THE BUCKET FOUND.

A Clu·to Mamie Walsh's Murderer Found.

PORTLAND, June 27.—Yesterday morning at 11 o'clock Dr. J. H. Hickman, of Milwaukie, who has taken great interest in the case, found the bucket which Mamie took with her when she left Luelling's house last Wednesday afternoon, in search of wild blackberries. Here was the clew for which the officers have so diligently searched, and the circumstances under which it was found relieves two parties under arrest from suspicion, and fastens it stronger upon the one other, the German, Ernest Rafes (not Richards), now confined in the Portland city jail. The bucket, apparently crushed by the murderer's foot, was discovered hidden under a pile of bark, about 10 feet from the wigwam occupied at the time of the crime by Rafes. But this is not all. When Mamie left home, she attached a wire hook to the bucket, and this was found in an old burned-out stump.

This stump offers another clue. It is located about 35 or 40 feet from Rafes' wigwam and it contained several gallons of water. After Mamie was killed, her murderer washed her body and her clothing. There was no water to be had at the time in the immediate vicinity, and this puzzled the detectives. But the finding of the hook in the pool of water, offers some sensational evidence.

Dr. Hickman, upon finding the battered bucket, examined it closely, and by the aid of a strong microscope found two blood stains upon it. He continued his search further and found a strip of white cloth, evidently torn from a shirt, but this is not supposed to have any connection with the case.

THE STEELTON ACCIDENT.

Carelessness the Cause—Operator Arrested.

HARRISBURG, June 27.—At the coroner's inquest Saturday afternoon as to the cause of the collision, a number of railroad employes were examined, and among those who had been in a position to note the block signal at the Steelton tower, several declared that the signal light displayed indicated that the second section could safely proceed. H. T. Hayes, the operator at Steelton tower, when placed on the stand, admitted that he had given the signal to the train to proceed, without having received notice from the Dock-street block station beyond that the block was clear. He said he tried several times to communicate with Dock street, to see, if the first section had passed that point, but the wire was "open" and he could not get them. He then concluded that sufficient time had elapsed for the first section to pass off the block, and after a brief discussion of the subject with a young man who was learning the business in the office, he gave the signal permitting section two to proceed. He knew this was violating the company's orders, but said he wanted to save the company time and money by avoiding the delay of the train. He also admitted that having company in his office was a violation of the rules. The young man completely broke down during the examination and wept like a child. The testimony of other employes showed they had all carefully and properly performed their duties.

The coroner's jury decided to commit Hayes. Upon this announcement being made, Hayes began sobbing and appealing for mercy. "For God's sake don't put me in jail," he said, "it will kill my dear old mother." He was taken to jail, and his cries could be heard outside the wall. The jury did not render a verdict. Additional evidence will be taken today. Hayes, who is 22 years old, had been in the employ of the company about a year, but worked at Steelton for the first time that night.

What People's Party Will Do.

TOPEKA, June 27.—J. R. Detwiler, president of the fourth congressional district Alliance and delegate to the Omaha convention has written a letter in behalf of a number of Kansas delegates urging that Alva Adams, of South Pueblo, ex-governor of Colorado, become a candidate for president of the People's ticket as representative of the free silver sentiment of the silver states and the South. Since the nomination of Cleveland, the People's Party leaders have agreed to make a united fight for the silver with a view of throwing the election into the house, believing with the aid of the Southern congressmen a silver Democrat will be chosen president. Detwiler says Kansas will go solid for Adams.

A NUMBER WANT IT.

Twenty-Five Persons Would Like to Be Collector at Portland.

WASHINGTON, June 27.—The Oregon delegation has been endeavoring for the past two or three weeks to reach some agreement on the collector of customs at Portland. The delegation held a long session, but failed to reach any conclusion. A great many persons have been presented from different sections of the state, each of whom is thoroughly competent, but the delegation could unite on no one. There will be another meeting at which time it is expected that some one of the 25 persons recommended for the position will be decided upon. The following are the names of those recommended for the position:

David W. Moomaw and L. M. Olmstead, of Baker county; W. J. Snodgrass and J. W. Norval, of Unino county; ex-Governor Moody, of Wasco county; William Kapus, John McCraken, W. S. Newbury, D. C. McKercher, S. G. Reed, John W. Minto. George Himes, and L. A. Pike, of Multnomah county; Robert J. Hendricks and J. C. Johnson, of Marion county; W. P. Connaway, of Polk county; Harrison R. Kinkaid and J. M. Hodgson, of Lane county; Sol Abrahams, of Douglass county; J. W. Watts, of Yamhill county, and J. B. Upton, of Tillamook county.

