**A REAL BLESSING.**—One of the greatest benefits that Salem has enjoyed this year is the fact that hundreds of men and women of means have been employed at remunerative wages on the public work on Chemeketa street, on south Commercial, on the viaduct, and on the electric extension. What the condition of the laboring men of the city had been without these enterprises, it is hard to realize, as it is all home labor has been employed, and possibly a few outsiders have been attracted to our city by the prospect for work. This is a healthy condition and should be kept up if possible. A good bucket brigade with coin in its pockets every Saturday night will do more for a city than all manner of visionary schemes.

**THE ELECTRIC SOUTH.**—As announced in Saturday's JOURNAL the electric cars commenced running to the cemetery yesterday, and the weather being pleasant it was made the occasion of an excursion trip by hundreds. The ride up and back is a most delightful one, such as every person is pleased to take after a busy day. The cars run through from the prison to Rural cemetery, so a three cent fare will carry a passenger about five miles. No transfer is necessary except as usual at the fair ground junction.

**FOR THE DOME.**—Saturday night one of the shows belonging to the Portland Bridge Co. was brought down from Albany, where it had been used in the work of building the bridge across the Willamette. The show was loaded with donkey engine and a number of tools, which will be used in the improvements on the capital.

**AT TURNER.**—It is the estimate of many who were there that over five hundred Salemites visited the great Turner camp meeting yesterday. All enjoyed the exercises to the fullest, and it was plain to every one that such a tabernacle is a great material benefit to a town as well as a moral and spiritual strength.

**SPEED ASSOCIATION.**—There will be a meeting of the stockholders of the Oregon Breeding and Speed Association at the State Insurance office Monday evening at 8 o'clock. All stockholders should attend, as important business is to be transacted.

**STATE STREET ELECTRIC.**—Track laying has commenced on the State street extension and the line will be completed as fast as the material arrives. It is hoped by the company to have this road in operation within two weeks.

**GRAVELING THE HILL.**—Goodhue & Cahill's crew of men are now at work hauling the gravel onto the south Commercial street improvement. It is a fine grade of gravel, and will make a handsome as well as substantial piece of work.

**NOTARIES.**—Clarence V. Lane, of Astoria; J. T. Mullon, of The Dalles; and George Humphrey, of Albany, were appointed notaries public by the governor Saturday.

**SILK HATS.**—Made to order and old ones made over as good as new—and into the latest shapes if desired at Ed Jackson's, the reliable hatter, 66 State street.

**DEDICATION AT TURNER.**

The Great Tabernacle Dedicated—Large Attendance Yesterday.

Sunday, June 26th, 1892, probably found more people at the great Christian camp meeting at Turner than has ever turned out there before. It is safe to say 5000 campers and worshippers were present. It was the day of dedication of the Turner Memorial Tabernacle lately erected by Geo. H. Turner and Mrs. Davis, in honor of their father, who died just twenty years ago yesterday. The speaker, Rev. David Wetzel, eloquently outlined how this building came to be built, dwelt on its value to the church and to the state and concluded with the following words personal to the projectors of this great Christian enterprise: "Today, twenty years ago, as the king of day shone over the hills, father Turner's spirit departed the body and went to the spirit land. There it is happily resting awaiting the resurrection morn, when a sweet reunion will take place. Mother Turner some years ago followed on and now their bodies are mouldering to mother earth, but their spirits are in sweet communion in the spirit land. Their memory is dear to every Christian heart. Today we speak their praise in the midst of this vast assembly and magnificent structure. This is the Memorial Tabernacle. It was erected by these children in memory of Father and Mother Turner, who were steadfast disciples of Christ; and so long as it shall stand it will be a memorial of them. Let no one say it is a waste of money, when it is to be a useful monument to the memory of such pioneer disciples as were Mr. and Mrs. Turner. It is better than a marble monument, for it will be used to sound God's praises in, and from which will be proclaimed the gospel of God's love, which is his power to save a lost and ruined world."

Rev. Wetzel thought the church ought to show its appreciation for this gift by raising at least \$2000 to build a dormitory for the accommodation of visitors. Also a little sum should be raised to put two good evangelists in the field for the coming year, and above all that a good live church of the Christian denomination should be established at Turner, with a first class pastor at the head of it. His remarks were practical and sound throughout, and highly appreciated by his large audience.

