

the commissioned officers who witnessed the deed uttered a word of reproach, but calmly looked on while their subordinate indulged in his brutality. The people gathered, and but for the rifles of the guards would have doubtless attacked the brutal sergeant. As it was, loud cries of denunciation and menace were uttered. The guard marched on over the bodies. When the military had passed, the unconscious victims were picked up and carried to the hospital, where they remain in a precarious condition. The facts have spread through the city, and everywhere the cruel conduct of the military is freely denounced. It is believed that a few such outrages will undoubtedly result in a riot, in which the vicarious would not all be civilians.

**Tin Plate Factory.**  
**NORRISTOWN, Pa., June 18.**—A large force of men have begun work within a mile of Norristown, preparing a plant for the first foreign tin-plate manufactory to cross the ocean and locate here. There was no flourish of trumpets to announce their coming. Richard Lewis, manager for W. H. Edwards, the owner of a number of tin mills at Swansea, Wales, says it is an experiment that must affect hundreds of mills now stretched along the Swansea valley, in which the tin plate industry of the world has been manufactured for years. Mr. Lewis arrived in America on May 18, and immediately set out to select a site for his plant, he picked out an abandoned manufactory at Earnest station, on the Pennsylvania railroad. The site is selected with the ultimate purpose of moving the entire plant from Wales. The factory will begin operations with a capacity of 140 tons of tin per week. Nine workmen from Swansea are here putting the machinery in place, and in six weeks' time it is expected that its product will be put out. E. W. Moore & Co., another large tin firm, has sent a representative to this country, and has decided to locate at Elizabethtown, N. J.

**Cloudburst in Pennsylvania.**  
**SCRANTON, Pa., June 18.**—A cloudburst inundated the streets of this city Thursday evening, and on the main thoroughfares the water stands from three to four feet. The flats on the south side are covered, and the water has risen to the second story of hundreds of houses. Fears are felt for the safety of Dunting's dam. The lightning, which was incessant for five hours, struck six houses within the city confines, killing three persons and stunning several more. The trolley wires are down all over the city, and travel by street cars has been suspended. Washouts have occurred on the Delaware & Hudson railway tracks, and reports of widespread damage in Lackawanna and Luzerne counties are coming in. There are reports of loss of life on the flats in the southern portion of the city.

**Two Tramps Stole a Boy.**  
**ATLANTA, Ga., June 18.**—Charley Williams, 12 years old, the grandson of a wealthy planter, E. M. Williams, of Lincoln, N. C. was kidnapped in the early part of last March. The boy, with his parents were dead, lived with his grandfather. The boy drove to Lincoln and became separated from him. Mr. Williams made a search for him, but he could not be found. He then offered a reward of \$1000 for the recovery of his grandson. Three weeks ago it was found that on that March day two tramps were seen to pass through Lincoln with a small boy. They were traced to Charlotte, Raleigh and Norfolk. The boy was found at a fruitstand with one of the tramps and restored to his grandfather. The tramp was arrested, giving the name of W. S. Anthony.

**EMMONS BLAINE DEAD.**  
**CHICAGO, June 18.**—Emmons Blaine son of Ex-Secretary J. G. Blaine is dead.  
His death was caused by blood poisoning, the result of inflammation of the bowels. The fact of his death was concealed for some time the object being to reach his father with the news in a less shocking manner than by public announcement. Efforts to get telegraphic communication with him failed however and at 12:15 the news became public. It is thought possible the strain and excitement at Minneapolis followed by the keen disappointment of the outcome had not a little to do with his death.

**ROKER AND BRICE FALL OUT.**  
**CHICAGO, June 18.**—Sachem Richard Croker and Calvin S. Brice had a falling out at the Palmer house yesterday afternoon. They had been in one of the hotel parlors for over an hour. When the senator came out hastily his hat was jammed down over his eyes, his face was red and he had an appearance of anger, which often doesn't get the master of the well-known expression of guilelessness and comfort. Mr. Croker followed him and tugged at his arm, speaking to him in a low tone. Mr. Brice repeated, with a remarkable show of temper, "I won't do it, I won't consent to any such thing. Mr. Croker replied in a whisper, and Mr. Brice answered him in a tone easily heard fifty feet away. "No, sir, it is no use talking, I will not consent to such a thing." Then he broke away from the grasp of the Tammany man and hurried down stairs, while Mr. Croker turned and walked back to the room. There was much surmising regarding the cause of this row, but nobody, except the men interested, knows what it was about.

