

From efficient, and not likely to be opposed by the Blaine managers. Ex-Congressman John M. Langston, the colored orator of Virginia, appears to be the most popular candidate for temporary chairman. The formation of a platform is already under consideration, and protection and reciprocity are to be embodied as the chief principles. A silver resolution is bound to play an important part in platform work, and some of those present are working hardest on that point.

B. Clark Wheeler, of Colorado, does not believe that Harrison could run on a silver platform, and says there are forty thousand voters in Colorado pledged against Harrison and against an anti-free silver party, and he is here to secure the passage of a free silver plank.

HARRISON AND BLAINE MEN ARE SAYING HARSH THINGS.
MINNEAPOLIS, June 3.—The presidential contest is growing in interest hourly. Men are becoming unduly excited, the factions are beginning to say harsh things, and non-partisans are beginning to fear the results on the campaign, whichever wins whether by or against his will. Blaine's friends have forced him into a position of a passive candidate, and the Harrison people are not unreasonably saying many cause things about the secretary's position, insisting that good faith will compel him to write another letter of declination, if this letter is no longer forthcoming in two or three days. It is impossible to predict what the convention will do.

FATAL ACCIDENT.
William Johnson Killed, 8 Tompkins Badly Injured.
PORTLAND, June 4.—News was received by telephone from Hillsboro late last night of an accident which resulted in the death of one man and the serious injury of another. O. William Johnson, 8 Tompkins and an unknown man, employed at Josiah Harris' ranch, two miles south of Hillsboro, were at work sawing and chopping large trees. They had sawed down several and pulled down another, which, after striking the ground, rebounded and struck Johnson, crushing the bones of his head and mangled his brain. He died instantly. Tompkins' thigh bone was badly fractured, and he received a contusion of the hip-joint. The third man escaped unscathed.

ON THE GETTYSBURG BATTLEFIELD.
GETTYSBURG, Pa., June 3.—The high water mark monument, at the point where Pickett's Confederate soldiers were turned back by the Federal, was dedicated yesterday with interesting ceremonies, and in the presence of an immense and enthusiastic crowd. Samuel N. Swope, of Gettysburg, unveiled and presented the monument to the memorial association, and John N. Anderson, of Philadelphia, received it on behalf of the association. Ex-Governor Beaver, of Pennsylvania, delivered the oration and James Jeffrey Roche, of Boston, read the poem. Brief addresses were also made by Generals Schofield, Sigoum, Webb, Veazy and others.

POLITICIANS IN CHICAGO.
CHICAGO, June 3.—Ex-Governor Larrabee, of Iowa, opened a sort of Blaine headquarters at the Palmer yesterday. He talked Blaine to all comers, asserted that a majority of Iowa delegates have declared for Blaine, that the state would have instructed for him instead of Harrison, if the convention had known what everybody knows now. Larrabee says Iowa would be safe with Blaine, even against Rose, but he has grave doubts with Harrison as the nominee. John R. Lynch, the well-known colored politician of Mississippi, is at the Palmer talking strongly for Harrison. He declared that Harrison's treatment of colored men was very satisfactory.

POPE LEO AND THE FAIR.
CHICAGO, June 3.—W. J. Onahan received a cable yesterday from Archbishop Ireland saying that Pope Leo has decided to send a special exhibit to the world's fair, and asking that space be engaged for the same. Such a step was never before taken in regard to a world's fair by papal authority.

CROCKER FOR HILL.
NEW YORK, June 3.—Richard Crocker was interviewed yesterday morning regarding his presidential preferences. He said:

"I am for Hill the same as I was in February last. Then the regular convention was held. I see no reason to change my mind. The convention instructed the delegation for Hill, and it would be dishonorable for them to turn their back on him."

METHODIST BISHOPS CHANGING.
OMAHA, June 3.—The bishops of the Methodist Episcopal church have decided to make a number of changes in residence. Bishop Fowler will go from San Francisco to Minneapolis, and Bishop Goodell will, in a short time, change from Fort Worth to San Francisco.

TWO HUNDRED SHOTS.

The Messengers Done All They Could.

