sult with the officials of the state and navy departments of the government regarding the claims of his clients. When seen he said:

"I went to Washington something over a month ago to look after the cases of some of the men who were on the Baltimore and were abused by the Chilian government. In all there are 39 cases for idemnity for outrages perpetrated pending against the government of Chili. Of these, 37 are brought by sailors on board the crusier Baltimore, and two by men aboard the Keweenaw. Among these is the case of Patrick Shields, which was mentioned by President Harrison in his message to congress on the subject as a fair specimen of the indignities to which the American sailors were subjected by the Chilians. I had interviews with all officials of the state and navy departments, and found them interested in the matter, but inclined to move with the utmost caution. The outrages for which the indemnities are claimed were committed on October 14, 1891, and up to the present time the government has done nothing in the matter, so you can see they propose to make no mistake through undue haste. I was informed that the state department would make no demand on the Chilian government in the matter before November next. The Chilian congress is now in session, and it is expected it will remain sitting till January next. It is now certain that the claims as originally presented by the men will be greatly reduced by our government, and that instead of presenting each claim seperately the United States will demand a lump sum, which will be afterward divided among the men. I will not return to Washington for several months unless there are some unexpected developments, but I am satisfied that eventually the poor sailors will be paid for their sufferings. However, I think the claims will be adjusted by arbitration. Chili is not going to pay up without a struggle.

Morally Unfit For Promotion.

WASHINGTON, June 15.—It is understood that Secretary Tracy has finally decided, after a review of all the testimony, to sustain the action of the naval examining board in finding Commander Frederick R. Smith morally unfit for promotion. The action of the president is still necessary to finally complete this long-pending case, but, with the approval of the board's finding by the head of the navy department, there can hardly be any doubt as to the result. The president has no alternative but to drop Commander Smith from the rolls of the navy if he approves the proceedings of the board. If he disapproves, another board would have to reverse the findings of the first board before Commander Smith could be promoted, and inasmuch as all of his seniors, with but few exceptions, have officially stated that they do not consider him fit for promotion, it would be a rather difficult matter to get a board that would make a report favorable to the candidate. The judge-advocate-general who first reviewed the report approved it, and both Secretary Tracy and Assistant Secretary Seeley have done likewise after a most exhaustive review of all the testimony, and of the papers filed in behalf of the candidate since the board made its report.

New Wharf Structure.

REDONDO, Cal., June 15.—One hundred feet of wharf extension of the Redondo Beach Campany is completed, with the exception of some fender piles en route by the schooner Pioneer from Portland. It is pronounced by Captain Alexander, of the steamer Santa Rosa, one of the best wharf structures on the coast.

Arkansas Democrats.

LITTLE ROCK, Ark., June 15.—The Democratic state convention yesterday nominated W. M. Fishback for governor. The delegates to Chicago go uninstructed.

Fire at Seattle.

SEATTLE, June 15.—The Empire steam laundry burden yesterday. Loss $6000; insurance $1500.

Call and see our new patent leather Bluchers at Krausse Bros.

Dyspepsia

Makes many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently yet efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and, by thus overcoming the local symptoms, cures the headache, and refreshes the tired mind.

Distress After Eating **Sick Headache** **Heartburn** **Sour Stomach**

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, painting, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla and it did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Sarsaparilla

Sold by druggists. $1; six for $5. Prepared by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar

DEMOCRATIC CONVENTION.

The Clans Are Gathering and Getting to Work.

Ohio Democrats.

COLUMBUS, Ohio, June 15.—The Democratic state convention met here this morning. The convention was called to order by Chairman J. A. Norton, of the central committee. The mention in his address of the names of Cleveland, Hill, Gorman, Whitney and Campbell was greeted with applause which showed all have followers in the convention. Hon. J. E. Neal was made temporary chairman.

On reconvening, the temporary organization was made premanent. Committee on Platform was given more time. The following state ticket was nominated: Secretary of State, W. A. Taylor; Supreme Judge Long Term John P. Driggs; Supreme Judge Short Term, Thomas Beers Clerk Supreme Court W. H. Wolfe.