### CLEVELAND'S CHANCES.

**Secretary Whitney Declares He Will Be Nominated on First Ballot.**

**GOVERNOR CAMPBELL.**

**They Do Not Want Him for Permanent Chairman.**

**CHICAGO, June 18.**—Late last night after a consultation with Cleveland's leaders from all parts of the country, in which Cleveland's strength was carefully canvassed by ex-Secretary W. C. Whitney, of New York, he declared in the most positive manner that Cleveland will be nominated on the first ballot. "The friends of ex-Governor Campbell having in mind McKinley and the Republican convention are somewhat alarmed over the proposition to make him permanent chairman. They think that would put him in an embarrassing position should his name become prominently prominent for the presidency. They want him to take his place quietly in the delegation and await the drift of events."

**CHICAGO, Ill., June 18.**—Chairman Fairchild of the New York contesting delegation, has written a letter to Calvin S. Brice, chairman of the national committee, demanding seats for the delegates and alternatives selected by the Syracuse convention. This is the first formal step to contest the right of the regular delegation to seats. The aggressive attitude assumed by the forces of Hill, Boies, Gray and others has somewhat checked Cleveland enthusiasm and it is beginning to be felt perhaps after all the ex-president will not receive the requisite two-thirds on first ballot. Estimates by the leaders of the various candidates show no material difference from those already published. Indications are that Hill will have between 220 and 230 votes. Boies and Gray probably the solid support of their respective states. Possibly Carlisle will have the vote of Kentucky on first ballot. At the Cleveland headquarters efforts are being made to secure a poll of all delegations with the intention of disproving the assertion that the ex-president cannot be nominated on first ballot. Cleveland's opponents say if he is not nominated on first ballot, his force will rapidly disintegrate.

**CHICAGO, Ill., June 18.**—A big box was carried up to Cleveland's headquarters this morning. Hon. E. E. Anderson said the box contained protest against Hill and the snap convention. "Two hundred thousand names signed to them. Names on these rolls are solid citizens of New York. We will show the convention that the greatest outrage ever perpetrated on American citizens was done at the February meeting of Hill machinists. We know Hill is not the choice of the people of New York and Grover Cleveland is."

**VANCOUVER, P. C., June 18.**—The

latest mail advice from China state that the anti-foreign policy is again manifesting itself in Yangtze valley and a renewal of the late riots and outrages against missionaries, is probable.

### THE LATE CYCLONE.

**Loss of Life and Property is Not as Great as Reported.**  
**WISNERAGO, Minn., June 18.**—Reports of loss of life and property in the late cyclone in this vicinity greatly exaggerated. No one was killed within fifteen miles of this city. A messenger from Wells says only three were killed in that neighborhood. Every point in the path of the storm was heard from. Conservative estimate puts the number at five instead of fifty as at first reported. Loss of property is not nearly as great as at first reported.

### The Lone Highwayman.

**SAN ANDREAS, June 18.**—The stage from Valley Springs to San Andreas was held up on the road near north branch yesterday afternoon by one masked highwayman who carried a double-barreled shotgun. He held the gun over the head of the driver, Fred Wesson, beside whom were sitting two lady passengers, and ordered the box thrown out, and then told the driver to go on. None of the passengers were searched. The robber wore a black mask, and had on a pair of worn overalls. Immediately upon arrival of the stage here Sheriff Thorn and deputies started for the scene, which is in the vicinity of a robbery on the same road about one year ago. The iron box which contained most of the treasure was not molested.

### A Delegate Murdered.

**MEMPHIS, Tenn., June 18.**—Judge John Bright Morgan, of Hernando, Miss., was shot dead this morning on the Illinois Central train on his way to Memphis, by Lawyer Henry Foster, Morgan was a delegate to the Chicago convention. Lynching is talked of.

### Later From the Storm in Quebec.

**ACTONVILLE, Quec., June 18.**—The destruction by the recent storm here was very great. Sixty families are homeless, and 150 buildings destroyed. Three children were killed, and eight persons dangerously hurt. The condition of the homeless people is really pitiful. The loss to crops is very heavy.