At the close of the dedicatory sermon, Elder W. R. Williams, of Salem offered the following resolutions: Whereas, George Turner and his sister, Mrs. Davis, have through love to the cause of Christ, and the God of heaven and earth, and in honor of their parents, who have passed from terrestrial scenes, to the spirit land of rest, in glory, caused to be erected and paid for this magnificent temple, so neatly and elegantly furnished and have presented it to the Oregon Christian Missionary convention. Therefore, be it resolved: First, that we the members of the official board of the Oregon Christian Missionary convention, express our deep sense of gratitude and appreciation to the donors of this great temple; and pray God to ever bless them with peace, prosperity and gladness in the way of everlasting life.

Secondly, That this vast assembly, representing the Christian brotherhood, from all parts of our state, join the board in this resolution of gratitude and appreciation to Brother Turner and Sister Davis for their generous gift.

Thirdly, That we confirm our appreciation of this magnificent gift by erecting a dormitory as soon as practicable which will give ample accommodations to all who may attend these annual conventions; and that said dormitory be named "The Turner-Davis Dormitory," in honor of Geo. H. Turner and Mrs. Davis.

Fourthly, That we express our sincere regret that Brother Turner's health would not permit him to be present at this dedicatory service.

Fifthly, That we express our desire that Brother Turner may be restored to health to enjoy the fruit of his labor.

Sixthly, That we co-operate with these donors to secure a suitable minister to locate at Turner and take charge of the Christian work at this place.

Seventhly, That we ever keep in remembrance the names of Father and Mother Turner in whose memory this Tabernacle is erected and named; and in order that this may be kept before the minds of the brotherhood of Oregon, we request of all succeeding conventions to read at every coming annual convention these resolutions.

Eighthly, That a copy of these

resolutions and of the dedicatory sermon be filed with the deed to this ground, in the Oregon Christian Missionary convention.

Ninthly, That a copy of these resolutions and of the dedicatory sermon be sent to George H. Turner and Mrs. Davis.

**PUBLIC SURVEYS.**—Surveyor-General Byers has made a contract with Henry Meldrum, of Oregon City, for extending the first standard parallel south across the Cascade mountains. The line to be run is about 35 miles in length, and starting from the headwaters of the Molalla, comes out about the Warm Springs reservation. W. E. Campbell, who was surveying lands on the Santiam last fall and was driven out by the snow, has gone back to finish up his contract. The settlers up the Santiam have been anxiously awaiting for the completion of this survey, and will be gratified to know that it is now to be completed. Albany Herald.

**NEATLY ENTERTAINED.**—At the last "quitting" of the W. R. C. ladies, which was held at the home of Mrs. Ed Burton, the ladies were most enjoyably entertained by their hostess. Much pleasant conversation was had, and at the close all were surprised with the exquisite luncheon served.

**THEY WILL ELECTRIFY!**

The Old Horse Car Line will be Transformed at Once.

A NEW COMPANY ORGANIZED.

Men with Abundant Means Will Push it Through.

Messrs. Parkhurst, Derby, and Cottle returned from a business trip the latter part of last week, and since that time have reorganized the old street railway company, which is now called the Salem Motor Railroad company. They will at once proceed with their associates to electrify all parts of their present line which are in the city. The official notice of their organization will be found elsewhere, as also the advertisements for material. The new line will be the present width, which is the same as all Portland roads but one (and that is being reduced to the same gauge) The work of rebuilding will be commenced within ten days, and the projectors claim that the new road will be thoroughly equipped in first class shape. They are already considering extensions in different directions, and will no doubt build wherever a practicable route is open. This is good news for Salem for it will give work to many men, and cause the expenditure of much money in our city. This is what the people want, and it is only a matter of a short time when it will prove a paying investment. Other developments are promised in the near future.

**Old People.**

J. V. S. is the only Sarsaparilla that old or feeble people should take, as the mineral poach which is in every other Sarsaparilla that we know of, is under certain conditions known to be emulating. J. V. S., on the contrary is purely vegetable and stimulates digestion and creates new blood, the very thing for old delicate or broken down people. It builds them up and prolongs their lives. A case in point:

Mrs. Belden an estimable and elderly lady of 80 Mason St., S. E. was for months declining so rapidly as to seriously alarm her family. It got so bad that she was finally afflicted with fainting spells. She writes: "While in that dangerous condition I saw some of the testimonials concerning J. V. S. and sent for a bottle. That marked the turning point. I regained my lost flesh and strength and have not felt so well in years." That was two years ago and Mrs. Belden is well and hearty to-day, and still taking J. V. S.

If you are old or feeble and want to be built up, ask for Joy's Vegetable Sarsaparilla.