Regarding silver the platform says the Democratic party always favored the use of both gold and silver as money, and want restored to the people the silver dollar of our fathers which the Republican congress demonetized in 1873. It denounces the Sherman act of 1890, as false in principle and dangerous in practice. It believes both gold and silver should circulate as money with parity maintained and with equal rights and equal values.

HARD AT WORK.

For Cleveland,—Boies' Friends Also Doing Their Best.

CHICAGO, June 15.—Headquarters for Cleveland and Boies opened here today. General John T. Tracy, New York, in charge of former is busy making arrangements to secure delegates from various states as they arrive. At Boies headquarters, Palmer house, conspicuous figure was L. M. Martin, delegate at large, from Iowa. "We expect Governor Boies will have 75 or 100 votes on first ballot," said he, "this is not guess work because we have been in correspondence with some of the delegates and had friendly letters from many. Boies will gain votes rapidly after the test vote is taken. Senator Vest, Missouri, is here and says he thinks Cleveland will be the nominee. Missouri will vote for him solidly first to last."

FEARFUL DISASTER.

A Bridge Over Licking River Falls —Forty-Three Killed.

CINCINNATI, June 15,—The bridge over the Licking river between Covington and Newport, nearly completed, fell with all the workmen this morning. The two Bailey brothers, of Pittsburg, and ten laborers are said to be killed.

CINCINNATI, June 15.—One of the most fearful accidents in the history of this vicinity was the fall of a bridge in course of construction over the Licking river, between Covington and Newport, Ky. Forty-five workmen were on the structure, and as far as known only two escaped unhurt. The others were either killed by the crushing timbers or drowned. The cause is supposed to be the weakening of the false work as the high water washed out the earth supports. The men today were engaged under the direction of Robert and William Baird, placing the heavy iron work of the main span. Without warning the mass of timber, iron, and workmen were plunged into the waters of the Licking river fifty feet below. The river was quickly lined with rescuers on both sides. Seventeen bodies have been recoverd.

DETERMINED LYNCHERS

The Excitement at Guthrie, Oklahoma Unabated.

GUTHRIE, O. T., June 15.—The excitement here is unabated. Two attempts have been made within the last 24 hours to lynch Holley, the colored rape fiend. The mob seems as determined as ever to accomplish its purpose. The negro was lodged in jail after a preliminary examination yesterday afternoon, and a guard of 20 men stationed around the jail in order to resist any attempt on the part of the people to lynch the prisoner. Last night at 6 o'clock Holley was taken by the sheriff's wife in a carriage and driven away. Later an attempt was made by the crowd to enter the jail, but the mob was dispersed by a strong guard. At 10:30 last night 500 men marched to the jail and demanded the prisoner. They were told Holley had been taken away but were not satisfied until the jail had been searched by a committee.

Highest and Lowest.

PORTLAND, June 15.—Of the 116 candidates voted for in this county for the various offices at the election last week (excepting the candidates for circuit judges, who had no pronounced opposition), W. R. Ellis, for congress, received the largest plurality, being 2289; C. H. Woodard, for state senate, receiving the lowest, being 23. The largest vote was received by J. P. O. Lownsdale, for state board of equalization, being 7100. The lowest was received by Sam J. Beswick, independent candidate for sheriff, being 66. The largest majority was received by Lownsdale, being 1768; the lowest by L. R. Webster, for attorney-general, being 593.

PORTLAND'S CITY TICKET.

Nominations Made by the Citizens Last Night.

PORTLAND, June 15.—Police commissioner—D. Solis Cohen, Rep. Fire commissioner—Theo. Wygant.

COUNCILMEN.

First ward—D. W. Crowley, Dem. Second ward—J. Couch Flanders, Dem. Third ward—J. Thornburn Ross, Rep. Fourth ward—E. H. Habighorst, Dem. Fifth ward—Eugene Shelby, Dem. Sixth ward—William Dent, Rep. Seventh ward W. H. Merrick, Rep. Eighth ward—Dr. L. M. Davis, Dem.