### A Horse Killed by Lightning.

**BLOOMINGTON, Ill., June 18.**—In a storm yesterday afternoon Carrie Walton (record, 2224), valued at \$10,000 and owned by Mayor Foster, was killed by lightning. Ed. Hunter the trainer, was stunned and is still unconscious.

### Cyrus Field is Ill.

**DOBBS FERRY, N. Y., June 18.**—Cyrus W. Field is very ill, family is much concerned about him.

### FROM CHICAGO.

**Will Cleveland be Nominated on First Ballot.**  
**CHICAGO, June 18.**—Many presidential backs are tossing on the political sea tonight, but through mist and shadows, the hull of Cleveland's hopes looms up ominously above all. Everybody realizes the great question of the convention is "Will Cleveland be nominated on the first ballot?" Should the question be answered in the negative the friends of all secondary candidates will feel the lists are then open to their favorite, for somehow the conviction has gone forth that the failure of the ex-president to receive the nomination on the first ballot means the elimination of the great tariff reformer from the contest. This opinion is entertained by delegations who have favorite sons, but it by no means follows that the correctness of this opinion is conceded by the Cleveland managers.

The delegates elected by the Syracuse convention will ask recognition as rightful representatives of the democracy of New York. There seem to be no differences of opinion among the anti-snap delegates who have thus far arrived, that they must and will do this. There will therefore be a contest, and not simply a protest. Delegates from the city of New York and from Brooklyn are generally in favor of a vigorous protest and a fight to supplant the present organization.

The German movement received an impetus yesterday afternoon by the arrival of Senator Gorman with a party of Maryland delegates. The senator flatly refused to discuss the political situation.

Neither Gorman nor any of his friends will admit he is a candidate, but the fact remains that his name is being discussed on every hand.

Ex-Secretary of the Navy Whitney, Wm. F. Harty, ex-Postmaster General Dickenson, and other leading Democrats had a conference last evening at the Richelieu. No details as to the doings were given to the press, but Mr. Fairchild said that since Whitney had arrived the ex-secretary would take charge of the Cleveland campaign, and the others would act as his lieutenants.

Mr. Harty said the Pennsylvania delegation is loyal to Cleveland, and a solid vote will be cast for him; but if anything should occur to prevent his nomination, then Pennsylvania will press the name of Paterson. Many leading delegates declare the conference the most important event that has yet taken place here.

### UNPLEASANT NOISES.

**An Englishman who has resided in Russia as the director of some iron works tells a wonderful story of his sufferings at Easter with the people welcome the feast with the old Christian custom of kissing each other. "For a week beforehand," he says, "they are busy boiling and painting eggs, which they are to present to one another with a kiss. The moment the clock strikes 12 the privilege or penance, as the case may be, commences. Nobody then considers himself insulted by the combined offer of a kiss and an egg. "In a few cases, it may be confessed, the trouble is a pleasure, but when it comes, as it did with me, to a long line of several hundred workmen—mostly engaged in charcoal burning, in the stoking and poking of fires and chimneys and other deeds of darkness—the poetical and sentimental view of the religious custom is completely shut out and supplanted by the intolerable annoyance. "One may talk of the Balaklava charge, the storming of the Redan and such exploits; think of the nerve that was required to stand my ground before a bearded and vodka loving Mujik, with clinders in his beard and charcoal dust in the pores of his skin, a man who had been breaking calined ore perhaps all night, and looked like the doubtful progeny of an African negro or a red Indian in his war paint. "Think of my horror of suspense while one after another a whole regiment of such smutty objects shuffled up to my door, each drawing a dusty sleeve across his sooty mouth, each diving to the bottom of his pocket for the painted egg, each taking off his hat and calling me down to the punishment with the politest of bows, the most respectful of grins, and when the first hundred had kissed me 300 times in the aggregate, to know that another hundred had to come after them! "Here were courage and endurance worthy of a better cause. But I should have done wrong to avoid the courtesy, and very likely should have deeply offended the people, to whom it was often the expression of a long cherished feeling of gratitude for favors which I perhaps know nothing of or had long ago forgotten."**

### Peculiar Business Methods.

The amateur photographer is, even at this late date, a source of wonderment to some simple minds. Just why he should be going about taking pictures, if not for hire, is something beyond their comprehension. The author once photographed a mill in a country village and sent a copy of the picture to the miller.

Next year, on going to that village again, he met the miller's man, who expressed his surprise that so much trouble had been taken without charge.
