### DATES OF LOCAL EVENTS.

July 29.—"The Fast Mail" at Reed's.

"THE MIDNIGHT ALARM."—"The Midnight Alarm" which will be presented at the Opera House Wednesday Night is unquestionably one of the biggest and strongest productions now on the road, and wherever presented plays to the capacity of the house. The play is not only an intensely interesting one, but it is produced by an exceptionally strong company with a car load of the most startling realistic effects ever put on the stage, including a genuine fire engine and horses. "The Midnight Alarm" deserves and will doubtless be greeted by a house packed to the doors.

"THE FIRST ALARM."—Shortly after 6 o'clock yesterday evening the big bell called the departments to North Commercial street, where some boys had set fire to a big pile of brush that had been thrown into Mill creek at the John G. Wright place, next to T. J. Cherrington. A barn and considerable property was in danger of being destroyed, and would have had not the engines done good work.

BIDS OPENED.—This morning bids were opened by P. S. Knight and E. M. Waite of the publishing committee of the Board of Trade for 5000 copies of a descriptive pamphlet of Salem to be printed and bound. The bids were as follows: R. E. Moore & Co., \$3.75 per page; E. M. Waite \$4.50 per page; Cronise & Cook \$5.62 per page. The contract was awarded to R. E. Moore & Co.

EVERYBODY COME.—To the lawn social given by the Y. M. C. A. at the home of J. H. Albert, Esq., this evening, The Second Regiment band has been engaged for the occasion. Also a musical and literary programme will be rendered by some of Salem's best talent. Refreshments of a dainty order will be served by the ladies' committee of the association.

THOSE BOULDERS.—The movement inaugurated some time ago to remove the loose boulders from the surface of our streets was a move in the right direction, and should be pursued further. They could be made more useful in low places.

HAVE ARRIVED.—Those new mouldings have arrived at Keller & Marsh's. All the latest effects. Parties in need of framing should make a note of this.

NOT CRAZY.—James Miller, of Howell Prairie, was yesterday examined before Judge Davidson for insanity on petition of J. M. Brown and was discharged.

MARRIAGE LICENSES.—The county clerk issued a couple of marriage licenses. They were to Edie Hayes and Warren C. Bullis, and Orpha Neal and John Palmer.

NEVER BEFORE KNOWN.—Such a rush sale as is going on in the Post Office block now was never before known in the history of Salem. They sell men's suits for \$3.65 worth \$10 to \$14. Ladies trimmed hats, the newest styles shown in the market, for \$1.25 to \$4; for \$2 worth \$5 to \$6. Shoes are being slaughtered at less than one-half price. This sale only continues until Saturday night at 10 o'clock.

## AMENDED COMPLAINT.

E. F. Parkhurst, in the injunction suit brought by the horse car line against the City of Salem and the Capital City Railway Co., has filed his amended complaint with the county clerk, praying the court to enjoin the defendants from in any manner interfering with the plaintiff's rights, privileges and franchises on State and 12th streets, and from building, constructing or operating on those streets or on any part of a street car line or car track, as threatened, until the final hearing of the merits of this cause or until the further order of the court, and finally for a perpetual injunction. Against defendants until after the expiration of the term of thirty years and for such other and further relief in the premises as is meet and proper for a court of equity to grant.

The complaint alleges that the electric line is building its road on the streets in question without any other authority than the adoption of the report of its committee, recommending that permission be granted to the defendant corporation to build and construct a street car line on the north side of the center of State street from Liberty to 12th and on 12th street to the Southern Pacific passenger depot.

The complaint further alleges that the proposed change which the plaintiff contemplates making within a reasonable time, if not interfered with by the wrongful acts and conduct on the part of defendants, will make his street car service over said road precisely similar to that which the defendants are proposing to operate.

A further allegation is that soon after the council adopted the report of the committee recommending that the electric line be granted a permit to run its cars on State and 12th streets to the depot, five of the members of the council petitioned the mayor to call a meeting of the council for the purpose of taking action and rescinding the adoption of the report, but the mayor refused to call a meeting of the council at the request of the five members of the council who have rescinded the action by which the recommendation of the committee was adopted, as the plaintiff is informed and believes.