Afraid of the Lutherans.

CHICAGO, June 15.—The Republican state central committee is in session here, for the purpose of choosing a successor to Long Jones, who has been chairman so many years, but declines to serve longer. Penitentiary Commissioner Wright, of Woodstock, stirred things up before the meeting, by announcing that he had made a canvass, and finds the German Lutherans going almost solidly for the Democratic ticket, on account of the school question, and that it will take the hardest kind of work to keep them in line. He estimates their strength at 30,000.

Starved Herself to Death.

CINCINNATI, June 15. — Minnie McCune, aged 33, has starved herself to death. She lived with her parents on West Seventh street, Covington, and died yesterday morning. Her physicians say the cause was exhaustion. A few weeks ago she took a notion that she would quit eating, and stoutly refused to touch a mouthful of anything. Physicans attempted to force nourishment into her stomach, but she thwarted every such attempt and grew steadily weaker until her death yesterday.

For Chicago.

SAN FRANCISCO, June 15...The California delegates to the Democratic national convention left here today in a special train. At Reno the Nevada delegates will join the party and on reaching Ogden, Utah, Idaho and Montana delegations will be taken aboard. One of the cars leaving here today has been filled with the products of well known California vineyards.

Father Mollinger Dead.

PITTSBURG, June 15.—Rev. Father H. Mollinger, the renowned faithcure priest, died this afternoon from the effects of a surgical operation for rupture of the stomach.

Grand Lodge F. A. A. M.

PORTLAND, Ore. June 15.—Masonic grand lodge convened here today, also grand chapter order Eastern Star.

Will Not Be There.

WASHINGTON, June 15.—Senator Hill says unless something unexpected arises he will not go to the Chicago Convention.

A PERSISTENT LOVER.

Clarkson at Last Succeeds in Eloping With Miss Wheeler.

PORTLAND, June 15.— Frank Clarkson, the young Astorian, who after being thrashed by the young lady's brother, it was not believed that he would make an attempt to see his sweetheart very soon again, and the young lady, whose name, by the way, is Miss Katherine Wheeler, was given a little more latitude in her home. But just there her family made a fatal mistake.

Monday evening, before dusk, she was allowed to take a drive with a young lady friend, the Wheelers believing that her lover had returned to Astoria. He, however, was in East Portland, whither the girls drove, and met the persistent Astorian. Miss Wheeler remained with him, and the other young lady drove home. The couple are now far away, very likely, and the next that may be heard of them is that they are married. While the Wheelers are very wrathy over Miss Katherine's conduct, time will doubtless effect a reconciliation, and Clarkson will not be shot.

Cleveland on First Ballot.

CHICAGO, June 15.—O. O. Stealey, Washington correspondent of the Louisville Courier Journal, is in the city to attend the convention. In a dispatch to his paper last night he stated that the Cleveland cyclone here next week will sweep everything before it, and Cleveland will be nominated by acclamation before the roll call is half finished. He concludes his dispatch as follows: "Since we cannot have John G. Carlisle for president this year, let us make him permanent president of the greatest Democratic convention that ever met in this country. He is the man to answer McKinley's Minneapolis speech, and will make a tariff reform argument that will ring from one end of the country to the other."

Sunshine in the House!

"I'm weary with work!" the good wife sighed:
"But after all," she said,
"It's sweet to labor for those we love—
No wonder that maids will wed."

A wise housewife lightens her toil and gladdens the home circle by her cheerfulness. But health is the first requisite, and her just prerogative.

Health follows the use of Dr. Pierce's Favorite Prescription, which repairs the ravages caused by those peculiar diseases which afflict womankind. It enriches the blood, cures the cough, increases the flesh, prevents hysteria, nervousness and low spirits, and is a veritable fountain of health to women, young and old.

Satisfaction, or the price ($1.00) refunded. Of druggists.

THE GALVA TORNADO.

That Missing Steamer on Lake Michigan O. K., Etc.

THE GALVA CYCLONE.

