tennessee, adjourned until today without accomplishing anything.

#### Waves Mountain High.

Organized thieves, during a storm to engulf the venturesome voyager on the peninsula of Alaska. Sometimes he is blown by deep despair at such a juncture, the condition of mind obtains when he is sea sick. The diabolical quacks which he has undergone, and which are now aggravated by the pitching of the sea, render him in a measure indifferent to his fate. This picture is scarcely exaggerated, as people who have been violently sea sick will assure you. Travelers and tourists by sea and land should always be provided with Hostetter's Stomach Bitters as a means of countering sea sickness and nervous disturbance or stomach trouble, begetion of uncomfortable travel by land or water, or whatsoever possibly swallowed at railway stations. Hostetter's Stomach Bitters is a safe and reliable remedy for all ailments connected with the stomach, such as indigestion, flatulency, acidity, biliousness, headache, dizziness, and all ailments arising from a disordered stomach.

#### "Puzzled The Doctors."

Most of the cases cured by Ayer's Sarsaparilla have been recommended by the regular practice. Physicians are recommending this medicine as never, and with satisfactory results.

E. M. Sargent, Lowell, Mass., says: "Several years ago, my daughter being out with large sores on her face, and other parts of her body. The case proved the doctors. My daughter used Ayer's Sarsaparilla, and it resulted in a complete cure. Her blood seems to have been thoroughly purified, as she has never had so much as a pimple since taking this medicine."

"This is to certify that after having been sick for twelve years with kidney disease and general debility, and having been treated by several physicians with relief, I am now better in every respect, and thank I am nearly well, having taken seven bottles of Ayer's Sarsaparilla."—Maria Ludwigson, Albert Lea, Minn.

#### HARRISON THE MAN.

He Will be Nominated on the First Ballot.

WASHINGTON, June 1.—"Mr. Blaine will write another letter. He will again decline to allow his name to go before the Minneapolis convention."

So said Major Dan Ransdall, marshal of the District of Columbia yesterday. He is one of the closest friends of the president, and probably the most constant visitor at the White House, in Washington or out of it. That he enjoys the confidence of the president is well known. When he had made the statement that Blaine would write another letter, Ransdall added significantly: "There will be no contest at Minneapolis."

As the major spoke so confidently and seriously about Mr. Blaine's intentions, the reporter remarked that he must have some reason for making the statement.

"I have," he said, "and I am certain of it. You may quote me as saying it, and you can put it down as certain that the president will be renominated on the first ballot."

The merriest girl that's out "Bonnie sweet Bessie, the maid of Dundee," was, no doubt, the kind of a girl to ask, "What are the wild waves saying?" or to put "a little faded flower" in your button hole, she was so full of vivacity, and beaming with robust health. Every girl in the land can be just as full of life, just as well, and just as merry as she, since Dr. Pierce has placed his "Favorite Prescription" within the reach of all. Young girls in their teens, passing the age of puberty, find it a great aid. Delicate, pale and sickly girls will find this a wonderful invigorator, and a sure corrective for all derangements and weaknesses incident to females.