J. J. Shaw, representing the city and the electric line, filed his general demurrer last evening. Judge Boise's decision is awaited with interest.

## Salem's Four Hundred.

The Capital city has long been known for its high standing as a social center, and for its great hospitality. But with all its reputation in this line it was not considered probable that Salem would ever have an exclusive "four hundred" whose social standing was absolutely out of reach of the average citizen and even of the time-honored plebeian. But such is now the case, and our Ward McAllister is none other than Supt. Downing, of the stationery. His 400th man arrived yesterday, and is ere this well acquainted with the brethren of his "atripe."

THE ONLY REASON—Why people all like Fred Cooper's ice cream is because it is made of the best ingredients.

## MEETING OF SCHOOL DIRECTORS

Insurance on Buildings Increased.

TEACHERS ELECTED.

The Board Aims at Retrenchment.

The Board of School Directors met this afternoon at 2 o'clock, and re-elected the following teachers:

East Salem.—E. H. Anderson, Mary Van Wagner, Jessie Northrup, Mary Reynolds, Mabel Brethart, Hattie Coburn, Mattie McNary, G. M. Whipple, Allena Mellen, Grace Peables, Margaret Cosper.

North Salem.—J. A. Sellwood, Jane Morris, A. W. Long, Lillian Gwynne, Helen Hibbard.

Central.—Mrs. A. H. Dodd, Mary McKinley, Maria D'Arcy.

Lincoln.—T. T. Matthews, Olive M. Capwell.

Park.—Mrs. McAdams, Carrie Bentley.

Mrs. Grubbe was re-elected Superintendent.

Bids for delivery of wood at the several school buildings were awarded as follows, some 20 or more bids being received:

Fit—M. Halbert, 35 cords North, \$2.35; G. H. Croisan, 15 cords Central, \$2.50; A. Omhart, 20 cords Park, \$2.50; A. W. Nichols, 20 cords Park, \$2.60; L. A. Jasper, 12 cords East, \$2.40.

Oak—B. J. Lawrence, 15 cords Central, \$3.65; A. J. Clarke, 12 cords North, \$3.70; A. Omhart, 15 cords Park, \$3.75; J. L. Bollinger, 20 cords East, \$3.69.

The office of Principal at Central School was dispensed with, thereby a saving of \$15 a month thereby effected.

It was ordered that the salaries of Janitors at the several buildings cease during vacation, except at East Salem, and at this building a material reduction was made. Persons will be employed at a nominal sum to have an oversight of the buildings. This arrangement effects a saving of about \$200 for the two months.

The Janitors at North, East and South Salem were re-elected. J. M. Long was elected Janitor for Central and C. D. Purdy for Park school.

It was ordered that the insurance on Lincoln and Park school buildings be each increased \$5,000.

The new teachers have not been elected as we go to press.

## WE WILL CELEBRATE.

## Dame Nature is a Good Book-keeper.

She don't let us stay long in her debt before we settle for what we owe her. She gives us a few years' grace at the most, but the reckoning surely comes. Have you neglected a cough or allowed your blood to grow impure without heeding the warnings? Be wise in time, and get the world-famed Dr. Pierce's Golden Medical Discovery, which cures as well as promises. As a blood-purifier, a lung-healer, and a cure for scrofulous taints, it towers above all others, as Olympus towers a mole-hill. To warrant a commodity to be so honorable and above deception, and a guarantee is a symbol of honest dealing. You get it with every bottle of the "Discovery." By druggist.

## LOCAL AND PERSONAL.

The incendiary who is trying to burn our town had better learn the song "I want to be a Stove-maker."

A. H. Forstner returned last evening from a visit to Portland.

Rev. F. J. Kempker, of Sublimity, was in the city today enroute for his old home at Davenport Iowa, where he will spend the remainder of the summer.