Damage Estimated at $200,000. Only One Life Lost.

GALVA, Ill., June 15—A destructive tornado struck this place at 7:30 p. m., Monday. The storm approached so suddenly that the citizens had no time to reach a place of safety. In the Methodist church there was a congregation, and in the rink a committee had met to arrange a Fourth of July celebration. The church was quickly a mass of ruins and the congregation imprisoned. A number of people were injured. The rink was blown down but the inmates fortunately escaped without injury. The roar of the storm was terrible, accompanied by midnight darkness, and the wind carried everything before it. Nearly every business house on Main street was unroofed, and much damage was done by water. The damage is estimated at $200,000. The path of the tornado is about four miles wide.

After leaving Galva the storm took a southeasterly direction, up Spoon river to Altona. Along the path of the storm trees were uprooted, buildings blown down, and other damage done. A dozen sheep were blown from one man's yard and landed in an adjacent field. Torrence Son's windmill was blown away and struck the residence of George Craven, six hundred yards distant. Craven was riding in a road wagon and was carried over the fence into a neighboring field. The damage to farmers along the path of the storm will amount to thousands of dollars. A strip of country four miles wide and sixteen miles long was devastated.

Barnett's elevator was unroofed and ten thousand bushels of grain deluged. The Rock Island elevator and part of the depot went next. The steeple of the Baptist church was blown off, hurled into the street and the church badly damaged. The residence of August Olson was blown down, and Olson killed instantly. Other members of the family escaped miraculously. The town today is in a state of demoralization, and business is suspended. Streets are filled with debris of every description. Nearly every building in the place is more or less damaged. Considering the widespread damage, it is remarkable there was not a greater loss of life.

THE CHICAGO CONVENTION.

Reception Committee Preparing for the Reception of Guests.

CHICAGO, June 15.—An important meeting of the reception committee of Democratic national convention was held at the Palmer house yesterday afternoon. Nearly all the members were present to receive from Chairman Black instructions as to their duties during the convention. Each member was notified of the state to which he had been assigned, and was told that he must place himself in communication with his delegation and be prepared to devote his entire time until after the close of the convention to entertaining his guests. Headquarters for the reception committee will be in a room at the Wigwam, set apart for that purpose, and in one of the parlors of the Palmer house a general information bureau will be conducted by the committee. The members of the reception committee assigned to the Pacific states are R. J. Smith, Charles Cockery, Washington; E. E. Brown, Oregon; Dr. F. J. Todd, Wyoming; Thomas Gahan, California; William Loeffler, Idaho; Dennis Considine and Frank X. Brandecker, jr., Arizona. Members of the Democratic national committee are expected to arrive in this city by Thursday, and will hold a conference with the local committee on arrangements on the following day. The meeting for the selection of temporary chairman of the convention will not be held before the close of the week, at the earliest. Senator John M. Palmer's friends in Illinois hope to have the solid vote of the state delegation to the national convention next week cast for him for president. Instructions given at the state convention at Springfield six weeks ago can be interpreted, it is claimed, in no other way that unless Grover Cleveland is to be the man, the vote of Illinois is to go to Senator Palmer. The Morrison element of the party is alert as well, and claims consideration for the author of the horizontal tariff bill, but it concedes Senator Palmer's prior claim.

Novel World's Fair Exhibit.

CHICAGO, June 15.—One of the largest concerns in the United States engaged in the manufacture of bells had a representative at the world's fair grounds today to get space for a novel but interesting exhibit. The company proposes to reproduce in every particular the famous Tzarkolokol, the "king of bells," and to use the reproduced bell, if such it could be called, as a building in which to exhibit its own collection of bells.

The Tzarkolokol would furnish ample space for an extensive exhibit. It is 22 feet in diameter, and 21 feet 3 inches high. "We have sent to Moscow for the exact measurements and a detailed description of the bell," said Edward Howland, secretary of the company, "and as the necessary space allotted we shall begin the work. On account of the associations that cluster around the Tzarkolokol, I believe the exhibit will be one of the most interesting that can be made. The bell, as we reproduce it will be of some similar material, and every detail will be brought out."