CARLSBAD WON.

The Great Race Run at Chicago Saturday.

CHICAGO, June 27.—Nearly 50,000 people were present Saturday when the American derby was won by Carlsbad in 3:04¼, the slowest time in which it has yet been run. The race was a good exhibition of game, sturdy racing in the worst going possible and it was not speed but bottom which carried. Carlsbad showed he was a great stayer, and along with $17,800 which the purse netted him R. A. Swygart says from the knowledge he has the horse is game clear through and strong and fast. So Carlsbad led the field to the last mile, and in the stretch outran the speedy California horse Sealdivar which was handicapped by being forced into the worst part of the track. Ten horses faced the starters. Azra steadily ruled the favorite on his record, and many thought he would land first. Carlsbad, the winner, opened five to one and then retired until ten to one was offered just before the horses went to the post, while Azra's odds were forced down to two to one, so he started a clean favorite with Cicero three to one second choice. Saldivar finished second and Cicero third.

REEVES VICTORIOUS.

Mandamus Writ Made Mandatory on Board.

PORTLAND, June 27.—Judge Shattuck rendered a decision in the case of Powell Reeves against the State Board of Medical Examiners. The action was a writ of mandamus sworn out by Reeves to compel the board to issue him a license to practice medicine. The recently passed state law on this subject provided for an examination of all candidates for practitioner's licenses, but provided also that those already engaged in the practice of medicine within the state might, by making application to the state board within a stated time, and by paying the registration fee, $1, receive a license. Upon the hearing of the case this was the only issue raised, and Reeves had, in the opinion of the court, duly established the fact of the residence and his tender of the fee. Judge Shattuck thereupon made the writ mandatory, which is in effect to compel the board to issue Reeves a license.

NOT THE MURDERER.

The Mamie Walsh Case is Again Clouded in Mystery.

OREGON CITY, June 26.—Sullivan still persists in denying all knowledge of the crime or of ever having confessed it at Hillsboro.

When asked concerning the basket and hat, he claimed to know nothing of them and declared he had not been east of the Willamette river till Saturday. Sullivan is known as a drunk and deadbeat, who assumes an infirmity to beg, then when he has sufficient funds goes on a drunk.

Late Saturday Dr. J. W. Powell, of Oregon City, was called in and made a physical examination of both Sullivan and Demules. While there was nothing about either to indicate guilt, it was evident from Demules' person that he could not have committed the the terrible crime. With Sullivan likely to prove and alibi, an the other, upon a doctor's testimony, in a condition as to absolutely prove his innocence, it leaves the matter in the dark, and the lapse of time lessens the chances for securing the real criminal.

MYSTERIOUS MURDER.

A Policeman in Butte, Montana, the Victim.

BUTTE, Mont., June 27.—Policeman William F. Jordan was shot dead while on south Idaho street Saturday. People living in the vicinity heard the shooting and saw two men hurrying away over fences and down alleyways, but further than this the murder is shrouded in mystery quite as impenetrable as was the assassination of Editor Penrose, which occurred one year ago within a stone's-throw of today's killing. Two shots from different pistols struck the officer, one bullet from a 44-calibre gun piercing the head. Many theories are suggested as to the cause of the shooting. One is that the men were in the act of robbing some house in the neighborhood, and the officer attempted to arrest them. Great efforts are being made by the city and county officials to find the guilty ones. At a special meeting of the city council a reward of $5000 was offered for the arrest and conviction of the murderers. The same reward is offered by the county commissioners. The feeling against the criminal element that infests Butte culminated in a secret meeting a few nights ago of a large following of the old vigilante committee. The incentive to rid the city of thieves and thugs is intensified by today's deed, and there is no telling what the result will be.