GUTHRIE, O. T., June 3.—Details of the robbery of Wells, Fargo & Co's express car, on the Santa Fe train, makes a story of unexampled outlaws on the part of the bandits and brave resistance on the part of the custodians of the company's property. The robbers were at work nearly one hour attempting to intimidate the messengers into submission, and during the battle between the messengers and the bandits fully 200 shots were fired, and not a man was wounded. The robbery was doubtless committed by the notorious Dalton gang, for whom large rewards are still standing.

Two masked men jumped into the engineer's cab from the tender, and covering the engineer and fireman, commanded them to run the train to the stockyards and stop there at a given signal. The engineer and fireman obeyed, as to have resisted would mean death. When the train stopped, the two robbers were joined by five masked companions. The leader commanded the engineer and fireman to walk back to the express car and commanded the fireman to break open the door. E. C. Whittlesey, messenger, and J. H. Reihl, guard, anticipating what was going on, had blown out the light, and refused to allow anyone to enter. The bandits opened fire upon the car from all sides, but the two men within responded promptly, aiming all shots into the car from all quarters, shot, however, to no effect, for the messengers stood their ground. In the meanwhile the robbers chopped a hole in the door large enough to admit a body, and the fireman was told to crawl into the car. This placed him between two fires, and Engineer Mack, seeing it meant death to his companion, explained the situation to the messengers and told them to cease firing. The robbers then entered the express car, covered the inmates with a gun, and with sledge and chisel broke open two safes and robbed them of everything valuable.

ENDED HIS LIFE.

NEW ORLEANS, June 3.—George Sebastian, aged 30 years, committed suicide here yesterday. Sebastian came here 18 years ago and accumulated a large fortune in the cork business. He went to Europe two years ago, visited Monte Carlo, stayed there several months and lost his entire fortune gambling. He then returned to New Orleans to take place as laborer in the establishment he had formerly owned. This, and the fact that he was in no financial condition to marry a young woman with whom he was in love preyed on his mind and he ended his troubles yesterday by shooting himself in the head.

POLITICS IN BAKER.

Issues in the County Are Finance and Tariff.

BAKER CITY, Or., June 3.—J. W. Edgerton, of Nebraska, and J. C. Luce, people's candidate, for congress in the second district, met Wm. Smith, Democratic nominee for the legislature, and R. S. Anderson, Republican, in joint discussion. The issues were finance and tariff. Baker is a doubtful county, and with the People's party in the field, which will poll upwards of 250 votes, it is difficult to anticipate the result. Inasmuch as Eds and Slater have failed to advocate free and unlimited coinage of silver, the silver vote will go to Luce. Members of the first free coinage silver club in Oregon, of this city, pledge themselves not to vote for any candidate for any important office who is not an out-and-free silver man. The club in the county is three hundred strong.

Blaine and Harrison.

CHICAGO, June 3.—The delegation to Minneapolis from Tennessee which arrived here this morning announced that her six Harrison instructed delegates have gone over to Blaine except two. Illinois delegates will be sold for Harrison with the possibility of one or two exceptions.

Detroit Flooded.

DETROIT, Mich., June 3.—There was an unprecedented rain here last evening. Water is in the streets a foot deep. The damage will reach in the thousands. For a time, passengers to and from the depot were transferred across the streets in express wagons.

Hill's Men.

NEW YORK, June 3.—Meeting of delegates to the national Democratic convention, chosen by "Midwinter" convention, called for conference next Tuesday said Senator D. B. Hill will attend, and important action will be taken in reference to his candidacy for the presidential nomination.

Negroes for Blaine.

CHICAGO, June 3.—John M. Langston, the colored delegate, from Virginia in an interview today declared the colored voters are in revolt against Harrison, and that the only man who can give the negro justice in the South is Blaine.

Epsom Races.

LONDON, June 3.—At Epsom today Baron Hirsch's filly La Fleche won the Oaks stakes; Thesmew, second; Lady Hermit, third. Time, 2:34.5.

VICTORIA, B. C., June 3.—One hundred American editors arrived last night on the City of Seattle, and left again on the same steamer at 8:30. During four hours the visitors were treated to a carriage drive by members of the Victorian press. Mayor Beaven and the aldermen extended to them the hospitality of the city. They were denied at the Driard.