Nervous Prostration,

SO prevalent, especially among women, results from overtaxing the system. The assimilative organs becoming deranged, the blood grows weak and impoverished, and hence "that tired feeling" of which many complain. For all such cases, there is no remedy equal to **Ayer's Sarsaparilla.** Take no other.

"Some time ago I found my system entirely run down. I had a feeling of constant fatigue and languor and very little ambition for any kind of effort. A friend advised me to try Ayer's Sarsaparilla, which I did with the best results. It has done me more good than all other medicines I have ever used." —Frank Mellows, Chelsea, Mass.

"For months I was afflicted with nervous prostration, weakness, languor, general debility, and mental depression. By purifying the blood with Ayer's Sarsaparilla, I was completely cured." —Mrs. Mary Stevens, Lowell, Mass.

When troubled with Dizziness, Sleeplessness, or Bad Dreams, take

Ayer's Sarsaparilla,

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass
Sold by all Druggists and Dealers in Medicine

Sweater Shops of Chicago.

CHICAGO, June 15.—Health commissioner Weare proposes to make a determined assault on Chicago "sweater" shops. In response to a council order asking for information on this subject, four inspectors were set at work last week. In two days they reported 200 shops in which the law was either being violated or the conditions were such that violations were probably. The commissioner will complete a canvass of the city, and begin suit on every probable violation. Next Monday night a report of the work will be sent to the council, and that body will be asked to concur in certain recommendations. Most important among these will be one asking that an ordinance licensing or compelling the owners of such shops to register at the department will be passed.

Missing Steamer All Right.

CHICAGO, June 15.—The steamer Juliet returned to her pier yesterday morning. The Juliet started for Highland Park with graduating class of the preparatory school of Northwestern university at Evanston. There were 97 young ladies and gentlemen in the party, and the steamer not returning that evening it was feared that she had gone down in the lake during the great storm. The trip, while eventful, was not at any time considered dangerous. "The scare was all nonsense," declared Captain Nelson Napier. "It was too rainy for me to run in at Lake Bluff, so I ran on to Waukegan and the passengers had supper there. Then we started back for Evanston, but the waves were running so high and the rain came down so fast and thick I could not see five feet ahead. I did not think it best to run in at Evanston, so I ran slowly along to Chicago."

The Ranger's Bad Condition.

WASHINGTON, June 15.—It is likely that a court of inquiry will be ordered to meet at Mare Island to ascertain why the Ranger was permitted to start for Behring sea with her manchinery in such bad shape as to necessitate her putting into Port Towsend, in violation of her orders to proceed direct. The secretary of the navy has received the report of the court of inquiry appointed to examine her machinery at Port Townsend, and the report says her captain was justified under the circumstances in putting into Port Townsend. A crumb of comfort to the Mare island folks is the fact that blame for the Ranger's condition may be fixed on the navy department, as peremptory orders were received to sail on a certain day, and it was impossible to get her ready in that short time.

Dr. Briggs' Trial Set.

NEW YORK, June 15.—The presbytery of New York has received an official announcement from the general assembly, directing a new trial for Dr. Briggs. It was resolved that a trial of the case was impracticable this summer, but it would receive the attention of the presbytery when it assembles in the fall. The presbytery will resume its meeting October 3. Briggs was present, and said he did not fear the issue.

MOTIVE POWER
HERCULES Gas and Gasoline ENGINES
Have fewer parts, and are therefore less likely to get out of order than any other gas or gasoline engines now built. Just light the burner, turn the wheel, and it runs all day.
MAKES NO SMELL OR DIRT.
No double or false explosions, so frequent with the unreliable spark.
For Simplicity it Beats the World.
It Oils itself Automatically,
No Batteries or Electric Spark.
It runs with a Cheaper Grade of Gasoline than any Other Engine.
FOR DESCRIPTIVE CIRCULARS APPLY TO
PALMER & REY, MANUFACTURERS,
San Francisco, Cal. and Portland, Or.