BEFORE THE QUEEN.

Buffalo Bill's Troop Performs at Windsor.

LONDON, June 27.—When Buffalo Bill's troop arrived at Windsor Saturday they were greeted by a great crowd. Major General McNelli met them, and informed Cody that the queen desired to view from her window the entry of the troop into the arena, so Buffalo Bill, at the head of the motley procession, paraded under the queen's window, and, after performing several manoeuvres, proceeded to the place selected for the exhibition. Promptly at the hour fixed for the show the queen came forth from the castle, attended by Princess Beatrice and her children and Princess Christina. The signal was given and the entertainment begun. Salisbury, manager of the Wild West show, was introduced to the queen and stood by her side explaining each act as it was performed. The queen complimented Buffalo Bill very highly, and presented him with a large gold seal containing her monogram, surrounded by the royal motto. She gave Salisbury a handsome scarf pin, consisting of her initials studded with diamonds and surmounted by the imperial crown.

The National Committee.

WASHINGTON, June 27.—The Republican national committee was called to order by Clarkson shortly before noon. All the states and territories except Nevada, Wyoming and Oklohoma were represented J. Sloat Fassett, of New York, named Clarkson to succeed himself as chairman, eulogizing him and his work in behalf of the Republican party. Clarkson replied expressing high appreciation of the words of praise from Fassett but saying he had learned this morning that Harrison preferred another man, he therefore cheerfully declined to be considered a candidate. The committee took a recess until 2 p. m.

TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions.

Yours truly,

Some Strange Misnomers.

Much of the Russia leather comes from Connecticut, Bordeaux wine from California, Italian marble from Kentucky, French lace from New York, and Spanish mackeral from the New Jersey coast. Dr. Pierce's Golden Medical Discovery comes from Buffalo, N. Y., but there is nothing in its name to criticise for it is truly golden in value, as thousands gladly testify. Consumption is averted by its use, and it has wrought many positive cures. It corrects torpid liver and kidneys, purifies the blood banishes dyspepsia and scrofula renews the lease of life, and tones up the system as nothing else will do. What is more it is guaranteeb to do all this, or the price is refunded.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventative and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Geo. E. Good Druggist.

Azrael, the Angel of Death,

hovers nearer us, sometimes, than we are aware. It is safer far when we are unwell to suspect his propinquity than to ignore the possibility of his nearness. Caution is a trait in which the majority of mankind are constitutionally lacking. The proneness to disregard a "slight cold" is particularly striking. This minor ailment is however, a predecessor of la grippe, a malady which when developed of the most fatal character, as mortuary statistics attest. After a chill, or when the premonitory symptoms of influenza—such as sneezing and shivering, succeeded by feverishness and dryness of the skin—are perceptible, immediate recourse should be had to Hostetter's Stomach Bitters, a general accelerator of the blood's circulation, which diffuses an agreeable, healthful warmth through the system inductive of prespiration, by means of which the complaint is expelled through the pores and its further tendency counteracted. Wonderfully efficacious to is the Bitters for malaria, constipation, liver complaint, rheumatism and kidney trouble. A wineglassful before retiring induces healty-yielding sleep.

Must not be confounded with common cathartic or purgative pills. Carter's Little Liver Pills are entirely unlike them in every respect. One trial will prove their superiority.

The well known strengthening properties of Iron, combined with other tonics and a most perfect nervine, are found in Carter's Iron Pills, which strengthens the nerves and body, and improve the blood and complexion.

There is no one article in the line of medicine that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

It Saves the Children.

Mr. C. H. Shawen, Wellsville, Kan., says: "It is with pleasure that I speak of the good Chamberlain's Colic, Cholero and Diarrhoea Remedy has done my family during the last fourteen years. In the most obstinate cases of summer complaint and diarrhoea among my children, it acted as a charm, making it never necessary to call in a physician. I can truthfully say that in my judgment, based on years of experience, there is not a medicine in the market that is its equal. For sale by Geo. E. Good, druggist.

Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Merit Wins.