W. W. Johnson, U. S. deputy marshal, from Burns, Oregon, is in the city visiting his brothers Geo. W., H. A. and J. C. Johnson.

No other blood medicine so utilizes the results of scientific inquiry as Ayer's Sarsaparilla.

Notions at Wm. Sargent's.

Continue to please—those refrigerated meats from McCrow & Willard's cold storage rooms.

Another fresh invoice of those choice pickles at Clark & Epley's—Wall Paper—Wm. Sargent.

Fruit jars, jelly glasses and preserving jars, also stone ware, a full line of the best at Clark & Epley's.

Any one going East cannot afford to miss seeing Shaw & Downing, agents of the Northern Pacific railway. They make the lowest rates.

ONE MORE.—A new paper for Marion county is the Woodburn World, which will be started on the 24th inst, by J. F. Stewart.

Mrs. Fiester is not selling her goods at cost—Call and get her prices and examine the goods before purchasing elsewhere.

The men who burglarized J. E. McCoy's residence have not yet been discovered. They have the start of Mr. McCoy to the tune of about \$100, and it is probably safe to say they have the start of the authorities.

Singers and public speakers find Ayer's Cherry Pectoral invaluable. It never fails to cleanse the throat and strengthen the voice.

Baby Carriages—Wm. Sargent.

Persons interested in the latest scientific methods employed in dentistry should visit Dr. J. C. Griffith in the Bush-Brey block. He does only the highest grade of work.

Express Wagons—Wm. Sargent.

Pictures and frames—Wm. Sargent.

If you want a team of any kind, see Ryan & Co. 5-10-11.

F. S. Dearborn left today for Portland, to start on his trip East, to be absent about a month.

Miss Stella Ames, of Willamette University faculty, left today for Portland where she will visit her sister, Mrs. D. C. Powell.

Mrs. C. B. Woodworth, who has been visiting her mother Mrs. Applegate, left on the afternoon train for her home in Portland.

Miss Stella Howard went away on the 1.40 train to visit her aunt Mrs. Wyatt who lives at New Era.

To ALBANY.—The Presbyterian excursion leaves the O. P. wharf tomorrow morning at seven o'clock for Albany and return. The boat will stop at Independence long enough for the party to go to Monmouth and return on the motor line which will make a pleasant feature of the trip.

## TWO BARN BURN.

Another Night Fire of Incendiary Origin.

Five minutes before 11 o'clock last night the barn back of Mrs. Dr. McCoy's, on the alley between Center and Marion and Frost and Commercial streets, was discovered to be on fire.

Those who arrived at the fire before it had made great headway found the entire outside of the structure facing the alley in flames, which soon overspread the entire building and leaped across the alley and destroyed also the barn of J. H. Lunn.

Mrs. McCoy's barn was unoccupied. It was the property of the Oregon Land Co., and was worth probably \$150.

J. H. Lunn's barn was worth about the same and was insured in American for \$100. The insurance expires on the 23d, but Mr. Lunn had it renewed yesterday.

Mrs. McCoy said she had no doubt in the world but someone set her barn on fire. The first flames were on the outside, fronting the alley. All who saw the fire are of the same opinion.

FOR THE PEN.—Deputy Sheriff Halsey of Umatilla Co. came down on the morning train with two boarders for the "State Hotel."

INCENDIARISM.—Since incendiary is suspected by many, it would be a good plan for everybody to keep their sheds, warehouses and barns, in fact all alley exposures, free from rubbish, straw, and even dry manure piles, all of which burn easily. Besides a little cleaning up of alleys would be a good thing on general principles.

## SICK

### Head-Aches

Sick-headaches are the outward indications of derangements of the stomach and bowels. As Joy's Vegetable Sarsaparilla is the only bowel regulating preparation of Sarsaparilla, it is seen why it is the only appropriate Sarsaparilla in sick-headaches. It is not only appropriate; it is an absolute cure. After a course of it an occasional dose at intervals will forever prevent return.

Incidentally, writes: "I have been troubled with attacks of sick-headache for the last three years from one to three times a week. Some time ago I bought two bottles of Joy's Vegetable Sarsaparilla and have only had one attack since and that was on the second day after I began using it."