Sudden Death Near Tangent.

WASHINGTON, D. C., June 3.—Secretary Blaine told an associated press reporter this afternoon he would write no more communications in regard to the presidential nomination.

DEVoured BY FLAMES.

Largest Winery in California and Contents Burned.

SANTA ROSA, Cal., June 3.—The winery on the celebrated ranch of Thomas Lake Harris, the widely-known mystic, who has a colony of subjects about three miles from here was destroyed by fire last night, causing a loss of \$300,000. There were immense quantities of wines stored in the winery, which was the largest in the state. The winery is a stone building surmounted by a wooden belfry. The fire, which is supposed to be incendiary, started in the belfry and soon became uncontrollable. The brandy in storage caught fire, and though the fire started early in the evening, at 12 o'clock it was still burning fiercely. Streams of burning brandy are running all over the place, and the conflagration presents a magnificent sight from Santa Rosa. The winery and stock was valued at \$400,000; the insurance is \$50,000.

Put Him Out of the Way to Marry Another.

ASHLAND, Wis., June 3.—Sheriff Hines and Coroner Smith went to Butternut yesterday afternoon and arrested Julius Lipke and his wife on the charge of murdering the woman's former husband, Charles Krause, last December. Lipke was then accused of having attempted to poison Krause, but the prosecution was dropped. At that time Mrs. Krause said that Lipke had been desirous of marrying her for a long time. He wanted to get her husband out of the way, she said, and proposed that she give him strychnine in his food. She and her husband went to live with Lipke. He complained because she did not use the poison, and finally she became scared and told her husband of Lipke's designs against him. In February Krause died. At the coroner's inquest his wife testified that when cooking she heard a slight groan and in an adjoining room, and going in, found her husband dead, with a Bible clasped in his hands. The coroner's jury decided that his death was natural, but the investigation did not stop there. Krause's stomach was taken to a medical college in Chicago for examination, and the scientists have reported that he was poisoned. Meanwhile Julius Lipke and Mrs. Krause have been married, and have been living at Butternut, ignorant that an investigation was being made.

PUGILISTIC.

A Fight Between Slavin of Australia and Con Riordan.

LONDON, June 3.—A fight between Jack Slavin, of Australia, brother of Frank Slavin, who was defeated by Jackson a few nights ago, and Con Riordan, an American boxer, well-known on the Pacific coast, took place last night. According to the articles signed, the men were to box twenty rounds, Queensbury rules, four-ounce gloves, at catch weight for a purse of £250. Slavin defeated Riordan in the nineteenth round. The science of the fighters was conspicuous rather by its absence. There was no real fighting until the eleventh round, when Riordan dropped to escape punishment. In the twelfth, Riordan's appeal for foul was overruled. He was knocked down several times between the twelfth and nineteenth rounds, and finally threw up the sponge, his left eye being closed and his face badly marked.

Sidney Dillon's Illness.

NEW YORK, June 3.—Sidney Dillon, president of the Union Pacific railway, who lies critically ill at his residence in West Fifty-seventh street, continues to grow gradually weaker. He is greatly emaciated and cannot even turn in his bed without assistance. The only nourishment which he takes is a preparation of fermented milk, but how much of its nutritive quality is assimilated the attending physicians are unable to determine. His mind remains clear, but he does not speak of business matters. It is eleven weeks since Mr. Dillon was last down town, and for five weeks he has been confined to his bed.

"Puzzled The Doctors."

MOST of the cases cured by Ayer's Sarsaparilla have been brought about by the regular practice of this medicine. Several years ago, my daughter broke out with large sores on her hands, face, and other parts of her body. The case puzzled the doctors. My daughter used Ayer's Sarsaparilla, and it resulted in a complete cure. Her blood seems to have been thoroughly purified, and she has never had so much as a pimple since taking this medicine.

"This is to certify that after having been sick twelve years with kidney disease and general debility, and having been treated by several physicians without relief, I am now better in every respect, and think I am nearly well, having taken seven bottles of Ayer's Sarsaparilla."—Maria Ludwigson, Albert Lea, Minn.