For sale by Dan'l J. Fry, 225 Com. street.

INCORPORATION.—Secretary of State McBride was in receipt of articles of incorporation yesterday from the following:—The Portland Academy society; capital stock \$35,000; incorporators, Wm. S. Ladd, W. B. Gilbert, Chas. E. Ladd, W. M. Ladd and J. R. Wilson. The Astoria Wharf and Warehouse Co., incorporated by E. W. Tallant, Robert Caruthers, C. B. Allen, Walter W. Ridehalgh and R. E. Caruthers; capital stock, \$30,000.

A STRAWBERRY FRANK.—H. E. Hilleary, of Turner, sends the JOURNAL a sample of something that is entirely new and novel in the strawberry line. It is a white or cream colored berry with red seeds, and is a beautiful fruit to look at. The flavor is rich and tart, and it is a late berry of this new fruit, but will propagate it, as it may prove a great thing in the berry line.

THE RAILROAD BOARD.—Railroad Commissioners Clow and Colvig were in the city yesterday with the intention of holding a special meeting for the purpose of considering the complaint of Henry Heppner, of Heppner, the Gaston depot matter, and the Yaquina railroad accident of recent date, Commissioner Colvig went on to Portland and telegraphed for Mr. Clow to join him there at once.

THE MINTO BRIDGE.—The bridge which Geo. E. Goodhue & Co., and John Minto are preparing to build across the Willamette slough from the foot of Bellevue street to Minto's island will consist of the sewer, "City of Salem," which will be connected with the island and the foot of the street by embankments.

WHISKY TO INDIANS.—Yesterday Deputy U. S. Marshal Harry Minto went to Portland with Perry John Brown, who had pleaded guilty before U. S. Commissioner James Walton of the crime of giving whisky to Indians.

WHY IS IT.—At the Y. M. C. A. social on J. H. Albert's lawn this evening there will be served 25 gallons of French ice cream from Jones & Bernardi. Why does everybody want this particular kind? Because they want the best to be had.

MOVING TO THE CITY.—County Judge-elect Hubbard has purchased the M. V. Rork residence property, at the corner of Chemeketa and Cottage streets, and will soon remove with his family to this city.

PICNICERS AND CAMPERS.—Canned ox tongue, potted ham, boned chicken, turkey and game, etc., Blue Front.

FOR SALE.—Two or four lots in Portsmouth Villa can be had at a bargain by inquiring of Miss Ames, at the University.

Have You Read How Mr. W. D. Wentz of Geneva, N. Y. was cured of the severest form of dyspepsia? He says everything he ate seemed like pouring melted lead into his stomach. Hood's Sarsaparilla effected a perfect cure. Full particulars will be sent if you write. C. I. Hood & Co., Lowell, Mass.

The highest praise has been won by Hood's Pills for their easy, yet sufficient action.

"Who is this Governor Pennyroyal of Oregon, that's talked of for president?" asked an aged, care worn Democrat, at the corner of Fifth and West Walnut, yesterday; "is he in the way of Uncle Horace?" He was assured that Pennyroyal wasn't in anybody's way and departed happy.—Iowa State Register.

Give us Laughing Phyllophorae! None of your snarling cynics for us! They laugh not, neither do they smile. They are vulgarious—dyspeptic. They are usually sour of visage, thin, slight, dry, and quite grayish individuals in fact, who look as if they had been at loggerheads with road-hog all their lives. The side-splitting, bottom-bursting guffaw that proceeds from the individual with a good digestion is never heard from them. They magnify mole hills into mountains, "trifle with us as you will" into grievous annoyances, show us a man who faces trouble with a smile, represent at small misadventure, and in whom the low state of nerves are really set all wrong, and we will show you a man with a good digestion. Hood's Sarsaparilla cures the nervousness and querulous disposition to snarl and find fault which attends dyspepsia. Rheumatism, constipation, malaria, kidney trouble and all grapple yield to its bites.
